MACOM Technology Solutions Holdings, Inc. 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of MACOM Technology Solutions Holdings, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from

the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Plan was established October 5, 2009, and is a defined contribution plan with a salary reduction feature under Internal Revenue Code ("IRC") Section 401(a). The Plan Administrator/Sponsor is MACOM Technology Solutions Holdings, Inc., ("MACOM" or the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The MACOM Retirement Committee ("Committee") oversees governance of the Plan as well as determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

All employees of the Company 18 years of age or older are eligible to participate in the Plan.

Participant Contributions

Each year participants may contribute up to 75% of gross compensation on a pre-tax basis, not to exceed the Internal Revenue Service ("IRS") annual limit. Participants age 50 and over may voluntarily contribute additional catch-up contributions subject to IRS limits. Salary deferrals are not subject to federal income taxes until withdrawn from the Plan in accordance with Section 401(a) of the IRC. Participants may also contribute amounts representing distributions from other qualified pension plans (rollover contributions). In addition, the Plan allows for Roth deferrals, which are treated as post-tax deferrals. These contributions are subject to the same deferral limits as pre-tax contributions.

The Plan includes an automatic enrollment feature whereby the Company automatically withholds 2% of the participant's eligible compensation on a pre-tax basis, unless the participant notifies the Company and affirmatively elects not to participate.

Employer Contributions

Effective May 1, 2024, the Company, at its option, may make discretionary matching contributions for all participants active as of the last day of each payroll period. During 2024, the Company made matching contributions to participant accounts equal to 50% of each participant's first 6% of salary deferral contributions or Roth contributions.

Prior to May 1, 2024, the Company, at its option, made discretionary matching contributions for all participants active as of the last day of the calendar year, and for participants who have terminated employment during the year due to death, permanent disability, or retirement.

Vesting

Participants are immediately vested in their contributions plus related earnings. Employer contributions and related earnings vest in accordance with the following schedule:

<u>Years of Credit Service</u>	<u>Percentage of Account Vested</u>
One	20%
Two	40%
Three	100%

If a participant's employment terminates due to death, disability or retirement, the participant's employer contribution account becomes 100% vested.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, plan earnings (based on participant's investment election and account balance), participants share of plan revenue credits and charged with an allocation of any administrative expenses paid by the Plan. The benefit to which a participant is entitled to is the participant's vested account balance.

Investment Options

All assets of the Plan are participant directed. Participants have the option of directing the investment of their contributions, as well as any employer contributions into a common/collective trust, or various mutual funds offered by the Plan. The Committee determines the Plan's valuation policies. See Note 4 for fair value measurements.

Payment of Benefits

Plan benefits are available at normal retirement age (age 55), deferred retirement, disability retirement, death, or termination of employment. A participant must receive the vested portion of their account as a lump-sum payment.

In-Service Withdrawals

The Plan allows for annual in-service withdrawals from the vested portion of a participant's account upon the participant's attainment of age 59½.

Hardship withdrawals are permitted if the withdrawal is due to immediate financial need, as defined by the Plan. The amount of the hardship withdrawal is subjected to certain limitations as specified in the Plan and the IRC.

Notes Receivable from Participants

Participants may borrow an amount up to 50% of their vested account balance. The maximum loan amount is \$50,000, reduced by the highest outstanding loan balance in the preceding 12-month period. Repayment terms may not exceed five years, although a loan for the purchase of a principal residence may be repaid over a longer term. Each borrowing is evidenced by a note bearing interest at a prevailing rate as determined by the Plan Administrator. The notes are secured by the vested balance in the participant's account. Principal and interest payments are credited to the borrowing participant's account. Principal and interest are paid in level amortization payments made through payroll deductions. Loans will become due

and payable in full upon the participant's death, retirement, or other termination of employment with the Company.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions and Plan Administrative expenses. During 2024, approximately \$28,775 was used to reduce plan administrative expenses. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$194,795 and \$97,725, respectively.

Revenue Sharing Credit

For any investment that generates revenue share for Fidelity Management Trust Company ("FMTC"), the trustee described in Note 3, FMTC, is returning that revenue share back to the Plan and the Plan in turn returns that revenue to the participants who are invested in those funds. This fee credit is issued to participants quarterly. Credits issued to participants are reported net of related plan administrative expenses in the accompanying statement of changes in net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting, except that benefit payments are recorded upon distribution.

