## INDEPENDENT AUDITOR'S REPORT

The Eaton Corporation Health and Welfare Administrative Committee  
Beachwood, Ohio

### *Opinion*

We have audited the financial statements of Eaton Corporation Medical Plan for Retired U.S. Employees, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements (modified cash basis).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Eaton Corporation Medical Plan for Retired U.S. Employees as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the years then ended in accordance with modified cash basis.

### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Eaton Corporation Medical Plan for Retired U.S. Employees and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with modified cash basis, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Eaton Corporation Medical Plan for Retired U.S. Employees' ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Eaton Corporation Medical Plan for Retired U.S. Employees' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Eaton Corporation Medical Plan for Retired U.S. Employees' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

### ***Other Matter - Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment purposes at End of Year (Modified Cash Basis) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS  
(MODIFIED CASH BASIS)

Eaton Corporation  
Medical Plan for Retired U.S. Employees

**1 Description of Plan**

The following description of the Eaton Corporation Medical Plan for Retired U.S. Employees ("Plan") provides only general information. Information about available benefits is contained in various Plan documents, which are available from the Company's Human Resources Department.

***General:***

The Plan became effective January 1, 1998 and covers certain retired employees of Eaton Corporation ("Company"), or their assignees. The Company is a subsidiary of Eaton Corporation plc ("Eaton"). The Plan complies with the Health Insurance Portability and Accountability Act ("HIPAA") and provides for medical and other benefits. The Plan was amended and restated effective January 1, 2018 to formally consolidate the Plan's various existing health and welfare benefit plans and programs. The Plan was most recently amended August 25, 2022.

The Plan's trustee is KeyBank National Association, and the Plan's assets are held in the Eaton Corporation Voluntary Employee Beneficiary Association Trust ("Master Trust, including General and Sub Trust Accounts"). Within the Master Trust, sub accounts were established in 2011 to pre-fund the postretirement Medicare Part D prescription benefits for the Company's eligible United States employees and retirees. The sub accounts are divided into two groups - accounts for eligible employees and retirees covered by a Collective Bargaining Agreement and accounts for eligible retirees who were not affiliated with a Collective Bargaining Agreement. All medical and dental claims covered under the Plan are paid from the Master Trust. Premiums for life insurance benefits and fully insured medical benefits are paid directly by the Company.

***Eligibility:***

Benefits are paid to Plan participants based on terms specified in various agreements with participating groups of the Company's employees.

***Contributions:***

The Company has agreed to voluntarily contribute such amounts as are necessary to provide assets sufficient to meet the benefits to be paid on behalf of Plan members. Participants may also contribute to enhance benefits provided under the Plan. The Plan's benefit obligation (see Note 5) will be funded primarily through future Company contributions.

**2 Summary of Significant Accounting Policies**

***Basis of Accounting:***

The Plan's transactions are reported on the modified cash basis of accounting, which differs from accounting principles generally accepted in the United States. The Plan records contributions and interest income when received. The Plan records benefit costs when paid (see Note 5).

NOTES TO FINANCIAL STATEMENTS  
(MODIFIED CASH BASIS)

Eaton Corporation  
Medical Plan for Retired U.S. Employees

**2 Summary of Significant Accounting Policies, Continued**

The fair value of the Plan's interest in the Master Trust is based on the Plan's interest in the Master Trust as of the beginning of the year, plus Company contributions, actual participant contributions, and allocated investment income (loss) less actual benefit payments. The investment of the Master Trust is stated at fair value, as determined by the Trustee.

***Use of Estimates:***

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

***Administrative Fees:***

Certain administrative expenses paid from the Master Trust consist of investment and Trustee fees. Other administrative expenses of the Plan are paid by the Company.

***Plan Termination:***

The Company has the right under the Plan to discontinue contributions at any time and amend, modify, suspend, or terminate the Plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the various union agreements entered into by the Company. If the Plan were to terminate, assets would be available first for administrative expenses of the Plan, and second for benefits to participants, as provided under the Plan.

***Risks and Uncertainties:***

The Master Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

***Subsequent Events:***

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 10, 2025, which is the date the financial statements were available to be issued.

**3 Investments**

All investment information disclosed in the accompanying financial statements, including investments held at December 31, 2024 and 2023, and net appreciation or depreciation in fair value of investments, net investment gain or loss, and interest and dividends for the years then ended, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by KeyCorp National Association, the Trustee.

The Plan's investments are in the Master Trust, which was established for the investment of assets and payment of medical and dental benefits of the Plan and of the Eaton Corporation Group Insurance Plan for U.S. Employees. The Master Trust consists of the General Trust Account, which is for the Plan and for the Eaton Corporation Group Insurance Plan for U.S. Employees, and the Sub Trust Accounts which were created specifically for the Plan. Investment income in the General Trust Account is allocated to the Plan based upon its pro rata share in the net assets of the General Trust Account. Investment income in the Sub Trust Accounts is allocated to the Plan.

The following tables present the assets of the Master Trust and the Plan's interest in each of the investments held by the Master Trust at December 31:

2024	Master Trust Balances	Plan's Interest in Master Trust Balances
General Trust Account:		
Cash equivalents	\$ 10,883,517	\$ 511,618
Sub Trust Accounts:

**3 Investments, Continued**

The following table sets forth the interest income and net appreciation in the fair value of investments of the Master Trust allocated to the participating plans for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Interest income	\$ 399,076	\$ 423,957
Net appreciation in fair value	<u>1,069,761</u>	<u>1,458,672</u>
	<u>\$ 1,468,837</u>	<u>\$ 1,882,629</u>

**4 Tax Status**

The Master Trust funding the Plan has received an exemption letter from the Internal Revenue Service dated June 23, 1988, stating that the Master Trust is tax-exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code ("Code") as a Voluntary Employee Beneficiary Association. The Plan and Master Trust are required to operate in conformity with the Code to maintain the tax-exempt status of the Master Trust. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2024, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. No audits for any tax periods are currently in progress.

