Independent Auditor's Report

To the Participants and Administrator of
Children's Healthcare of Atlanta Share Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for Financial Statements

We have performed an audit of the financial statements of Children's Healthcare of Atlanta Share Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of the years ended December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Children's Healthcare of Atlanta Share Plan

Notes to Financial Statements December 31, 2024 and 2023

Note 1: Description of the Plan

The following description of the Children's Healthcare of Atlanta, Inc. Share Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) profit sharing plan that covers substantially all of the employees (other than leased and Children's Healthcare of Atlanta Cardiology, Inc. employees) of Children's Healthcare of Atlanta, Inc. (Children's or the Plan Sponsor). Employees are eligible to participate in the Plan as soon as administratively practicable following the employee's date of hire.

The Plan was formed on July 1, 1991 and was restated on January 4, 2010 with amendments made since that time. During 2017, the Plan was amended to provide for eligible Roth contributions to separate participant accounts. During 2016, the Plan was amended so that any employee hired on, or after, August 1, 2016, will be automatically enrolled in the Plan at a deferral rate of 4%, unless an affirmative election is made not to participate in the Plan. During 2018, the Plan elected to implement an automatic annual increase feature. Effective March 20, 2018, all participants of the Plan were enrolled in the Plan's Annual Increase Program, which will increase a participant's pretax or Roth deferral rate annually by 1% during the month of June, unless an affirmative election is made to not participate in the escalating scale, until the participant's pretax or Roth deferral rate equals 12%.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

Prior to January 1, 2010, Variable Annuity Life Insurance Company (VALIC) and Teachers Insurance and Annuity Association-College Retirement Equities Fund (TIAA-CREF) both served as custodians and third-party administrators for the Plan. On January 1, 2010, the Plan transferred a majority of the assets held at VALIC to Fidelity Management Trust Company (Fidelity). In 2022, VALIC along with its parent company AIG Retirement Services was spun off and is now called Corebridge Financial (Corebridge). As of December 31, 2024, the majority of the Plan's assets were held by Fidelity, and a portion of the Plan's assets still remain at Corebridge and TIAA based on participant elections.

The Plan is administered by the Retirement Committee named by Children's.

Contributions

The Plan allows participants to deposit pretax and Roth contributions to the Plan up to 100% of their eligible compensation, subject to certain Plan and Internal Revenue Service (IRS) limitations. For all participants who work greater than 1,000 hours during the Plan year, the Plan Sponsor matches 100% of participant contributions not to exceed 4% of the participant's eligible compensation. Eligible employees may deposit rollovers from other qualified plans.

Participant Accounts

Each participant's account is credited with the participant's pretax and Roth contribution, the Plan administrator's matching contribution and Plan income (loss), less any withdrawals, distributions or administrative expenses. Allocations of income (loss) are based on the proportion that each participant's account balance has to the total of all participants' account balances and on their investment selections. The benefit to which a participant is entitled is equal to the participant's vested account balance.

Notes Receivable from Participants

The Plan allows participants to obtain notes for up to 50% of their vested account balance credited to their separate accounts, but not to exceed \$50,000 minus the participant's highest outstanding note amount during the prior twelve months. Notes are generally required to be repaid within five years, or ten years if related to a principal residence, and bear interest at a rate equal to the Reuters prime rate as of the last day of the prior quarter plus 1%. All notes must be repaid at least quarterly in equal installments consisting of both principal and interest.

Vesting

All participant's contributions and Plan Sponsor matching contributions are immediately vested.

Benefits Paid to Participants

Upon termination of service, death, or disability, a participant may elect to receive an amount equal to the value of the participant's vested interest in his/her account. Upon attainment of age 59 ½, a participant may elect to receive an amount equal to the value of the participant's entire interest in his/her pretax and Roth accounts. The form of payment is a lump-sum distribution, installment or annuity distribution. Participants who are terminated with an account balance less than \$1,000 may have their account balances distributed automatically. Benefits are recorded when paid. The Plan permits hardship distributions, as defined.

