Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fred Weber, Inc. Nonunion Employees' Retirement Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 (in Liquidation) and 2023 (Ongoing), and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the Retirement Committee approved a motion to terminate the Plan on June 30, 2024. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2023 financial statements to the liquidation basis used in presenting the 2024 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

General

The following description of Fred Weber, Inc. Nonunion Employees' Retirement Plan (the "Plan") provides only general information. Additional information about the vesting and benefit provisions and the Pension Benefit Guaranty Corporation's (PBGC) benefit guarantee is contained in the Plan Document and *Summary Plan Description*, which are available from the Plan Administrator.

The Plan is a noncontributory defined benefit plan for qualified nonunion employees of Fred Weber, Inc. (the "Company") and provides for retirement, death, and disability benefits. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA"). Enterprise Bank & Trust serves as plan trustee. National Financial Services LLC (an indirect wholly-owned subsidiary of FMR, LLC) serves as the Plan custodian. Milliman acts as the actuary for the Plan.

The Fred Weber, Inc. Retirement Committee (the "Retirement Committee") has overall responsibility for the operation and administration of the Plan and also determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Eligibility and Frozen Plan

The Plan froze future accrual of benefits and closed enrollment of new employees effective January 1, 2002.

Contributions

The Company has agreed to voluntarily contribute such additional amounts that are necessary to provide assets sufficient to meet the benefits to be paid to plan participants. The Company's present intention is to make contributions in amounts sufficient to annually fund the Plan's current service cost and the initial past-service cost plus interest on them over a period of 30 years. The Plan has met the minimum funding requirement established by ERISA.

Pension Benefits

Benefits under the Plan were based on 1% of employee's average annual compensation multiplied by their total number of years of service, as defined by the Plan. Average annual compensation was defined as the average of the highest five complete consecutive calendar years compensation. Normal retirement age for the Plan was 65 years. Participants could elect an alternative retirement date as permitted by and defined in the Plan. Accrued benefits were payable as an annuity over the participant's lifetime or as a qualified joint and one half-survivor annuity. Participants could elect to receive the portion of the accrued benefits attributable to the participant's contributions in the form of a lump-sum payment.

Death Benefits

The spouse of a participant was entitled to receive a monthly benefit over his or her life upon the death of the participant. The monthly benefit would equal the actuarial equivalent of the present value of the accrued benefit determined using equivalencies payable as defined in the Plan.

Vesting

The Plan was frozen on January 1, 2002, and therefore, all participants were fully vested.

Plan Termination

The Retirement Committee approved a motion to terminate the Plan on June 30, 2024.

Fred Weber, Inc. Nonunion Employees' Retirement Plan
Notes to Financial Statements
December 31, 2024 (in Liquidation) and 2023 (Ongoing)

Upon termination, the net assets of the Plan were allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- (A) Annuity benefits that former employees or their beneficiaries had been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan.
- (B) Other vested benefits insured by the PBGC up to the applicable limitations discussed below.
- (C) Vested benefits not insured by the PBGC.

Certain benefits under the Plan were insured by the PBGC when the Plan terminates. Generally, the PBGC guaranteed most vested normal age retirement benefits, early retirement benefits and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. After allocating the net assets as noted above, the Plan transferred \$1,600,000 to the Fred Weber, Inc. Employee Stock Ownership Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying 2023 financial statements were prepared on the accrual basis of accounting. Due to the termination of the Plan, the accompanying 2024 financial statements were prepared on the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Quoted market prices, if available, are used to value investments. Money market and mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Corporate bonds and U.S. government securities are valued on the basis of yields currently available on comparable securities of issuers with similar credit ratings.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants were recorded upon distribution.

Notes to Financial Statements
December 31, 2024 (in Liquidation) and 2023 (Ongoing)

Administrative Expense

Administrative expenses could be paid by the Company or the Plan, at the Company's discretion.

Accumulated Plan Benefits

Accumulated plan benefits (see Note 4) are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

- (A) Retired or terminated employees or their beneficiaries
- (B) Present employees or their beneficiaries

Benefits under the Plan are based on 1% of employee's average annual compensation multiplied by their total number of years of service, as defined by the Plan. The accumulated plan benefits for active employees are based on their average compensation during the five years preceding the valuation date. Benefits payable under all circumstances — retirement, death, disability, and termination of employment — are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

Plan Tax Status

The Plan obtained its latest determination letter on October 27, 2016, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 3. Disclosures about Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

Fred Weber, Inc. Nonunion Employees' Retirement Plan
Notes to Financial Statements
December 31, 2024 (in Liquidation) and 2023 (Ongoing)

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2024 and 2023.

	<u>Fair Value</u>	<u>Fair Value Measurements Using</u>	
		<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>

Money market fund	\$ 164,299	\$ 164,299	\$ -
Mutual fund	6,157	6,157	-
	<u>\$ 170,456</u>	<u>\$ 170,456</u>	<u>\$ -</u>
December 31, 2023			
Money market fund	\$ 956,163	\$ 956,163	\$ -
Common stocks	1,514,435	1,514,435	-
Mutual funds	5,565,711	5,565,711	-
Corporate bonds	1,205,928	-	1,205,928
U.S. government and securities	995,451	-	995,451
	<u>\$ 10,237,688</u>	<u>\$ 8,036,309</u>	<u>\$ 2,201,379</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2024 and 2023. The Plan had no assets measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of investments with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters. Such investments are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. There were no Level 3 investments.

