**FINANCIAL STATEMENTS**

Years Ended December 31, 2024 and 2023

## INDEPENDENT AUDITORS' REPORT

To the Board of Directors of the  
Betebough Companies Employee Stock Ownership Plan

### Opinion on 2024 Financial Statements

We have audited the financial statements of the Betebough Companies Employee Stock Ownership Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statement of net assets available for benefits as of December 31, 2024, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion on 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the 2024 Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter - Supplemental Schedule Required by ERISA**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Other Matter - Auditors' Report on the 2023 Financial Statements**

The 2023 financial statements of the Plan were audited by predecessor auditors whose report dated October 1, 2024, expressed an unmodified opinion on those financial statements.

## NOTES TO FINANCIAL STATEMENTS

### ( 1 ) Description of plan

The following description of the Betenbough Companies Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

**General** - The Plan was established effective January 1, 2004, as a leveraged employee stock ownership plan ("ESOP") sponsored by Betenbough Companies, PBC (the "Company") for the benefit of its employees, except for those employees covered by a collective bargaining agreement, certain nonresident aliens, employees classified by the Company as independent contractors, and employees designated as "Class 2" and "Class 3" (effective January 1, 2024) employees in the Company's payroll records. Participating employers in the Plan are Betenbough Homes, LLC and Betenbough Business Services, LLC. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code ("IRC") of 1986, as amended and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by the Company's Board of Directors. A third-party bank is the Plan's trustee.

**Plan amendments** - Effective January 1, 2023, the Plan was amended to exclude employees designated as "Class 2" employees in the Company's payroll records from participating in the Plan.

Effective July 15, 2023, the Plan was amended to allow participants to elect a "2023 in-service distribution." The 2023 in-service distribution allows a participant who is an eligible participant, a current employee of the Company, and has attained the age of 58 as of December 31, 2022, to elect a distribution of all or a portion of the participant's vested account.

Effective January 1, 2024, the Plan was amended to exclude employees designated as "Class 3" employees in the Company's payroll records from participating in the Plan.

**Employer contributions** - The Company is required to make contributions to the Plan in such amounts necessary for the Plan to satisfy any currently payable principal and interest of the notes payable (see Note 5) and required repurchase of stock from plan participants. The Company also has the authority to make discretionary, annual contributions to the Plan. Employee contributions are not permitted.

**Participant accounts** - The Plan is a defined contribution plan under which separate individual accounts are established for each participant. Two separate accounts (a stock account and a cash account) are maintained for each participant in the Plan. Each participant's account is credited with allocations of (a) the Company's contributions (stock or cash), (b) plan earnings (losses), and (c) forfeitures. Contributions and forfeitures are allocated in the same ratio that each participant's eligible compensation for the plan year bears to the aggregate eligible compensation of all participants. Earnings (losses) are allocated based on each participant's account balance as a share of the aggregate account balances of all participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### ( 1 ) Description of plan (continued)

**Vesting** - Participant account balances become 20% vested after two years of service, increasing 20% for each additional year through the sixth year, at which time the participant is fully vested. Participants who take a distribution and are not 100% vested forfeit the unvested portion of their account that is then available for the distribution among the remaining plan participants.

**Distributions to participants** - Distributions are made as permitted in the plan agreement for reasons that include death, termination of service, or diversification. Before a distribution is made, the fair value of an eligible participant's account as of the most recent valuation date is determined. The Company Board of Directors directs the trustee to distribute the eligible participant's vested account balance in cash or in shares of the company stock to a put option.

Distributions due to retirement of service after or upon attaining age 65 may commence as soon as administratively possible. Distributions due to death or terminations other than retirement will commence in the year following the close of the Plan year in which the Participant's death or termination occurs. If a participant's vested account balance is \$1,000 or less, the distribution will occur as soon as administratively possible in a single lump sum. 2023 in-service distributions were payable in a lump sum as soon as practicable.