Investment Options

Participants make participant-directed allocations of their accounts in various increments (totaling 100%) among various investment options selected by the Plan administrator, including certain options for which the custodians or their affiliates serve as investment advisors.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to use estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan is invested in various securities. Investment securities are exposed to risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Administrative Expenses

Administrative expenses are paid by the Plan as permitted by the Plan Document and to the extent that they are not paid by the Plan Sponsor.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive group annuity contracts which are reported at contract value (Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's unrealized and realized gains and losses on investments bought and sold as well as held during the year.

Note 3: Fully Benefit-Responsive Group Annuity Contracts

Fully benefit-responsive group annuity contracts, with maturity dates from June 2020 to October 2024, provide that participants execute Plan transactions at contract value, which generally represent contributions made under each contract, plus interest, and less participant withdrawals and administrative expenses. The custodians maintain the contributions in a general account secured by the general assets of the custodians. Certain events such as Plan termination or a plan merger initiated by the Plan Sponsor, may limit the ability of the Plan to transact at contract value. The Plan Sponsor does not believe that any events that may limit the ability of the Plan to transact at contract value are probable.

Note 4: Fair Value Measurements

U.S. GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds, self-directed brokerage accounts and interest-bearing cash accounts: Valued at quoted market prices as provided by the custodians.

Non benefit-responsive group annuity contracts: Valued at discounted cash flows and theoretical transfer (exit value) based upon risk-adjusted discount rates, which is a significant unobservable input. This group annuity contract significantly restricts participant access to funds and as such, management does not consider this contract to be fully benefit-responsive.

Pooled separate accounts: Valued at net asset value (NAV), which is based on the value of the underlying assets owned by the accounts, less any liabilities and fees charged by the custodians, and then divided by the number of shares outstanding. The Plan has concluded that the NAV reported by the custodians is used as a practical expedient to approximate the fair value of the investments. This practical expedient would not be used if it is determined to be probable that the investments will sell for an amount different from the reported NAV. Participant-directed transactions (purchases and sales) generally have no restrictions. There are currently no unfunded commitments on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

Investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,235,169,111	\$ -	\$ -	\$ 1,235,169,111

(a) These investments are measured using NAV as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the statements of net assets available for benefits.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 investments for the plan years ended December 31, 2024 and 2023:

	2024	2023
Balance, beginning of year	\$ 20,878,908	\$ 21,168,395

Balance, end of year	<u>\$ 20,576,449</u>	<u>\$ 20,878,908</u>

The following table represents the Plan's Level 3 investments, the valuation techniques used to measure the fair value of the investment, and the significant unobservable inputs and the ranges of values for those inputs:

Note 5: Information Certified by the Custodians (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the amounts for investment assets and transactions in those assets included in the accompanying financial statements and supplemental information and as outlined below as of December 31, 2024 and 2023, and for the year ended December 31, 2024, were derived from information certified as complete and accurate by the Trustee in accordance with DOL regulations. As permitted under such election, the Plan's independent auditors did not perform any auditing procedures with respect to the following information certified by the Trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental information:

	2024	2023
Statements of Net Assets Available for Benefits:		
Investments:		
Mutual funds	\$ 1,235,169,111	\$ 1,059,312,223
Self-directed brokerage accounts	106,179,363	92,754,775
Pooled separate accounts	56,778,612	42,763,440
Non benefit-responsive group annuity contracts	20,853,413	20,878,908
Interest-bearing cash	27,854,768	25,076,597
Fully benefit-responsive group annuity contracts	8,356,744	9,772,274
Statement of Changes in Net Assets Available for Benefits:		
Net appreciation in fair value of investments	\$ 136,088,541	
Interest and dividends	36,976,457	

Note 6: Federal Income Tax Status

The Plan has not received an individual determination letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and tax exempt as of December 31, 2024.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note 7: Party-in-Interest Transactions

The Plan's custodians and third-party administrators and its affiliates perform services for, sell products to and maintain certain investments for the Plan for which fees are charged to the Plan. Party-in-interest transactions also include notes made to participants. Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8: Plan Termination

Although it has expressed no intent to do so, the Plan Sponsor reserves the right to change or terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, the value of each participant's account as of the date of termination shall immediately become non-forfeitable and fully vested.

Note 9: Subsequent Events
