INDEPENDENT AUDITOR'S REPORT

Participants and Administrator of
Intact USA Retirement Savings Plan
Plymouth, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Intact USA Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

Participants and Administrator of
Intact USA Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Intact USA Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INTACT USA RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Intact USA Retirement Savings Plan (the “Plan”), as further described below, provides only general information. Participants should refer to the Plan document and related amendments for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Intact Services USA, LLC (the “Company”), Atlantic Specialty Insurance Company, and A.W.G. Dewar, Inc. (collectively, the “Companies”), indirect and wholly-owned subsidiaries of Intact Insurance Group USA Holdings, Ltd. (“Intact”).

The Plan is designed to comply with Sections 401(a), 501(a) and 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (the “IRC”) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The trustee, record keeper and custodian is Vanguard Fiduciary Trust Company (“Vanguard,” “Trustee,” and “Record Keeper”).

Eligibility: Employees of the Companies are eligible to participate in the Plan on date of hire. Eligible employees who have not enrolled after 60 days of being hired are automatically enrolled in the 401(k) component of the Plan at a 6% employee contribution rate, with contributions invested in the appropriate age-based Target Retirement Trust, unless waived by the employee. In order to receive a non-discretionary profit sharing contribution, as described below, a participant must be an eligible employee on the last business day of the Plan year, typically December 31st of each year. All participants who are not participants in a long-term incentive plan, an incentive compensation program for certain senior level employees, are also eligible to receive an allocation of any additional (variable) non-discretionary profit sharing contribution.

Contributions: Participants may contribute up to 40% of annual compensation, as defined in the Plan document, on a pre-tax, after-tax and/or Roth basis into the 401(k) component of the Plan. Participants may direct their contributions into various investment options offered by the Plan. Employees who contribute to the Plan receive a company match contribution of 100% on up to 3% of their pre-tax, Roth or after-tax contributions (subject to federal limits on allowable contributions in a given year). These employer contributions are invested to mirror the employee contributions, and if no employee contributions, invested in the Plan Qualified Default Investment Alternative (“QDIA”) - the age appropriate Vanguard Target Retirement Trust. Eligible participants who attain age 50 before the end of the Plan year may make catch up contributions to the Plan. Contributions are subject to Internal Revenue Service (“IRS”) limitations.

For the non-discretionary profit sharing contribution, the Company contributes to the Plan, subject to the discretion of the Board of Directors (the “Board”), an amount equal to 3% of eligible compensation, as defined in the Plan document, to eligible participants. The Company, subject to the discretion of the Board, may also make an additional variable contribution of up to 6% of compensation based on the Company’s performance during the respective Plan period. For the years ended December 31, 2024 and 2023, the Company’s variable contribution was 3.8% and 4.2%, respectively. Contributions are subject to certain limitations, as defined in the Plan document.

As described in the nonparticipant-directed investment section below, employer contributions may be made from the nonparticipant-directed investment balance. See further discussion of this in plan transfers/nonparticipant-directed investment section below.

INTACT USA RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the employers' contribution and (b) Plan earnings (losses), net of an allocation of investment fees. Allocations are based on participant earnings (losses) or account balances. Each participant's account is debited by the participant's withdrawals and an allocation of Plan losses and applicable loan fees or administrative expenses, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Vesting in the employers' contribution portion of their accounts is based on years of service. A participant is 100% vested after three years of credited service; no vesting occurs prior to the end of the third year of credited service. Participants with less than three years of service are 100% vested upon termination of employment, if that termination is a result of the sale of a business unit or reduction in force.

Forfeitures: Forfeitures, which result from employee terminations, are used to reduce employer contributions. The balance as of December 31, 2024 and 2023 in the forfeiture account was \$64,064 and \$186,271, respectively. During 2024 and 2023, \$848,416 and \$213,981, respectively, of forfeited funds were used to offset employer contributions. No forfeitures were used to fund the 2024 or 2023 non-discretionary profit sharing contribution funded in 2024 or 2023, respectively.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% as of the beginning of the month in which the loan was made. At December 31, 2024 and 2023, participant loans of \$4,098,335 and \$4,220,236, respectively, were outstanding and are reflected as notes receivable from participants in the statements of net assets available for benefits. As of December 31, 2024 and 2023, the prime rate was 8.31% and 8.20%, respectively. As of December 31, 2024 and 2023, the range of interest rates on loans outstanding was 4.00% to 9.50%.

Payment of Benefits: Following termination of service, death, disability or retirement, a participant (or their beneficiaries upon the death of the participant) may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or substantially equal installments over time, or a combination thereof. The Plan requires participant balances greater than \$1,000 and less than \$5,000 that are not distributed to the participant to be automatically rolled over to an individual retirement account. The Plan requires participant balances less than \$1,000 to be automatically cashed out. In certain circumstances, participants may make voluntary in-service withdrawals and hardship withdrawals if certain criteria are met and subject to certain limitations as outlined in the Plan document.

Expenses: The Plan paid the majority of administrative expenses, including audit and investment management fees, as well as certain administrative and custody fees paid to Vanguard. The Plan incurred \$456,708 and \$493,438 in fees for the years ended December 31, 2024 and 2023, respectively. All participants pay an explicit quarterly fee, instead of the implicit fee included in the fund return.

