INDEPENDENT AUDITORS' REPORT

Investment Committee
Alliant Insurance Services, Inc. 401(k) Savings and Investment Plan
San Diego, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of **Alliant Insurance Services, Inc. 401(k) Savings and Investment Plan** (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by Transamerica Retirement Solutions, and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.
- Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by Transamerica Retirement Solutions, LLC and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) SAVINGS AND INVESTMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of Alliant Insurance Services, Inc. 401(k) Savings and Investment Plan (the "Plan"), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which are available from the plan administrator.

General — The Plan is a defined contribution plan covering substantially all employees of Alliant Insurance Services, Inc., which is a wholly owned subsidiary of Alliant Holdings, L.P. (the "Company"). The Company is the plan sponsor. The Plan was established on January 1, 2000, as restated on December 31, 2011, and from time to time thereafter, to enable eligible employees to make pre-tax and post-tax contributions to the Plan; thereby providing employees with an opportunity to accumulate funds for their retirement. Employees are eligible to participate in the Plan once they have attained age 21 and have completed one month of service. The board of directors of the Company controls and manages the operation and administration of the Plan. Transamerica Retirement Solutions, LLC ("Transamerica") serves as Recordkeeper and Custodian and State Street Bank and Trust Company as the Trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions — Each year, participants may contribute up to 50% of annual compensation as pre-tax or Roth contributions, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Matching contributions are at the discretion of the Company. During 2024, the Company made matching contributions of 75% of the first 4% of the participant's tax-deferred compensation. For certain Producers, Sales Persons, and Senior Executives, the Company's maximum employer contribution is \$1,000. For all other employees, the Company's maximum employer contribution is \$3,000.

Participant Investment Account Options — The Plan currently offers 11 mutual funds, 20 common collective trusts, and two guaranteed interest accounts as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Rollover Contributions — Amounts represent employee funds transferred into the Plan from similar plans of prior employers.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution (if any), allocations of Company discretionary contributions (if any), and Plan earnings, and is charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ALLIANT INSURANCE SERVICES, INC.
401(k) SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN (CONTINUED)

Investments — Upon enrollment in the Plan, a participant may direct contributions into any of the investment options, as described in each fund’s prospectus.

Vesting — Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A year of credit service is defined under the Plan as 1,000 hours in a calendar year. The Company’s contribution’s are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
1	20%
2	40%
3	60%
4	80%
5	100%

A participant becomes 100% vested in all Company contributions when a participant retires, dies, or becomes permanently disabled, reaches the age of 65 while employed, or if the Plan is terminated.

Notes Receivable from Participants — Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of 50% of vested accounts or \$50,000. The loans are secured by the balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. The term of any loan to a participant shall be no greater than five years, except for special loans to participants for the purchase of a principal residence, which may have a term up to 30 years. The limitations on the types and amounts of loans are determined by the plan administrator. At December 31, 2024, interest rates ranged from 3.25% to 9.50% on the participants’ loan balances, which mature through 2054.

Payment of Benefits — On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant’s vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Participants can withdraw all or a portion of their vested amounts if they have reached age 59-1/2, have a financial hardship (as defined in the Plan), or terminate their employment with the Company.

Forfeited Accounts — At December 31, 2024 and 2023, unallocated forfeitures totaled \$989,880 and \$556,933, respectively. These accounts will be used to reduce future employer contributions. Also, for the year ended December 31, 2024, employer contributions were reduced by \$1,252,727 from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

**ALLIANT INSURANCE SERVICES, INC.
401(k) SAVINGS AND INVESTMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could be materially different from those estimates.

Risks and Uncertainties — The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition — Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Custodian and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Payment of Benefits — Benefits are recorded when paid. As of December 31, 2024 and 2023, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but who have not yet been paid.

Administrative Expenses — Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN & TRUSTEE (UNAUDITED)

The plan administrator elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica, the Custodian and Trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value and contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1 – Valuation is based upon quoted prices in active markets for identical assets or liabilities.

