INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
ArcelorMittal Tubular Products
Shelby Savings Plan for Production
and Maintenance Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the ArcelorMittal Tubular Products Shelby Savings Plan for Production and Maintenance Employees ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (collectively "ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Vanguard Fiduciary Trust Company, a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

INDEPENDENT AUDITOR'S REPORT

(continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compare such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT

(continued)

In our opinion —

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
ArcelorMittal Tubular Products
Shelby Savings Plan for Production
and Maintenance Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the ArcelorMittal Tubular Products Shelby Savings Plan for Production and Maintenance Employees ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (collectively "ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Vanguard Fiduciary Trust Company, a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

INDEPENDENT AUDITOR'S REPORT

(continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compare such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT

(continued)

In our opinion —

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARCELORMITTAL TUBULAR PRODUCTS SHELBY SAVINGS PLAN
FOR PRODUCTION AND MAINTENANCE EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The ArcelorMittal Tubular Products Shelby Savings Plan for Production and Maintenance Employees ("Plan"), formerly Dofasco Shelby Inc. Savings Plan for Production and Maintenance Employees, is a 401(k) salary reduction plan. It is designed to invest voluntary employee contributions and matching employer contributions for the benefit of the participating employees. The following is a general description of the major provisions of the Plan. Reference should be made to the Summary Plan Description for more complete information.

Administration

The Plan is administered by an administrative committee established by ArcelorMittal Tubular Products USA LLC ("Plan Sponsor"). A trust exists under the terms of the Plan to hold the assets of the Plan.

Participation

The Plan is available to all Shelby division production and maintenance employees in the bargaining unit represented by the United Steelworkers of America. All such full-time employees become eligible to participate upon the completion of three full months of service with the Plan Sponsor. Participation for newly hired employees commences on either the date the eligible employee elects, or through automatic enrollment 90 days after the employee's hire date, unless opted out by the employee.

Contributions

Participants may contribute 1% to 30% of their total compensation subject to Internal Revenue ("IRC") limitations, with the first 4% being matched by the Plan Sponsor at 100%. For participants enrolled through automatic enrollment, such participants' deferral percentages automatically increase by 1% annually, up to a maximum deferral percentage of 15%, unless opted out by the participant. Participants who are automatically enrolled in the Plan are enrolled with a pre-tax contribution rate of 4%.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions for any calendar year are subject to certain IRC limitations.

Participants may direct their contributions in one or more of the investment options offered and may change their investment allocation on a daily basis.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Vesting

A participant who has made contributions on their own behalf has a 100% nonforfeitable interest in the portion of their individual account derived from such contributions, along with the related investment earnings or losses. Employer contributions are immediately vested.

Loans

Subject to certain restrictions, participants may borrow the lesser of 50% of their vested balance or \$50,000. Loan repayment periods range from 18 months to 54 months. The interest rates in effect for amounts outstanding at December 31, 2024 ranged from 3.25% to 8.50%.

Benefits and withdrawals

The participant's entire account balance will be paid to the participant, or designated beneficiary, in the event of death, permanent disability, retirement, or other involuntary termination of employment with the Plan Sponsor. Such amounts may be paid through a lump sum distribution, installment payments, or by the participant taking partial withdrawals from their account.

Participants may elect to withdraw participant contributions at age 59-1/2. On an annual basis, these same participants may withdraw vested pre-2004 employer contributions. Participants who have attained age 65 and continue to work for the Plan Sponsor may withdraw their full account balance on a quarterly basis.

Any participant may withdraw only participant contributions in the event of financial hardship. These withdrawals reduce future amounts payable under the Plan.

The Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, which permitted participants to take coronavirus-related distributions in an amount up to \$100,000 of the participant's vested balance from the Plan during the time period defined by the CARES Act. Participants have the option to repay the distribution over a three-year period.

Administrative expenses

The Plan's provisions provide that administrative costs be paid out of the Plan, except to the extent that the Plan Sponsor has elected to pay part or all of such costs.

The Plan's funds provide for revenue sharing, the credits of which can be applied to administrative costs of the Plan. During the year ended December 31, 2024 and 2023, these credits totaled \$78,855, and \$79,121 respectively, and are presented net with administrative expenses on the statements of changes in assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared on the accrual basis of accounting consistent with accounting principles generally accepted in the United States of America (“GAAP”).

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements, supplemental schedule, and accompanying notes. Actual results could differ from those estimates.

Investment valuations

Mutual fund investments are valued based upon quoted market prices. The index fund is valued at the net asset value (“NAV”) of the underlying investments or securities. The Plan invests in investment contracts through a common collective trust. The common collective trust is valued at the NAV of units held by the Plan at year-end. For both the index fund and common collective trust, the NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The Plan provides various investment options offered through the trustee of the Plan. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks.

Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of assets available for benefits and participants' individual account balances.

Investment transactions are accounted for on the trade date (date the order to buy or sell is executed). Interest income is accrued when earned and dividend income is recorded on the ex-dividend date. Capital gain distributions from mutual funds are included in dividend income. All gains and losses (realized and unrealized) on investments recorded at fair value, bought and sold as well as held during the year are included in net appreciation (depreciation) in fair value of investments reported within the statements of changes in assets available for benefits. The interest of each participant in various funds is represented by units allocated to the participant's account.

Each fund's unit value is computed by dividing the number of units into the aggregate value of each individual fund.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions

Participant contributions are recorded when withheld from the participant's compensation. Employer match contributions are recorded at that same time. Additional employer retirement contributions are recorded periodically during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of benefits

Benefit payments are recorded when paid.

Asset transfers, net

Asset transfers, net include participant account balances transferred from/to the other defined contribution plans sponsored by the Company because of changes in work group status of the participant.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through October 7, 2025, the date on which the financial statements were available to be issued.

NOTE 3 - CERTIFICATION

All information related to investment and notes receivable from participant assets, investment and notes receivable from participant transactions, and related income, is disclosed in the accompanying financial statements and supplemental schedule and is certified as complete and accurate by the Vanguard Fiduciary Trust Company, the trustee of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 4 - FAIR VALUE MEASUREMENT

Investments measured and reported at fair value, except for those measured and reported using NAV, are classified and disclosed in one of the following categories based on the extent of market observability:

Level I – Quoted prices are available in active markets for identical investments as of the reporting date. The type of investments reported as Level I include listed mutual funds.

Level II – Pricing inputs are other than quoted market prices included in Level I, however, are observable either directly or indirectly for the investment. The Plan does not carry any of these investments.

Level III – Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. The Plan does not carry any of these investments.

The valuation of the Plan’s investments by the above fair value hierarchy levels are as follows as of December 31:

	2024				
	Level I	Level II	Level III	Investments measured at NAV	Total
Mutual funds	\$ 38,205,969	\$ --	\$ --	\$ --	\$ 38,205,969
Common collective trust	--	--	--	4,867,659	4,867,659
Index fund	--	--	--	2,140,869	2,140,869
	\$ 38,205,969	\$ --	\$ --	\$ 7,008,528	\$ 45,214,497
	2023

NOTE 4 - FAIR VALUE MEASUREMENT (continued)

The following additional information is provided regarding the Plan's common collective trust and index fund included in the above tables:

Investment	2024 fair value	2023 fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Putnam Stable Value Fund (a)	\$ 4,867,659	\$ 6,265,191	\$ --	Daily	n/a
Northern Trust Collective S&P 500 Index Fund (b)	<u>2,140,869</u>	<u>1,926,346</u>	--	Daily	n/a
	<u>\$ 7,008,528</u>	<u>\$ 8,191,537</u>			

- (a) The Putnam Stable Value Fund is a common collective trust that primarily invests in high-quality guaranteed investment contracts and security-backed investment contracts issued by insurance companies, banks, and other financial institutions, with the objective of delivering intermediate-bond-like returns while seeking to maintain a stable net asset value. The nature of this investment is such that Plan participants may redeem units at any time, however, a full Plan withdrawal is subject to approval of the fund manager.
- (b) The Northern Trust Collective S&P 500 Index Fund primarily comprises strategies investing in a portfolio of equity securities with the objective of approximating as closely as practicable the capitalization weighted total rate of return of the segment of the United States market for publicly traded equity securities represented by the 500 largest capitalized companies. The nature of this investment is such that Plan participants may redeem units at any time, however, a full Plan withdrawal is subject to approval of the fund manager.

NOTE 5 - TERMINATION

Although not expressing any intention to do so, the Plan Sponsor reserves the right to terminate the Plan at any time, by resolution of its Board of Directors. Upon termination of the Plan, participants will become fully vested in their accounts, and the trustee will distribute the balances in the accounts to the participants.

FOR PRODUCTION AND MAINTENANCE EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

(continued)

NOTE 6 - INCOME TAX STATUS

A favorable determination letter was received from the IRS on September 18, 2017, stating that the Plan was qualified under Section 401(a) of the IRC and the related trust was exempt from tax under Section 501(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

In accordance with GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2021.

NOTE 7 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds managed by an affiliate of Vanguard Fiduciary Trust Company and, therefore, these fund transactions qualify as party-in-interest transactions. The Plan also holds notes receivable from participants which qualify as party-in-interest transactions. Fees paid by the Plan for investment management and trustee services qualify as party-in-interest transactions and amounted to \$79,862 and \$98,374 for the years ended December 31, 2024 and 2023, respectively.

NOTE 8 - STATUS OF PLAN SPONSOR

On December 29, 2000, the LTV Corporation and 48 of its wholly-owned subsidiaries, including Copperweld Corporation, the original Plan Sponsor, filed voluntary petitions for reorganization under Chapter 11 of the Federal Bankruptcy Code in the United States Bankruptcy Court in the Northern District of Ohio, Eastern Division. The Plan Sponsor managed its business as debtor in possession as a stand-alone entity. The Plan Sponsor emerged from bankruptcy on December 18, 2003. During 2005, the assets of the Plan Sponsor were sold to Atlas Tube, Inc. and Dofasco, Inc. During 2006, Dofasco, Inc. was acquired by Arcelor, Inc., who was acquired by Mittal, Inc. later in the year and subsequently ArcelorMittal Tubular Products USA Corp. became the Plan Sponsor. On December 31, 2012, ArcelorMittal Tubular Products USA Corp. became an LLC. The current Plan Sponsor is ArcelorMittal Tubular Products USA LLC.
