Independent Auditors' Report

To the Retirement Committee
of Nippon Express U.S.A., Inc. Group 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Nippon Express U.S.A., Inc. Group 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Nippon Express U.S.A., Inc. Group 401(k) Plan

Notes to Financial Statements

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Nippon Express U.S.A., Inc. Group 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

The Plan was established in April 1991 for the purpose of providing eligible employees with retirement and certain other benefits and with a way to save on a regular and long-term basis. The Plan is sponsored by Nippon Express U.S.A., Inc. (the “Company”) and is joined by Nippon Express Travel U.S.A. Inc., Nippon Express Global Logistics, Inc., NX Automotive Logistics USA, Inc. (formerly, NEX Transport, Inc.) and Nittsu Shoji U.S.A., Inc. as co-sponsors (collectively, the “Sponsor”). The Company owns 100% of Nippon Express Global Logistics, Inc. and 67% of NX Automotive Logistics USA, Inc. (formerly, NEX Transport, Inc). The Company and Nittsu Shoji, U.S.A., Inc. are wholly owned subsidiaries of Nippon Express Co., Ltd., a Japanese corporation.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (“Principal”) serves as the trustee and recordkeeper.

Effective July 1, 2006, active participants in the Nippon Express U.S.A. Group Pension Plan (the “Pension Plan”) were given a one-time opportunity to opt-over to the Plan with employer matching contributions or remain under the Pension Plan. For those participants who elected to discontinue participation in the Pension Plan, their earned benefit and average monthly pay under the Pension Plan were frozen as of June 30, 2006, no additional benefits were earned, and no benefit service was credited after that date. Instead, they are eligible to receive an employer matching contribution of 100% of their elective deferral contributions under the Plan up to a maximum of 3% of compensation beginning July 1, 2006. Participants who chose not to make this election accrue or continue to accrue earned benefits, average monthly pay, and benefit services under the Pension Plan, but are not eligible for the employer matching contribution under the Plan.

Eligibility for Participation

All employees (except Japanese nationals temporarily assigned in the United States by Nippon Express Co., Ltd., bargaining employees, and employees located in Canada or Puerto Rico) become eligible for participation after 90 days of service to the Sponsor. Upon completion of 90 days of service, employees are automatically enrolled in the Plan and one percent of compensation is deducted unless employees elect not to contribute or affirmatively elect another deferral percentage.

Contributions and Vesting

Each year, participants may contribute up to 100% (in whole percentages only) of their pre-tax annual compensation, as defined in the Plan provisions, subject to certain Internal Revenue Code (“IRC”) limitations. Participants who elected to opt-over to the Plan from the Nippon Express U.S.A. Group Pension Plan and eligible employees hired after 2006 are eligible to receive an employer matching contribution for 100% of their elective deferral contributions under the Plan up to a maximum of 3% of compensation for the Plan year 2024. All other participants who did not opt over from the Nippon Express U.S.A. Group Pension Plan will not receive any matching contributions, either now or in the future. The employer matching contribution will become vested only if participants work for the Sponsor for three years. Once a participant performs three years of service, such participant will be fully vested in the employer matching contribution.

Nippon Express U.S.A., Inc. Group 401(k) Plan

Notes to Financial Statements

NOTE 1: DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and related matching Company contributions, as applicable, and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balances, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 10.5% per annum, which are commensurate with local prevailing rates, as determined periodically by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Loan terms may exceed five years for the purchase of a primary residence.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$63,054 and \$45,980, respectively. These accounts will be used to reduce future contributions or pay Plan expenses. During the year ended December 31, 2024, forfeitures were used to pay contributions totaling \$209,289.

Death Benefits

In the event of an employee's death, the benefits under the Plan will be paid to his/her spouse unless the employee obtained his/her spouse's written acknowledgement and consent to name another beneficiary. If the employee's benefit is \$5,000 or less, it is automatically paid to his/her beneficiary in a lump-sum. Benefits in excess of \$5,000 are distributed in a lump-sum or used to purchase an annuity at the option of the employee's spouse. On severance of employment, if a deferred annuity is purchased to provide the employee's benefits, the death benefit value of the annuity is payable to his/her beneficiary in the event of his/her death before the actual commencement of the guaranteed monthly income.

Investments

Participants may direct the investment of contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Nippon Express U.S.A., Inc. Group 401(k) Plan

Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan as allowed by ERISA and the Plan document. Other administrative expenses are paid for by the Sponsor. Administrative expenses are deducted from participant accounts each quarter. Participants also pay administrative costs for loans, distributions, and qualified domestic relation orders.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. If the value of a participant's vested account does not exceed \$5,000, the entire vested account is distributed as of the earliest of the participant's retirement date, date of death, or date of severance from employment.

Participant Loans

Participant loans are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the financial statements.

