## Independent Auditors' Report

The Plan Administrator  
MBC Companies 401(k) Retirement Plan  
McDonald, Tennessee

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of MBC Companies 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedules Required by ERISA***

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## MBC Companies 401(k) Retirement Plan

### Notes to the Financial Statements

December 31, 2024 and 2023

---

#### (1) Description of Plan

The following description of MBC Companies 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

##### ***General***

The Plan is a participant-directed defined contribution plan covering all full-time employees of MBC Companies and its wholly owned subsidiaries (the Company) who have attained the age of 21 and completed six months of service, excluding employees subject to collective bargaining agreements, leased employees and employees who are nonresident aliens. Plan entry dates are the first day of the month coinciding with or next following the date on which an employee meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Directors of the Company is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

##### ***Merger of Bake Crafters Food Company 401(k) Plan***

The Plan was amended and restated effective January 1, 2024 to reflect the merger of Bake Crafters Food Company 401(k) Plan into the Plan. Each participant in the Bake Crafters Food Company 401(k) Plan on December 31, 2023, became a participant in the Plan effective January 1, 2024. Net assets of the Bake Crafters Food Company 401(k) Plan amounting to \$2,018,742 were transferred to the Plan during 2023. Additionally, on January 1, 2024, the Plan was renamed from Murry's Inc. 401(k) Retirement Plan to the MBC Companies 401(k) Retirement Plan.

##### ***Contributions***

Each year, participants may contribute a percentage or fixed dollar amount of eligible compensation, as defined, up to the annual limit established by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also allows self-directed investments, which are limited only to investments in accordance with ERISA.

The Company may make discretionary safe harbor and non-elective employer contributions as defined in the Plan. For the year ended December 31, 2024, the Company elected to provide a safe harbor matching contribution equal to 100% of employees' compensation up to 3% plus 50% of employees' compensation up to the next 3% of each eligible participants' compensation.

### (1) Description of Plan, Continued

#### *Participants' Accounts*

Each participant's account is credited with the participant's contributions, Company contributions, and plan earnings. Participant accounts may also be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### *Vesting*

Participants are immediately vested in their pre-tax contributions and rollover contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service in accordance with the following schedule:

Years of Service	Percentage Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

#### *Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate as defined by the Wall Street Journal, plus 1%. The interest rates on loans outstanding at December 31, 2024 range from 4.25% to 9.50%. Principal and interest are repaid ratably through bi-weekly payroll deductions.

#### *Payment of Benefits*

On termination of service due to death, disability, retirement, or other reasons as permitted by the plan document, a participant may elect to receive a lump-sum, installment payment, partial payment or an annuity equal to the value of the participant's vested interest in his or her account. The Plan will make a mandatory distribution of a participant's vested account balance following severance from employment for participants with balances up to a maximum of \$5,000.

#### (1) Description of Plan, Continued

##### *Forfeited Accounts*

Upon termination from the Company, participants will forfeit any nonvested portion of their account balance as of the termination date. Forfeitures should be used first to restore forfeitures of reinstated employees. Forfeitures may also be used to reduce employer contributions and/or offset plan administrative expenses. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$1,917 and \$826, respectively. Forfeitures totaling \$1,162 were used to pay administrative expenses during 2024.

#### (2) Summary of Significant Accounting Policies

##### *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

##### *Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

##### *Investment Valuation and Income Recognition*

Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are recorded at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

##### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

#### (2) Summary of Significant Accounting Policies, Continued

##### *Contributions*

Contributions from plan participants are recorded in the year in which the employee contributions are withheld from compensation.

##### *Excess Contributions Payable*

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

##### *Payment of Benefits*

Benefits are recorded when paid.