**Put option** - Under federal income tax regulations, the company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

**Diversification** - Diversification is offered to participants close to retirement so that they have the opportunity to move part of the value of their investment in Company stock into investments that are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan ("Qualified Participant") may elect to diversify up to 25% of their account. Qualified Participants who reach age 55 are allowed for six successive years, the option to diversify up to 50% of their account. Participants who elect to diversify receive a distribution in the form of company stock, which must be immediately sold to the Company for its cash value. Participants have the option to choose a direct rollover to another qualified plan or a distribution made to the participant.

**Forfeitures** - Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the plan year. For the year ended December 31, 2024, a total of 227.8404 non-vested shares with a value of \$874,107 and cash of \$30,001 were reallocated to participant accounts. For the year ended December 31, 2023, a total of 255.1876 non-vested shares with a value of \$925,609 and cash of \$14,880 were reallocated to participant accounts.

## NOTES TO FINANCIAL STATEMENTS

### ( 1 ) Description of plan (continued)

**Voting rights** - The Trustee shall vote all Company stock held by it as part of Plan assets. If the trustee does not timely receive voting directions from a participant or beneficiary with respect to Company stock allocated to that participant's or beneficiary's account, the Trustee shall vote such Company stock. The Trustee is required to vote any unallocated shares on behalf of the collective best interest of the plan participants and beneficiaries.

### ( 2 ) Summary of significant accounting policies

**Basis of accounting** - The financial statements of the Plan are prepared on the accrual method of accounting.

**Use of estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

**Allocations** - The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares were released from collateral and became allocated generally in the period in which debt service is actually paid.

**Investment valuation and income recognition** - The shares of Company stock are valued at fair value. See Note 4 for discussions of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of benefits** - Benefits are recorded when paid.

**Administrative expenses** - All administrative expenses of the Plan are paid by the Company.

**Reclassification** - Certain items from the 2023 financial statements have been reclassified to conform with the 2024 presentation. Such reclassification had no effect on the total net assets available for benefits.

## NOTES TO FINANCIAL STATEMENTS

### ( 3 ) Investments

The Plan's investments in Company stock at December 31, 2024 and 2023, are presented in the following table:

	December 31, 2024		December 31, 2023	
	Allocated	Unallocated	Allocated	Unallocated
Company stock:				
Number of shares	30,214	61,576	29,333	63,867
Cost	\$ 10,032,246	\$ 110,205,111	\$ 7,664,840	\$ 115,270,060
Estimated fair value	\$ 115,915,198	\$ 236,234,588	\$ 106,395,826	\$ 231,656,038

### ( 4 ) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

- Level 1      Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2      Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3      Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

## NOTES TO FINANCIAL STATEMENTS

### ( 4 ) Fair value measurements (continued)

*Company stock:* The Company stock held by the Plan is valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of Company assets and liabilities.

*Money market fund:* Valued at the net asset value of shares held by the Plan at year end. The fund is valued at the closing price on the active market on which the security is traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	<b>Investments at Fair Value as of December 31, 2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Betenbough Companies, PBC common stock	\$ -	\$ -	\$ 352,149,786	\$ 352,149,786
Money market fund	18,779	-	-	18,779
Total investments at fair value	\$ 18,779	\$ -	\$ 352,149,786	\$ 352,168,565

	<b>Investments at Fair Value as of December 31, 2023</b>

##### Changes in Fair Value of Level 3 Assets and Related Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 investments for the years ended December 31, 2024 and 2023:

	<b>Company Stock</b>	
	<b>Years Ended December 31,</b>	
	<b>2024</b>	<b>2023</b>
Balance, beginning of year	\$ 338,051,864	\$ 348,446,448
Leveraged shares purchased	-	45,892,279
Unrealized gain (loss) relating to instruments still held at the reporting date	19,213,391	(10,394,584)
Distribution of shares to participants, pursuant to put option	(5,115,469)	(45,892,279)
Balance, end of year	\$ 352,149,786	\$ 338,051,864

Unrealized gain (loss) included in changes in net assets for the period above are reported in net appreciation (depreciation) in fair value of investments in the statements of changes in net assets available for benefits.