Nippon Express U.S.A., Inc. Group 401(k) Plan

Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Regulatory Compliance Affecting Retirement Plans

The Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE 1.0 Act) became law on December 20, 2019. The SECURE Act made major changes to the Required Minimum Distribution (“RMD”) rules, increasing the age from 70½ to 72 to participants over 72 after January 1, 2020. Plans were required to be formally amended for certain other changes if adopted on or before the last day of the 2023 plan year.

The SECURE Act 2.0 (SECURE 2.0) was signed into law in December 2022, delivering dozens of new retirement-related provisions. These changes build on the original SECURE Act of 2019, which altered the rules around how employees can save and withdraw money from their retirement accounts. SECURE 2.0 further increased the age of RMDs, increased the catch-up contributions for older workers and required automatic enrollment for new plans. The SECURE 2.0 Act increased the age at which individuals must begin taking RMDs to 73 from 72, beginning January 1, 2023, as well as other increases starting in 2030.

The SECURE 2.0 Act increases the limit for catch-up contributions for individuals ages 60 to 63, effective for taxable years beginning after December 31, 2024. In addition, the SECURE 1.0 Act and further by the SECURE 2.0 Act lowered the eligibility requirements to enable part-time workers to participate in 401(k) plans. These rules for long-term, part-time workers are expanded to apply to ERISA 403(b) plans, as well. The SECURE 2.0 Act changes the eligibility requirements under 401(k) so that it is easier for part-time employees to participate in them. The enacted law, the SECURE 1.0 Act, allows plans to limit eligibility for participation of part-time employees who reach the later of: (1) age 21 or completion of one 12-month period in which the employee worked at least 1,000 hours (pre-SECURE 1.0 Act rule); or (2) three consecutive years of service with 500 or more hours in each year. Under the SECURE 2.0 Act, a plan must allow a part-time employee to participate if the employee has either satisfied the above rule #1, or if the employee has completed two consecutive 12-month periods in which the employee worked at least 500 hours in each one of the two periods and reached age 21 by the end of the second 12-month period.

NOTE 3: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, “*Fair Value Measurements and Disclosures*” (“FASB ASC 820”) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1**—inputs are quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access at the measurement date.
- **Level 2**—inputs are inputs other than quoted prices included within Level 1 that are observable for valuing the assets or liabilities, either directly or indirectly. Observable inputs include quoted price for similar assets or liabilities in active or non-active markets. Level 2 inputs may also include insignificant adjustments to market observable inputs.
- **Level 3**—inputs are unobservable inputs used for valuing the assets or liabilities. Unobservable inputs are those that reflect the Plan’s own assumptions about the assumptions that market participants would use in pricing the asset, based on the best information available in the circumstances.

Nippon Express U.S.A., Inc. Group 401(k) Plan

Notes to Financial Statements

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets or liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- *Mutual Funds*—Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (“SEC”). These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.
- *Guaranteed Interest Accounts*—Valued at contract value, which equals fair value. Guaranteed interest rates for new allocations are subject to change daily, and each amount allocated to the guaranteed interest account will earn interest based on this guaranteed interest rate in effect for the date that the amount is allocated to this guaranteed interest account. These contracts are non- benefit responsive.
- *Pooled Separate Accounts*—Valued by using the net asset value (NAV) of the funds at year-end as a practical expedient. The net asset value is not a publicly-quoted price in an active market and is determined based upon the fair value of the underlying investments. There are no participant restrictions for this investment. There are no unfunded commitments as of December 31, 2024. However, there is a 30-day restriction period on redemptions except Principal Liquid Assets Sep Acct-Z, where there are no redemption restrictions. These are direct filing entities.

As the fair value hierarchy required by FASB ASC 820, the level inputs of the Plan's assets at fair value as of December 31, 2024 and 2023 are as follows:

Notes to Financial Statements

NOTE 4: EXEMPT PARTY-IN-INTEREST TRANSACTIONS

All investments are valued, controlled and managed by Principal. Principal is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments through the revenue sharing, rather than a direct payment.

The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

NOTE 5: PLAN TERMINATION

While the Plan is intended to be permanent, the Plan may be terminated by written notification by the Board of Directors of the Company. Upon termination or partial termination of the Plan, all participants who are affected by such termination would become fully vested in all their accounts and benefits are payable strictly under the Plan's terms.

The Company's Board of Directors may also amend the Plan in order to bring the Plan into compliance with applicable laws or regulations.

NOTE 6: TAX STATUS

The Plan has adopted a pre-approved Plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7: INVESTMENT INFORMATION PREPARED AND CERTIFIED BY PRINCIPAL AS COMPLETE AND ACCURATE

The following is a summary of the certified investment information regarding the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included in the Plan's financial statements and supplemental schedule, that were prepared by or derived from information prepared by Principal, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate:
