INDEPENDENT AUDITOR'S REPORT

To the Plan Trustee
North State Grocery, Inc. Employee Stock Ownership Plan
Cottonwood, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of North State Grocery, Inc. Employee Stock Ownership Plan (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024, and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of North State Grocery, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of a Matter – Common Stock Evaluation

As explained in Note 2, the Plan is an Employee Stock Ownership Plan and invests in common stock of North State Grocery, Inc. valued at \$99,047,800 and \$95,701,660 as of December 31, 2024, and 2023, respectively. The fair value of North State Grocery, Inc. stock is determined by the Plan Trustee based on an annual valuation of the common stock prepared by an independent appraiser. However, because of the inherent uncertainty of the valuation, the estimated value may differ significantly from the value that would have been used had a ready market for the investments existed, and the differences could be material.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about North State Grocery, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore there is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of North State Grocery, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about North State Grocery, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year, as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NORTH STATE GROCERY, INC.
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1: DESCRIPTION OF PLAN

The following description of the North State Grocery, Inc. Employee Stock Ownership Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for additional information.

General

The North State Grocery, Inc. Employee Stock Ownership Plan became effective January 1, 2006, to provide retirement benefits for employees of North State Grocery, Inc. (the “Company” and “Plan Sponsor”). The Plan operates as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (the “Code”), as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by an Employee Benefits Committee comprising of up to three people appointed by the Company’s Board of Directors. GreatBanc Trust Company serves as the Plan’s trustee.

On November 25, 2024, the Plan repurchased 3,393.22 shares of the Company common stock from participants using proceeds from an internal loan from the Company in the amount of \$3,158,914. The loan is collateralized by the repurchased shares of common stock and is guaranteed by the Company. The repurchased shares are held in a trust established under the Plan. As the Plan makes payments of principal and interest on the internal loan, an appropriate percentage of shares are allocated to the accounts of eligible participants at the end of the Plan year based on each participant’s eligible compensation in accordance with the applicable regulations under the Code. The Plan Sponsor has no rights against the shares of common stock once they are allocated to participants in accordance with the terms of the Plan.

Plan Year

The Plan year begins January 1st and ends December 31st.

Eligibility

Employees who are twenty-one (21) years or older are eligible to participate in the Plan once they have completed one year of service in which at least 1,000 hours are worked. Participants must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year, to be eligible for an allocation of the Company contributions for such year.

Contributions

The Plan allows for the following types of contributions:

- **Employer Contributions**
The Company may make contributions to the ESOP portion of the Plan in either cash or Company stock as determined by the Board of Directors. Each year, the Company must make a contribution in the amount necessary to discharge any indebtedness payable during the following plan year in connection with the financed purchase of Company stock. The Company made cash contributions of \$314,695 and \$3,215,937 for the years ended December 31, 2024, and 2023, respectively.
- **Safe Harbor 401(k) Matching Contributions**
The Company may declare “Safe Harbor” 401(k) matching contributions in accordance with certain rules of the Code. Contributions are made to the ESOP on behalf of each employee participating in the Company’s 401(k) plan. The “Safe harbor” matching contribution is an amount equal to 100% of elective deferral contributions up to 4% of the employee’s eligible compensation. The Company made “Safe Harbor” 401(k) matching contributions of \$870,007 and \$809,858 for the years ended December 31, 2024, and 2023, respectively.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, the participant will vest in the balances in their account based on total years of service with the Company. Vesting is based on a six-year graded schedule with participants becoming 20% vested after two years of service and an additional 20% each year thereafter. Participants are 100% vested after six years of service. Participants must have 1,000 hours of service in a plan year to receive credit for a year of service.

Forfeitures

Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and are reallocated to eligible participants for the Plan year. All forfeitures are reallocated to the accounts of remaining participants as of the allocation date of the Plan year in which the forfeiture occurs. Forfeitures allocated to participant accounts totaled \$339,321 and \$618,163 for the years ended December 31, 2024, and 2023, respectively. Forfeitures in the amount of \$0 were available for allocation as of December 31, 2024, and 2023.

Retirement

Normal retirement under the Plan is age 65.

Payment of Benefits

Payment of benefits may be made at the following times under the Plan: 1) normal retirement; 2) termination of employment of the participant; or 3) death or disability of the participant. Distributions are made in cash. The amount to be distributed is based upon the account valuation immediately preceding the distribution. Distributions of Company stock include a "put option" that, if exercised, requires the Company to repurchase participant shares, which have been distributed under the terms of the Plan. Participants that have amounts that were transferred from the 401(k) plan may elect to receive a distribution of their 401(k) balance at age 59 ½.

Stock Purchase Requirement

Under federal income tax regulations, the employer stock that is held by the Plan, and its participants, is not readily tradeable on an established market, or is subject to trading limitations, and includes a put option. The purpose of the requirement is to ensure that the participant has the ability to ultimately obtain cash. Pursuant to the Code and to preserve the Company's S Corporation status, the Plan document provides that the Company repurchase any shares of its stock distributed to participants for cash. The purchase price is representative of the fair market value of the stock.

Participant Accounts and Allocations

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of Company stock purchased by the Plan or contributed in-kind by the Company, including forfeitures of Company stock and stock dividends allocated to the participant's accounts. Plan earnings and expenses are allocated to each participant's account based on the ratio of the participant's account balance. Allocations of employer contributions and Plan forfeitures are based upon the relation of the participant's compensation to total compensation for the Plan year. Matching 401(k) contributions are allocated based on the amount of a participant's 401(k) salary deferrals.

