INDEPENDENT AUDITORS' REPORT

Plan Administrator, Fiduciaries, etc.
Glassbridge Enterprises, Inc.
Retirement Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Glassbridge Enterprises, Inc. Retirement Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all

material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Glassbridge Enterprises, Inc. Retirement Investment Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Glassbridge Enterprises, Inc. Retirement Investment Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud

may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Glassbridge Enterprises, Inc. Retirement Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Glassbridge Enterprises, Inc. Retirement Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures

applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE A - DESCRIPTION OF PLAN

The following description of the Glassbridge Enterprises, Inc. (the “Company”) Retirement Investment Plan (the “Plan”) provides only general information. Participants and all other users of the financial statements should refer to the plan agreement for a more complete description of the Plan’s provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

General

Imation Corp., which became an independent, publicly held company as of July 1, 1996, when 3M Company (“3M”) spun-off its data storage and imaging systems business, changed its name to Glassbridge Enterprises, Inc. on February 21, 2017. The Plan was established effective July 1, 1996 for the benefit of the Company’s employees.

Effective January 1, 2015, the Plan was amended to prohibit contributions in the Company’s stock fund and all Company matching contributions and performance pays contributions (if any) made after December 31, 2014 will be made in cash. Effective February 21, 2017, the Plan changed its name from the Imation Retirement Plan to the Glassbridge Enterprises, Inc. Retirement Investment Plan to reflect the name change of the Company. The Plan was restated as of July 21, 2017 to eliminate the Company’s common stock as an investment fund under the Plan, and allowed participants to elect a partial distribution from their account.

The Plan is a single employer defined contribution plan covering all active salaried and hourly employees on the United States payroll of the Company and its affiliates. Employees, as defined, are immediately eligible to participate in the Plan. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees. Fidelity Investments serves as the recordkeeper for the Plan

Contributions

Each year, participants may contribute between one percent and 60 percent of annual compensation, as defined in the Plan, as either tax-deferred contributions or as after-tax ROTH contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may increase or decrease their contributions daily. Participants may stop contributing at any time.

RETIREMENT INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

For the years ending December 31, 2024 and 2023, there were no participant deferral contributions. For the year ending December 31, 2023, there were participant rollover contributions into the Plan of \$197,359. For the year ending December 31, 2024 there were no rollover contributions into the Plan.

Effective January 1, 2016, the Company no longer makes matching contributions to participants' accounts.

Participant Accounts

Each participant's account is credited with the participant's contribution, as well as allocations of the Company's profit sharing contribution (if any) and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Company's contributions to the Plan are allocated among all of the participants who have completed a year of service based on a specified formula as defined within the Plan document and are actively employed on the last day of the Plan year.

For the years ending December 31, 2024 and 2023 there have been no participant contributions and the Company no longer makes matching contributions.

Vesting

Participants have a fully vested, non-forfeitable interest in all of their accounts under the Plan at all times.

Notes Receivable from Participants

A participant may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The maximum number of outstanding loans at any time is two per participant.

The loans are secured by the balance in the participant's account. Loans are generally repaid within five years of the date on which the loan's funds are disbursed. If the loan is for the purchase of a primary residence, the repayment can be longer than five years. The loan interest rate is equal to the prime rate on the 15th of the calendar month before the month in which the loan is granted, plus 1 percent. Principal and interest is paid ratably through monthly payroll deductions. For the year ended December 31, 2023, loan interest rates were 9.25%. There were no new loans issued in 2024. The outstanding balance of notes receivable from participants at December 31, 2024 and 2023 was \$73,126 and \$89,579, respectively.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits to Participants

Subject to certain federal tax considerations, participants may withdraw funds from their account at any time. Participants who are still employed by the Company may elect to receive withdrawals from their accounts if they have experienced certain financial hardships, as defined by the Plan. The normal retirement date under the Plan is 55. Participants may withdraw funds from their account when they reach age 59 ½, terminate employment or become disabled, as defined in the Plan. Participants' accounts are paid to their Plan beneficiaries upon death. Participants may elect to receive their benefits in the form of a lump-sum payment. Participants who are disabled may elect to receive distributions in the form of two or more partial payments. Participants who terminate employment after reaching age 55 may elect to receive distributions in the form of monthly, quarterly, semi-annual, or annual installment payments.

Hardship Withdrawals

Hardship withdrawals by Plan participants may be made upon written request to, and upon approval of, the Plan Trustees. If approved, the distribution can be made from the accounts of the participant, as defined in the Plan. All requests must be made in writing.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net change in fair value of investments.

Forfeited Accounts

The forfeiture account is comprised of amounts formerly allocated to individual accounts of participants upon the participant's separation of service. The forfeited amount is the nonvested portion of the employer contribution. The forfeited nonvested accounts totaled \$1,307 and \$1,098 for the years ended December 31, 2024 and 2023, respectively. These amounts are used to offset expenses of the Plan.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE B – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income (Loss) Recognition

Investments of the Plan as of December 31, 2024 and 2023 consist primarily of mutual funds, a collective trust fund, a money market fund and common stock. Investments in mutual funds, a money market fund and common stock are reported at fair value. The investment in the collective trust fund is measured at net asset value (“NAV”) as a practical expedient to fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies using information provided by the investment adviser, trustee and custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments, in the Statements of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. In accordance with IRS rules, note receivable defaults by participants who are not eligible to receive actual distributions from the Plan, such as participants who are active employees, are treated as “deemed” distributions from the Plan. In the event of a deemed distribution, although the outstanding note receivable balance is reported as taxable income to that participant, the note receivable balance remains on the participant’s Plan accounts until the participant is eligible to receive distributions from the Plan.

RETIREMENT INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants - continued

Defaulted notes receivable of participants who are eligible to receive distributions from the Plan are reclassified as distributions and offset from their Plan account balances. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan as evaluated subsequent events through October 14, 2025, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

NOTE C- FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosure*, establishes a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

GLASSBRIDGE ENTERPRISES, INC.
RETIREMENT INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market fund and mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission ("SEC"). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund - Valued at the NAV at the practical expedient of underlying investments of participant units held by the Plan as of the last trading day of the period as reported by the managers of the trust. Investments that use NAV as a practical expedient to measure fair value have not been classified in the fair value hierarchy in accordance with Accounting Standards Codification ("ASC") Subtopic 820-10.

Common stock - Valued at the quoted market price based on the closing price reported on the active market on which the individual securities are traded.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE D - INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments at fair value and notes receivable from participants held at December 31, 2024 and 2023 and net appreciation in fair value of investments, dividend income, and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and Schedule H (Form 5500), Line 4i, Schedule of Assets (Held at End of Year).

NOTE E – TAX STATUS

The Plan received a favorable determination letter from the IRS, dated July 19, 2016, stating that the Plan is designed in accordance with the applicable sections of the IRC. Although the Plan has been restated and amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2021.

NOTE F – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company (the Trustee) manages the assets of the Plan and executes transactions therein. The Plan holds investments in 3M common stock and a 3M money market fund and executes various transactions related to these investments. These transactions qualify as party-in-interest transactions.

RETIREMENT INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE F – RELATED PARTY AND PARTY-IN-INTERST TRANSACTIONS (CONTINUED)

The Company performs certain administrative functions on behalf of the Plan, for which no fees are charged.

NOTE G – PLAN TERMINATION

The Company has the right to terminate the Plan, subject to provisions the Internal Revenue Code and ERISA. In the event of Plan termination, the net assets of the Plan shall be distributed to all participants to the extent of the value of each participant's account.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