Investment management fees and operating expenses charged to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

INTACT USA RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Plan Termination: While the Company has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time. In the event the Plan is terminated, the Plan provides that each participant's balance, inclusive of employer contributions, becomes immediately 100% vested and shall be distributed to the participants.

Accrued Administrative and Custody Expenses: Accrued administrative and custody expenses of \$34,850 and \$33,500 at December 31, 2024 and 2023, respectively, represent audit, investment management, Trustee and custodian expenses incurred by the Plan due to be paid at year-end.

Plan Transfers/Nonparticipant-Directed Investments: Assets were transferred from the Company's legacy Qualified Pension Plan, which had excess invested assets after it was terminated. Based on a private letter ruling received from the IRS and in order to properly accept the transfer of assets, the Plan was amended to be considered a Qualified Replacement Plan ("QRP") for tax purposes. At that time, a QRP account (nonparticipant-directed investments) was established within the Plan for these assets. The QRP account will be used to fund the Company's future employer contributions. When the QRP account is used to fund employer contributions, the applicable amount is transferred from the unallocated QRP account and allocated to the accounts of the applicable participants. In September 2022 the remaining assets of \$21,612,138 from the Company's legacy Qualified Pension Plan were transferred into the QRP account. This balance will be used to fund future non-discretionary profit sharing contributions.

Related to the 2024 plan year, \$11,611,323 was transferred from the QRP account to fund the 2024 non-discretionary profit sharing and allocated to participant accounts in 2024. The 2024 transfers to participant-directed investment amount disclosed in Note 5 of \$11,544,619 is the amount related to the 2023 contribution that was funded in 2024 (cash basis).

Related to the 2023 plan year, \$11,544,618 was transferred from the QRP account to fund the 2023 non-discretionary profit sharing and allocated to participant accounts in 2024. The 2023 transfers to participant-directed investment amount disclosed in Note 5 of \$10,298,473 is the amount related to the 2022 contribution that was funded in 2023 (cash basis).

As of December 31, 2024, the amount remaining in the QRP account was \$1,017,569. In 2025, \$1,021,271 was used to partially fund the 2024 non-discretionary profit sharing contribution. The QRP account was used in a manner consistent with first paragraph above and the Company will fund the employer contributions as appropriate going forward.

Plan Transfers: Effective February 28, 2022, the Royal Sun Alliance Insurance Agency 401(k) Plan merged into the Plan. As disclosed in the prior year financial statements, net assets of \$17,735,046 were transferred into the Plan in connection with the merger. During 2024, the Plan received a residual transfer of \$1,467 related to this prior merger.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies, which conform to accounting principles generally accepted in the United States of America (“GAAP”), have been used consistently in the preparation of the Plan’s financial statements and notes to the financial statements.

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan’s investments are stated at fair value. Many factors are considered in arriving at fair value. Where observable inputs are not available, the estimated fair value is based upon internal pricing models using assumptions that include inputs that may not be observable in the marketplace but which reflect management’s best judgment given the circumstances and consistent with what other market participants would use when pricing such instruments.

Registered investment companies are valued at the net asset value (NAV) as reported by a national securities exchange at year-end. Collective trust funds are valued using NAV as a practical expedient, as reported by fund managers or as reported in the audited financial statements of the funds. The collective trust funds do not have any unfunded commitments nor include circumstances in which an otherwise redeemable investment might not be redeemable (for instance, investment that is subject to a lockup period).

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

(Continued)

INTACT USA RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

In accordance with the policy of stating investments at fair value, the Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Employee and Employer Contributions: The Plan records employee and employer contributions in the period in which they are earned.

Notes Receivable from Participants: Participant loans are recorded at unpaid principal plus accrued but unpaid interest. The notes receivable have no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Benefit Payments: Benefit payments are recorded when paid.

Risks and Uncertainties: The Plan provides various investment options which are exposed to various risks such as interest rate, liquidity, credit, and market risks, including global events. Due to the level of risk associated with certain investment options, and a level of uncertainty related to changes in the value of investment options, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company (the trustee of the Plan).

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1:* Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2:* Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

(Continued)

INTACT USA RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. Transfers between hierarchy measurement levels are recognized by the Plan as of the beginning of the reporting period.

The fair value measurements at December 31, 2024 and 2023 and the hierarchy level in which the fair values fall are as follows:

	Fair Value Measurements at December 31, 2024		
	Total	Level 1	NAV
Registered investment companies	\$ 433,377,606	\$ 433,377,606	\$ -
Collective trusts*	389,054,280	-	389,054,280

Collective trusts*	396,354,652	-	396,354,652
Total investments, at fair value	\$ 771,976,070	\$ 375,621,418	\$ 396,354,652

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the Statements of Net Assets Available for Benefits.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

A party-in-interest is defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

The Plan invests in shares of mutual funds managed by an affiliate of Vanguard and a stable value fund and collective trusts issued by Vanguard. Vanguard acts as Trustee for all plan assets and, therefore, these transactions and the Plan's payment of fees to Vanguard qualify as party-in-interest transactions.

Notes receivable from participants also reflect party-in-interest transactions.

NOTE 7 – TAX STATUS

The IRS has determined that the Plan is designed in accordance with applicable sections of the IRC by a letter dated October 27, 2017. Although the Plan has been amended since receiving the determination letter, management believes the Plan operates in accordance with the IRC; therefore, no provision for income taxes is required.

GAAP requires Plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Department of Labor or IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.
