Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: EISENRAMPER LLP

(2) EIN: 87-1363769

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the Factory Motor Parts 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Factory Motor Parts 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 and schedule of delinquent participant contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FACTORY MOTOR PARTS 401(k) SAVINGS PLAN

Notes to Financial Statements

NOTE 1 – THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Plan:

The Factory Motor Parts 401(k) Savings Plan ("Plan") is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan covers full-time employees of Elliott Auto Supply Co., Inc. ("Plan Sponsor" and "Plan Administrator") and its affiliate SuperClean Brands, LLC (collectively the "Companies"). The Plan Administrator is responsible for oversight of the Plan. The Investment Committee for the Plan determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Empower Annuity Insurance Company of America and Empower Trust Company, LLC are the custodians of the Plan assets (collectively, "Empower"), and Empower Retirement, LLC is the recordkeeper of the Plan.

Bremer Bank N.A. ("Bremer") is the trustee of the Plan.

Effective in September 2025, Empower replaced Bremer as trustee of the Plan.

Basis of accounting and investment valuation:

The financial statements of the Plan are prepared on the accrual method of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts for which contract value is the relevant measure, because it is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment income recognition:

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses related to sales of investments during the year are recorded on a trade-date basis. Unrealized appreciation in fair value of investments held are recorded based on their fair value as of the end of the Plan year.

Investment income from net realized and unrealized appreciation in fair value of investments include investments held and sold during the year.

Use of estimates:

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that may affect certain reported amounts and disclosures in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes receivable from participants:

Notes receivable from participants are recorded at their unpaid principal balance plus accrued interest, recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent notes receivable from participants are recorded as deemed distributions on the basis of the terms of the Plan document.

FACTORY MOTOR PARTS 401(k) SAVINGS PLAN

Notes to Financial Statements

NOTE 1 – THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of benefits:

Benefits paid to participants are recorded when paid.

Plan expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation in fair value of investments.

NOTE 2 – DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

Eligibility:

All full-time employees who attain age 21 and complete at least three months of service are eligible to participate in the 401(k) component of the Plan and receive safe harbor matching contributions, and upon completing at least one year of service (minimum of 1,000 hours) are eligible for profit sharing contributions. Eligible employees may enroll in the 401(k) plan on the first day of the calendar quarter following the completion of the eligibility requirements.

Contributions:

Plan participants may elect to contribute a percentage of their compensation pursuant to Section 401(k) of the Internal Revenue Code ("IRC") and may also make Roth 401(k) deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions; however, these catch-up contributions are not eligible for an employer matching contribution.

The Companies provide safe harbor matching contributions equal to 100% of the employee's salary deferral that does not exceed 3% of the employee's eligible compensation, plus 50% of the employee salary deferral between 3% and 5% of the employee's eligible compensation. The Plan also allows employee rollover contributions from other qualified plans.

Profit sharing contributions may be made to the Plan at the option of the participating affiliated employers individually electing the amount of profit sharing contributions to be allocated to their employees. To receive a profit sharing contribution, a participant must be employed on the last day of the Plan year. For the year ended December 31, 2024, the Companies made a \$615,125 profit sharing contribution to the Plan.

Investments:

All contributions and accumulated contributions are self-directed by the participants into investment options presented through Empower's participant site. In addition, the Plan also allows participants to select their own investments through a self-directed brokerage account.

Funding:

Participant contributions and the Companies' matching contributions are funded on a bi-weekly basis. Discretionary profit sharing contributions are funded on an annual basis after the Plan's year-end.

FACTORY MOTOR PARTS 401(k) SAVINGS PLAN

Notes to Financial Statements

NOTE 2 – DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts:

Each participant's account is credited with the participant's voluntary salary deferrals and an allocation of (a) the Companies' contributions, if any, (b) Plan earnings (losses), and (c) forfeitures of terminated participants' nonvested accounts, net of the prior year's reinstated forfeitures for rehired employees. Allocations of the Companies' profit sharing contributions and participants' forfeitures are based on the participants' annual compensation, as defined. Plan earnings, fees, and expenses are allocated based on participants' account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting:

Participants are immediately vested in their rollover contributions, voluntary salary deferrals and the Companies' matching contributions plus related investment results. The Companies' discretionary profit sharing contributions vest 20% per year starting with the second year of credited service and are fully vested after six years of credited service.

Participants may also become 100% vested in profit sharing contributions upon their death, total disability, or upon the date of the participant's 65th birthday.

Plan Termination:

Although the Companies have not indicated an intent to do so, they have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

Administrative and Investment Advisory Fees and Expenses:

Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment advisory fees, as defined in the investment management agreements, and plan administration are paid by the Plan. Certain investments are managed by Empower which qualify as party-in-interest transactions. Investment fees are included in net realized and unrealized appreciation. Administrative fees paid to Bremer and Empower, and therefore to parties-in-interest, were \$102,216 and \$140,132 for the year ended December 31, 2024, respectively. These parties also receive fees indirectly under revenue sharing arrangements with the Plan's investment providers, see Note 7. In addition, Charles Schwab & Co., Inc., the self-directed broker, receives an annual \$100 fee from each participant with investments in the self-directed brokerage account.