#### **Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements**

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2024 and 2023, respectively, and the significant unobservable inputs.

<u>Description</u>	<u>Fair Value</u> <u>2024</u>	<u>Fair Value</u> <u>2023</u>	<u>Principal</u> <u>Valuation</u> <u>Techniques</u>	<u>Unobservable Inputs</u>
Betenbough Companies, PBC common stock	\$352,149,786	\$338,051,864	Income	-EBITDA -Free cash flow, debt free -Weighted average cost of capital -Discount rate -Discount for lack of marketability
			Market	-Selection of comparable companies -Multiples used as benchmarks -Discount for lack of marketability

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## BETENBOUGH COMPANIES EMPLOYEE STOCK OWNERSHIP PLAN

### NOTES TO FINANCIAL STATEMENTS

#### ( 5 ) Notes payable

The Plan may enter into acquisition loans with the Company in order to fully meet annual participant distribution requirements. All company stock acquired by the trust with the proceeds of an acquisition loan is added to and maintained in the loan suspense account (unallocated shares) and used as collateral. A portion of the collateralized shares is to be released to participants each year based on the percentage of principal and interest payments to be made on the borrowing in the current year, as compared with the total principal and interest payments to be made in the current year and all future years.

A summary of notes payable issued by the Plan to the Company is as follows (all loans are secured by the unallocated portion of stock acquired):

Loan Date	Loan Amount	Interest Rate	Annual Payment	Loan Balance December 31		Maturity Date
				2024	2023	
2014 Loan	\$ 4,810,862	2.74 %	\$ 315,701	\$ 2,728,891	\$ 2,963,178	December 2034
2015 Loan	1,068,120	2.61 %	69,231	654,628	705,446	December 2035
2016 Loan	787,495	2.26 %	49,377	513,941	550,870	December 2036
2018 Loan	12,000,000	3.22 %	631,514	10,442,846	10,728,890	November 2048
2019 Loan	12,381,758	2.76 %	603,483	10,489,646	10,795,182	July 2048
2021 Loan	45,994,387	1.57 %	1,323,234	43,122,215	43,758,442	July 2070
2023 Loan	45,892,279	4.46 %	2,320,206	45,892,279	45,892,279	October 2073

Principal payments required on the outstanding notes during each of the next five years and thereafter are as follows:

Year ending December 31:

2025	\$ 1,859,687
2026	1,909,015
2027	1,959,827
2028	2,012,024
2029	2,066,101
Thereafter	104,037,792
	\$ 113,844,446

#### ( 6 ) Company contributions

The annual contribution amount is determined at the discretion of the Company's Board of Directors. Contributions made by the Company during the years ended December 31, 2024 and 2023, were in the form of cash. The Company made contributions equal to 17% and 11% of eligible compensation for the years ended December 31, 2024 and 2023, respectively.

# BETENBOUGH COMPANIES EMPLOYEE STOCK OWNERSHIP PLAN

## NOTES TO FINANCIAL STATEMENTS

### ( 7 ) Related party and party-in-interest transactions

The Plan invests in Company common stock and has indebtedness guaranteed by the Company. These transactions qualify as party-in-interest transactions; however, are exempt from the prohibited transaction rules under ERISA. As described in Note 2, the Company pays all plan expenses. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA.

### ( 8 ) Plan termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan the Company Board of Directors directs the trustee to pay all liabilities of the Plan and sell shares of financed Company stock held as collateral to the extent it determines such sale to be necessary in order to repay the loans. Subsequently, the interest of each participant in the trust will be distributed to such participant or their beneficiary at the time prescribed by the Plan terms and the IRC.

### ( 9 ) Tax status

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated February 20, 2018, that the Plan and the related trust are designed in accordance with the applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### ( 10 ) Risks and uncertainties

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market and credit risk, as well as valuation assumptions based on earnings, cash flows, and/or other such techniques. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the values of the common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### ( 11 ) Subsequent events

The Plan has evaluated subsequent events through October 14, 2025, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