Voting Rights

Participants, excluding inactive participants, are entitled to exercise voting rights attributable to shares allocated to their accounts and are notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote for any allocated shares for which instructions have not been given by a participant. The Trustee is required to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. All participants of the Plan who are at least age 55, with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years a participant may diversify up to 25% of the number of allocated shares in their account, less any shares previously diversified. In the sixth year the percentage increases to 50%. Participants who elect to diversify receive cash distribution.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan or the Plan Sponsor, at the discretion of the Plan Sponsor.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, participants become fully vested in their accounts and the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Employee Benefits Action Committee shall direct the Trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed common stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loans.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Benefits

Benefits are recorded when paid.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (“allocated”) and (b) stock not yet allocated to employees (“unallocated”), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid. As of December 31, 2024, 99,407 shares are allocated, and 3,393 shares are unallocated. As of December 31, 2023, all shares were fully allocated.

Investment Valuation and Income Recognition

Investments are reported at fair value and are non-participant directed. The investment in Company common stock is determined by the Plan trustee based on an annual valuation by an independent appraiser. The appraised value per share was \$964 and \$931, for a total appraised value of \$99,047,800 and \$95,701,660 as of December 31, 2024, and 2023, respectively. Because of the inherent uncertainty of the valuation, estimated fair value and appraised values for the investment in Company stock may differ significantly from values that would have been used had a ready market for such investments existed.

Net appreciation in the fair value of investment in North State Grocery, Inc. common stock in the accompanying Statements of Changes in Net Assets Available for Benefits represents the change in unrealized appreciation from one period to the next. Interest income is recognized when earned.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentration of Credit Risk

The Plan maintains cash in financial institutions which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts, and the Plan Sponsor believes that the Plan is not exposed to any significant credit risk on cash.

Income Taxes

The Plan obtained a favorable determination letter on November 15, 2017, in which the Internal Revenue Service (the "IRS") stated that the Plan is acceptable under Section 401 of the Code. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management evaluates tax positions taken by the Plan to recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has determined that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities and there are currently no audits for any tax periods in progress.

Estimates and Assumptions

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: INFORMATION CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee, GreatBanc Trust Company, as of and for the years ended December 31, 2024, and 2023:

Fair Value	\$ 95,778,436	\$ 3,269,364	\$ 95,701,660

NOTE 5: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024, and 2023.

Investment in Company Common Stock: An annual valuation of the Company common stock is prepared by an independent appraiser. The Trustee of the Plan approves the fair value based on the annual valuation. The valuation utilizes the income and market approaches. Specifically, the discounted cashflow and public company guidelines are utilized containing significant unobservable inputs including EBITDA multiples, weighted average cost of capital and discounts for lack of marketability.

Money Market Fund: The fair value of the money market fund is based on quoted net asset value of the shares held by the Plan at year-end. The money market fund is valued at the daily closing price reported by the fund.

The following table sets forth by level within the fair value hierarchy, the Plan's financial assets that were accounted for at fair value on a recurring basis at December 31, 2024:

	<i>Assets at Fair Value as of December 31, 2024</i>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
North State Grocery, Inc. Common stock	\$ -	\$ -	\$ 99,047,800	\$ 99,047,800
Money market fund	<u>813,000</u>	<u>-</u>	<u>-</u>	<u>813,000</u>
Total assets at fair value	<u>\$ 813,000</u>	<u>\$ -</u>	<u>\$ 99,047,800</u>	<u>\$ 99,860,800</u>

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level within the fair value hierarchy, the Plan's financial assets that were accounted for at fair value on a recurring basis at December 31, 2023:

	<i>Assets at Fair Value as of December 31, 2023</i>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
North State Grocery, Inc.				
Common stock	\$ -	\$ -	\$ 95,701,660	\$ 95,701,660
Money market fund	792,859	-	-	792,859
Total assets at fair value	<u>\$ 792,859</u>	<u>\$ -</u>	<u>\$ 95,701,660</u>	<u>\$ 96,494,519</u>

The following is a reconciliation of the beginning and ending balances for investments measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the years ended December 31, 2024, and 2023:

	<u>2024</u>	<u>2023</u>
North State Grocery, Inc. common stock, beginning of the year	\$ 95,701,660	\$ 77,300,460
Appreciation in Company common stock	3,346,140	18,401,200
Company common stock, end of the year	<u>\$ 99,047,800</u>	<u>\$ 95,701,660</u>

NOTE 6: LOAN PAYABLE

In November 2024, the Plan repurchased 3,393.22 shares of Plan Sponsor common stock from participants using proceeds from an internal loan from the Plan Sponsor in the amount of \$3,158,914. Borrowings bear interest at the applicable federal long-term rate (4.15% at December 31, 2024), will be repaid in annual installments of principal and interest through 2039, and are collateralized by unallocated shares of Plan Sponsor common stock.

Aggregate annual principal maturities on the loan payable are due as follows:

<u>Year Ending December 31,</u>	
2025	\$ 149,086
2026	162,858
2027	169,617
2028	176,656
2029	183,987
Thereafter	<u>2,316,710</u>
	<u>\$ 3,158,914</u>

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which include Company common stock. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8: **RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

The Plan invests in Plan Sponsor common stock and has indebtedness to the Plan Sponsor. Fees for certain administrative expenses are paid to service providers which are considered to be parties in interest. Fees paid by the Plan for administrative services are recorded in administrative expenses. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 9: **SUBSEQUENT EVENTS**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 13, 2025, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be disclosed.
