INDEPENDENT AUDITORS' REPORT

To the Participants and Trustees of
MDWest, One P.C. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MDWest, One P.C. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MDWest, One P.C. Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MDWest, One P.C. Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MDWest, One P.C. Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MDWest, One P.C. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MDWest, One P.C. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedules of Assets (Held at End of Year) and Nonexempt Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MDWest, One P.C. Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

For the Years Ended December 31, 2024 and 2023

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation – The accompanying financial statements of MDWest, One P.C. Profit Sharing Plan (the Plan) are prepared under the accrual method of accounting and in conformity with U.S. generally accepted accounting principles.

General – The Plan was originated in October 1980.

Administration of the Plan – The Plan, sponsored by the Company, is a defined contribution retirement plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Plan Sponsor believes it is in compliance with ERISA. Some administrative expenses related to the Plan are paid by the Company. The Company has no reversionary interest in the Plan.

Investment Valuation and Income Recognition – Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the trustees, investment advisors, and custodians. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation of fair value of investments.

For the Years Ended December 31, 2024 and 2023

NOTE B – DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

Eligibility – Under the terms of the Plan, an employee will become eligible to participate in the plan for elective deferrals and employer safe harbor contributions once they have obtained 90 days of service and are age 21 or older. Employees are eligible for Employer non-elective contributions if they have met the previous requirements, completed at least 500 hours of service during the plan year, and are employed by the Employer on the last day of the plan year.

Contributions and Participant Accounts - 401(k) Provision – Each participant may elect to make salary reduction 401(k) contributions of not less than 1% up to 100% of their compensation, as defined, subject to federal deferral limits. Each participant may also elect to make Roth contributions of not less than 1% up to 100% of their compensation, as defined, subject to federal deferral limits. Employees over the age of 50, may make "catch-up" contributions subject to federal annual limits. The Company makes safe harbor 401(k) contributions equal to 3% of the participant's compensation. Additional non-elective contributions may be contributed at the option of the Employer. Participant and Company 401(k) contributions are allocated within each participant's account to investment options based upon the participant's current investment allocation elections. Annual 401(k) contributions are subject to limitations set by the Internal Revenue Service.

Each participant's account is credited with the participant's elective deferral 401(k) contributions, employer safe harbor 401(k) contributions, an allocation of the Employers non-elective contributions, an allocation of the Plan earnings and forfeitures of terminated participant's non-vested accounts and charged with an allocation of administrative expenses. Allocations are based on participant account balances as defined.

Forfeitures – Forfeitures are amounts that come from terminated employees (participants) share of employer matching 401(k) contributions that are not vested. Forfeitures can be used to offset 401(k) plan expenses and employer contributions. The forfeiture balance was \$63,539 and \$20,535 as of December 31, 2024 and 2023, respectively. For the years ended December 31, 2024 and 2023, forfeited amounts total approximately \$41,303 and \$17,212, respectively.

Vesting – Participants are immediately vested in all employee 401(k) contributions and Employer safe harbor 401(k) contributions, plus actual earnings thereon. Vesting in the Employers non-elective contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service. Separate rules apply in the event of disability or death of a participant.

Notes Receivable from Participants – Participants may borrow from their fund accounts. The minimum amount is \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loans interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence.

NOTE B – DESCRIPTION OF PLAN – Continued

Benefits – Upon the participant's retirement or termination of service, the Company shall value and distribute the participant's account in accordance with the Plan document and the Internal Revenue Code. Separate provisions apply in the event of death or disability of the participant. Payments are to be made in a lump sum. Withdrawals prior to termination of employment or retirement are prohibited unless elected by the participant under the following conditions: attaining age 59 ½, establishing permanent and total disability, demonstrating financial hardship, or otherwise allowed by the applicable laws and regulations. The plan will make a mandatory distribution if the participant account is \$5,000 or less. Benefits under the plan will generally be paid in cash only.

NOTE C – INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Trust Company, FSB, Nationwide Life Insurance Company, and Bridges Trust Company (the trustees of the Plan).

NOTE D – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification No. 820 (ASC 820) *Fair Value Measurements and Disclosures* (formerly Statement No. 157, *Fair Value Measurement*), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC No. 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS - Continued

For the Years Ended December 31, 2024 and 2023

NOTE D – FAIR VALUE MEASUREMENTS – Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment securities: Valued at the net asset value of units held by the Plan at year end adjusted for the daily asset management charge.

Self-Directed Accounts: Accounts contain mutual funds, exchange traded funds, common stocks, limited partnerships, and cash equivalents that are valued on the basis of readily available determinable market prices. Also included are non-publicly traded common stock, and corporate and municipal bonds, which are valued at fair value using pricing from various sources such as issuer, investment manager, fund accountant, etc. or default price if a price is not provided.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2024.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment securities	\$ 56,665,978	\$ --	\$ --	\$56,665,978

NOTES TO FINANCIAL STATEMENTS - Continued

For the Years Ended December 31, 2024 and 2023

NOTE E – GUARANTEED INVESTMENT CONTRACT WITH NATIONWIDE LIFE INSURANCE COMPANY (NATIONWIDE)

The Plan has a fully benefit-responsive guaranteed investment contract with Nationwide totaling \$926,102 and \$938,742 as of December 31, 2024 and 2023, respectively. Nationwide maintains the contributions in a general account and guarantees the principal of contributions, transfers, and interest earned on those contributions and transfers, less any changes under the contract. The interest rate is reviewed, and changed if applicable, each calendar quarter based upon an interest rate calculated by Nationwide and credited to the guaranteed fund. Any change in interest rate is effective at the beginning of each calendar quarter.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Nationwide, represents contributions and transfers made under the contract, plus interest, less participant withdrawals, and administrative expenses. Participants may ordinarily direct withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Any employer initiated transfers of assets to a new investment vehicle or provider, or other cash payments resulting from a termination of the Plan or reduction in the number of participants, which is the result of any change in the Plan or action taken by the Employer, are subject to a liquidation charge, which would limit the ability of the Plan to transact at contract value with Nationwide. No such events are probable of occurring that might limit the ability of the Plan or participants to transact at contract value.

NOTE F – RELATED PARTY TRANSACTIONS

A party-in-interest, as defined by Section 3(14) of ERISA, includes, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, loans to participants are considered party-in-interest transactions. Fees incurred by the Plan to the trustee for investment and trust services amounted to \$87,912 and \$114,470 for the years ended December 31, 2024 and 2023, respectively. There were no fees payable at December 31, 2024 and 2023, respectively.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company retains the right under the Plan to discontinue its matching contributions at any time or to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become fully vested in their accounts and the assets will be distributed as determined by the Plan.

MDWest, One P.C. Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS - Continued

For the Years Ended December 31, 2024 and 2023

NOTE H – TAX STATUS

The Plan adopted a prototype non-standardized profit sharing plan with CODA that has received an opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the non-standardized plan was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

NOTE J – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
