Rocky Mountain Public Media, Inc. 403(b) DC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We were engaged to perform audits of the financial statements of Rocky Mountain Public Media, Inc. 403(b) DC f/k/a Rocky Mountain Public Broadcasting Network 403(b) Defined Contribution (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in Note 4, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements. The Plan has not maintained sufficient accounting records and supporting documents relating to these annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions.

To the Plan Administrator
Rocky Mountain Public Media, Inc. 403(b) DC

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor’s Responsibilities for the Audits of the Financial Statements

Our responsibility is to conduct the audits of Rocky Mountain Public Media, Inc. 403(b) DC’s financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor’s report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Note 1 - Plan Description

The following description of Rocky Mountain Public Media, Inc. 403(b) DC f/k/a Rocky Mountain Public Broadcasting Network 403(b) Defined Contribution (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees, excluding nonresident aliens and students performing services described in Internal Revenue Code Section 3121(b)(10), of Rocky Mountain Public Media, Inc. f/k/a Rocky Mountain Public Broadcasting Network, Inc. (the "Company") effective January 1, 2001. The entry date for eligible participants is on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company is the sponsor of the Plan. The board of directors, as provided in the plan agreement, is the plan administrator and has responsibility for the administration of the Plan. Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF) function as the service provider and investment manager. Investment management fees and trustee fees are paid by the Plan in accordance with the plan agreement.

Contributions

The Company maintains two retirement plans: one for employee contributions and one for employer contributions. This Plan holds matching contributions related to employee deferrals. The Company may make a matching contribution of 100 percent of elective deferrals up to 3 percent of eligible annual compensation, as limited by the Internal Revenue Service (IRS), which is adjusted annually by the secretary of the treasury for inflation. Matching contributions are funded each pay period.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants' contributions (held within a separate plan), the employer match contribution, and the related earnings are fully vested at all times and are not subject to forfeiture for any reason.

Benefit Payments

Upon death, disability, retirement, or termination of service, a participant or his or her beneficiary may receive, at his or her election, within a reasonable period of time, a lump sum, a partial payment, an annuity contract, or annual installments in the amount equal to the participant's vested account balance.

The Plan allows in-service distributions and partial distributions to participants age 59½ or older who have not terminated employment with the plan sponsor. The Plan also provides for hardship withdrawals for defined hardship events. Furthermore, the Plan allows for terminated participant vested account balances of \$1,000 or less to be automatically distributed. The IRS has required minimum distributions once a participant reaches age 72 during the previous plan year and is no longer employed by the Company.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value.

The TIAA Traditional Annuity is a guaranteed annuity account issued by TIAA that invests in the general assets of TIAA. TIAA considers the Group Retirement Annuity (GRA) portion of the TIAA Traditional Annuity, in which the Plan invests, to be non-benefit responsive. The non-benefit-responsive portion is recorded at fair value. The fair value of the non-benefit-responsive portion of the TIAA Traditional Annuity was determined by discounting the related cash flows based on the current yields of similar instruments with comparable durations and taking into consideration the creditworthiness of the issuer. See Note 5 for additional information.

The registered investment companies and pooled separate account are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying net assets. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. See Note 5 for additional information.

Benefit Payments

Benefits are recorded when paid. Certain amounts invested in the TIAA Traditional Annuity group contract may not be distributed in a lump sum; see redemption restrictions below.

Redemption Restrictions

Certain contracts under the TIAA Traditional Annuity investment have limits on the ability of the participant to transfer or withdraw from the fund. Transfers from the GRA contracts must be paid out in 10 annual installments. Withdrawals from the GRA contracts are available within 120 days after termination of employment, subject to 2.5 percent surrender charge, otherwise they must be paid over 10 annual installments. The remaining contracts under the TIAA Traditional Annuity investment do not have restrictions related to transfers and withdrawals.

Allocated Contracts

The Plan has allocated insurance contracts for retirees who were covered under the Plan in prior years. These contracts remain intact. The activity related to the allocated insurance contracts for retirees receiving benefits is excluded from the financial statements. The Plan receives no income from these allocated insurance contracts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 9, 2025, which is the date the financial statements were available to be issued.

Note 3 - Certified Information

TIAA and CREF hold certain of Plan's investments and execute related transactions (see Note 4). The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by TIAA and CREF.

The Plan has excluded certain assets from the statement of net assets available for benefits at December 31, 2024 and 2023 (see Note 4).

Note 4 - Excluded Investments

The Plan has excluded from investments in the accompanying statement of net assets available for benefits as of December 31, 2024 and 2023 certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. GAAP require these accounts and the related income and distributions be included in the accompanying financial statements.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset. For the TIAA Traditional Annuity, significant Level 3 inputs include the credit rating of the issuer, discount rates, deposits made to the contracts, earnings at guaranteed crediting rates, withdrawals, and fees.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The Plan has excluded certain assets from the statement of net assets available for benefits at December 31, 2024 and 2023 (see Note 4). The following tables present information about the included plan assets measured at fair value on a recurring basis at December 31, 2024 and 2023:

Reported Net Asset Values

The Plan's investments in the pooled separate account and registered investment companies are determined based upon net asset value of the investments comprising the funds. NAV is used as a practical expedient to approximate fair value. The NAV investments have no unfunded commitments, can be redeemed daily, and have daily redemption notice periods.

Note 6 - Tax Status

The Plan, as adopted, is a volume submitter plan under the TIAA umbrella, which does not require an application for a determination letter from the Internal Revenue Service. The volume submitter plan under the TIAA umbrella has received a favorable notification letter from the IRS dated August 7, 2017. The Plan has not individually sought its own determination letter.

Note 7 - Administration of Plan Assets

The Company provides, at no cost to the Plan, certain administrative functions, accounting, and legal services to the Plan and pays the cost of certain outside services for the Plan. No costs were paid by the Company for the plan year ended December 31, 2024.

Note 8 - Related Party and Party-in-interest Transactions

Certain plan investments are managed by TIAA and CREF. TIAA and CREF are the asset service providers, as defined by the Plan; therefore, these transactions qualify as party in interest and are exempt from the prohibited transaction rules.