**5 Accumulated Plan Benefits**

Accumulated Plan benefits are those estimated future postretirement benefits that are attributed to employee service rendered to the date of the financial statements. Future postretirement benefits equal estimated future incurred claims costs (based on historical claims cost data and expected trends) and premiums for life insurance benefits and fully insured medical benefits, reduced by the future contributions expected to be received from current Plan participants. Accumulated Plan benefits include benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the Company.

The Plan's actuary estimates the accumulated postretirement benefit obligation, which represents the actuarial present value of accumulated Plan benefits and is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The result is further adjusted to reflect the portion of costs expected to be borne by Medicare and other providers. Health care claims incurred by retired participants but not submitted as of the end of the Plan year, are included in the accumulated postretirement benefit obligation.

The Medicare Modernization Act, which passed on December 8, 2003, added a prescription drug benefit, known as Medicare Part D, starting in 2006. The Act also provides that employers who provide retirees with prescription drug benefits, that are "actuarially equivalent" to the new Part D, will receive a direct subsidy of a portion of those costs from the government.

**5 Accumulated Plan Benefits, Continued**

Presently, the Company is sharing a portion of the subsidy with the retirees, based on the ratio of the retiree's expected share of submitted expenses. The Company reserves the right to not share the subsidies and makes the determination on an annual basis. The effect of the net subsidy payments received by the Plan have been included in the calculation of the accumulated postretirement benefit obligation.

The accumulated postretirement benefit obligation at the end of the Plan year related to the following categories of participants (including their beneficiaries and dependents) is as follows:

	<b>2024</b>
Actuarial present value of accumulated Plan benefits:	
Vested benefits:	
Participants currently receiving payments	\$ 145,660,000
Other participants	6,902,000
	152,562,000
Nonvested benefits	3,334,000
	\$ 155,896,000

The changes in actuarial present value of accumulated Plan benefits are as follows:

	<b>2024</b>
Beginning of the year – January 1	\$ 174,431,000
Benefits accumulated	(3,613,000)
Interest	8,266,000
Benefits and premiums paid	(26,799,000)
Plan participants' contributions	10,552,000
Retiree Drug Subsidy received	65,000
Change in actuarial assumptions	(7,006,000)
	\$ 155,896,000

NOTES TO FINANCIAL STATEMENTS  
(MODIFIED CASH BASIS)

Eaton Corporation  
Medical Plan for Retired U.S. Employees

**5 Accumulated Plan Benefits, Continued**

Significant assumptions underlying the actuarial computations are:

Actuarial cost method	Projected unit credit with benefits attributed ratably from date of hire to the full eligibility date
Discount rate	5.57% (2024); 5.11% (2023)
Healthcare cost trend rate assumed for next year	6.70% (2024); 7.70% (2023)
Ultimate healthcare cost trend rate	4.75% (2024 and 2023)
Year ultimate healthcare cost trend rate is achieved	2034 (2024) and 2033 (2023)
Retirement rates	Rates vary by age (Hourly: age 48-70; Salaried: age 55-70) (2024 and 2023)

In addition, the following changes in assumptions were made since the last valuation:

Mortality basis	2024: The Pri-2012 mortality tables (for non-annuitants) as well the Eaton Specific Mortality Table (for annuitants) both projected with a modified version of the MP-2021 Improvement Scale published by the Society of Actuaries (Buck Modified 2021 Mortality Projection Scale)  2023: The Pri-2012 mortality tables (for non-annuitants) as well the Eaton Specific Mortality Table (for annuitants) both projected with a modified version of the MP-2021 Improvement Scale published by the Society of Actuaries (Buck Modified 2021 Mortality Projection Scale)
-----------------	--

The foregoing assumptions are based on the presumptions that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the accumulated postretirement benefit obligation.

**6 Party-in-Interest Transactions**

Party-in-interest transactions include the investment in the funds of the Trustee and payments of administrative expenses by the Company. Such transactions are exempt from being prohibited transactions. In addition, the Plan has arrangements with various service providers, and these arrangements qualify as party-in-interest transactions.

**7 Fair Value Measurements**

In accordance with United States generally accepted accounting principles Accounting Standards Codification 820, the Master Trust's financial instruments have been categorized, based on the degree of subjectivity inherent in the valuation technique, into a fair value hierarchy of three levels as follows:

- Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

NOTES TO FINANCIAL STATEMENTS  
(MODIFIED CASH BASIS)

Eaton Corporation  
Medical Plan for Retired U.S. Employees

**7 Fair Value Measurements, Continued**

- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

**Common collective and other trusts:** Valued at the net unit value of units held by the trust at year end. The unit value is determined by the total value of fund assets divided by the total number of units of the fund owned. The equity investments in collective trusts are predominantly in index funds for which the underlying securities are actively traded in public markets based upon readily measurable prices. The investments in other trusts are predominantly in exchange traded funds for which the underlying securities are actively traded in public markets based upon readily measurable prices. Common collective and other trusts measured at fair value using the net asset value per share practical expedient have not been categorized in the fair value hierarchy and are being presented in the tables to permit a reconciliation of the fair value hierarchy to the total Master Trust assets.

**Cash equivalents:** Primarily certificates of deposit, commercial paper, and repurchase agreements.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's investments at fair value as of December 31, 2024. There are no investments which fall under Level 2 or 3 of the hierarchy.

	<b>Level 1 Fair Value</b>	<b>Totals</b>
Cash equivalents	\$ 13,659,803	\$ 13,659,803
Common collective and other trusts measured at net asset value	—	15,399,290