##### *Expenses*

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

The Plan has a revenue sharing arrangement with the trustee and established a plan level account (ERISA account) that captures excess income collected by the trustee that can be used to pay eligible plan expenses or can be allocated to participants. At December 31, 2024 and 2023, the ERISA account totaled \$56,174 and \$40,113, respectively. During 2024, Plan expenses aggregating \$78,897 were paid from the ERISA account. Additionally, other income of \$16,777 earned on the ERISA account is reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2024.

##### *Subsequent Events*

The Plan has evaluated subsequent events through October 8, 2025, the date the financial statements were available to be issued.

##### *Plan Merger - Pooled Employer Plan (PEP)*

In March 2025, the Company elected to become a participating employer of a PEP. As a result, in 2025, the Plan transferred all of its assets and was merged into the ExcelWise Pooled Employer Plan.

#### (3) Financial Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments at fair value and contract value and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from the information certified as complete and accurate by State Street Bank and Trust Company, a qualified institution.

#### (4) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

#### (4) Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Registered investment companies:* Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

*Participant-directed brokerage accounts:* Participant-directed brokerage accounts allow participants to invest in securities that are traded on active exchanges. These investments are valued using quoted market prices available in an active market for identical instruments for which the individual securities are traded and are invested in registered investment companies.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Description	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$15,600,244	\$ -	\$ -	\$ 15,600,244
Total investments at fair value	\$15,600,244	\$ -	\$ -	\$ 15,600,244

  

Description	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$12,363,205	\$ -	\$ -	\$ 12,363,205
Participant-directed brokerage accounts	1,243	-	-	1,243
Total investments at fair value	\$12,364,448	\$ -	\$ -	\$ 12,364,448

There were no significant transfers among investment levels during the years ended December 31, 2024 and 2023.

#### (5) Investment Contracts with Insurance Companies

The Plan has entered into fully benefit-responsive investment contracts with Prudential Investment Company of America (Prudential) and Voya Retirement Insurance and Annuity Company (Voya). Prudential and Voya maintain the contributions in separate investment accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

## MBC Companies 401(k) Retirement Plan

### Notes to the Financial Statements

December 31, 2024 and 2023

---

#### (5) Investment Contracts with Insurance Companies, Continued

Because the guaranteed interest contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contracts. The contracts are included in the financial statements at contract value, as reported to the Plan by Prudential and Voya. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed interest contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days, or in the rare circumstances, paid over time. There are not any events that allow the issuer to terminate the contract and which would require the sponsor to settle at an amount different than contract value.

#### (6) Related Party Transactions and Party-In-Interest Transactions

One Plan investment is a registered investment company managed by an affiliate of Transamerica Retirement Solutions, the record-keeper of the Plan. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments.

Certain administrative expenses were paid by the Plan. Administrative expenses paid by the Plan to the record-keeper and trustee, net of ERISA account activity, amounted to \$6,742 for the year ended December 31, 2024.

#### (7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

#### (8) Tax Status

The Plan uses a prototype plan document sponsored by Transamerica Retirement Solutions (Transamerica Solutions). The IRS has determined and informed Transamerica Solutions Corporation by a letter dated June 30, 2020, that the prototype document is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax exempt.

### Notes to the Financial Statements

#### (8) Tax Status, Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### (9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### (10) Non-exempt Transactions

During 2024 and 2023, the Company failed to remit to the Plan's custodian certain participant contributions within the period prescribed by the Department of Labor regulations. Late contributions for 2024 and 2023 totaled \$2,972 and \$14,433, respectively. The Company intends to compensate the affected participants for any lost earnings resulting from the delay in contributions in 2025.

#### (11) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2023:

Net assets available for	
benefits per the financial statements	\$ 17,438,755
Excess contributions payable	27,208
Net assets available for benefits per Form 5500	<u>\$ 17,465,963</u>

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to net loss per the Form 5500 for the year ended December 31, 2024:

Net increase per the financial statements	\$ 1,801,641
Excess contribution liability, prior year	(27,208)
Net increase per Form 5500	<u>\$ 1,774,433</u>
