INDEPENDENT AUDITORS' REPORT

Plan Administrator
Baxter Auto Health Plan 511
Omaha, Nebraska

Opinion

We have audited the financial statements of Baxter Auto Health Plan 511 (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and plan benefit obligations as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits and changes in plan benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and changes in plan benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Notes to Financial Statements

December 31, 2024 and 2023

1. Plan Description

The following brief description of the Baxter Auto Health Plan 511 (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit health and welfare plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide health benefits covering substantially all active employees of Baxter Shares Services, LLC and its Affiliates (the Sponsors). The restated Plan was effective January 1, 2023, and the related Baxter Auto Welfare Benefits Trust (the Master Trust) was established effective January 1, 2023.

Benefits

The Plan provides self-insured health benefits (medical, hospital, surgical, major medical, and prescription) to eligible participants and covered dependents. Employees are eligible to participate on the first day of the month following the employee's date of hire or change to an eligible status. The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA). Benefits are recorded when paid.

Stop Loss Coverage

The Plan maintains a stop-loss insurance policy with HCC Life Insurance Company (HCC Life) whereby maximum Plan benefit payments per participant are \$200,000, after which the insurance provider reimburses the Plan for covered benefit payments.

Contributions and Funding Policy

The Plan's benefit payments, premiums and other costs are funded through a combination of employer and participant contributions. Participants pay an annually pre-determined premium for coverage. The Sponsors pay the cost of the coverage in excess of the employee contributions on an as needed basis to ensure claims, premiums, and administrative expenses are paid.

Other

Although they have not expressed any intention to do so, the Sponsors have the right under the Plan to modify the benefits provided and to terminate the Plan subject to the provisions set forth in ERISA.

Upon termination of the Plan, claims incurred prior to the termination date will be settled. The remaining or deficient funds, if any, will be returned to or paid by the Sponsors.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, benefit obligations and changes therein, claims incurred but not reported, claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments

Investments are stated at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Interest income is recorded when received.

Deposits with Service Providers

The Plan maintains deposits with certain service providers, including the claims administrator, as required under service agreements. These deposits are recorded at cost and are classified as assets of the Plan. Such deposits are not available to pay Plan benefits or administrative expenses unless released by the service provider in accordance with the terms of the agreement.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Allocation of Employer Contributions and Other Receivables/Payables

Employer contributions are remitted to the Baxter Auto Welfare Benefits Trust (the Master Trust) (see Note 3) on behalf of all participating plans. The trustee uses these contributions to pay claims and administrative expenses for all plans included in the Master Trust. Contributions are allocated to each participating plan based on the proportion of claims paid on behalf of that plan relative to total claims paid by the Master Trust during the reporting period.

Baxter Auto Health Plan 511

Notes to Financial Statements

December 31, 2024 and 2023

Because contributions are remitted in total for the Master Trust, the allocation process may result in other receivables or payables at year end. Other receivables represent amounts due to the Plan from other participating plans in the Master Trust when employer contributions allocated to the Plan exceed the Plan's share of claims paid. Other payables represent amounts owed by the Plan to other participating plans when the Plan's share of claims paid exceeds the employer contributions allocated to the Plan.

Other receivables and payables are settled among the plans through future contribution allocations. Such amounts are reflected in the accompanying financial statements in other receivables/payables, as applicable (see Note 7).

Expenses

Claim administration fees are paid by the Plan.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through October 8, 2025, noting no items requiring disclosure.

3. Interest in Master Trust

The Plan's investment assets are held in a trust account at First National Bank of Omaha (FNBO) and consist of an interest in an investment account of the Master Trust, which is a master trust established by the Sponsors and administered by FNBO. Use of the Master Trust permits the commingling of trust assets of the Baxter Auto Welfare Benefits Plan, Baxter Auto Health Plan 512, Baxter Auto Health Plan 513, Baxter Auto Health Plan 514 (related parties, see Note 7) and the Plan for investment and administrative purposes. The investment income of the investment assets and the administrative expense directly related to the trust accounts are allocated to each participating Plan based on the relationship of each interest of each individual Plan to the total of the interests of the participating Plans.

4. Benefit Obligations

Plan benefit obligations as of December 31, 2024 and 2023, for health claims incurred by active participants and their covered dependents, reported at that date to the plan administrator or claims processor have been accrued and recorded as health claims payable in the accompanying statements of plan benefit obligations. Also, plan benefit obligations for health claims incurred by active participants, and their covered dependents, but not reported as of December 31, 2024 and 2023, have been reported in the accompanying statements of plan benefit obligations as estimated by the Sponsors taking into consideration prior claims history and the expected time period from the date such claims are incurred to the date that the related claims are submitted and paid.

5. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

December 31, 2024 and 2023

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Money Market Fund: Valued at the daily closing price as reported by the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Master Trust’s investments at fair value as of December 31, 2024.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money Market Fund	\$ 103,987	\$ -	\$ -	\$ 103,987

The following table presents by level, within the fair value hierarchy, the Master Trust’s investments at fair value as of December 31, 2023.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money Market Fund	\$ 189,977	\$ -	\$ -	\$ 189,977

6. Tax Status

The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related Party Transactions

At December 31, 2024, included in other receivables are amounts due from the other plans in the Master Trust to cover the Plan’s excess in its allocation of employer contributions in the Master Trust (primarily related to claims payments) totaling \$47,750.

Effective July 1, 2024, the sponsor of the Baxter Auto Health Plan 513 (Plan 513) was sold. In 2024, the remaining net assets of Plan 513 (\$232,011) were allocated to the Plan.

Effective December 31, 2024, the plan assets and liabilities Baxter Auto Health Plan 514 (Plan 514) were merged into the Plan. The Plan 514 sponsor also became a participating employer of the Plan. Effective December 31, 2024, a net liability of \$12,188 from Plan 514 was transferred into the Plan.

Baxter Auto Health Plan 511

Notes to Financial Statements

December 31, 2024 and 2023

For the year ended December 31, 2024, the Plan recorded net transfers from other plans of \$219,823 in the accompanying statement of changes in net assets available for benefits related to these items.

At December 31, 2023, included in other payables are amounts due to the other plans in the Master Trust to cover the Plan's shortfall in its allocation of employer contributions in the Master Trust (primarily related to claims payments) totaling \$1,836. Also, during 2023, the Master Trust received upfront funding (from a Sponsor) of \$314,000 for the Master Trust's payment for the deposits with service providers on the accompanying statement of net assets available for benefits at December 31, 2023. The Plan's allocation of the payable to the Sponsor was \$278,568 and is included in other payables in the accompanying statement of net assets available for benefits at December 31, 2023. This payable was paid in full by the Master Trust (and the Plan) during 2023.
