Mayroad 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Mayroad 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared by and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the Participants, to determine the benefits due or which may become due to such Participants.

Auditors' Responsibilities

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2024 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Accountants' Compilation Report on 2023 Financial Statement

Management is responsible for the accompanying statement of net assets available for benefits of the Plan as of December 31, 2023, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on this financial statement.

1. Description of the Plan

The following brief description of the Mayroad 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan and was adopted by HS Government Partners, LLC d/b/a Mayroad (the Company or Employer) on January 1, 2022, to provide deferred tax benefits, savings, and Employer contributions to eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All active employees of the Company, excluding nonresident aliens, residents of Puerto Rico, leased employees, temporary or seasonal employees, and lifeguards, are eligible to participate upon the attainment of 2 months of service. The entry date is the first day of the month coinciding with or next following satisfaction of the eligibility requirements. Long-term part-time employees who met eligibility requirements under SECURE 2.0 Act are also eligible to participate in the Plan.

Participant Contributions

Participants may elect to contribute, on a pre-tax basis or after-tax basis (Roth) contributions, through payroll deductions, not to exceed the limit under the Internal Revenue Code (IRC). In addition, eligible Participants are permitted to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a deferral rate set at 5%, unless they affirmatively elect not to participate in the Plan or elect a different percentage.

Employer Contributions

The Company has elected to make a Company safe harbor matching contribution of 100% of the Participant's deferrals that do not exceed 3% of the Participant's compensation, plus 50% of the Participant's deferrals that exceed 3% of the Participant's compensation but do not exceed 5% of the Participant's compensation.

Participant Accounts

Each Participant's account is credited with the Participant's contribution and allocations of the Employer's safe-harbor matching contribution and Plan earnings (losses). Allocations are based on Participant compensation, deferrals or account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account balance.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his/her vested account balance. A Participant may have two loans outstanding at a time. Loans bear a reasonable rate of interest as determined by the Plan administrator. During 2024, loans had fixed interest rates ranging from 4.25% to 8.50%. Principal and interest are repaid ratably through regular payroll deductions over a period not to exceed five years unless the notes receivable were used to purchase a primary residence in which case the note receivable terms may exceed five years.

1. Description of the Plan (cont.)

Vesting

Participants are immediately vested in the value of their salary deferrals, rollovers, and Employer's safe-harbor matching contribution, plus related investment earnings.

Benefit Payments

Participant accounts may be withdrawn upon retirement, death, disability, or termination of employment. Participants may elect to have distributions paid in a lump-sum, in installment payments, partial withdrawals or annuities, and are either paid directly to the Participant or rolled over to another qualified retirement plan. The Plan also allows for in service withdrawals at age 59½, along with withdrawals in the event of a financial hardship. Upon separation from service with the Company, if the Participant's account is equal to or less than \$1,000, the Participant will receive an automatic cash lump-sum distribution equal to their vested account balance. If the account is greater than \$1,000 but less than or equal to \$7,000, any distribution that is made without the Participant's consent will be rolled over to an individual retirement plan designated by the Plan Administrator.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures. Accordingly, actual results could differ from those estimates.

Contributions

Contributions from Plan Participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market Participants at the measurement date. See Note 4 for information on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

2. Summary of Significant Accounting Policies (cont.)

Notes Receivable

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a Participant ceases to make loan repayments and the Plan administrator deems the Participant loan to be in default, the Participant loan balance is reduced, and a benefit payment is recorded.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from Participants are charged directly to the Participant's account. Fees related to administration of distributions are taken out of the gross distribution to the Participant. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefit payments to Participants are recorded upon distribution.

3. Certified Information

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly Reliance Trust Company, has certified to the completeness and accuracy of all investments and notes receivable from Participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023 (compiled), and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity and interest income on notes receivable from Participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024. Such information was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution.

4. Fair Value Measurement

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below.

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

4. Fair Value Measurement (cont.)

Basis of Fair Value Measurement (cont.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023 (compiled).

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest-bearing cash - Consists of a money market fund which is valued using the amortized cost of penny rounding method as permitted by Rule 2a-7 under the Investment Company Act of 1940, which approximates its fair value.

Common collective trusts - Valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trust funds was based on information reported using the audited financial statements of the collective trust funds at year-end. The investment income (loss) was allocated to Participants based on their proportionate share of the net assets of the funds.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methodologies are appropriate and consistent with other market Participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023 (compiled).

<i>December 31, 2024</i>	Level 1	Level 2	Level 3	Total

<i>December 31, 2023 (compiled)</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,908,593	\$ -	\$ -	1,908,593
Interest-bearing cash	36,458			36,458
	<u>\$ 1,945,051</u>	<u>\$ -</u>	<u>\$ -</u>	1,945,051
Common collective trusts measured at NAV*				<u>4,150,626</u>
Total investments at fair value			\$	<u>6,095,677</u>

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statements of net assets available for benefits.

Fair value of investments in certain entities that calculate NAV per share (or its equivalent) follows:

Investment	Fair Value at December 31,		Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
	2024	2023 (compiled)			
Common collective trusts	\$ 4,850,409	\$ 4,150,626	None	Daily	N/A

5. Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company, and certain others. The recordkeeping and custody functions for the underlying investments held by the Plan are performed by The Standard. Usual and customary fees were paid for investment management services. Certain Plan investments are managed by Reliance Advisory Trust, a related entity to The Standard. These transactions, as defined by the Plan, qualify as party-in-interest transactions. Notes receivable from Participants are also defined by ERISA as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules.

6. Tax Status

The Plan has adopted a Non-Standardized Pre-Approved Profit Sharing /Money Purchase/CODA (pre-approved plan) sponsored by Standard Retirement Services, Inc. The Internal Revenue Service (IRS) has opined and informed Standard Retirement Services, Inc. by a letter dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100% vested in their Employer contributions.

8. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Plan's statements of net assets available for benefits.

At December 31, 2024 and 2023, approximately 22% and 22%, respectively, of the Plan's investments were invested in Reliance Advisory Trust INV80 Portfolio Fund, and 26% and 24%, respectively, of the Plan's investments were invested in Reliance Advisory Trust INV70 Portfolio.

9. SECURE 2.0 Act of 2022

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the year ended December 31, 2024, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of SECURE 2.0 Act of 2022 did not have a material effect on the Plan's financial statements.

10. Subsequent Events

Management has evaluated subsequent events through October 10, 2025, the date these financial statements were available to be issued, and has determined that no significant events occurred after December 31, 2024, but prior to the issuance of these financial statements, that would have a material impact on its financial statements.
