INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the financial statements of the Big Health, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and for the year then ended, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to the participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules included in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. Big Health, Inc. 401(k) Plan Notes to Financial Statements

1. Description of the Plan

The Big Health, Inc. 401(k) Plan (the Plan) was established by Big Health, Inc. (the Company and Employer) on July 13, 2023 to provide participants with a means to fund their retirement on a tax-deferred basis. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Prior to inception of the Plan, Company employees participated in a pooled employer plan (PEP) offered by Trinet HR III, Inc. On August 31, 2023, assets for Plan participants totaling \$7,729,891 were transferred from the Trinet 401(k) Plan to the Big Health, Inc. 401(k) Plan.

General:

The Plan is a defined contribution plan under the related provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor and Plan administrator. The Plan is administered by Company employees, who are responsible for selecting investment options offered under the Plan and monitoring investment performance. Empower Trust Company, LLC serves as the Plan's trustee and Empower Retirement, LLC (Collectively known as Empower) serves as the Plan's record keeper. Empower holds, invests, and reinvests Plan assets in the interest and direction of the participants and their beneficiaries.

Eligible Participants:

Employees, as defined by the Plan agreement, are eligible to participate in the Plan on the first day of the month following completion of three months of service.

Contributions:

Participants are permitted to make voluntary pre-tax salary deferrals and Roth post-tax contributions up to 100% of their annual eligible compensation, as defined in the Plan agreement. Participants who have reached the age of 50 may also elect to withhold additional "catch-up" contributions under the Code. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollovers), subject to Code regulations.

Big Health, Inc. 401(k) Plan Notes to Financial Statements

1. Description of the Plan (continued)

Contributions: (continued)

The Company has elected to administer the Plan as a safe harbor plan. The Company is required to make matching safe harbor employer matching contributions for each eligible participant, equal to the sum of 100% of the amount of participant elective deferrals that do not exceed 4% of participant compensation. The Company made safe harbor matching contributions of \$486,265 to the Plan in 2024, of which \$165,236 was receivable as of December 31, 2024.

The Company may also make discretionary non-elective contributions, at the discretion of the Company's Board of Directors. The Company has not made discretionary contributions to the Plan through December 31, 2024.

Contributions are subject to certain limitations under the Code.

Participant Accounts:

Participant accounts are credited with participant contributions and rollovers, Company contributions, and an allocation of Plan earnings or losses. Allocations are based on participant earnings or account balances, in accordance with the Plan agreement. The benefit to which participants are entitled is the benefit that can be provided from the participant accounts.

Participants may elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. Participants may authorize transfers among investment options at any time.

Vesting:

Participants are fully (100%) vested in their contributions, Company safe harbor matching contributions, plus allocated earnings (less any losses) thereon. Vesting in Company discretionary contributions, plus allocated earnings (less any losses) thereon, is based on years of service. Participants vest in Company discretionary contributions at the rate of 25% after one year of service, with an additional 25% each year thereafter, becoming fully vested after four years. Participants also become fully vested upon death, permanent disability, or normal retirement age.

Forfeitures:

Forfeitures of non-vested Company contributions may be used to reduce future Company contributions or to pay Plan expenses.

Big Health, Inc. 401(k) Plan Notes to Financial Statements

1. Description of the Plan (continued)

Notes Receivable from Participants:

Participants may borrow up to one-half of their vested account balance, for a minimum of \$1,000 and a maximum of \$50,000 for a period of five years, except for notes used to purchase a primary residence for which a longer term may be granted. Participants may have one note outstanding at any time. Participant notes are evidenced by a written note, secured by the vested balance in the participant account, and bear interest at one percent over the prime rate on the first business day of the month the note was originated. The interest rate on the note outstanding as of December 31, 2024 was 4.17%. Repayment of principal and interest is generally made through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement.

Payment of Benefits:

On termination of service for any reason, benefits are paid to participants in a lump-sum cash distribution equal to the value of the participant accounts, or in partial withdrawals, or regular cash installment payments of their choice. Terminated participant accounts under \$7,000 may be automatically distributed to individual retirement accounts on behalf of the participants without participant approval. The Plan agreement also allows for in-service and hardship withdrawals of benefits to current employees. Benefits are recorded when paid.

Administrative Expenses:

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. These fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the financial statements. Certain administrative expenses are charged to the Plan and allocated to participant accounts. All other administrative expenses related to the Plan are paid by the Company and are not reflected in the Plan's financial statements.

Risks and Uncertainties:

Participants may invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuation, and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it is at least reasonably possible changes in risks in the near term could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Big Health, Inc. 401(k) Plan Notes to Financial Statements

1. Description of the Plan (continued)

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts and distributions would be made to participants as described in the Plan agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments:

The Plan's investments consist of mutual funds and a common/collective trust. These investments are accounted for as follows:

Mutual Funds: These funds are valued at the net asset value (NAV) of shares held by the Plan at year end, as quoted in active markets.