Forfeitures:

If a participant terminates employment and is not fully vested in their discretionary profit sharing contributions, the nonvested amount is forfeited. Forfeited amounts are allocated to the remaining participants in the following Plan year as additional profit sharing contributions. Rehired employees are eligible to have their previously forfeited amounts reinstated if rehired within 5 years, as required by the IRC.

As of December 31, 2023, forfeited unallocated nonvested accounts were \$89,887 which was allocated in 2024. As of December 31, 2024, forfeited unallocated nonvested amounts were \$136,930.

FACTORY MOTOR PARTS 401(k) SAVINGS PLAN

Notes to Financial Statements

NOTE 2 – DESCRIPTION OF PLAN (CONTINUED)

Notes receivable from participants:

Participants may borrow a minimum of \$1,000 and up to \$50,000 or 50% of their vested account balance. Loans, other than residence loans, must be repaid within five years. Residence loans must be repaid within 5 – 15 years. All loans bear interest at prime plus 1.00% and are collateralized by the participant's vested account balance. The prime rate was 7.50% and 8.50% at December 31, 2024 and 2023, respectively. The loans mature at various dates through December 2039 and bear interest ranging from 4.25% to 9.50% as of December 31, 2024 and 2023. Principal and interest are paid ratably through payroll deductions.

Payment of benefits:

Upon the earlier of death, disability, or termination of employment, the participant will receive an automatic lump sum distribution if their vested balance does not exceed \$5,000; otherwise the participant must consent to the distribution before it is made, and may delay the receipt of benefits to the extent allowed by law. Under certain hardship situations, the participant may receive a distribution of their contributions to the Plan; however, the Companies' matching and discretionary profit sharing contributions are not eligible for hardship distribution.

NOTE 3 – INVESTMENT CERTIFICATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Empower Annuity Insurance Company of America and Empower Trust Company, LLC have certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the statement of changes in net assets available for benefits for the year ended December 31, 2024 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2024.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

FACTORY MOTOR PARTS 401(k) SAVINGS PLAN

Notes to Financial Statements

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds, common stocks, and interest-bearing cash that are valued on the basis of readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023.

	Investment Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$100,434,022	\$ -	\$ -	\$100,434,022
Self-directed brokerage accounts	4,609,903	-	-	4,609,903
Investments at fair value	\$105,043,925	\$ -	\$ -	\$105,043,925

	Investment Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$88,258,174	\$ -	\$ -	\$88,258,174
Self-directed brokerage accounts	3,829,619	-	-	3,829,619
Investments at fair value	\$92,087,793	\$ -	\$ -	\$92,087,793

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

FACTORY MOTOR PARTS 401(k) SAVINGS PLAN

Notes to Financial Statements

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Key Guaranteed Portfolio Fund is a fixed account that is part of the general account of Empower. The Key Guaranteed Portfolio Fund is a fully benefit-responsive investment and is reported at contract value in the statements of net assets available for benefits. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant-initiated withdrawals at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value represents contributions made under the contract that are allocated to the fixed account, plus interest, less amounts transferred or distributed, and less any applicable fees, as defined. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuers or otherwise.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events could include premature termination of the contract by the Plan and termination of the Plan. The Plan Administrator does not believe an event which would limit the Plan's ability to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants is probable. In addition, either party to the contract may terminate with at least a 60-day advance written notice to the other party.

NOTE 6 – TAX STATUS

The Companies adopted a non-standardized pre-approved plan sponsored by Empower Retirement, LLC. The prototype plan sponsor obtained its latest opinion letter on November 14, 2022, in which the Internal Revenue Service stated that the non-standardized pre-approved plan, as then designed, was in compliance with the applicable requirements of the IRC and therefore, the related trust is exempt from taxation. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE 7 – REVENUE SHARING

A Retirement Services Agreement ("RSA") between the Plan Sponsor and Empower is in effect. In addition to addressing administrative services, the RSA includes a revenue credit agreement whereby Empower and the Plan Sponsor agree that Empower will pay to the Plan, on a monthly basis, a revenue credit amount based on the Plan's average daily balance in each of the Plan's investment options, calculated as defined. Such amounts are allocated proportionately to the accounts of the participants on a monthly basis. These transactions qualify as party-in-interest transactions. During 2024, the amount of total revenue credits received by the Plan was approximately \$516,000 and is included in net realized and unrealized appreciation in fair value of investments on the statement of changes in net assets available for benefits. The Plan Sponsor may make a payment to Empower for administrative expenses not covered by the revenue credit agreement as indicated in Note 2.

FACTORY MOTOR PARTS 401(k) SAVINGS PLAN

Notes to Financial Statements

NOTE 8 - RISKS AND UNCERTAINTIES

Plan participants invest in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks, as well as risks related to the financial strength of the insurance company. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments as of December 31, 2024 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE 9 – MUTUAL FUND FEES

Certain investments in mutual funds may be subject to 12b-1 fees which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE 10 – NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2024, certain amounts withheld from participants' compensation were not timely remitted to the Plan in the amount of \$329. The Plan Administrator is in process of making the correction for the amounts withheld and calculating the lost earnings in order to make the affected participants whole.

NOTE 11 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2025, the date at which the financial statements were available to be issued.