Fair Value Measurements

The Plan follows the provisions of the Financial Accounting Standard Board's ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures* ("ASC Topic 820"), for assets and liabilities that are measured and recorded at fair value on a recurring basis, and to determine fair value disclosures. This standard defines fair value, establishes a framework for measuring fair value, and requires disclosures about fair value measurements. Investments measured using the net asset value "NAV" practical expedient are exempt from categorization within the fair value hierarchy (see Note 4).

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. If a participant does not make loan repayments for a period of 90 days and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies (see Note 4).

Net investment appreciation and depreciation reflected in the statement of changes in net assets available for benefits include the realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year (see Note 3).

Purchases and sales of securities are recorded on a trade-date basis, interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Plan Expenses

The Plan's administrative expenses are paid by the Plan from the participants' forfeited accounts. Fees related to the administration of notes receivables from participants are charged directly to the participant's account and are included in administrative expenses, while expenses for items such as recordkeeping fees are allocated to participants accounts. Investment related fees are included in the net appreciation/depreciation of the fair value of investments. A portion of these expenses are returned to the Plan on revenue sharing arrangements, see Revenue Sharing Credit above.

Evaluation of Subsequent Events

Management has evaluated subsequent events involving the Plan for potential recognition or disclosure in the accompanying financial statements. Subsequent events are events or transactions that occurred after December 31, 2024 up through October 14, 2025, the date the accompanying financial statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments at fair value as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- The schedule of assets (held at end of year) at December 31, 2024.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices

MACOM Technology Solutions Holdings, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820, "Fair Value Measurement", are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a schedule of the Plan's assets at fair value by category within the fair value hierarchy:

<u>December 31, 2024</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Shares of registered investment companies (mutual funds)	<u>\$ 263,062,454</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 263,062,454

<u>December 31, 2023</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total investments at fair value				<u>\$ 233,316,171</u>

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023. There have been no transfers between levels during the years ended December 31, 2024 and 2023:

Mutual Funds

Valued at the daily closing prices, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust

Valued using the NAV provided by the fund manager. The NAV is based on the underlying net assets owned by the fund, divided by the number of shares outstanding. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The significant investment strategies of the fund are described in the financial statements provided by the fund. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund.

The following table summarizes investments measured at fair value based on NAV per share.

<u>December 31, 2024</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Common/collective trust - Fidelity Managed Income Portfolio	<u>\$ 12,559,613</u>	N/A	Daily	12 months written notice to liquidate entire share
<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Common/collective trust - Fidelity Managed Income Portfolio	<u>\$ 12,378,015</u>	N/A	Daily	12 months written notice to liquidate entire share

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of a complete or partial plan termination, participants will become 100% vested in their accounts, and participants' accounts will be distributed to participants in accordance with the Plan's provision.

NOTE 6 - INCOME TAX STATUS

The Plan is a qualified cash or deferral arrangement established under Section 401(k) of the IRC and is exempt from federal income taxes under Section 401(a) of the IRC. In September of 2021, the Company executed an adoption agreement using a Fidelity Volume Submitter Plan, which restated and amended the

MACOM Technology Solutions Holdings, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Plan document as required by the IRS. The volume submitter plan relies on a favorable determination letter from the IRS dated June 30, 2020. The Plan has been amended since the date of the last letter. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax- exempt.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Certain Plan investments are shares of mutual funds and a common/collective trust managed by Fidelity Investments. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions are party-in-interest transactions.

Fees earned by FMTTC for record keeping services were paid from funds received by the Plan through the revenue sharing agreement discussed in Note 1. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts. These transactions also qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.

NOTE 8 - INVESTMENT RISKS AND UNCERTAINTIES

The Plan provides for investment options in mutual funds and a common/collective trust, which are exposed to various risks, such as interest rate, credit risk and market risk. Due to the level of risk associated with these investment securities, and the level of uncertainty related to changes in the value of these investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 277,793,976	\$ 238,201,309
