INDEPENDENT AUDITORS' REPORT

Plan Administrator and Management
TYMCO, Inc. Employees Profit Sharing Plan and Trust
Waco, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of TYMCO, Inc. Employees Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of TYMCO, Inc. Employees Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statement or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MEMBERS

Basis for Opinion

We conducted our audit in accordance with the modified cash basis of accounting. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of TYMCO, Inc. Employees Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TYMCO, Inc. Employees Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TYMCO, Inc. Employees Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TYMCO, Inc. Employees Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements in accordance with the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held at End of Year for the Plan Year Ending December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and

content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TYMCO, INC. EMPLOYEES PROFIT SHARING PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan

The following description of the TYMCO, Inc. Employees Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan. The profit-sharing portion of the Plan covers all full-time employees of TYMCO, Inc. (the “Company”) who have one year of service and are age eighteen (18) or older. Participation in the 401(k) portion of the Plan requires the full-time employee to complete three (3) months service and attain 18 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions – Participants may elect a salary reduction arrangement to contribute to the Plan, not to exceed a specific dollar amount determined by the Internal Revenue Service, known as eligible contributions. Participants age 50 or over by the end of the plan year are allowed to make additional contributions (called “catch-up contributions”) to the Plan, in excess of the standard limits. Such additional contributions are limited to the lesser of a specific dollar amount determined by the Internal Revenue Service or the participant’s compensation for the year reduced by the participant’s other elective deferrals. This amount will be in addition to the pre-tax contribution percentages that participants have elected. The catch-up contribution is not eligible for the Company’s matching contribution.

Participants may also contribute distributions from other qualified defined benefit or contribution plans.

Employer Contributions – For each Plan year, the employer may contribute to the Plan an amount of matching contributions determined by the employer at its discretion. The employer will allocate the matching contribution on the basis of the participant’s eligible contributions, not to exceed 10% of annual compensation paid.

The employer may also make a non-elective contribution of an additional amount determined in its sole judgment. This additional contribution, if any, will be allocated to only non-highly compensated participants, in proportion to each eligible employee’s compensation as a ratio of all eligible employees’ compensation. These contributions will be non-forfeitable and subject to withdrawal restrictions.

The employer may also contribute an additional discretionary amount determined in its sole judgment. Such additional contribution, if any, shall be allocated to each participant in proportion to his or her compensation for the Plan year earned while a participant. A participant will also receive an allocation with respect to his or her compensation in excess of the taxable wage base.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s matching and discretionary contribution portion of their account plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%

Participant Notes Receivable – Participant loans are permitted under the Plan. The maximum loan amount available is fifty percent of the participant’s vested account balance, but not more than \$50,000. Additional restrictions apply if participants have additional loans from this or other plans. The loans are secured by the balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid through payroll deductions.

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in their account, or annual installments, or a combination of both. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

TYMCO, INC. EMPLOYEES PROFIT SHARING PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

Forfeited Accounts – The Plan allocates participant forfeitures as if the forfeitures were additional employer non-elective contributions for the Plan year in which the forfeitures occur. There were \$742 for forfeitures for the year ended December 31, 2024.

Expenses – Plan administrative expenses for 2024 were paid by the employer, except for plan fees paid by participants, in the amount of \$62,865.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, certain revenues and the related assets are recognized when received rather than when earned, certain expenses are recognized when paid rather than when the obligation is incurred, and an allowance for credit losses would be established. Consequently, the Plan has not recognized receivables from participants and certain receivables from the Company and their related effects on changes in net assets.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date.

Plan Administration – The Company is the plan sponsor and plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

Estimates – The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan had \$628,877 and \$587,693 in participant loans receivable at December 31, 2024 and 2023, respectively.

Excess Contributions Payable – The Plan distributed \$68,778 in 2024 for contributions in excess of amounts allowed by the IRS for the plan year ending in 2023.

Investment Valuation and Income Recognition – The Plan's shares in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. See Note 7 for discussion of fair value measurements. The Plan's shares in the collective investment fund are valued based on the net asset values, referred to as NAV, provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in a market that is not active. See Note 6 for further discussion of fair value measurements.

TYMCO, INC. EMPLOYEES PROFIT SHARING PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

Payment of Benefits – Participant benefits are recorded when paid.

Reclassifications – Certain reclassifications may have been made to the 2023 financial statement presentation in order to conform to the 2024 financial statement presentation.

Date of Management's Review – Subsequent events have been evaluated as of October 13, 2025, which is the date the financial statements were available to be issued.

Note 3 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 4 – Tax Status

In an opinion letter dated August 30, 2001, the Internal Revenue Service determined the Plan to be acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 5 – Certified Investments

Information included in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and investment income (loss), contributions, and deductions for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Trust Company (the trustee of the Plan).

Note 6 – Collective Investment Fund

The Plan invests in the Galliard Stable Return PN Fund (the "Fund"), a collective investment fund at December 31, 2024 and 2023. As of December 31, 2024 and 2023, the Fund invested all its assets in fully benefit-responsive investment contracts. Investments held by a collective investment trust are required to be reported at fair value. However, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying defined contribution plans. The financials reflect the fair value and the adjustment of the fully benefit responsive investment contracts from fair value to contract value. Since the Fund is measured using the NAV per share, the Fund is not classified in the fair value hierarchy. The fair value amount for the Fund presented in the table in Note 8 is intended to permit reconciliation to the amounts presented in the Statements of Net Assets Available for Benefits.

Note 8- Fair Value Measurements

Investment Valuation – The Plan’s investments are reported at fair value in the accompanying statements of net assets available for benefits. FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 - Quoted market prices in active markets for identical assets or liabilities
- Level 2 - Observable market-based inputs or unobservable inputs corroborated by market data
- Level 3 - Unobservable inputs reflecting the reporting entity’s own assumptions

The asset’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques followed need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

TYMCO, INC. EMPLOYEES PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Mutual Funds – Valued at the closing price reported in the active market. All mutual funds are classified within Level 1 of the valuation hierarchy. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan’s investments measured at fair value as of December 31, 2024:

Assets Measured at Fair Value as of December 31, 2024

Note 9 – Benefit Obligations

Net assets available for benefits at December 31, 2024 and 2023, include \$352,114 and \$410,350, respectively, allocated to the accounts of persons who, as of, or prior to, that date had withdrawn from

participating in the operations of the Plan. The affected participants have elected to defer distribution as allowed by the Plan.

Note 10 – Subsequent Events

In March 2025, the Company contributed \$760,000 to the Plan.

Note 11 – Party-in-Interest Transactions

Certain plan investments are shares of mutual funds managed by Principal Trust Company, which is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Loans receivable from plan participants and the related interest income are also considered party-in-interest transactions.

The plan pays certain administrative fees to the Trustee throughout the year. These transactions qualify as exempt party-in-interest transactions. Direct compensation by the Plan for recordkeeping services amounted to \$62,865 for the year ended December 31, 2024.

Note 12 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits.
