INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Trustees
Modjeski and Masters, Inc. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Modjeski and Masters, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS.

Supplemental Schedule Required by ERISA - continued

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MODJESKI AND MASTERS, INC. EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN

The following description of the Modjeski and Masters, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

Modjeski and Masters, Inc. (the Company) established the Plan effective January 1, 2009 and it operates, in relevant part, as a leveraged employee stock ownership plan (ESOP). It is designed to comply with the regulations of Section 4975(e)(7) of the Internal Revenue Code of 1986 (IRC), as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

During 2018, the Plan purchased the Company's remaining outstanding common stock for \$6,104,330 by issuing notes to former shareholders in the amount of \$3,149,364 and cash in the amount of \$2,954,966 and holds the stock in a trust established under the Plan. The borrowings are to be repaid over a period of 5 - 10 years by fully deductible contributions to the trust fund. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible participant accounts in accordance with applicable regulations under the Code.

The borrowings are collateralized by the unallocated shares of stock and are guaranteed by the Company. The lenders have no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023 and for the years then ended, present separately the assets and liabilities and changes therein pertaining to the accounts of employees with vested rights in allocated common stock (allocated) and common stock not allocated to employees (unallocated).

Eligibility

Each employee shall enter the Plan on the first day of the plan year (January 1st) or the first of the seventh month (July 1st) following the completion of one year of service with a minimum of 1,000 hours, provided the employee has attained 21 years of age. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are not eligible for an allocation of Company contributions or forfeitures for such year. However, if employment terminates due to normal retirement, death, or disability they will be eligible to receive an allocation regardless of hours worked or employment on the last day of the plan year.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustees prior to the time that such rights are to be exercised. The Trustees are not permitted to vote for any allocated share for which instructions have not been given by a participant. The Trustees are required, however, to vote for any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

MODJESKI AND MASTERS, INC. EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN - continued

Employer Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. There were required Company contributions of \$256,484 in 2024 and \$745,193 in 2023.

In 2023, \$345,545 of cash within the Plan was applied to debt service. This is reported as a transfer from the allocated accounts to the unallocated accounts on the statement of changes in net assets. As required by the plan document, the current appraised value of the shares returned to participant accounts in exchange for the use of such cash was equal to the current value of shares released in conjunction with the debt service payments.

The Company may contribute a discretionary amount which is allocated in proportion to the proportion that each participant's compensation for the plan year bears to the total compensation of all participants for the plan year. Discretionary contributions were \$1,855,440 in 2024 and \$0 for 2023.

In addition, any amounts contributed by the Company to pay distributions from the Plan will be included as part of the Company contribution.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released from the unallocated account and forfeitures of terminated participants' non vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Vesting and Forfeitures

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company as follows:

<u>Years of Vesting Service</u>	
Less than 2 years	0%
2 years	50%
3 years or more	100%

Forfeitures shall remain in the Plan and deemed to be a Company contribution. Forfeitures shall be allocated to each participant's account based on a participant's eligible compensation relative to total eligible compensation. A participant must be employed on the last day of the plan year in order to receive an allocation. Forfeitures allocated to participants during December 31, 2024 and 2023 totaled \$1,175 and \$4,040, respectively.

NOTE A - DESCRIPTION OF PLAN - continued

Payment of Benefits

A participant shall not be permitted to withdraw any portion of his or her interest under the Plan while he or she is employed by the Company, except in the case of dividends distributed in cash to participants. All distributions shall be subject to mandatory withholding rules and may be in effect under the Code and accompanying regulations unless a participant or beneficiary elects a direct rollover.

A participant who reaches the earlier of age 65 or their normal retirement age shall begin to receive distribution of their account by the end of the following plan year.

Unless a participant or beneficiary elects otherwise in writing, distribution of benefits to a participant or beneficiary under the Plan shall commence no later than the last day of the plan year following the year in which a participant suffers a disability or dies while employed by the Company. If a participant dies after distribution of his or her benefits have commenced, the remaining participant's interest in the Plan shall be distributed as rapidly as under the method of distribution being used as of the date of the participant's death. The account of the participant who dies before distribution of his or her benefits has commenced shall be distributed to his or her beneficiary on or before December 31st of the calendar year that includes the 5th anniversary of his or her death.

A participant who terminates employment prior to his or her normal retirement age for reasons other than death or disability may elect to begin to receive distributions of his or her account commencing after one year after the close of the plan year in which the 5th anniversary of termination occurs.

If the vested balance is \$10,000 or less, the participant will automatically be cashed out by the close of the plan year following the plan year of termination.

Distributions will be made in substantially equal periodic payments over a period of five years. A participant may elect to have all or a portion of an eligible rollover distribution paid directly to an eligible retirement plan.

Distributions on account of death, disability, or retirement commence in the plan year following the event. Distributions for other separations from service commence in the fifth plan year following the separation from service. The amount to be distributed is based upon the account valuation date immediately preceding the distribution. Distributions shall be made in shares of Company stock, cash or a combination of both.

NOTE A - DESCRIPTION OF PLAN - continued

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company must provide a reasonable interest rate and can pay for the purchase over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in company stock into investments which are more diversified. Qualified participants are those who are at least age 55 with at least 10 years of participation in the Plan. The diversification period is available for 6 years. During the first five years of diversification, each eligible participant may redirect 25% of the value of his or her account. During the sixth year of diversification, a participant may elect to diversify up to 50% of the value of his or her stock. During the years ended December 31, 2024 and 2023, there were diversification payments made in the form of rollover distributions into the Modjeski and Masters Retirement and Incentive Savings Plan of approximately \$152,000 and \$9,000, respectively.

