INDEPENDENT AUDITORS' REPORT

**To the Plan Administrator of
Privia Medical Group Gulf Coast Retirement Plan
Houston, Texas**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Privia Medical Group Gulf Coast Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Privia Medical Group Gulf Coast Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- **the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.**
- **the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).**

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Privia Medical Group Gulf Coast Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Privia Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.**
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.**
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Privia Medical Group Gulf Coast Retirement Plan's internal control. Accordingly, no such opinion is expressed.**
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.**
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Privia Medical Group Gulf Coast Retirement Plan's ability to continue as a going concern for a reasonable period of time.**

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) (Schedule H, line 4i) and delinquent participant contributions (Schedule H, line 4a) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PRIVIA MEDICAL GROUP GULF COAST RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

1. Description of the Plan:

The following brief description of Privia Medical Group Gulf Coast Retirement Plan, (the "Plan") provides only general information. Participants should refer to the Plan agreement for more complete information.

- a. **General:** The Plan is a single-employer defined contribution plan covering all employees of Privia Medical Group Gulf Coast, PLLC (the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. To be eligible to participate in the Plan, participants must be 21 years old.
- b. **Contributions:** Each year, participants may contribute up to a dollar amount set by law on a pre-tax or Roth basis, based on annual compensation as defined in the Plan, subject to the Internal Revenue Code (IRC) limitations. Participants who have attained age fifty before the end of the Plan year are eligible to elect to make additional "catch-up" contributions subject to IRC limitations. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for safe harbor matching contributions whereby the Plan Sponsor matches 100% of each Participant's elective deferrals up to a maximum of 4% of the Participant's eligible compensation each year. Safe harbor matching contributions made to the plan were \$1,742,350 for the year ended December 31, 2024.

- c. **Participant accounts:** Each participant's account is credited with the participant's contribution, safe harbor contributions and allocations of (a) the Company's discretionary matching and/or non-elective contributions, if any, and (b) Plan earnings and losses. Allocations are determined and calculated by the Plan Sponsor each year and allocated among all the eligible participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

PRIVIA MEDICAL GROUP GULF COAST RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

1. Description of the Plan (continued):

- d. ***Vesting:*** Participants are immediately vested 100% in their contributions, rollover contributions, and employer safe harbor contributions plus actual earnings or losses thereon. Participants are 100% vested upon the occurrence of death, permanent disability, or normal retirement age, as defined by the Plan.
- e. ***Investment options:*** Participants direct the investment of both employer and employee contributions into various investment options offered by the Plan. Participants may change investment options at their discretion. The investment options are mostly mutual funds managed under a group trust. Investment options are provided and managed by Empower Annuity Insurance Company of America, (the "Plan Custodian").
- f. ***Management of Trust Fund:*** Investments in the Plan are held by Empower Annuity Insurance Company of America, as Custodian for the Plan.
- g. ***Payment of benefits:*** Upon termination of service due to death, disability, or retirement, a participant may receive a lump sum payment equal to the value of the participant's vested interest in his or her account, can roll the amount over into another qualified plan, or delay the distribution until the participant is required by law to receive minimum required distributions. In the event a Participant is terminated for the above reasons with an account balance less than or equal to \$5,000, the participant will automatically receive a lump sum distribution of their account balance.
- h. ***Plan expenses:*** Plan expenses are paid by the Plan assets. Such expenses are generally allocated among the accounts of all participants in the Plan based on either the account balances or as an equal dollar amount based on the number of participants depending on the nature of expenses. The Plan Sponsor pays all administrative expenses, which are excluded from these financial statements.
- i. ***Participant loans:*** Eligible participants may borrow up to 50% of the value of their individual vested accounts, subject to a minimum of \$1,000 and a maximum of \$50,000. Each participant may only have one loan outstanding at any time. The loan must be repaid through payroll deduction, generally within five years, unless the loan is being used to purchase the participant's principal residence, which allows for extended repayment terms. Interest is charged at the prevailing interest rate at the time the loan is made and is fixed throughout the duration of the loan.

PRIVIA MEDICAL GROUP GULF COAST RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

1. Description of the Plan (continued):

- j. **Forfeitures:** The portion of a participant's account related to non-vested discretionary matching contributions and/or non-elective profit sharing contribution is forfeited upon termination of employment. Forfeitures are used to pay any administrative expense or to reduce employer non-elective or matching contributions. At December 31, 2024, unallocated forfeited non-vested accounts totaled \$245,045. During 2024, forfeitures of \$64,592 were used to offset employer contributions.
- k. **Plan termination:** Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

2. Summary of significant accounting policies:

Date of management's review:

Subsequent events were evaluated through October 10, 2025, which is the date the financial statements were available to be issued.

Basis of accounting:

The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of investments and income recognition:

Investments are reported at fair value fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for further discussion of fair value measurements.