Note 4. Accumulated Plan Benefits

An actuary from Milliman determines the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Fred Weber, Inc. Nonunion Employees' Retirement Plan
Notes to Financial Statements
December 31, 2024 (in Liquidation) and 2023 (Ongoing)

The Plan was terminated during 2024 (see Note 1). Therefore, there was no accumulated plan benefit obligation as of December 31, 2024. The accumulated plan benefit information as of December 31, 2023 was as follows:

Actuarial present value of accumulated plan benefits	
Vested benefits	
Participants currently receiving payments	\$ 6,407,397
Other participants	<u>1,603,904</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 8,011,301</u>

Changes in the actuarial present value of accumulated plan benefits was as follows:

Actuarial present value of accumulated plan benefits, beginning of year	<u>\$ 8,300,183</u>
Increase (decrease) during the year attributable to	
Reduction in discount period	458,358
Actuarial gain	(80,444)
Benefits paid	<u>(666,796)</u>
Net decrease	<u>(288,882)</u>
Actuarial present value of accumulated plan benefits, end of year	<u>\$ 8,011,301</u>

Significant assumptions underlying the actuarial computations were:

- Assumed rate of return on investments: 5.75% in 2023
- Mortality basis: 2024 Current Liability Non-Annuitant Mortality Table and 2024 Current Liability Annuitant Mortality Table for 2023
- Expenses: \$20,000 added to Normal Cost in 2023
- Retirement: At normal retirement age (65)
- Marriage: All participants were assumed to be married with males three years older than females
- Actuarial Funding Method: Unit Credit
- Asset Valuation: Adjusted Fair Market Value of Assets using a 24-month average of the Market Value of Assets

The computation of the actuarial present value of accumulated plan benefits was made as of January 1, 2024. Had the valuation been performed as of December 31, 2023, there would be no material differences.

Note 5. Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Enterprise Trust, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate to the best of their knowledge and belief:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2024, and the accompanying schedule of reportable transactions for the year ended December 31, 2024.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such investment information to the related information included in the financial statements and ERISA-required supplemental schedules.

Note 6. Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons. A certain plan investment is managed by the parent company of the Custodian.

The Plan incurs expenses related to general administration and recordkeeping. The Company pays certain of these expenses in addition to accounting and auditing fees relating to the Plan.

Note 7. Subsequent Events

Subsequent events have been evaluated through October 10, 2025, which is the date the financial statements were available to be issued.

Appendix C – Summary of Principal Plan Provisions

This summary of plan provisions is intended to only describe the essential features of the Plan. All eligibility requirements and benefit amounts shall be determined in strict accordance with the plan document itself.

The following is a summary of the principal eligibility and benefit provisions of the plan. As such, it is not intended to include all of the provisions of the plan document and, therefore, is not complete nor definitive. For exact benefit descriptions and other provisions, please refer to the plan document.

Definitions

Accrued Benefit: A monthly amount in the normal form and payable at the normal retirement date, calculated using years of service and final average compensation as of the date of determination.

Compensation: Compensation is the total salary and wages actually paid during a calendar year.

Final Average Monthly Compensation: Final average monthly compensation is the average of a Participant's highest five consecutive years of compensation.

Plan Effective Date: The Plan was most recently restated effective January 1, 2016.

Plan Freeze: The Plan was frozen effective January 1, 2002 such that no additional service or compensation after that date was taken into account.

Plan Year: The 12-month period beginning January 1 and ending December 31.

Eligibility for Participation

A covered employee shall be eligible to participate on the January 1 or July 1 following the completion of one year of service.

Normal Retirement

Normal Retirement Date: The first day of the month coincident with or next following the attainment of age 65.

Normal Retirement Benefit: (A) times (B):

- (A) 1.0% of final average monthly compensation.
- (B) number of years of benefit service at normal retirement.

Early Retirement

Early Retirement Date: The first day of the month coincident with or next following the attainment of age 60.

Early Retirement Benefit: A monthly amount determined in the same manner as the normal retirement benefit, based on final average compensation and years of service as of early retirement date, and reduced by 1/180 for each month that the early retirement date precedes the normal retirement date.

Deferred Retirement

Deferred Retirement Date: Continued employment beyond the Normal Retirement Date.

Attachment to 2024 Schedule SB to Form 5500, Part V
Fred Weber, Inc. Nonunion Employees Retirement Plan
EIN 43-0626545
Plan Number 001

Deferred Retirement Benefit: A monthly benefit equal to greater of the normal retirement benefit actuarially increased to deferred retirement date, or the accrued benefit at deferred retirement date using years of service and final average compensation on deferred retirement date.

Termination

Termination Date: The date of termination of service other than for reasons of retirement, disability, or death.

Termination Benefit: The Accrued Benefit, multiplied by the vested percentage in the following table, payable at the Normal Retirement Date.

Years of Vesting Service	Vested Percentage
Less than 3	0%
3	20%
4	40%
5	60%
6	80%
7 or more	100%

Preretirement Death

Preretirement Death Benefit Eligibility: Surviving spouses of participants with a vested Accrued Benefit who die before commencement of payments.

Preretirement Death Benefit: A monthly benefit equal to the amount the participant would have received had he terminated employment on the date of death, survived to the earliest retirement date, retired under the 100% contingent annuitant option, and died on the following day.

Forms of Payment

Normal Forms: Life annuity if single; actuarially equivalent joint and 50% survivor annuity if married.

Optional Forms: Life annuity; actuarially equivalent joint and 50%, 75% and 100% (as elected) survivor annuity.

Changes in Principal Plan Provisions Since Prior Valuation
