Independent Auditor's Report

To the Participants and Plan Administrator of the
Data and Contact Management Solutions, LLC 401(k) Retirement Plan
Minneapolis, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Data and Contact Management Solutions, LLC 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The ERISA-Required supplemental schedule of delinquent participant contributions for the year ended December 31, 2024 and the schedule of assets (held at end of year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that it is agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the ERISA-Required supplemental schedules, we evaluated whether the ERISA-Required supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the ERISA-Required supplemental schedules, other than the information in the ERISA-Required supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the ERISA-Required supplemental schedules agree to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Data and Contact Management Solutions, LLC 401(k) Retirement Plan

Notes to Financial Statements

1. Description of Plan

The following description of Data and Contact Management Solutions, LLC 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Data and Contact Management Solutions, LLC; DCM Services, LLC; and Forte, LLC (collectively the Company, Sponsor, or DCM) who are both 18 years of age or older and have completed six months of service, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC).

Eligibility

All employees of the Company, except for union employees, leased employees and non-resident aliens, are eligible to make elective deferral contributions and receive matching contributions and profit sharing contributions on the first day of each Plan quarter, coincident with or next following the date the employee attains age 18 and completed six (6) months of service.

Contributions

Each year participants may contribute their eligible compensation, as defined by the Plan, up to the maximum amount specified by the IRC. Participants who have attained 50 years of age or older may make catch-up contributions to the Plan equal to the maximum allowed by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions and all Company contributions into various investment options offered by the Plan. The Company made matching contributions equal to fifty percent of the first five percent of eligible compensation to the Plan in 2024. Additional discretionary profit sharing contributions may be contributed at the option of the Company's board of directors to all eligible participants who are employed by the Company on December 31 of the Plan year. During the year ending December 31, 2024, the Company contributed \$553,602 of matching contributions and no discretionary profit sharing contributions to the Plan.

Contributions in excess of IRC limitations are returned to participants when determined.

Participants' Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, allocations of the Company's contributions, and allocations of Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations of earnings are based on participant earnings or account balances, as defined by the Plan. Allocations of administrative expenses are based on participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Data and Contact Management Solutions, LLC 401(k) Retirement Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their contributions, rollover contributions, and all Company matching contributions plus actual earnings or less actual losses thereon.

Vesting in the discretionary profit sharing contributions is based on years of continuous service. A participant vests 20% each year until becoming 100 percent vested after five years of service. Participants also become fully vested upon death, total disability, or attainment of age 65.

Administration of the Plan

Principal is the recordkeeper and trustee of the Plan.

Notes Receivable from Participants

Participants may borrow from his or her account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Participants can initiate up to three loans per year and may have only one loan outstanding at any given time. These notes are then held in the trust and reflected as notes receivable from participants in the accompanying financial statements. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined at the time of the loan by the Plan administrator. Generally, principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the note is for the purchase of the participant's primary residence. All loans are due-in-full upon termination of employment.

Payment of Benefits

Upon termination of service due to death or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or installments over a period not to exceed the participant's life expectancy. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In the absence of specific instruction from the participant, distributions between \$1,000 and \$4,999 will be automatically rolled over into a safe harbor investment retirement account and distributions less than \$1,000 will be automatically paid in a lump sum distribution.

In-Service Withdrawals

Participants may take an in-service withdrawal upon reaching normal retirement age of 65. In addition, participants who experience a qualifying financial hardship may withdraw all or part of their vested account, as defined in the Plan Document. Hardship withdrawals are approved only if they conform to the Plan provisions and established Internal Revenue Code (IRC) safe harbors.

Data and Contact Management Solutions, LLC 401(k) Retirement Plan

Notes to Financial Statements

Forfeited Accounts

Forfeited accounts are first used to pay the Plan's administrative expenses, then to reduce future employer contributions and finally allocated to participants' accounts. At December 31, 2024 and 2023 there were no forfeited amounts.

Administrative Expenses

The Company and Plan share in the administrative expenses of the Plan. The Plan pays for investment advisory fees and loan and distribution fees. In addition, investment related expenses are included in net appreciation on the statement of changes in net assets available for benefits.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements were prepared using the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value.

Fair value is the estimated amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Data and Contact Management Solutions, LLC 401(k) Retirement Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expense and are expensed as incurred. No allowance for credit losses has been recorded at December 31, 2024 and 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2024 and 2023, there were no amounts allocated to accounts of persons who had elected to withdraw from the Plan, but had not yet been paid.

3. Investments, at Contract Value

The Plan has an investment in the Standard Stable Asset Fund II (Fund) which is a group annuity contract that offers a full guarantee on principal and interest by the Standard Insurance Company (Issuer). The contracts are fully benefit responsive.

The Fund qualifies as a fully benefit-responsive investment contract because it meets all of the following criteria:

- a) The investment contract is effected directly between the Fund and the Issuer and prohibits the Fund from assigning or selling the contract or its proceeds to another party without the consent of the Issuer.
- b) The contract Issuer is obligated to (i) repay principal and interest, or (ii) apply prospective crediting rate adjustments with an assurance the crediting rate will not be less than zero.
- c) The terms of the investment contract require all permitted participant-initiated transactions with the Fund to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those transactions allowed by the underlying defined-contribution plan, such as withdrawals for benefits, loans or transfers to other funds within the Plan.
- d) An event that limits the ability of the Fund to transact at contract value with the Issuer (for example, premature termination of the contracts by the Fund, plant closings, plan termination, bankruptcy, mergers and early retirement incentives) and that also limits the ability of the Fund to transact at contract value with the participants in the Fund must be probable of not occurring.
- e) The Fund itself must allow participants reasonable access to their funds.

Data and Contact Management Solutions, LLC 401(k) Retirement Plan

Notes to Financial Statements

Investment contracts held in the Fund are recorded at their contract value. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or withdrawal restrictions may apply. The Plan Sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected.

4. Investments, at Fair Value

In accordance with the *FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, the Plan utilizes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy and corresponding inputs to the valuation methodology are described below:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly such as quoted prices for identical or similar assets in inactive markets, quoted prices for similar assets and liabilities in active markets, or other inputs derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset;

Level 3 - Prices or valuations that require inputs that are unobservable and significant to the fair value measurement.

As required by ASC 820, the investment assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan had no investment liabilities as of December 31, 2024 and 2023, respectively. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Data and Contact Management Solutions, LLC 401(k) Retirement Plan

Notes to Financial Statements

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31, 2024 and 2023.

<i>December 31, 2024</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 19,382,572	\$ -	\$ -	\$ 19,382,572
Investments, at fair value	\$ 19,382,572	\$ -	\$ -	\$ 19,382,572

<i>December 31, 2023</i>	Fair Value Measurements			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 15,949,249	\$ -	\$ -	\$ 15,949,249
Investments, at fair value	\$ 15,949,249	\$ -	\$ -	\$ 15,949,249

During 2024, there were no transfers made between Level 1, Level 2 or Level 3 assets.

5. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income (loss), net and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2024, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Data and Contact Management Solutions, LLC 401(k) Retirement Plan

Notes to Financial Statements

6. Tax Status

The Plan obtained its latest opinion letter dated June 30, 2020 in which the Internal revenue Service (IRS) stated that the Plan and related trust, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date. No provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Termination of the Plan

Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the Plan's provisions and regulations of ERISA. In the event of the Plan's termination, any discretionary profit sharing contributions would become fully vested and the assets of the Plan would be distributed in accordance with the Plan agreement.

8. Risks and Uncertainties

The Plan provides for investment in a variety of investment options. Investments in general are exposed to various risk factors, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Related Party and Party-In Interest Transactions

The trustees are not precluded under contract provisions or by ERISA, from executing investment transactions involving assets under the custodians' control. All investment activity and related investment income of the Plan is with the trustee. Fees paid by the Plan for the investment management services amounted to \$78,156 for the year ending December 31, 2024.

Notes receivable from participants qualify as party-in-interest transactions.

Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

Data and Contact Management Solutions, LLC 401(k) Retirement Plan

Notes to Financial Statements

10. Delinquent Participant Contributions

During the Plan year ended December 31, 2024, participant contributions and loan repayments totaling \$126,827 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Employer corrected these transactions during the year.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to form 5500:

<i>Year ended December 31,</i>	2024	2023
Net assets available for benefits per financial statements	\$ 20,096,563	\$ 16,670,354
Deemed loans	(9,477)	(23,915)
Net assets available for benefits per form 5500	\$ 20,087,086	\$ 16,646,439

The following is a reconciliation of net increase per the financial statements to form 5500:

<i>Year ended December 31,</i>	2024
Net increase per financial statements	\$ 3,426,209
Change in deemed loans	14,438
Net income per form 5500	\$ 3,440,647

12. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2025 the date the financial statements were available to be issued.
