INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee
SCI 401(K) Retirement Savings Plan
Houston, Texas

Opinion

We have audited the accompanying financial statements of SCI 401(K) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SCI 401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Plan Description

General

The following description of the SCI 401(k) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Summary Plan Description or the "Plan Document" for a more complete description of the Plan's provisions.

The Plan was established July 1, 2000 as a defined contribution plan for the exclusive benefit of Service Corporation International's (SCI or the Company) United States non-union employees, and has since been amended on an as-needed basis through the date of this report. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan's assets are held by Charles Schwab Bank and participant accounts are maintained by Charles Schwab Bank (referred to as the "Plan Trustee"). SCI serves as Plan Sponsor (referred to as the "Plan Administrator").

Contributions

Eligible employees can participate in the Plan after completing two months of service and attaining age 18. Employees covered by a collective bargaining agreement in which retirement benefits are provided are not eligible to participate in the Plan. The election to contribute to the Plan is voluntary. Employees are initially enrolled in the Plan, after meeting eligibility criteria, contributing 4% of pretax annual compensation, unless participation is specifically rejected by such employees. Participants may contribute up to a maximum of 50% of pretax annual compensation. Effective July 1, 2014, the Plan was amended to allow Roth contributions. Each individual's participant contributions were limited to \$23,000 in 2024. An additional catch-up contribution up to \$7,500 was allowed for employees aged 50 and over.

The Company contributes a matching amount up to 6% of the participant's pretax annual compensation. The percentage of the match is based on years of vesting service with the Company and ranges from 75% to 125% of the employee's eligible contribution as described in the table below. Additional amounts may be contributed at the Company's discretion. There were no discretionary Company contributions for the year ended December 31, 2024.

Participant's Completed Years of Service	Matching Percentage
Less than 6 years	75 %
Greater than 6 years and less than 11 years	100 %
11 or more years	125 %

Participant Accounts

Participant account balances are valued based upon the number of units or shares of each investment fund owned by the participants. Each participant's account is credited with the participant's contribution, the Company's contributions, and a pro rata share of the earnings of each fund in which the participant has invested. Forfeited balances of terminated participants' non-vested accounts are used to reduce administrative expenses and future Company contributions. For the year ended December 31, 2024, forfeited balances applied to reduce employer contribution and plan expenses amounted to \$2,491,577 and \$176,428, respectively. At December 31, 2024, there were forfeitures in the amount of \$2,899,022 available to offset future employer contributions and/or administrative expenses.

Vesting

Participants are fully vested in their deferred salary, rollover contributions, and related earnings. Participants are not vested in Company contributions and related earnings until they complete three years of service with the Company, thus becoming 100% vested.

Participant Loans

Participants may borrow from their accounts up to one half of their vested account balance up to a maximum of \$50,000. The minimum amount that may be borrowed is \$1,000. Loans are to be repaid within five years, or longer if the loan is used to purchase a primary residence. The loans are secured by the balance in the participant's account and bear interest fixed at 1% above the prime rate at the date of inception. Interest rates for loans range between 4.25% and 9.50% as of December 31, 2024. A participant may have no more than one loan outstanding at any one time. Interest income on participant loans is

recorded when earned. If a participant ceases to make loan payments, the Plan Administrator will deem the participant loan to be a distribution in accordance with applicable legal requirements and the participant account balance will be reduced at the earliest permitted date as outlined in the Plan Document.

Receivables for Securities Sold

The Plan records investment transactions on a trade date basis. Transactions may take up to seven days to settle, therefore pending purchases and sales are recorded as a receivable or payable as of period end.

Participant Distributions

The Plan provides for several different types of participant withdrawals. Participants who have reached age 59 1/2 may make in-service withdrawals. Participants may request withdrawals before age 59 1/2 if they qualify for certain hardship withdrawals. Upon termination of service with the Company or death, the participant or beneficiary may receive a lump-sum amount equal to the vested amount in the participant's account or a partial distribution of such amount. A participant that terminates employment whose account balance is less than \$5,000 will receive a distribution of their vested aggregate account balance without the consent of the participant. If the distribution is less than \$1,000 the distribution will be made in the form of lump-sum cash. If the distribution is greater than \$1,000, but less than \$5,000 the Plan Administrator will pay the distribution in an automatic direct rollover to an individual retirement account.

Plan Termination

The Company expects the Plan to continue indefinitely, however, it reserves the right to terminate or amend the Plan to eliminate future benefits. If the Plan is terminated, participants will become 100% vested and account balances will be distributed by a lump-sum payment.

