Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Quilt Software 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

QUILT SOFTWARE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 1 - DESCRIPTION OF PLAN

The following description of Quilt Software 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan available to eligible employees of Quilt Software 401(k) Plan. The Plan is intended to qualify as a tax-exempt profit-sharing plan under Section 401(a) of the Internal Revenue Code (IRC). Generally, all employees of the Employer are eligible to enroll in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

B. Plan Administration

The employer is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The employer has delegated certain responsibilities for the operation and administration of the Plan. Trustee and record keeping services are provided by Matrix Trust Company.

Certain administrative expenses of the Plan, including recordkeeping, were paid directly by the Employer for the year ended December 31, 2024. Investment fees, which may vary according to the individual funds selected, are paid out of the assets of the Plan. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

C. Contributions

Under the provisions of the Plan, an employee can elect to contribute any percentage of their salary, provided they do not contribute more than the maximum permitted by law. Additionally, if the employee has attained age 50, then the employee is eligible to make an additional catch-up contribution as specified in the Plan. The maximum contribution limits permitted by law:

	<u>2024</u>	<u>2023</u>
Elective Deferrals	\$ 23,000	\$ 22,500
Catch-up Contributions	\$ 7,500	\$ 7,500
Defined Contribution Limits	\$ 69,000	\$ 66,000
Annual Compensation	\$ 345,000	\$ 330,000

The employer makes a matching contribution on behalf of an eligible participant amounting to the lesser of 50% of the salary reduction amount contributed by the participant and 5% of the participant's compensation received during the plan year.

D. Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Employer's contributions, and earnings thereon and is charged with an allocation of applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants select the allocation of investment funds to be applied to contributions credited to their account. Participants are allowed to transfer or rollover funds into the Plan from other qualified or 401(k) plans.

E. Investment Options

Upon enrollment in the Plan, participants may direct the investment of their contributions and the employer's contributions into various investment contracts and annuity options offered by the Plan.

**QUILT SOFTWARE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 1 - DESCRIPTION OF PLAN - CONT'D

F. Refundable Contributions

The Plan completes a non-discrimination test pursuant to IRS regulations on an annual basis. Excess contributions determined as a result of this test, if any, are netted against the participant contributions in the Statement of Changes in Net Assets Available for Benefits. For the years ended December 31, 2024, the Plan initially passed all required non-discrimination tests except for the Actual Deferral Percentage (ADP) test, which it failed. However, corrective actions were implemented within the required timeframe in accordance with applicable IRS correction procedures.

G. Vesting

Participants are fully and immediately vested in their voluntary contributions. The value of the participant's account attributable to the Employer's contribution is fully vested when a participant completes 5 years of vesting service.

H. Forfeitures

Forfeitures are first used to reduce employer contribution, and any remaining balance is used to pay administrative expenses. Forfeitures are disposed of in the Plan year in which they occur.

I. Payment of Benefits

Participants can receive a distribution upon attainment of age 59½, termination of employment, retirement, death, or disability. The distribution of participant's salary reduction contributions without any earnings can also be made upon a showing of hardship.

J. Participant Loans

Participants may borrow from their accounts up to a maximum amount generally equal to the lesser of \$50,000 and 50% of their vested account balance. All loans must be repaid within five years unless the loan is for the purchase of a principal residence for which the loan repayment may be for a longer term. Participant's account balance in the insurance company's general account will serve as the sole collateral security for the loan. Loans will bear interest at a rate, which commensurate with local prevailing rates. Principal and interest are generally repaid through payroll deductions to the participant's segregated account.

K. Participant Investment Rollovers

Participants are allowed to transfer or rollover funds into the Plan from other qualified or 401(k) plans.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America. Under this basis, revenues are recognized when they are earned, and expenses are recognized when they are incurred.

QUILT SOFTWARE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONT'D

B. Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts in the financial statements and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

C. Investment Valuation and Income Recognition

On December 31, 2024, the Plan's investments were held in various insurance contracts and annuities and are reported at fair value. The net appreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Purchases and sales of investments are recorded on a settlement-date basis. Interest income is accrued as it is earned, and dividends are recorded as of the ex-dividend date.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits for a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts. The Plan Management believes that the difference between fair value and contract value of these investment contracts is not material. Therefore, the Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Management fees and operating expenses charged to the Plan for investment in mutual funds are reflected as a reduction of net assets in the Statement of Changes in Net Assets Available for Benefits.

The change in net unrealized appreciation/depreciation of investments held from the beginning of the Plan year to the end of the Plan year is included with realized gains/losses as net investment income/loss reported in the accompanying statements of net assets available for benefits.

D. Loans to Participants

Loans to participants are measured at their unpaid principal balance. For the year ended December 31, 2024, there have been no defaulted loans.

E. Contributions

Contributions from employees and the employer are recorded in the period in which the employer transfers the funds to the Plan.

F. Rollovers

Participants may elect to rollover amounts from other qualified plans or individual retirement accounts into the Plan, provided that certain conditions are met. For the year ended December 31, 2024, the Plan has participants rollovers amounting to \$1,261,480.

G. Distributions

Distributions are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONT'D

H. Expenses

Certain administrative expenses of the Plan are paid by the Employer.

NOTE 3 - TAX STATUS

The Plan is subject to Section 401(k) of the Internal Revenue Code. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that is more likely than not to be sustained upon examination by the federal and state taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any open tax periods.

NOTE 4 - INFORMATION CERTIFIED BY THE TRUSTEE

Quilt Software 401(k) Plan has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements for the year ended December 31, 2024, is complete and accurate:

- Investments and notes receivable from participants as reported on the Statements of Net Assets Available for Benefits as of December 31, 2024;
- Net investment gain and other income as shown on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024;
- Investment amounts included in the Notes to Financial Statements;
- All investment information included in the Supplemental Schedule of Assets (Held at End of Year) - as of December 31, 2024.

At the request of Quilt Software 401(k) Plan, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Matrix Trust Company. Matrix Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

NOTE 6 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

As of December 31, 2024, and 2023, management determined that the underlying investments of the funds that pooled separate accounts invest in are based on quoted market prices within an active market and as such are classified as Level 1. Investments held in pooled separate accounts are stated at market value, which represents fair value. The Plan's group annuity contract held in the insurance company general account of Matrix Trust Company is valued at contract value which is equal to fair value and is considered to be a cash equivalent. Contract value represents contributions made under the contract, plus interest at the credited rate, less funds used to purchase annuities and pay administrative expenses charged. For the years ended December 31, 2024, and 2023, the insurance company general account has been excluded from the fair-value hierarchy.

The following table sets forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024, and 2023:

	<u>Fair value of investments as of December 31, 2024</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE 7 - PARTICIPANT LOANS

As of December 31, 2024, outstanding participant loans amounted to \$53,768.

NOTE 8 - FORFEITURES

During the year ended December 31, 2024, the total forfeited non-vested accounts amounted to \$1,582. The total forfeited non-vested accounts were used to reduce employer contribution payments.

NOTE 9 - PLAN TERMINATIONS

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan for any reason, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 11 - EVALUATION OF SUBSEQUENT EVENTS

The Plan has evaluated all subsequent events through **October 14, 2025**, the date on which the financial statements were available to be issued, and has determined that no adjustments are necessary to the amounts reported in the accompanying financial statements, nor have any subsequent events occurred, the nature of which would require disclosure.
