Independent Auditors' Report

To the Plan Administrator
Winston County Medical Foundation 403(b) Retirement Plan
Louisville, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Winston County Medical Foundation 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Winston County Medical Foundation 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and 2023, and the years ended December 31, 2024, and 2023, stating that the certified investment information as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Winston County Medical Foundation 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Winston County Medical Foundation 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Winston County Medical Foundation 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Winston County Medical Foundation 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WINSTON COUNTY MEDICAL FOUNDATION
403(b) RETIREMENT PLAN
Notes to Financial Statements

Note 1: Description of the Plan

The Winston County Medical Foundation 403(b) Retirement Plan is a defined contribution tax deferred annuity plan which provides retirement benefits for eligible participants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Benefits under the Plan are not insured under Title IV of the Employment Retirement Income Security Act of 1974 (ERISA) because the insurance provisions do not apply to plans with individual accounts for each participant. The Plan began on October 12, 1993.

Participants are eligible to participate in the Plan with elective deferrals immediately upon hire. A representative from the Plan is available every other week (bi-weekly) at a specified time set by the employer to sign up participants. Once they elect to participate, a participant is eligible for employer matching after the completion of one year of service. All participants who elect to participate in the Plan receive a 5% employer match regardless of their contribution percentage. Any participant who contributes 5% or more of their salary receives an additional 3% employer match. Participants participating in the Plan on July 1, 2007, or before, are 100% vested in the Plan. Participants who began participation after July 1, 2007 are subject to a vesting schedule spread equally over 6 years with 20% vesting after 2 years of service and an additional 20% for each year thereafter until fully vested. Participants are fully vested in their contributions when contributions are made by them.

The Plan document does not permit participant loans. Accordingly, no loans to participants were outstanding as December 31, 2024, and 2023, and no loan activity occurred during the years ended December 31, 2024, and 2023.

On termination of service, a participant may elect to receive either a lump-sum equal to the vested value of his or her account, annual installments not to exceed the life expectancy of the participant, or an annuity contract.

Winston County Medical Foundation (the Foundation) in Louisville, Mississippi serves as the Plan Administrator. Renasant Retirement Plan Solutions serves as the Plan Custodian and oversees the activities of the Plan. Certain administrative fees of the Plan have been paid by the Plan.

Benefits are generally payable on termination of service, the attainment of age 65 or because of disability or death. Distribution of a participant's account will be made within a reasonable time following the close of the Plan year in which such event occurs.

Each participant's account is credited with their proportionate share of the Plan's earnings on an annual basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

In the event the Plan terminates, all participants are 100% vested in their accounts.

The foregoing description of the Plan provides only general information. Participants should refer to a more complete description of the Plan's provisions, available from the Foundation's personnel office.

403(b) RETIREMENT PLAN
Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting with the exception of the payment of benefits, which are recognized as a reduction in net assets as they are disbursed to participants.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America and with the Department of Labor's Rules and Regulations or Reporting and Disclosure under ERISA requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Significant estimates include the valuation of the Plan's investments. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments – The investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All operating expenses of maintaining the Plan are paid by the Plan.

Forfeited Accounts

At December 31, 2024, and 2023, the forfeited investment account totaled \$4,787, and \$48,302 respectively. These amounts can be used to pay administrative expenses and/or reduce future employer contributions. The amounts used to pay administrative expenses and/or reduce future employer contributions for the years ended December 31, 2024, and 2023, totaled \$18,650, and \$88,695, respectively.

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investments

Investments are directed by participants and are restricted to annuity contracts or custodial accounts holding shares of regulated investment company stock, commonly referred to as mutual funds.

Note 3: Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. The Investment Committee determines the Plan's valuation policies. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs would be used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Note 3: Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2024, and 2023:

<i>Assets at Fair Value as of December 31, 2024</i>			
	Level 1	Level 2	Level 3
Money Market, at Fair Value	\$ 516,437	-	-
Mutual Funds, at Fair Value	10,921,866	-	-
	<u>\$ 11,438,303</u>	<u>-</u>	<u>-</u>

<i>Assets at Fair Value as of December 31, 2023</i>			
	Level 1	Level 2	Level 3
Money Market, at Fair Value	\$ 782,017	-	-
Mutual Funds, at Fair Value	9,284,483	-	-
	<u>\$ 10,066,500</u>	<u>-</u>	<u>-</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2024, and 2023, are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Level 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2024, and 2023, there were no transfers between Level 1 and 2 and no transfers into or out of Level 3.

Note 4: Information Prepared and Certified by the Trustees of the Plan

The December 31, 2024, and 2023, Statements of Net Assets Available for Benefits, the investment activities included on the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2024, and 2023, and the accompanying notes to financial statements were prepared in part or entirely from information certified by the Trustees in accordance with 29 CFR 2502.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified by the Trustees:

Description:	2024	2023
Cash and cash equivalents	\$ 2,091	\$ 2,794
Mutual funds at fair value	10,921,866	9,284,483
Money market account at fair value	516,437	782,017
Interest income	30,326	49,791
Investment income	1,044,659	1,299,225
Dividend income	350,152	254,868

Note 5: Income Tax Status

The plan has not received a tax determination letter from the Internal Revenue Service. However, the plan was established as a standardized plan and management believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC) and therefore is a qualified plan.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7: Plan Termination

The Plan was adopted with the intent of being permanent. However, the Foundation reserves the right to terminate the Plan at any time. If the Plan is terminated, the value of each individual account will be distributed as described in the "Summary Plan Description" provided to each participant.

Note 8: Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such person.

The Plan's investments are managed by Renasant Retirement Plan Solutions and various other service providers for the years ended December 31, 2024, and 2023.

The Company provides certain administrative services at no cost to the Plan.

Additionally, the Plan did not hold any notes receivable from participants at December 31, 2024, or 2023.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to Schedule H of Form 5500:

	2024
Net assets available for benefits per the financial statements	\$ 11,529,642
Distribution payable change	3,118
Net assets available for benefits per Form 5500	\$ 11,532,760

The following is a reconciliation of corrective distributions per the financial statements at December 31 to Schedule H of Form 5500:

	2024
Corrective distributions per the financial statements	\$ 18,076
Distribution payable change	(3,118)
Corrective distributions per Form 5500	\$ 14,958

Note 10: Compliance Testing

There were items discovered during the Plan’s compliance testing that required corrective action by the Plan. The Plan is in the process of correcting these items as of October 9, 2025, the date the financials were available to be issued. The correction of these items resulted in an increase in employer receivables and employer contributions to the Plan of \$58,032, as well as an increase to distributions payable and corrective distributions of \$3,118 for the year ended December 31, 2024.

Note 11: SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan documents accordingly. Certain provisions became effective in 2024. There is no material impact to the Plan’s 2024 financial statements.

Note 12: Subsequent Events

Events that occur after the Statement of Net Assets Available for Benefits date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the Statement of Net Assets Available for Benefits date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the Statement of Net Assets Available for Benefits date require disclosure in the accompanying notes. Management of the Plan evaluated the activity of the Plan through October 9, 2025, (the date the financial statements were available to be issued), and determined that there were no subsequent events requiring disclosures in the notes to the financial statements.