Level 2 – Valuation is based upon other significant observable inputs (including quoted prices for similar assets or liabilities in active markets; identical or similar assets or liabilities in inactive markets, inputs other than quoted market prices that are observable for the asset or liability, etc).

Level 3 – Valuation is based upon significant unobservable inputs, including the reporting entity's own assumptions in determining the fair value of investments.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

**ALLIANT INSURANCE SERVICES, INC.
401(k) SAVINGS AND INVESTMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Custodian and Trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 347,266,516	\$ -	\$ -	\$ 347,266,516
Total investments in the fair value hierarchy	\$ 347,266,516	\$ -	\$ -	347,266,516
Investments measured at NAV ^(a)				559,771,254
Total investments at fair value				\$ 907,037,770

	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 268,306,402	\$ -	\$ -	\$ 268,306,402
Total investments in the fair value hierarchy	\$ 268,306,402	\$ -	\$ -	268,306,402
Investments measured at NAV ^(a)				452,337,254
Total investments at fair value				\$ 720,643,656

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. FIXED ACCOUNT

As of December 31, 2024 and 2023, the Plan had a fixed account investment option maintained by the Custodian. The fixed account is held through the Custodian's general account and a number of variable investment options through the Custodian's separate account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed account is included in the financial statements at contract value as reported to

ALLIANT INSURANCE SERVICES, INC.
401(k) SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

5. FIXED ACCOUNT (CONTINUED)

the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the Plan's fixed account was \$64,246,733 and \$61,124,267 at December 31, 2024 and 2023, respectively. The Custodian is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the Custodian, but may not be less than 1%. Such interest rates are reviewed on a semi-annual basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis.

Limitations on the Ability of the Fixed Account to Transact at Contract Value:

Certain conditions or restrictions apply to transfers in connection with the fixed account. Transfers are allowed at any time from each account provided:

- the fixed account transfer is not directed into a competing investment option;
- a transfer into a competing investment option from any non-competing investment option has not occurred within 90 days; and
- a partial surrender has not occurred within 90 days.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Transamerica. Transamerica is the Trustee and Recordkeeper for the Plan and therefore, these transactions qualify as party-in-interest transactions.

Transamerica provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA") between the Alliant Holdings, L.P. and Transamerica. Transamerica receives revenue from mutual fund service providers for services Transamerica provides to the funds. This revenue is used to offset certain amounts owed to Transamerica for its administrative services to the Plan.

If the revenue received by Transamerica from such mutual fund service providers exceeds the amount owed under the MSA, Transamerica remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants. During 2024 and 2023, there were no excess amounts. The Plan or Plan Sponsor may make payment to Transamerica for administrative expenses not covered by revenue sharing.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator of \$558,774 for the year ended December 31, 2024, which was not covered by revenue sharing. The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions. The Plan Sponsor pays directly any other fees related to the Plan's operations.

**ALLIANT INSURANCE SERVICES, INC.
401(k) SAVINGS AND INVESTMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. TAX STATUS

The Plan most recently received a favorable tax determination letter from the IRS dated July 10, 2012, which states that the Plan qualifies under the applicable provisions of the IRC and that it is therefore exempt from federal income taxes. Although the Plan has been amended since receiving the determination letter, in the opinion of the Company, the Plan continues to meet the IRC requirements and is currently operating such that its exempt status has been maintained. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

9. RISKS, UNCERTAINTIES, AND CONCENTRATIONS

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2024 approximately 15% of the Plan's investments were invested in Fidelity 500 Index Fund. At December 31, 2023, approximately 12% of the Plan's investments were invested in Fidelity 500 Index Fund.

10. TRANSFER IN

The Company acquired various companies in 2024. As a result, participant accounts totaling \$97,038 were transferred to the Plan.

11. SUSEQUENT EVENTS

The Company has evaluated subsequent events through October 1, 2025, the date the financial statements were issued and noted the following item for disclosure:
