- (2) ☐ **I** (Financial Information – Small Plan)
- (3) ☐ **A** (Insurance Information) – Number Attached 0
- (4) ☒ **C** (Service Provider Information)
- (5) ☒ **D** (DFE/Participating Plan Information)
- (6) ☐ **G** (Financial Transaction Schedules)

**Part III Form M-1 Compliance Information (to be completed by welfare benefit plans)**

**11a** If the plan provides welfare benefits, was the plan subject to the Form M-1 filing requirements during the plan year? (See instructions and 29 CFR 2520.101-2.) ..... ☐ Yes ☐ No

If "Yes" is checked, complete lines 11b and 11c.

**11b** Is the plan currently in compliance with the Form M-1 filing requirements? (See instructions and 29 CFR 2520.101-2.) ..... ☐ Yes ☐ No

**11c** Enter the Receipt Confirmation Code for the 2024 Form M-1 annual report. If the plan was not required to file the 2024 Form M-1 annual report, enter the Receipt Confirmation Code for the most recent Form M-1 that was required to be filed under the Form M-1 filing requirements. (Failure to enter a valid Receipt Confirmation Code will subject the Form 5500 filing to rejection as incomplete.)

**Statement by Enrolled Actuary**  
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

| Part I | Service Provider Information (see instructions) |
|--------|-------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

- a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No
- b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

|                                                                                                            |
|------------------------------------------------------------------------------------------------------------|
| (b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation |
| THE NORTHERN TRUST COMPANY                                                                                 |
| 36-1561860                                                                                                 |

|                                                                                                            |
|------------------------------------------------------------------------------------------------------------|
| (b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation |

**Part I Service Provider Information (continued)**

**3.** If you reported on line 2 receipt of indirect compensation, other than eligible indirect compensation, by a service provider, and the service provider is a fiduciary or provides contract administrator, consulting, custodial, investment advisory, investment management, broker, or recordkeeping services, answer the following questions for (a) each source from whom the service provider received \$1,000 or more in indirect compensation and (b) each source for whom the service provider gave you a formula used to determine the indirect compensation instead of an amount or estimated amount of the indirect compensation. Complete as many entries as needed to report the required information for each source.

| (a) Enter service provider name as it appears on line 2             | (b) Service Codes<br>(see instructions)                                                                                                                            | (c) Enter amount of indirect compensation |
|---------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------|
|                                                                     |                                                                                                                                                                    |                                           |
| (d) Enter name and EIN (address) of source of indirect compensation | (e) Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation. |                                           |
|                                                                     |                                                                                                                                                                    |                                           |
| (a) Enter service provider name as it appears on line 2             | (b) Service Codes<br>(see instructions)                                                                                                                            | (c) Enter amount of indirect compensation |

| <b>1</b> Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. <b>Round off amounts to the nearest dollar.</b> MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions. |                               |                       |                 |
| Assets                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                               | (a) Beginning of Year | (b) End of Year |

| <b>l</b> Transfers of assets:                                                 |              |  |         |
| (1) To this plan .....                                                        | <b>2l(1)</b> |  |         |
| (2) From this plan .....                                                      | <b>2l(2)</b> |  |         |

**Part III Accountant's Opinion**

**3** Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

**a** The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

**b** Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

**c** Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **COHNREZNICK LLP**

(2) EIN: **33-4144829**

**d** The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

**Part IV Compliance Questions**

**4** CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

|                                                                                                                                                                                                                                                                                                                  | Yes                                 | No                                  | Amount   |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------|-------------------------------------|----------|
| <b>a</b> Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.) .....                 |                                     | <input checked="" type="checkbox"/> |          |
| <b>b</b> Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.) ..... |                                     | <input checked="" type="checkbox"/> |          |
| <b>c</b> Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.) .....                                                                                                                             |                                     | <input checked="" type="checkbox"/> |          |
| <b>d</b> Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.) .....                                                                                                                  |                                     | <input checked="" type="checkbox"/> |          |
| <b>e</b> Was this plan covered by a fidelity bond? .....                                                                                                                                                                                                                                                         | <input checked="" type="checkbox"/> |                                     | 10000000 |
| <b>f</b> Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty? .....                                                                                                                                                                          |                                     | <input checked="" type="checkbox"/> |          |
| <b>g</b> Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser? .....                                                                                                                                       | <input checked="" type="checkbox"/> |                                     | 2677718  |
| <b>h</b> Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser? .....                                                                                                                             |                                     | <input checked="" type="checkbox"/> |          |
| <b>i</b> Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.) .....                                                                                                                                                   | <input checked="" type="checkbox"/> |                                     |          |
| <b>j</b> Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.) .....                                                                                     | <input checked="" type="checkbox"/> |                                     |          |
| <b>k</b> Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC? .....                                                                                                                                              |                                     | <input checked="" type="checkbox"/> |          |

**14** Enter the number of deferred vested and retired participants (inactive participants), as of the beginning of the plan year, whose contributing employer is no longer making contributions to the plan for:

**a** The current plan year. Check the box to indicate the counting method used to determine the number of inactive participants: ☐ last contributing employer ☐ alternative ☐ reasonable approximation (see instructions for required attachment).....

**14a**

**b** The plan year immediately preceding the current plan year. ☐ Check the box if the number reported is a change from what was previously reported (see instructions for required attachment).....

**14b**

**c** The second preceding plan year. ☐ Check the box if the number reported is a change from what was previously reported (see instructions for required attachment).....

**14c**

**15** Enter the ratio of the number of participants under the plan on whose behalf no employer had an obligation to make an employer contribution during the current plan year to:

**a** The corresponding number for the plan year immediately preceding the current plan year.....

**15a**

**b** The corresponding number for the second preceding plan year.....

**15b**

**16** Information with respect to any employers who withdrew from the plan during the preceding plan year:

**a** Enter the number of employers who withdrew during the preceding plan year.....

**16a**

**b** If line 16a is greater than 0, enter the aggregate amount of withdrawal liability assessed or estimated to be assessed against such withdrawn employers.....

**16b**

**17** If assets and liabilities from another plan have been transferred to or merged with this plan during the plan year, check box and see instructions regarding supplemental information to be included as an attachment..... ☐

## **Part VI Additional Information for Single-Employer and Multiemployer Defined Benefit Pension Plans**

**18** If any liabilities to participants or their beneficiaries under the plan as of the end of the plan year consist (in whole or in part) of liabilities to such participants and beneficiaries under two or more pension plans as of immediately before such plan year, check box and see instructions regarding supplemental information to be included as an attachment..... ☐

**19** If the total number of participants is 1,000 or more, complete lines (a) and (b):

**a** Enter the percentage of plan assets held as:

Public Equity: 44.0 % Private Equity: 1.0 % Investment-Grade Debt and Interest Rate Hedging Assets: 46.0 %

High-Yield Debt: 3.0 % Real Assets: 5.0 % Cash or Cash Equivalents: 0.0 % Other: 1.0 %

**b** Provide the average duration of the Investment-Grade Debt and Interest Rate Hedging Assets:

☐ 0-5 years ☐ 5-10 years ☐ 10-15 years ☒ 15 years or more

**20 PBGC missed contribution reporting requirements.** If this is a multiemployer plan or a single-employer plan that is not covered by PBGC, skip line 20.

**a** Is the amount of unpaid minimum required contributions for all years from Schedule SB (Form 5500) line 40 greater than zero? ☐ Yes ☒ No

**b** If line 20a is "Yes," has PBGC been notified as required by ERISA sections 4043(c)(5) and/or 303(k)(4)? Check the applicable box:

☐ Yes.

☐ No. Reporting was waived under 29 CFR 4043.25(c)(2) because contributions equal to or exceeding the unpaid minimum required contribution were made by the 30th day after the due date.

☐ No. The 30-day period referenced in 29 CFR 4043.25(c)(2) has not yet ended, and the sponsor intends to make a contribution equal to or exceeding the unpaid minimum required contribution by the 30th day after the due date.

☐ No. Other. Provide explanation.....

Independent Auditor's Report

To the Plan Administrator  
Tiffany and Company Pension Plan

*Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Tiffany and Company Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years the ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

*Opinion*

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

*Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

*Supplemental Schedules Required by ERISA*

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) and Schedule of Reportable Transactions (Schedule H, Line 4j) as of or for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The accompanying notes are an integral part of these financial statements.

## TIFFANY AND COMPANY PENSION PLAN

### NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

#### A. DESCRIPTION OF PLAN

The following description of the Tiffany and Company Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Summary Plan Description or the Plan document for complete information.

##### General

The Plan is a defined benefit plan covering substantially all U.S. employees hired before January 1, 2006 of Tiffany and Company (the “Company”), a wholly-owned subsidiary of Tiffany & Co. (the “Tiffany Parent”), and other U.S. subsidiaries of the Parent. The Plan is administered by the Tiffany and Company Pension Plan Committee and all related administrative costs are paid by the Company. All investment management fees are paid by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

##### Pension Benefits

Full-time employees became vested after completing five years of service. Part-time employees became vested after completing five years of service, provided they had completed 1,000 hours of service in each Plan year.

Normal retirement occurs at age 65. Retirement benefits are determined by a formula using the participant's average annual compensation (actual compensation, rather than an estimated full-time equivalent, in the case of part-time employees), covered compensation, credited years of service and maximum amount of compensation in accordance with the Internal Revenue Code (the “Code”).

Any participant who has reached age 55 and completed 10 years of credited service may retire early with a reduced benefit. For retiring employees who work beyond the age of 70 ½, the Plan considers previous mandatory distributions made to such employees when determining the employee's accrued benefit.

The normal method of payment for Plan participants is a monthly benefit payable for the participant's life, with the provision for a reduced monthly benefit payable to the participant's surviving spouse upon death. Certain other payment options are also available.

##### Death and Disability Benefits

If an active employee dies before retirement, a death benefit, determined by a formula, will be paid to the employee's spouse as long as certain criteria are met. In the event of disability, participants receive benefits calculated similarly to regular retirement, except that for the period of disability, the participant's annual compensation will be deemed to be the participant's salary for the 12 months prior to the disability.

#### B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

##### Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

### **Payment of Benefits**

Benefit payments to participants or their beneficiaries are recorded upon distribution.

### **Use of Estimates**

The preparation of financial statements in accordance with U.S. GAAP requires management to make significant estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. These significant estimates include the actuarial present value of accumulated plan benefits and market values of investments. Actual results could differ from those estimates.

### **Risks and Uncertainties**

Plan contributions are determined and the actuarial present value of accumulated plan benefits reported is prepared based on certain assumptions pertaining to interest rates, rates of return on investments, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The Plan invests in a combination of common/collective trusts, bonds, fixed income securities, mutual funds and other investment securities. Investment securities are exposed to various risks, such as credit, interest rate and market risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

### **Investment Valuation and Income Recognition**

Investments in common/collective trusts are stated at estimated fair value, which represents the net asset value ("NAV") of shares held by the Plan at year-end as reported by the investment advisor using the audited financial statements of the common/collective trusts. The NAV is based on the value of the underlying assets owned by the common/collective trusts, minus its liabilities and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value.

Securities traded on the national securities exchange (certain government bonds) are valued at the last reported sales price or closing price on the last business day of the Plan year. Investments traded on the over-the-counter market and listed securities for which no sales were reported (certain government bonds, preferred corporate bonds and mortgage obligations, other corporate bonds and other investments) are valued at the last reported bid price.

Investments in mutual funds are stated at fair value as determined by quoted market prices based on the NAV of shares held by the Plan at year-end. Investments in U.S. equity securities and preferred stock are valued at the closing price reported on the active market on which the individual securities are traded.

The Plan maintains investments in limited partnerships that are valued at estimated fair value based on financial information received from the investment advisor and/or general partner. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value.

Foreign denominated cash is translated at the spot rate at the end of the period.

Investment transactions are reported on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

All of the corporate bonds and mortgage obligations which have been rated “A” or above as of December 31, 2024 and 2023, by Standard & Poor’s rating service or its equivalent, are disclosed as preferred corporate bonds and mortgage obligations. All other corporate bonds are disclosed as other corporate bonds.

### **Net Appreciation in Fair Value of Investments**

The Plan presents in the statements of changes in net assets available for benefits the net appreciation in the fair value of its investments, which consists of the realized gains and losses on investments sold during the year and the unrealized appreciation on investments held at the end of the year.

### **C. CONTRIBUTIONS**

Contributions to the Plan are made by the Company and are accrued based on annual funding amounts actuarially determined. The Company’s funding policy is to contribute funds to the Plan as necessary to provide for current service and for any unfunded projected benefit obligation over a reasonable period. To the extent that these requirements are fully covered by assets in the Plan, the Company may elect not to make any contribution in a particular year. No contribution was required in 2024 or 2023 to meet the minimum funding requirements of ERISA. The Company periodically evaluates whether to make discretionary cash contributions to the Plan. The Company did not have a contribution payable in 2024 or 2023.

### **D. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS**

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered as of the benefit information date. Accumulated plan benefits include benefits expected to be paid to (a) retired or vested terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits under the Plan are based on the employees’ five highest years of compensation during their last 10 years of credited service. The accumulated plan benefits for active employees are based on their defined average compensation during the period ending on the benefit information date. Benefits payable under all circumstances – retirement, death, disability and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the benefit information date.

The actuarial present value of accumulated plan benefits computed as of January 1, 2024 is summarized as follows:

*(in thousands)*

Vested benefits:

|                                           |    |                |
|-------------------------------------------|----|----------------|
| Participants currently receiving payments | \$ | 245,054        |
| Terminated vested participants            |    | 84,046         |
| Active participants                       |    | 120,313        |
| Total vested                              |    | <u>449,413</u> |

|                                      |  |              |
|--------------------------------------|--|--------------|
| Non-vested accumulated plan benefits |  | <u>4,743</u> |
|--------------------------------------|--|--------------|

|                                                            |    |                       |
|------------------------------------------------------------|----|-----------------------|
| Total actuarial present value of accumulated plan benefits | \$ | <u><u>454,156</u></u> |
|------------------------------------------------------------|----|-----------------------|

Certain factors which affected the change in the actuarial present value of accumulated plan benefits are as follows:

*(in thousands)*

|                                                                         |            |
|-------------------------------------------------------------------------|------------|
| Actuarial present value of accumulated plan benefits at January 1, 2023 | \$ 474,372 |
| Increase (decrease) during the Plan year attributable to:               |            |
| Benefits paid                                                           | (73,020)   |
| Actuarial losses                                                        | 13,113     |
| Interest                                                                | 31,242     |
| Benefits accumulated and other                                          | 8,449      |
| Net increase                                                            | (20,216)   |
| Actuarial present value of accumulated plan benefits at January 1, 2024 | \$ 454,156 |

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the calculation of the actuarial present value of accumulated plan benefits are as follows:

|                       |   |                                                                                                                                            |
|-----------------------|---|--------------------------------------------------------------------------------------------------------------------------------------------|
| Actuarial cost method | — | Projected unit credit method at January 1, 2024                                                                                            |
| Interest rate         | — | 7.00% at January 1, 2024                                                                                                                   |
| Retirement age        | — | The assumed retirement ages range from 55 to 70 years of age and the weighted average retirement age is 65 years of age at January 1, 2024 |
| Mortality table used  | — | PRI-2012 White Collar Mortality Table using Scale MP-2021 at January 1, 2024                                                               |

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

#### **E. FAIR VALUE MEASUREMENTS**

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal market for the asset or liability in an orderly transaction between market participants on the measurement date. U.S. GAAP establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. U.S. GAAP prescribes three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities, which are considered to be most reliable.

Level 2 - Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 - Unobservable inputs reflecting the reporting entity's own assumptions, which require the most judgment.

Refer to Note C for the valuation methods used to determine the fair value Plan assets.

The following tables provide information by level for assets that are measured at fair value on a recurring basis:

| (in thousands)                                         | Fair Value at<br>December 31,<br>2024 | Fair Value Measurements<br>Using Inputs Considered as |                   |             |

<sup>a</sup> In accordance with ASC 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the Plan's fair value of Plan assets at the end of each respective year.

**F. NET ASSET VALUE PER SHARE**

The following tables set forth a summary of the Plan's investments with a reported NAV per share:

| <i>(in thousands)</i>                                                 | Fair Value Estimated Using Net Asset Value per Share<br>December 31, 2024 |                        |                         |                                     |                                |

\* The fair values of the investments have been estimated using the NAV of the investment.

<sup>a</sup> A&M Capital Partners, L.P. invests in companies that can benefit from access to performance improvement resources and experience, including corporate carve-outs, consolidation strategies, special situations or businesses seeking to address specific operational issues or management needs. These investments cannot be redeemed with the funds. Instead, distributions are received through the liquidation of assets in the fund, which was expected to occur on or before January 2024; however the fund was subsequently extended through January 2026.

<sup>b</sup> ArcLight Energy Partners Fund V, L.P. seeks to generate high current returns and long-term capital appreciation by investing in an appropriate mix of investment opportunities in the power, utility and energy industries and in the infrastructure sector. These investments cannot be redeemed with the funds. Instead, distributions are received through the liquidation of assets in the fund, which occurred in 2022.

<sup>c</sup> NB Co-Investment Partners seeks to achieve favorable risk-adjusted returns by co-investing with premier private equity sponsors in attractive investment opportunities. The fund is primarily focused on making equity and equity-like investments in leveraged buyouts and growth financings on a global basis. These investments cannot be redeemed with the funds. Instead, distributions are received through the liquidation of assets in the fund, which occurred in 2023.

<sup>d</sup> NB Strategic Co-Investment Partners II L.P. was invested in 2012 and seeks to achieve superior risk-adjusted returns by co-investing with private equity firms in attractive investment opportunities. These investments cannot be redeemed with the funds. Instead, distributions are received through the liquidation of assets in the fund, which is expected to occur on or before January 2023; however, the general partners may extend the term for up to two consecutive one-year periods.

<sup>e</sup> Silverpeak Legacy Partners II seeks to make equity and equity-related investments in real estate properties and companies primarily in the Americas, Europe and Asia. These investments cannot be

redeemed with the funds. Instead, distributions are received through the liquidation of assets in the fund. The fund term expired in September 2013 and was not extended further. The partnerships are in the process of an orderly liquidation and will wind-up and dissolve in accordance with the terms set forth in the applicable partnership agreements.

- <sup>f</sup> Silverpeak Legacy Partners III seeks to make equity and equity-related investments in real estate properties and companies primarily in North America, Europe and Asia. These investments cannot be redeemed with the funds. Instead, distributions are received through the liquidation of assets in the fund. The fund term expired in July 2015 and was not extended further. The partnerships are in the process of an orderly liquidation and will wind-up and dissolve in accordance with the terms set forth in the applicable partnership agreements.

## **G. INFORMATION CERTIFIED BY THE TRUSTEE**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the information regarding the Plan as of and for the years ended December 31, 2024 and 2023, included in the Plan's financial statements and supplemental schedules, that was prepared by, or derived from information prepared by The Bank of New York Mellon/BNY Mellon, N.A., the Trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee that such information is complete and accurate.

## **H. PLAN TERMINATION**

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") (a U.S. government agency) up to the applicable limitations.