Legislative Changes

President Biden signed into law the Setting Every Community Up for Retirement Enhancement 2.0 (SECURE 2.0) Act on December 29, 2022. The SECURE 2.0 Act provisions aim to enhance retirement savings access and flexibility while helping participants manage financial needs. Plan management evaluated the key provisions available under the SECURE 2.0 Act. The plan document is required to be amended by December 31, 2026, per IRS Notice 2024-2, to reflect the applicable provisions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Payment of Benefits

Benefit payments to participants and beneficiaries are recorded when paid.

MODJESKI AND MASTERS, INC. EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continuedRisks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. As of December 31, 2024 and 2023, one investment represented approximately 96% and 94% of the total investments, respectively.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note D. Purchases and sales are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE C - INVESTMENT IN COMPANY COMMON STOCK

The estimated fair value of the Plan's investment in the Company's common stock at December 31, 2024 and 2023, is as follows:

	2024		2023	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	<u>1,688,525</u>	<u>109,432</u>	<u>1,661,838</u>	<u>136,119</u>
Cost	<u>\$ 8,818,872</u>	<u>\$ 790,102</u>	<u>\$ 8,626,197</u>	<u>\$ 982,777</u>
Estimated fair value	<u>\$ 28,080,172</u>	<u>\$ 1,819,853</u>	<u>\$ 23,598,111</u>	<u>\$ 1,932,878</u>

During 2024 and 2023, the Plan's investment in company common stock (including investments bought, sold, as well as held during the year) appreciated in value by \$4,369,036 and \$4,297,117, respectively.

NOTE D - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses valuation techniques based on the available inputs to measure the fair value of its investment. When available, the Plan measures fair value using Level 1 inputs because they provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

The following table sets forth by level within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ -	\$ 5,197	\$ -	\$ 5,197
Certificates of deposit	-	280,321	-	280,321
Money market fund	1,068,943	-	-	1,068,943
Modjeski and Masters Inc. common stock	-	-	29,900,025	29,900,025
	<u>\$ 1,068,943</u>	<u>\$ 285,518</u>	<u>\$ 29,900,025</u>	<u>\$ 31,254,486</u>

	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ -	\$ 451,076	\$ -	\$ 451,076
Certificates of deposit	-	271,696	-	271,696
Money market fund	1,015,809	-	-	1,015,809
Modjeski and Masters Inc. common stock	-	-	25,530,989	25,530,989
	<u>\$ 1,015,809</u>	<u>\$ 722,772</u>	<u>\$ 25,530,989</u>	<u>\$ 27,269,570</u>

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes to the methodologies used at December 31, 2024 and 2023.

Interest-bearing cash and certificates of deposit. Valued at cost which is a reasonable estimate of fair value.

NOTE D - FAIR VALUE MEASUREMENT - continued

Money market fund: Valued at the daily closing price as reported by the fund. The fund held by the Plan is an open-ended mutual fund and is registered with the Securities and Exchange Commission. This fund is required to publish the daily net asset value and to transact at that price. The fund held by the Plan is deemed to be actively traded.

Modjeski and Masters Inc. common stock: Valued at estimated fair value as determined by an annual independent appraisal. This appraisal was based on a combination of the market and income valuation methods consistent with prior years. Plan management accumulates data for the appraiser from the audited financial statements of the Company. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, comparable market information, and estimated fair value of company assets and liabilities.

The preceding method described produces a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to Plan provisions. Upon such termination of the Plan, the accounts of participants affected by the termination shall be fully vested and non-forfeitable. The Board of Directors shall direct the Trustees to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loan.

NOTE F - PLAN TAX STATUS

On May 3, 2016, the Internal Revenue Service stated that the Plan, as then designed, qualifies under Section 401(a) of the IRC. The Plan has been amended since receiving the determination letter for various amendments. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

NOTE G - ADMINISTRATION OF ASSETS AND TRANSACTIONS WITH PARTIES-IN-INTEREST

The company common stock is held by the Trustees of the Plan. The money market fund is held by Vanguard. The non-interest-bearing cash, interest-bearing cash and certificates of deposit are held by two financial institutions. These transactions qualify as party-in-interest transactions. Transactions resulting in plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption exists.

Company contributions are held and managed by the Trustees, who invest cash received, interest, and dividend income and make distributions to participants. The Trustees also administer the payment of interest and principal on the loans, which is reimbursed to the Trustees through contributions as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan.

Expenses of administering the Plan are paid from plan assets or by the Company pursuant to provisions of the plan document. For the years ended December 31, 2024 and 2023, the expenses of administering the Plan, mainly recordkeeping fees, trustee fees, and audit fees were paid by the Company.

The transactions noted above are exempt under Section 408 (b)(8) and are not prohibited by ERISA.

NOTE H - CONCENTRATION OF CASH AND SECURITIES RISK

The Plan maintains its balances in a brokerage institution, which at times may exceed the Securities Investor Protection Corporation limits up to \$500,000 for balances (with a limit of \$250,000 for cash). The Plan has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and securities.

NOTE I - LOANS PAYABLE

On March 29, 2018, the ESOP became the sole shareholder of the Company and purchased the remaining outstanding 845,745 shares of company common stock at a price of \$7.22 per share which was based on a valuation performed as of December 31, 2017, with \$2,954,966 in cash and \$3,149,364 in loans issued to the former shareholders. Unallocated shares are collateral for the loans. The loans will be paid in 40 quarterly installments of principal and interest through April 2028. Loans totaling \$1,316,928 accrue interest at 5.50% and loans totaling \$1,832,436 accrued interest at 7.00% with a balloon payment after the 20th quarterly payment due on April 1, 2023. Quarterly principal and interest payments of approximately \$107,000 were required through April 1, 2023. Quarterly principal and interest payments of approximately \$64,000 are required beginning July 1, 2023.
