Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Oneida ESC Group, LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Oneida ESC Group, LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note B to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Oneida ESC Group, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Oneida ESC Group, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Oneida ESC Group, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Oneida ESC Group, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

("LG2"), Oneida Construction Services, LLC, Oneida Environmental, LLC and Oneida Technology Services (herein collectively referred to as "the company" or "employers"), who are age twenty-one or older. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Committee is responsible for governance of the plan, determining the appropriateness of the plan's investment offerings and monitoring investment performance.

The plan's federal identification number is 45-4964343 and the plan number is 001.

Contributions

Each year, participants may contribute up to 90% of pretax (regular) or post-tax (roth) annual compensation, as defined in the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the plan unless they affirmatively elect not to participate in the plan. LG2 employees will not be subjected to the auto-enrollment. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated target date fund based on their retirement age of 65 until changed by the participant.

The company contributes 50% of the first 6% of base compensation that a participant contributes to the plan as a discretionary matching contribution. The company also has the right to make additional contributions to be allocated to participants pro rata based on compensation. No additional discretionary contributions were made for 2024. Annual contributions from all sources are subject to certain limitations defined by the Internal Revenue Service (IRS).

Contributions receivable

Contributions receivable are written off when they are determined to be uncollectible. The allowance for credit losses is estimated based on expected credit losses considering the Plan's historical losses, existing economic conditions, and the financial stability of the company.

NOTE A -- Description of the plan and significant accounting policies (Continued)

Forfeited accounts

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$52,349 and \$21,071 respectively. These accounts can be used to reduce company matching or non-elective contributions or used to pay plan expenses. In 2024, employer contributions and plan expenses were reduced by \$6,821 and \$59,556, respectively, from forfeited nonvested accounts.

Participant accounts and “rollovers”

Each participant’s account is credited with the participant’s contribution and allocations of (a) the employer’s matching and discretionary contributions, (b) plan earnings and (c) charged with an allocation of administrative expenses. Allocations of plan earnings are based on participant account balances, as defined, and allocation of company contributions are based on participants’ compensation, as provided in the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. The plan permits the transfer of funds from other qualified plans to a separate participant’s rollover account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the company’s contribution portion of their accounts is based on years of continuous service. A participant vests on a six year graded schedule for discretionary matching contributions. Nonelective employer contributions vest on a three year grading schedule. Participants who leave the plan because of death or disability, as defined in the plan, are considered 100% vested in all amounts.

Benefits

Upon termination of service due to death, disability or retirement (age 65), or termination of service due to other reasons, a participant with an account valued at less than \$5,000 shall receive a lump-sum distribution. For accounts exceeding \$5,000, the participant may elect a lump-sum distribution, installments for lifetime required minimum distributions or may elect to defer such distribution to any valuation date subsequent to their termination but no later than the valuation date of their normal retirement date; or the participant may elect to rollover the distribution to another qualified plan. The plan permits in-service distributions at age 59½. The plan also permits hardship distributions if certain criteria are met.

Participant loans

Participants may not borrow from their fund accounts.

A summary of significant accounting policies follows:

Basis of accounting

The financial statements of the plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) under the accrual method of accounting.

NOTES TO FINANCIAL STATEMENTS

NOTE A -- Description of the plan and significant accounting policies (Continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's Retirement Committee determines the plan's valuation policies utilizing information provided by investment advisors and custodians. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The employers pay some of the administrative expenses of the plan which are excluded from these financial statements. The major administrative expenses are asset custodian and investment fees.

Subsequent event

These financial statements have not been updated for subsequent events occurring after October 13, 2025, which is the date these financial statements were available to be issued. The plan has no responsibility to update these financial statements for events and circumstances.

NOTE B -- Information certified by the asset custodian and trustee

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023 and interest and dividends, other income, and net appreciation in fair value of investments for the year ended December 31, 2024, were obtained or derived from information supplied to the plan administration and certified as complete and accurate by Empower Trust Company LLC, the asset custodian and trustee of the plan.

NOTE C -- Fair value measurements

The plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

	December 31, 2024		December 31, 2023
	<u>Fair value measurements at reporting date using:</u>

Investments at fair value	<u>\$ 40,425,003</u>	<u>\$ 35,104,189</u>	<u>\$ 35,628,285</u>

¹ In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

NOTE C -- Fair value measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- Registered investment companies. Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.
- Collective trust funds. A collective trust fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.
- Stable value collective trust fund. A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Gains and losses (realized and unrealized) included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, are reported in net appreciation in fair value of investments.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

NOTE D -- Party-in-interest transactions

JPMorgan Chase Bank, N.A. ("JPMorgan") is the recordkeeper and is therefore designated as fiduciary and party-in-interest. The plan regularly invests in mutual funds for which JPMorgan Chase Bank, N.A. or its affiliates are the issuing parties. These party-in-interest transactions occur in the course of ordinary business and are exempt transactions.

Fees paid during the year for recordkeeping and other professional services rendered by the parties-in-interest were based on customary and reasonable rates for such services.

JPMorgan provides certain administrative and advisory services to the plan pursuant to a Plan Service Agreement ("PSA") between the employer and JPMorgan. JPMorgan receives revenue from mutual fund service providers for services provided to the funds. This revenue is used to offset certain amounts owed to JPMorgan for its administrative services to the employer.

If the revenue by JPMorgan from such mutual fund service providers exceeds the amounts owed, JPMorgan remits the excess amount on a quarterly basis. Such amounts may be applied to pay plan administrative expenses. During the year ended December 31, 2024, there were excess amounts of \$2,121 which is included in other income on the Statement of Changes in Net Assets Available for Benefits.

Fees were also paid for investment advisory services to Creative Planning, LLC. These transactions also qualify as party-in-interest transactions.

NOTE E -- Concentration of market risks

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE F -- Tax status

The Empower Retirement LLC Non Standardized Defined Contribution Plan that the plan adopted effective October 1, 2023, obtained its latest opinion letter on November 14, 2022, in which the Internal Revenue Service stated that the prototype plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The plan has been amended since the date of the opinion letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE G -- Plan termination

Although it has not expressed any intent to do so, the employers have the right under the plan to discontinue their contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will be 100% vested in their allocated employer contributions.

NOTE H -- Plan amendments

On October 1, 2023, the plan restated the Empower Retirement LLC Non-Standardized Defined Contribution Plan. The following items of the plan was changed:

- Inclusion of Oneida Environmental, LLC with an initial effective date to the plan on November 22, 2022
- Remove the one year of service requirement for the employer match and nonelective contributions
- To name Empower Trust Company, LLC as the nondiscretionary (direct) trustee over all of the plan's assets
- Amendments to the CARES Act
- Amendments to the Secured Act and Other Law Changes