3. All other vested benefits (that is, vested benefits not insured by the PBGC).

4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. In addition, the Company may be obligated to make termination payments to the PBGC on behalf of participants.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

**I. PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments include common/collective trust funds managed by The Bank of New York Mellon/BNY Mellon, N.A., the Plan Trustee, and, therefore, these transactions qualify as exempt party-in-interest transactions. Investment management fees paid to The Bank of New York Mellon/BNY Mellon, N.A. were \$229,212 in 2024 and \$223,700 in 2023.

**J. TAX STATUS**

The Plan has received a favorable letter of determination from the Internal Revenue Service ("IRS") dated August 7, 2014. In that letter, the IRS stated that the Plan was in compliance with the applicable requirements of the Code subject to the adoption of certain required amendments. The Plan has since been amended to reflect those required amendments. Accordingly, no provision for federal income taxes has been made in the accompanying financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**K. SUBSEQUENT EVENTS**

The Plan has evaluated subsequent events through October 13, 2025, which is the date the financial statements were available to be issued.

## Economic assumptions, continued

|                                  |                                                                                                                                                                                                                                                                                                        |
|----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Salary increases                 | 4.00% per year.                                                                                                                                                                                                                                                                                        |
| Plan-related expenses            | The plan expenses paid from the trust are assumed to be \$956,000.                                                                                                                                                                                                                                     |
| Social Security                  | 2.0% CPI and 2.5% increase in National Average Wage Base.                                                                                                                                                                                                                                              |
| Statutory limits on compensation | Accrued benefits projected to be paid in future years are limited to the maximum presently allowed under IRC §415. Plan compensation is limited to the maximum presently allowed under IRC §401(a)(17). No provision is made for future increases in the maximum annual benefit or compensation limit. |

As permitted by law, rates reflecting stabilization are used to determine the funding target and target normal cost, and thus the minimum required contribution under IRC §430 for the plan. Because these assumptions are subject to a corridor based on average interest rates over a 25-year period, they may differ from (and generally currently are higher than) current market interest rates, and may be inconsistent with other economic assumptions used in the valuation.

Rates not reflecting stabilization are used to determine PBGC variable rate premiums if the alternative method is used, and are used to determine the PBGC FTAP and the PBGC §4010 FS.

## Demographic Assumptions

**Inclusion Date** The valuation date coincident with or next following the date on which the employee becomes a participant.

**New or rehired employees** It was assumed there will be no new or rehired employees.

### Mortality

- **Healthy** Separate rates for non-annuitants and annuitants based on Pri-2012 "Employees" and "Healthy Annuitants" (participants and beneficiaries combined) tables, respectively, without collar or amount adjustments and then projected forward with a generational projection as specified in the regulations under §1.430(h)(3)-1 using the IRS adjusted Scale MP-2021 (i.e., MP-2021 with no mortality improvement for 2020-2023 and future mortality improvement capped at 0.78% for years after 2024).
- **Disabled** Same as described above for Healthy Mortality

**Frequency of optional payment forms** Participants are assumed to elect single life annuity and other optional forms in accordance with past experience and anticipated future experience.

| Payment Form            | Frequency of Retirements |          |
|-------------------------|--------------------------|----------|
|                         | Active                   | Deferred |
| Single Life Annuity     | 60%                      | 80%      |
| 50% Joint and Survivor  | 20%                      | 20%      |
| 100% Joint and Survivor | 20%                      | 0%       |

**Marital percentage and spouse age** 80% of male participants and 60% of female participants are assumed to be married at death. Husbands are assumed to be two years older than their wives.

## Demographic Assumptions

**Retirement rates** 80% of active retirements are assumed to commence payment immediately, while the remaining 20% of active retirements are assumed to defer payment until age 65, if later than the current age.

The expected retirement age (age at which pension commences) for terminated vested participants is assumed to be age 65.

| Percentage assumed to retire during the year |        |
|----------------------------------------------|--------|
| Age                                          | Rate   |
| 55 - 61                                      | 7.0%   |
| 62 - 64                                      | 14.0%  |
| 65                                           | 20.0%  |
| 66 - 69                                      | 25.0%  |
| 70                                           | 100.0% |

## Withdrawal rate<sup>1</sup>

| Age | Rate  |
|-----|-------|
| 30  | 9.00% |
| 35  | 7.00% |
| 40  | 7.00% |
| 45  | 7.00% |
| 50  | 6.00% |
| 55  | 5.00% |
| 60  | 6.00% |
| 65  | 0.00% |

**Timing of benefit payments** Annuity payments are payable monthly at the beginning of the month.

<sup>1</sup> For active employees not eligible for retirement.

| <b>Valuation date</b>            | First day of plan year.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Funding target</b>            | Present value of accrued benefits as required by regulations under IRC §430.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| <b>Target normal cost</b>        | Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year, as required by regulations under IRC §430.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| <b>Actuarial value of assets</b> | <p>Average of the fair market value of assets on the valuation date and the dates 12 and 24 months before the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year).</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.</p> |
| <b>Decrement timing</b>          | The approach used is called rounded middle of year (rounded MOY) decrement timing. Most events are assumed to occur at the middle of year during which the eligibility condition will be met or the start / end date will occur. For death and disability decrements, the rate applied is based on the participant's rounded age (nearest integer age) at the beginning of the year, to align with the methodology generally used to create those rate tables. For retirement and withdrawal decrements, the age is generally the participant's rounded age at the middle of the year.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| <b>Benefits not valued</b>       | The plan pays small benefits (with a present value up to \$7,000) in a single lump sum payment. Such lump sums are not explicitly valued; rather such participants' benefits are valued using the benefit choice assumptions described above.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

### Assumptions rationale

|                                                                       |                                                                                                                                                                                                                                                                                     |
|-----------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Discount rate</b>                                                  | The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.                                                                                                                |
| <b>Plan-related expenses</b>                                          | As required by regulations, plan-related expenses are calculated by estimating the expenses to be paid from the trust during the year (including, for example, expected PBGC premiums and actuarial, accounting, legal, administration and trustee fees to be paid from the trust). |
| <b>Rates of increase in compensation, CPI, and National Wage Base</b> | Assumed compensation increase based on plan sponsor expectations.                                                                                                                                                                                                                   |
| <b>Healthy mortality</b>                                              | Assumptions used for funding purposes are as prescribed by IRC §430(h).                                                                                                                                                                                                             |
| <b>Disabled mortality</b>                                             | Assumptions used for funding purposes are as prescribed by IRC §430(h).                                                                                                                                                                                                             |
| <b>Termination</b>                                                    | Termination rates are based on plan sponsor expectations for the future based on an experience study completed during 2022.                                                                                                                                                         |
| <b>Retirement</b>                                                     | Retirement rates are based on plan sponsor expectations for the future based on an experience study completed during 2022.                                                                                                                                                          |

## SCHEDULE SB ATTACHMENTS

---

### Changes in assumptions and methods

**Changes in  
assumptions since  
prior valuation**

The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC §430.

The mortality table used to calculate the funding target and target normal cost was changed from using a static projection of mortality improvement to a generational projection as required by guidance issued by IRS under IRC §430.

The administrative expense assumption was updated to \$956,000 for 2024.

**Changes in  
methods since  
prior valuation**

None.

### Sources of data and other information

The plan sponsor furnished participant data as of January 1, 2024. Information on benefit payments and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

**Statement by Enrolled Actuary**

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

## Schedule SB – Statement by Enrolled Actuary

|                          |                                  |
|--------------------------|----------------------------------|
| <b>Plan Sponsor</b>      | Tiffany And Company              |
| <b>EIN/PN</b>            | 13-1387680/001                   |
| <b>Plan Name</b>         | Tiffany And Company Pension Plan |
| <b>Valuation Date</b>    | January 1, 2024                  |
| <b>Enrolled Actuary</b>  | Amy Elizabeth Ayres              |
| <b>Enrollment Number</b> | 23-06594                         |

The actuarial assumptions that are not mandated by IRC § 430 and regulations, represent the enrolled actuary's best estimate of anticipated experience under the plan, subject to the following conditions:

The actuarial valuation, on which the information in this Schedule SB is based, has been prepared in reliance upon the employee and financial data furnished by the plan administrator and the trustee. The enrolled actuary has not made a rigorous check of the accuracy of this information but has accepted it after reviewing it and concluding it is reasonable in relation to similar information furnished in previous years. The amounts of contributions and dates paid shown in Item 18 of Schedule SB were listed in reliance on information provided by the plan administrator and/or trustee.

## Schedule SB, Line 22 Description of Weighted Average Retirement Age as of January 1, 2024

The average retirement age for Line 22 was calculated by creating a hypothetical life table with retirement as the only decrement, and then computing the average retirement age for the table.

| Retirement Age                  | Rate of Retirement | Percent of Remaining Actives | Percent of Actives Expected to Retire (2) x (3) | Percent Expected to Commence Immediately | Percent Expected to Defer to Age 65 | Age Multiplied by Percent Retiring (1) x (4) x (5) +65 x (4) x (6) |
|---------------------------------|--------------------|------------------------------|-------------------------------------------------|------------------------------------------|-------------------------------------|--------------------------------------------------------------------|
| 55                              | 7.00%              | 100.00%                      | 7.00%                                           | 80.00%                                   | 20.00%                              | 3.99                                                               |
| 56                              | 7.00%              | 93.00%                       | 6.51%                                           | 80.00%                                   | 20.00%                              | 3.76                                                               |

|----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Salary increases                 | 4.00% per year.                                                                                                                                                                                                                                                                                        |
| Plan-related expenses            | The plan expenses paid from the trust are assumed to be \$956,000.                                                                                                                                                                                                                                     |
| Social Security                  | 2.0% CPI and 2.5% increase in National Average Wage Base.                                                                                                                                                                                                                                              |
| Statutory limits on compensation | Accrued benefits projected to be paid in future years are limited to the maximum presently allowed under IRC §415. Plan compensation is limited to the maximum presently allowed under IRC §401(a)(17). No provision is made for future increases in the maximum annual benefit or compensation limit. |

As permitted by law, rates reflecting stabilization are used to determine the funding target and target normal cost, and thus the minimum required contribution under IRC §430 for the plan. Because these assumptions are subject to a corridor based on average interest rates over a 25-year period, they may differ from (and generally currently are higher than) current market interest rates, and may be inconsistent with other economic assumptions used in the valuation.

Rates not reflecting stabilization are used to determine PBGC variable rate premiums if the alternative method is used, and are used to determine the PBGC FTAP and the PBGC §4010 FS.

## Demographic Assumptions

**Inclusion Date** The valuation date coincident with or next following the date on which the employee becomes a participant.

**New or rehired employees** It was assumed there will be no new or rehired employees.

### Mortality

- **Healthy** Separate rates for non-annuitants and annuitants based on Pri-2012 "Employees" and "Healthy Annuitants" (participants and beneficiaries combined) tables, respectively, without collar or amount adjustments and then projected forward with a generational projection as specified in the regulations under §1.430(h)(3)-1 using the IRS adjusted Scale MP-2021 (i.e., MP-2021 with no mortality improvement for 2020-2023 and future mortality improvement capped at 0.78% for years after 2024).
- **Disabled** Same as described above for Healthy Mortality

**Frequency of optional payment forms** Participants are assumed to elect single life annuity and other optional forms in accordance with past experience and anticipated future experience.

| Payment Form            | Frequency of Retirements |          |
|-------------------------|--------------------------|----------|
|                         | Active                   | Deferred |
| Single Life Annuity     | 60%                      | 80%      |
| 50% Joint and Survivor  | 20%                      | 20%      |
| 100% Joint and Survivor | 20%                      | 0%       |

**Marital percentage and spouse age** 80% of male participants and 60% of female participants are assumed to be married at death. Husbands are assumed to be two years older than their wives.

## Demographic Assumptions

**Retirement rates** 80% of active retirements are assumed to commence payment immediately, while the remaining 20% of active retirements are assumed to defer payment until age 65, if later than the current age.

The expected retirement age (age at which pension commences) for terminated vested participants is assumed to be age 65.

| Percentage assumed to retire during the year |        |
|----------------------------------------------|--------|
| Age                                          | Rate   |
| 55 - 61                                      | 7.0%   |
| 62 - 64                                      | 14.0%  |
| 65                                           | 20.0%  |
| 66 - 69                                      | 25.0%  |
| 70                                           | 100.0% |

## Withdrawal rate<sup>1</sup>

| Age | Rate  |
|-----|-------|
| 30  | 9.00% |
| 35  | 7.00% |
| 40  | 7.00% |
| 45  | 7.00% |
| 50  | 6.00% |
| 55  | 5.00% |
| 60  | 6.00% |
| 65  | 0.00% |

**Timing of benefit payments** Annuity payments are payable monthly at the beginning of the month.

<sup>1</sup> For active employees not eligible for retirement.

## Methods

|                                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
|----------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Valuation date</b>            | First day of plan year.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Funding target</b>            | Present value of accrued benefits as required by regulations under IRC §430.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| <b>Target normal cost</b>        | Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year, as required by regulations under IRC §430.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| <b>Actuarial value of assets</b> | <p>Average of the fair market value of assets on the valuation date and the dates 12 and 24 months before the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year).</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.</p> |
| <b>Decrement timing</b>          | The approach used is called rounded middle of year (rounded MOY) decrement timing. Most events are assumed to occur at the middle of year during which the eligibility condition will be met or the start / end date will occur. For death and disability decrements, the rate applied is based on the participant's rounded age (nearest integer age) at the beginning of the year, to align with the methodology generally used to create those rate tables. For retirement and withdrawal decrements, the age is generally the participant's rounded age at the middle of the year.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| <b>Benefits not valued</b>       | The plan pays small benefits (with a present value up to \$7,000) in a single lump sum payment. Such lump sums are not explicitly valued; rather such participants' benefits are valued using the benefit choice assumptions described above.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

|                                                                       |                                                                                                                                                                                                                                                                                     |
|-----------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Discount rate</b>                                                  | The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.                                                                                                                |
| <b>Plan-related expenses</b>                                          | As required by regulations, plan-related expenses are calculated by estimating the expenses to be paid from the trust during the year (including, for example, expected PBGC premiums and actuarial, accounting, legal, administration and trustee fees to be paid from the trust). |
| <b>Rates of increase in compensation, CPI, and National Wage Base</b> | Assumed compensation increase based on plan sponsor expectations.                                                                                                                                                                                                                   |
| <b>Healthy mortality</b>                                              | Assumptions used for funding purposes are as prescribed by IRC §430(h).                                                                                                                                                                                                             |
| <b>Disabled mortality</b>                                             | Assumptions used for funding purposes are as prescribed by IRC §430(h).                                                                                                                                                                                                             |
| <b>Termination</b>                                                    | Termination rates are based on plan sponsor expectations for the future based on an experience study completed during 2022.                                                                                                                                                         |
| <b>Retirement</b>                                                     | Retirement rates are based on plan sponsor expectations for the future based on an experience study completed during 2022.                                                                                                                                                          |

### Prescribed methods

|                        |                                                                                                                                                                                                                                                                                                                                                |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Funding methods</b> | The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430. |

### Changes in assumptions and methods

**Changes in assumptions since prior valuation**

The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC §430.

The mortality table used to calculate the funding target and target normal cost was changed from using a static projection of mortality improvement to a generational projection as required by guidance issued by IRS under IRC §430.

The administrative expense assumption was updated to \$956,000 for 2024.

**Changes in methods since prior valuation**

None.

### Sources of data and other information

The plan sponsor furnished participant data as of January 1, 2024. Information on benefit payments and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

## Schedule SB, Part V Summary of Plan Provisions

|                                      |                                                                                                                                              |
|--------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eligibility for participation</b> | Completion of one year of service. Effective January 1, 2006, all employees hired after that date are ineligible to participate in the plan. |
| <b>Covered employees</b>             | All employees with completion of one year of service before January 1, 2006.                                                                 |
| <b>Participation date</b>            | Date of becoming a covered employee.                                                                                                         |

### Definitions

|                                            |                                                                                                                                                                                                                                                                                                                                           |
|--------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Vesting service</b>                     | One year for each 1,000-hour calendar year of employment by the Company.                                                                                                                                                                                                                                                                  |
| <b>Pension service</b>                     | Years and months of service as a covered employee.                                                                                                                                                                                                                                                                                        |
| <b>Pensionable pay</b>                     | Base, commission, bonus, premiums and incentives (except stock options or restricted stock). Deferrals under various programs are included in pensionable pay.                                                                                                                                                                            |
| <b>Average earnings</b>                    | The average of the highest 5 of last 10 years of creditable service. Pay years do not have to be sequential.                                                                                                                                                                                                                              |
| <b>Monthly pension benefit</b>             | <p>Greater of (a) and (b):</p> <p>(a) 1% of final average compensation not in excess of Covered Compensation, plus 1.5% of final average compensation in excess of Covered Compensation multiplied by the number of years of creditable service.</p> <p>(b) Minimum annual benefit – \$100 multiplied by years of creditable service.</p> |
| <b>Monthly preretirement death benefit</b> | The greater of the amount which would have been payable to the spouse had the participant retired in his month of death under 100% Joint and Survivor annuity or 20 percent of the participant's annual rate of compensation or reduced 50% joint and survivorship annuity.                                                               |

### Eligibility for benefits

|                                    |                                                                                                                                                                                                                                                                                                                                    |
|------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Normal retirement</b>           | First of month following the attainment of age 65 with five years of pension service.                                                                                                                                                                                                                                              |
| <b>Early retirement</b>            | Age 55 and 10 years of creditable service.                                                                                                                                                                                                                                                                                         |
| <b>Deferred vested termination</b> | Termination for reasons other than death or retirement after completing five years of vesting service.                                                                                                                                                                                                                             |
| <b>Disability</b>                  | Disabled participants in receipt of payments under the Company's Salary Continuance Program, Short Term Disability Insurance Program, or Long Term Disability Insurance Program are continued as participants under this plan, and accrue service until ineligible for further payments under such programs, retirement, or death. |
| <b>Preretirement death benefit</b> | Death while eligible for normal, early, postponed, or deferred vested retirement benefits, with a surviving spouse.                                                                                                                                                                                                                |

### Benefits paid upon the following events

|                                    |                                                                                                                                                                                             |
|------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Normal retirement</b>           | The monthly pension benefit determined as of normal retirement date.                                                                                                                        |
| <b>Early retirement</b>            | Accrued benefit reduced by 5% for each year by which age at early retirement precedes attainment of age 65, down to age 60, and 3% for each further year that payments start before age 60. |
| <b>Postponed retirement</b>        | The monthly pension benefit determined as of the actual retirement date.                                                                                                                    |
| <b>Deferred vested termination</b> | Accrued benefit deferred to age 65 or accrued allowance actuarially reduced for payment commencing at age 55 or later, if the participant terminated with 10 years of creditable service.   |
| <b>Disablement</b>                 | The monthly pension benefit determined as of the date of the disablement, payable immediately without reduction for early commencement.                                                     |

### Other plan provisions

---

**Forms of payment** Forms of payment include: Life annuity, joint and survivorship annuity with 50%, 66-2/3%, 75% or 100% continuation, and a Social Security level Income Option eligible for participants who qualify for Early Retirement. Normal form of payment for single is life annuity and reduced joint and survivor 50% for married.

### Other plan provisions, continued

**Pension increases** None.

**Plan participants' contributions** None.

**Maximum limits on benefits and pay** All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes take effect.

### Future plan changes

No future plan changes were recognized in determining pension cost or in determining minimum contributions. WTW is not aware of any future plan changes which are required to be reflected.

### Changes in benefits valued since prior year

There have been no changes in benefits valued since the prior year other than increases in statutory pay and benefit limits.

| To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan. |                         |

## Schedule SB – Statement by Enrolled Actuary

|                          |                                  |
|--------------------------|----------------------------------|
| <b>Plan Sponsor</b>      | Tiffany And Company              |
| <b>EIN/PN</b>            | 13-1387680/001                   |
| <b>Plan Name</b>         | Tiffany And Company Pension Plan |
| <b>Valuation Date</b>    | January 1, 2024                  |
| <b>Enrolled Actuary</b>  | Amy Elizabeth Ayres              |
| <b>Enrollment Number</b> | 23-06594                         |

The actuarial assumptions that are not mandated by IRC § 430 and regulations, represent the enrolled actuary's best estimate of anticipated experience under the plan, subject to the following conditions:

The actuarial valuation, on which the information in this Schedule SB is based, has been prepared in reliance upon the employee and financial data furnished by the plan administrator and the trustee. The enrolled actuary has not made a rigorous check of the accuracy of this information but has accepted it after reviewing it and concluding it is reasonable in relation to similar information furnished in previous years. The amounts of contributions and dates paid shown in Item 18 of Schedule SB were listed in reliance on information provided by the plan administrator and/or trustee.

## Schedule SB, Line 22 Description of Weighted Average Retirement Age as of January 1, 2024

The average retirement age for Line 22 was calculated by creating a hypothetical life table with retirement as the only decrement, and then computing the average retirement age for the table.

| Retirement Age                  | Rate of Retirement | Percent of Remaining Actives | Percent of Actives Expected to Retire (2) x (3) | Percent Expected to Commence Immediately | Percent Expected to Defer to Age 65 | Age Multiplied by Percent Retiring (1) x (4) x (5) +65 x (4) x (6) |
|---------------------------------|--------------------|------------------------------|-------------------------------------------------|------------------------------------------|-------------------------------------|--------------------------------------------------------------------|
| 55                              | 7.00%              | 100.00%                      | 7.00%                                           | 80.00%                                   | 20.00%                              | 3.99                                                               |

## Schedule SB, Part V Statement of Actuarial Assumptions/Methods

### Economic assumptions

#### Interest rate basis

- Applicable month    September
- Yield curve basis    3-Segment Rates

#### Rates not reflecting stabilization

| Rate                | Plan Year |       |
|---------------------|-----------|-------|
|                     | 2024      | 2023  |
| First Segment Rate  | 3.62%     | 1.41% |
| Second Segment Rate | 4.46%     | 3.09% |
| Third Segment Rate  | 4.52%     | 3.58% |

#### Rates reflecting stabilization

| Rate                | Plan Year |       |
|---------------------|-----------|-------|
|                     | 2024      | 2023  |
| First Segment Rate  | 4.75%     | 4.75% |
| Second Segment Rate | 4.87%     | 5.00% |
| Third Segment Rate  | 5.59%     | 5.74% |

## Economic assumptions, continued

|                                  |                                                                                                                                                                                                                                                                                                        |
|----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Salary increases                 | 4.00% per year.                                                                                                                                                                                                                                                                                        |
| Plan-related expenses            | The plan expenses paid from the trust are assumed to be \$956,000.                                                                                                                                                                                                                                     |
| Social Security                  | 2.0% CPI and 2.5% increase in National Average Wage Base.                                                                                                                                                                                                                                              |
| Statutory limits on compensation | Accrued benefits projected to be paid in future years are limited to the maximum presently allowed under IRC §415. Plan compensation is limited to the maximum presently allowed under IRC §401(a)(17). No provision is made for future increases in the maximum annual benefit or compensation limit. |

As permitted by law, rates reflecting stabilization are used to determine the funding target and target normal cost, and thus the minimum required contribution under IRC §430 for the plan. Because these assumptions are subject to a corridor based on average interest rates over a 25-year period, they may differ from (and generally currently are higher than) current market interest rates, and may be inconsistent with other economic assumptions used in the valuation.

Rates not reflecting stabilization are used to determine PBGC variable rate premiums if the alternative method is used, and are used to determine the PBGC FTAP and the PBGC §4010 FS.

## Demographic Assumptions

**Inclusion Date** The valuation date coincident with or next following the date on which the employee becomes a participant.

**New or rehired employees** It was assumed there will be no new or rehired employees.

### Mortality

- **Healthy** Separate rates for non-annuitants and annuitants based on Pri-2012 "Employees" and "Healthy Annuitants" (participants and beneficiaries combined) tables, respectively, without collar or amount adjustments and then projected forward with a generational projection as specified in the regulations under §1.430(h)(3)-1 using the IRS adjusted Scale MP-2021 (i.e., MP-2021 with no mortality improvement for 2020-2023 and future mortality improvement capped at 0.78% for years after 2024).
- **Disabled** Same as described above for Healthy Mortality

**Frequency of optional payment forms** Participants are assumed to elect single life annuity and other optional forms in accordance with past experience and anticipated future experience.

| Payment Form            | Frequency of Retirements |          |
|-------------------------|--------------------------|----------|
|                         | Active                   | Deferred |
| Single Life Annuity     | 60%                      | 80%      |
| 50% Joint and Survivor  | 20%                      | 20%      |
| 100% Joint and Survivor | 20%                      | 0%       |

**Marital percentage and spouse age** 80% of male participants and 60% of female participants are assumed to be married at death. Husbands are assumed to be two years older than their wives.

## Demographic Assumptions

**Retirement rates** 80% of active retirements are assumed to commence payment immediately, while the remaining 20% of active retirements are assumed to defer payment until age 65, if later than the current age.