Guaranteed Investment Contract (GIC): The EI Fixed Account is a fixed annuity contract through Empower Annuity Insurance Company of America offered by Empower. The reported values are reported daily based on the valuation method disclosed in the annuity contract, as calculated by Empower.

Big Health, Inc. 401(k) Plan
Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurement:

The Plan uses a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability as of the measurement date. The three-level hierarchy prioritizes within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focuses on an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The inputs or methodology used for valuing financial instruments are not necessarily an indication of the risk associated with investing in those financial instruments.

The three-level hierarchy for fair value measurement is defined as follows:

- **Level I:** Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- **Level II:** Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- **Level III:** Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

A financial instrument’s categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following table presents the financial instruments carried at fair value as of December 31, 2024 by the three-level valuation hierarchy:

	<u>Level I</u>	<u>Level II</u>	<u>Level III</u>	<u>Total</u>
Mutual Funds	\$ 9,084,737	\$ -	\$ -	\$ 9,084,737
GIC	-	<u>76,804</u>	-	<u>76,804</u>

Fair Value Measurement: (continued)

The following table presents the financial instruments carried at fair value as of December 31, 2023 by the three-level valuation hierarchy:

	<u>Level I</u>	<u>Level II</u>	<u>Level III</u>	<u>Total</u>
Mutual Funds	\$ 8,900,207	\$ -	\$ -	\$ 8,900,207
GIC	-	125,118	-	125,118
	<u>\$ 8,900,207</u>	<u>\$ 125,118</u>	<u>\$ -</u>	<u>\$ 9,025,325</u>

Income Recognition:

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual method of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on the Plan's investments bought, sold, or held during the year.

3. Information Prepared and Certified by the Qualified Institution

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower, the qualified institution of the Plan, has certified to the completeness and accuracy of the:

- investments and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2024.
- net income on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- investment information included in the footnotes and on the supplemental schedule of assets (held at end of year) as of December 31, 2024.

Big Health, Inc. 401(k) Plan

Notes to Financial Statements

4. Group Annuity Contract with Insurance Company

The Plan has entered into a guaranteed investment contract with Empower. Empower holds participant investments in the guaranteed investment contract and earnings thereon in the general account. Empower credits the general account with earnings on the underlying investments and charges for participant withdrawals and administrative expenses. Empower is contractually obligated to repay the principal and a specified interest rate that it guarantees to the Plan.

The contract does not meet the fully benefit-responsive investment contract criteria due to participant withdrawal restrictions, and therefore is reported at fair value. As of December 31, 2024 and 2023, the fair value of the guaranteed investment contract was not materially different from its contract value. The Plan did not record any reserves against contract value for credit risk of Empower or otherwise. When establishing the interest crediting rate for the guaranteed investment contract, Empower considers many factors, including current economic and market conditions, the general interest rate environment and earnings of the underlying assets in the entire medium-long term new portfolio of Empower compared to the minimum interest crediting rate, as stated in the guaranteed investment contract. Empower resets the interest crediting rate quarterly.

Certain events limit the ability of the Plan to transact at contract value with Empower, including complete or partial Plan termination and Company events (spin-off, sale or merger) that materially affect assets in the guaranteed investment contract. The Plan administrator does not believe that any events that would limit the ability of the Plan to transact at contract value with Empower are probable of occurring. The guaranteed investment contract does not otherwise permit Empower to terminate them before making payments to participants at contract value.

5. Party-In-Interest Transactions

The GIC is managed by Empower. As Empower is the Plan's trustee, purchases and sales of these investments qualify as party-in-interest transactions. Notes receivable transactions with participants also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules of ERISA.

6. Income Tax Status

The Plan administrator has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated November 14, 2022, stating that the form of the pre-approved plan document was in compliance with the applicable provisions of the Code. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified, and the trust that forms a part of the Plan is exempt from federal and state income taxes.

Big Health, Inc. 401(k) Plan
Notes to Financial Statements

6. Income Tax Status (continued)

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded, as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is subject to income tax examinations since Plan inception.

7. Nonexempt Prohibited Transactions

In 2023 and 2024, the Company did not remit participant contributions and note repayments totaling \$14,348 and \$44,119 on a timely basis as required by the Department of Labor (DOL). The Company intends to contribute lost earnings to the Plan in 2025 in order to correct the delinquent remittances. The DOL considers delinquent contributions to be nonexempt prohibited transactions with the Plan sponsor that can jeopardize the Plan's tax-exempt status.

8. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31:
