INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of the
Three Rivers Casino and Affiliates Deferred Compensation Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Three Rivers Casino and Affiliates Deferred Compensation Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net position available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net position available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule *H, Line 4i – Schedule of Assets (Held at End of Year)*, as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DEFERRED COMPENSATION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Note 1: Description of the Plan

The following description of Three Rivers Casino and Affiliates Deferred Compensation Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering employees of Three Rivers Casino Resort, Three Rivers Casino Coos Bay, and Blue Earth Services & Technology (the “Company”) who have completed three consecutive months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally effective on October 1, 2007 and was amended and restated to comply with current law with an effective date of January 1, 2016. During 2022, the Plan was amended to allow for participant loans, employer matching contributions to be submitted each pay period, and certain changes related to participant distributions. The Plan is administered by the Confederated Tribes of Coos, Lower Umpqua and Siuslaw Indians (the “Tribe”).

Contributions – Each year, participants may elect to defer a percentage of their compensation, as defined by the Plan, up to established Internal Revenue Service (IRS) limits. Participants may also contribute amounts representing distributions from other qualified plans (rollover). For the purpose of making 401(k) contributions, participants become eligible after completing three consecutive months of services. Eligible employees who attain age 50 before the end of the Plan year can also make catch-up contributions to the Plan. The employer has the option to provide matching contributions and discretionary profit sharing contributions. For each of the years ended December 31, 2024 and 2023, the Plan provided employer matching of 100% of the first 3% of employees’ contributions and employer discretionary contributions of 3%, of the employee’s eligible compensation. For the purpose of sharing in employer matching and discretionary contributions, participants become eligible after completing one year of service. A year of service is a consecutive twelve month period in which the participant has at least 1,000 hours of service. The Plan also allows Roth Deferrals.

Investments – Upon enrollment in the Plan, a participant may make direct contributions to any of the available participant-directed investment funds.

Participant Accounts – Individual accounts are maintained for each participant. Each participant’s account is credited with the participant’s contribution and any Plan matching contributions or nonelective employer contributions, as well as allocations of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately fully vested in their voluntary contributions to the Plan, plus any earnings thereon. The employer’s matching and discretionary contributions and earnings thereon become vested as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
1	0%
2	33%
3	67%
4	100%

Note 1: Description of the Plan (Continued)

Notes Receivable from Participants – Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the balance in the participant’s account and bear interest at 1% over the prime rate. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits – On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a single lump-sum distribution or transfer into an Individual Retirement Account (IRA) if the vested balance is under \$5,000. If the vested balance is over \$5,000, the participant can receive a single lump-sum distribution, transfer into an IRA, receive installments over a period of not more than a participant’s assumed life expectancy, receive partial withdrawals of at least \$1,000, or defer payments until reaching age 70 1/2.

In-service withdrawals are available in certain circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. These withdrawals are included with benefits paid and may not exceed the participant’s elective deferral contributions plus employer matching contributions, allocated earnings, and vested benefits.

Forfeitures – Upon termination of employment, a participant’s nonvested portion of the employer’s contributions and earnings will be considered to be a forfeiture. Plan forfeitures can be used to reduce the Plan’s administrative expenses or can be used to reduce future employer contributions. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$18,484 and \$4,049, respectively.

Note 2: Summary of Significant Accounting Policies

The following significant accounting policies were used to prepare the financial statements in accordance with generally accepted accounting principles.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include statements from the Governmental Accounting Standards Board (GASB), as well as other guidance provided by the American Institute of Certified Public Accountants’ Audit and Accounting Guide, *Employee Benefit Plans*.

During 2024, the Plan implemented GASB Statement No. 100, *Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62*, the objective of which is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. Implementation of this statement did not have a significant impact on the Plan’s financial statements.

In April 2022, GASB issued Statement No. 99, *Omnibus 2022*, the objectives of which were to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. GASB Statement No. 99 became effective as follows: (a) the requirements in paragraphs 26-32 of this statement were effective upon issuance, (b) the requirements in paragraphs 11-25 of this statement became effective for the Plan for the 2023 reporting period, (c) the requirements in paragraphs 4-10 of this statement became effective for the Plan for the 2024 reporting period. Implementation of the requirements of paragraphs 4-10 of this statement did not have a significant impact on the Plan’s financial statements.

**THREE RIVERS CASINO AND AFFILIATES
DEFERRED COMPENSATION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Note 2: Summary of Significant Accounting Policies (Continued)

In December 2023, GASB issued Statement No. 102, *Certain Risk Disclosures*. The objective of this statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. GASB Statement No. 102 becomes effective for the Plan for the 2025 reporting period.

In April 2024, GASB issued Statement No. 103, *Financial Reporting Model Improvements*. The objective of this statement is to improve key components of the financial reporting model to (a) enhance the effectiveness of the financial reporting model in providing information that is essential for decision making and assessing a government's accountability and (b) address certain application issues identified through pre-agenda research conducted by the GASB. GASB Statement No. 103 becomes effective for the Plan for the 2026 reporting period.

The effect of the future adoption of GASB Statements No. 102 and No. 103 on the Plan's financial statements has not been evaluated as of the date of this report.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therewith, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as certified by the Plan's custodian, John Hancock Life Insurance Company (John Hancock). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances. Interest income is recorded when received and credited to the participants' accounts. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants at December 31, 2024 and 2023, totaled \$2,119 and \$6,172, respectively. Excess contributions payable represent amounts payable to participants for contributions in excess of amounts allowed by the IRS and are recorded as a liability with a corresponding reduction in contributions. The Plan did not distribute the December 31, 2024 and 2023 excess contribution amounts within the required period.

Payment of Benefits

The Plan recognizes benefit payments in the period the benefits are paid.

Administrative Expenses

Administrative, investment, and processing fees attributable to active participants are allocated among the active participants by charging each particular expense to the account balance of the active participants responsible for the expense. Administrative, investment, and processing fees attributable to terminated participants are allocated among the terminated participants by charging each particular expense to the account balance of the terminated participant responsible for the expense.

Date of Management's Review

Subsequent events were evaluated through October 13, 2025, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net position available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

GASB Statement No. 72, *Fair Value Measurement and Application*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GASB Statement No. 72 are described as follows: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs only when Level 1 inputs are not available and uses Level 3 inputs only when Level 1 and Level 2 inputs are not available. There were no Level 1 or 3 inputs required to be used by the Plan.

The following is a description of the value methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023.

Level 2 Fair Value Measurements

The fair value of mutual funds is valued at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received by the custodians and the daily equivalent of any fee charged by the custodians pursuant to the contract. The value of each accumulation unit is published each business day.

Note 6: Investment Information Prepared and Certified by the Custodian

Management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including cash, investments, and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest income on notes receivable from participants, and administrative expenses for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock (the custodian of the Plan).

The Plan’s independent certified public accountants did not perform auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets.

Note 7: Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net position available for benefits and related changes per the financial statements as of and for the years ended December 31, 2024 and 2023, to the Form 5500:

Note 8: Related Party / Party-in-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Fees paid by the Plan for the investment management and record keeping services amounted to \$83,533 and \$57,482 for the years ended December 31, 2024 and 2023, respectively.

Note 9: Tax Status

The trust established under the Plan to hold the Plan’s assets is qualified pursuant to the appropriate section of the Internal Revenue Code and accordingly, the trust’s net investment income is exempt from income tax. The Plan has obtained a favorable tax determination letter dated March 31, 2014, from the IRS, covering the volume submitter plan offered by the trustee. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan is qualified, and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10: Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 11: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. Such changes could materially affect participants' account balances and the amounts reported in the statements of net position available for benefits.

Note 12: ERISA Fidelity Bond

ERISA requires that employee benefit plans obtain a fidelity bond to protect the Plan against theft of Plan assets by fiduciaries and other Plan officials. The amount of the bond is fixed at the beginning of the Plan year, in an amount that is not less than 10% of the Plan assets as of the beginning of the Plan year, up to a maximum bond requirement of \$500,000. Bonds were in place during the years ended December 31, 2024 and 2023.

Note 13: Transfer of Plan Assets

Certain participants' job positions were moved from the Tribe to the Company and from the Company to the Tribe; therefore, assets for those participants were transferred to/(from) the Plan to the Confederated Tribes of Coos, Lower Umpqua & Siuslaw Indians Deferred Compensation Plan. During 2024, amounts transferred into the Plan were \$39,183 and amounts transferred from the Plan were \$61,864. During 2023, amounts transferred into the Plan were \$2,183.