2. Summary of Significant Accounting Policies

Principles of Reporting

The financial statements and schedules have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) and the financial reporting requirements of ERISA and are maintained on an accrual basis except for participant distributions, which are reported when paid.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that may affect the amounts reported in the financial statements and related notes. As a result, actual results could differ from those estimates.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see [Note 3](#) for information regarding Fair Value Measurements).

The Galliard Stable Return Fund Class E included in Plan assets receives interest based on crediting interest rates determined by the issuer. The underlying investments of the Fund consist of units of the Galliard Stable Return Fund Core. The common/collective trust funds are issued by T. Rowe Price, Northern Trust, Arrowstreet, Galliard, GW&K, Prudential, and State Street and the underlying investments of the common/collective trust funds include other bond, equity, and money market trusts.

A self-directed investment account is allowed for each participant who directs an investment outside of the investment options designated by the Plan Administrator. The self-directed account shall not share in trust fund earnings but will be charged or credited as appropriate with net earnings, gains, losses, and expenses, as well as any appreciation (depreciation) in market value attributable to such account during each plan year. Charles Schwab is asset custodian for the self-directed investment accounts.

Net change in the fair value of the investments consists of net realized and unrealized appreciation (depreciation). Each investment fund's appreciation (depreciation) is allocated to participants based upon their proportionate share of assets in each investment fund.

Risks and Uncertainties

The Plan provides for several investment options, which are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Administrative Expenses

Administrative expenses represent record keeping, transaction, and investment advisory fees paid to Charles Schwab and audit fees. Legal fees are paid by the Plan Sponsor.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value hierarchy has been established, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

There are three levels of inputs that may be used to measure fair value based on the following hierarchy:

- Level 1 - Quoted prices in active markets for identical assets or liabilities
- Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation techniques used for assets measured at fair value for the years ended December 31, 2024 and 2023:

- Registered investment companies, SCI common stock, and self-directed accounts are valued at the market value of shares held at year end.
- The investments held in common/collective trust funds are valued by the trustee of the funds based upon the net asset value of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation techniques are appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There was no change in methodology for the years ended December 31, 2024 and 2023. There were no significant transfers in and/or out of the fair value categories during fiscal 2024 or 2023.

The fair value of investments are categorized as follows:

	Fair Value Hierarchy Level	December 31,	
		2024	2023
Registered investment companies	1	\$ 100,849,035	\$ 84,372,417
SCI common stock	1	186,065,538	177,718,378
Self directed accounts	1	53,633,682	42,245,218
Interest-bearing cash	1	1,740	18,913
Total investments, at fair value		340,549,995	304,354,926
Common/collective trust funds ^(a)		1,381,592,102	1,237,356,959
Total investments, at net asset value		1,381,592,102	1,237,356,959
Total investments		\$ 1,722,142,097	\$ 1,541,711,885

(a) This category includes investments in highly diversified funds designed to remain appropriate for investors in terms of risk throughout a variety of life circumstances.

For investments measured at net asset value there are no unfunded commitments. Investments may be redeemed daily with no notice period.

4. Income Taxes

In 2022, the Plan adopted a non-standardized pre-approved profit sharing plan with cash-or-deferred arrangement (*pre-approved basic plan document*), which replaced the previous volume submitter plan. The pre-approved basic plan document received a favorable opinion letter from the Internal Revenue Service on September 21, 2020, which declared that the pre-approved basic document plan qualifies under section 401(a) of the Internal Revenue Code as being exempt from income taxes. Effective September 1, 2024, the Plan was amended to designate the SCI common stock fund as an employee stock ownership plan as defined in Section 4975(e)(7) of the Internal Revenue Code of 1986, as amended, and adopt all attendant rights and limitations required by such Code Section. Although the Plan has been amended since receiving the determination letter, this amendment did not change the material terms of the plan and the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan Administrator believes that the Plan was qualified and was tax exempt as of the financial statement date.

The Plan Administrator believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2024, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2021 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the Statement of Changes in Net Assets Available for Benefits.

5. Parties-in-Interest

Certain plan investments represent investments in common/collective trust funds, registered investment companies, and self-directed accounts managed by Charles Schwab Bank, trustee of the Plan. Therefore transactions involving these common/collective trust funds and registered investment companies qualify as exempt party-in-interest transactions. The Plan paid Charles Schwab Trust \$1,056,665 related to record keeping and transaction fees for the year ended December 31, 2024.

At December 31, 2024 and 2023, approximately 11% of the Plan assets were held in the form of shares of the Company's common stock. Transactions involving the Company's common stock qualify as party-in-interest transactions under the provisions of ERISA.