PRIVIA MEDICAL GROUP GULF COAST RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

2. Summary of significant accounting policies (continued):

Valuation of investments and income recognition (continued):

Purchases and sales of securities are recorded on a settlement date basis, which is generally trade date plus one. Net appreciation in fair value of investments includes net gain on the sale of assets and unrealized asset appreciation, less investment advisory and management fees.

Payment of benefits:

Benefits are recorded upon payment.

3. Certified investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and net appreciation in fair value of investments, interest, dividends and other income for the year ended December 31, 2024 was obtained by management and agreed to or derived from information and certified as complete and accurate by Empower Annuity Insurance Company of America (the Custodian of the Plan). All of the investments were certified at fair value, with the exception of the fully-benefit responsive insurance contract, which was certified at contract value.

4. Fair value measurements:

The Plan investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No level 2 or 3 inputs were needed for the Plan for the year ended December 31, 2024.

PRIVIA MEDICAL GROUP GULF COAST RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

4. Fair value measurements (continued):

The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the assets or liabilities
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Total investments at fair value

The following table represents the fair value hierarchy for the balances of the assets of the Plan measured at fair value as of December 31, 2024.

Fair Value Measurements at the
End of the Reporting Period Using:

<u>December 31, 2024</u>	<u>Fair Value</u>	<u>Level 1</u>
Investments:		
Mutual Funds	<u>\$62,957,328</u>	<u>\$62,957,328</u>
Total investments at fair value	<u>\$62,957,328</u>	<u>\$62,957,328</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2024 are reported in net appreciation in fair value of investments.

PRIVIA MEDICAL GROUP GULF COAST RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

5. Fully benefit-responsive investment contracts:

The Plan holds a traditional investment contract with Great West Life & Annuity Insurance Company. This contract meets the fully benefit-responsive investment criteria and is therefore reported at contract value. Contract value is the relevant measure for fully responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

With traditional investment contracts, the Plan owns only the contract itself. The traditional investment contract held by the Plan is a guaranteed investment contract. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuer. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate this is guaranteed by the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than .05%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance issuer to terminate the agreement prior to the scheduled maturity date.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or delegation of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA and (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the plan to transact at contract value with the participants.

The contract value of the Plan's fully-benefit responsive guaranteed investment contract was \$3,885,957 for December 31, 2024.

PRIVIA MEDICAL GROUP GULF COAST RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

6. Other liability:

The plan sponsor processed the January 3, 2025 payroll early on December 31, 2024. This resulted in \$21,141 of employee deferrals withheld from the January 3, 2025 payroll run to be remitted early into the plan during 2024.

7. Tax status:

The Plan is established as a non-standardized pre-approved profit sharing plan. The plan sponsor of the non-standardized pre-approved profit sharing plan received a favorable opinion letter dated June 30, 2020 in which the Internal Revenue Service stated that the form of the non-standardized pre-approved profit sharing plan was in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan Sponsor has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator believes it has no uncertain tax positions as of December 31, 2024 and for the year ended December 31, 2024.

8. Risks and uncertainties:

The Participants in the Plan invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Party-in-interest transactions:

Certain Plan investments are managed by Empower Annuity Insurance Company of America, the custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment, in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2024. During the year ended December 31, 2024, the Plan made direct payments to Empower Annuity Insurance Company of America, the recordkeeper, in the amount of \$78,412 which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

PRIVIA MEDICAL GROUP GULF COAST RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

10. Other matters:

On December 29, 2023, the assets of Privia Medical Group Gulf Coast Retirement Plan were spun off from Privia Retirement Plan after a change in business structure resulted in Privia Medical Group Gulf Coast, PLLC becoming its own separate affiliated service group. The transfer of the \$52,594,498 of plan assets out of Privia Retirement Plan into the new Privia Medical Group Gulf Coast Retirement Plan was completed on January 3, 2024.

For the year ended December 31, 2024, various care center providers affiliated with Privia Medical Group Gulf Coast, LLC transferred their retirement plans into the Privia Medical Group Gulf Coast Retirement Plan. The net assets transferred into the Plan were \$5,443,780.

11. Untimely remittance:

During the year ended December 31, 2024, the Plan Sponsor did not remit certain participant contributions to the Plan in a timely manner, as defined by ERISA. The contributions are considered non-exempt party-in-interest transactions, which may result in an imposition of excise taxes on the amount of the transactions. The Plan Sponsor has computed lost earnings to restore participants' accounts on the untimely contributions and determined they are immaterial to the Plan's financial statements.

12. Subsequent events:

Subsequent events were evaluated through October 10, 2025 which is the date the financial statements were available to be issued. There were no events subsequent to the balance sheet date that would require disclosure in the Plan's financial statements.