The expected retirement age (age at which pension commences) for terminated vested participants is assumed to be age 65.

| Percentage assumed to retire during the year |        |
|----------------------------------------------|--------|
| Age                                          | Rate   |
| 55 - 61                                      | 7.0%   |
| 62 - 64                                      | 14.0%  |
| 65                                           | 20.0%  |
| 66 - 69                                      | 25.0%  |
| 70                                           | 100.0% |

## Withdrawal rate<sup>1</sup>

| Age | Rate  |
|-----|-------|
| 30  | 9.00% |
| 35  | 7.00% |
| 40  | 7.00% |
| 45  | 7.00% |
| 50  | 6.00% |
| 55  | 5.00% |
| 60  | 6.00% |
| 65  | 0.00% |

**Timing of benefit payments** Annuity payments are payable monthly at the beginning of the month.

<sup>1</sup> For active employees not eligible for retirement.

| <b>Valuation date</b>            | First day of plan year.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Funding target</b>            | Present value of accrued benefits as required by regulations under IRC §430.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| <b>Target normal cost</b>        | Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year, as required by regulations under IRC §430.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| <b>Actuarial value of assets</b> | <p>Average of the fair market value of assets on the valuation date and the dates 12 and 24 months before the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year).</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.</p> |
| <b>Decrement timing</b>          | The approach used is called rounded middle of year (rounded MOY) decrement timing. Most events are assumed to occur at the middle of year during which the eligibility condition will be met or the start / end date will occur. For death and disability decrements, the rate applied is based on the participant's rounded age (nearest integer age) at the beginning of the year, to align with the methodology generally used to create those rate tables. For retirement and withdrawal decrements, the age is generally the participant's rounded age at the middle of the year.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| <b>Benefits not valued</b>       | The plan pays small benefits (with a present value up to \$7,000) in a single lump sum payment. Such lump sums are not explicitly valued; rather such participants' benefits are valued using the benefit choice assumptions described above.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

### Assumptions rationale

|                                                                       |                                                                                                                                                                                                                                                                                     |
|-----------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Discount rate</b>                                                  | The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.                                                                                                                |
| <b>Plan-related expenses</b>                                          | As required by regulations, plan-related expenses are calculated by estimating the expenses to be paid from the trust during the year (including, for example, expected PBGC premiums and actuarial, accounting, legal, administration and trustee fees to be paid from the trust). |
| <b>Rates of increase in compensation, CPI, and National Wage Base</b> | Assumed compensation increase based on plan sponsor expectations.                                                                                                                                                                                                                   |
| <b>Healthy mortality</b>                                              | Assumptions used for funding purposes are as prescribed by IRC §430(h).                                                                                                                                                                                                             |
| <b>Disabled mortality</b>                                             | Assumptions used for funding purposes are as prescribed by IRC §430(h).                                                                                                                                                                                                             |
| <b>Termination</b>                                                    | Termination rates are based on plan sponsor expectations for the future based on an experience study completed during 2022.                                                                                                                                                         |
| <b>Retirement</b>                                                     | Retirement rates are based on plan sponsor expectations for the future based on an experience study completed during 2022.                                                                                                                                                          |

### Changes in assumptions and methods

**Changes in  
assumptions since  
prior valuation**

The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC §430.

The mortality table used to calculate the funding target and target normal cost was changed from using a static projection of mortality improvement to a generational projection as required by guidance issued by IRS under IRC §430.

The administrative expense assumption was updated to \$956,000 for 2024.

**Changes in  
methods since  
prior valuation**

None.

### Sources of data and other information

The plan sponsor furnished participant data as of January 1, 2024. Information on benefit payments and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

## Schedule SB, Part V Summary of Plan Provisions

|                                      |                                                                                                                                              |
|--------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eligibility for participation</b> | Completion of one year of service. Effective January 1, 2006, all employees hired after that date are ineligible to participate in the plan. |
| <b>Covered employees</b>             | All employees with completion of one year of service before January 1, 2006.                                                                 |
| <b>Participation date</b>            | Date of becoming a covered employee.                                                                                                         |

### Definitions

|                                            |                                                                                                                                                                                                                                                                                                                                           |
|--------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Vesting service</b>                     | One year for each 1,000-hour calendar year of employment by the Company.                                                                                                                                                                                                                                                                  |
| <b>Pension service</b>                     | Years and months of service as a covered employee.                                                                                                                                                                                                                                                                                        |
| <b>Pensionable pay</b>                     | Base, commission, bonus, premiums and incentives (except stock options or restricted stock). Deferrals under various programs are included in pensionable pay.                                                                                                                                                                            |
| <b>Average earnings</b>                    | The average of the highest 5 of last 10 years of creditable service. Pay years do not have to be sequential.                                                                                                                                                                                                                              |
| <b>Monthly pension benefit</b>             | <p>Greater of (a) and (b):</p> <p>(a) 1% of final average compensation not in excess of Covered Compensation, plus 1.5% of final average compensation in excess of Covered Compensation multiplied by the number of years of creditable service.</p> <p>(b) Minimum annual benefit – \$100 multiplied by years of creditable service.</p> |
| <b>Monthly preretirement death benefit</b> | The greater of the amount which would have been payable to the spouse had the participant retired in his month of death under 100% Joint and Survivor annuity or 20 percent of the participant's annual rate of compensation or reduced 50% joint and survivorship annuity.                                                               |

### Eligibility for benefits

|                                    |                                                                                                                                                                                                                                                                                                                                    |
|------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Normal retirement</b>           | First of month following the attainment of age 65 with five years of pension service.                                                                                                                                                                                                                                              |
| <b>Early retirement</b>            | Age 55 and 10 years of creditable service.                                                                                                                                                                                                                                                                                         |
| <b>Deferred vested termination</b> | Termination for reasons other than death or retirement after completing five years of vesting service.                                                                                                                                                                                                                             |
| <b>Disability</b>                  | Disabled participants in receipt of payments under the Company's Salary Continuance Program, Short Term Disability Insurance Program, or Long Term Disability Insurance Program are continued as participants under this plan, and accrue service until ineligible for further payments under such programs, retirement, or death. |
| <b>Preretirement death benefit</b> | Death while eligible for normal, early, postponed, or deferred vested retirement benefits, with a surviving spouse.                                                                                                                                                                                                                |

### Benefits paid upon the following events

|                                    |                                                                                                                                                                                             |
|------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Normal retirement</b>           | The monthly pension benefit determined as of normal retirement date.                                                                                                                        |
| <b>Early retirement</b>            | Accrued benefit reduced by 5% for each year by which age at early retirement precedes attainment of age 65, down to age 60, and 3% for each further year that payments start before age 60. |
| <b>Postponed retirement</b>        | The monthly pension benefit determined as of the actual retirement date.                                                                                                                    |
| <b>Deferred vested termination</b> | Accrued benefit deferred to age 65 or accrued allowance actuarially reduced for payment commencing at age 55 or later, if the participant terminated with 10 years of creditable service.   |
| <b>Disablement</b>                 | The monthly pension benefit determined as of the date of the disablement, payable immediately without reduction for early commencement.                                                     |

### Other plan provisions

## SCHEDULE SB ATTACHMENTS

---

**Forms of payment** Forms of payment include: Life annuity, joint and survivorship annuity with 50%, 66-2/3%, 75% or 100% continuation, and a Social Security level Income Option eligible for participants who qualify for Early Retirement. Normal form of payment for single is life annuity and reduced joint and survivor 50% for married.

### Other plan provisions, continued

**Pension increases** None.

**Plan participants' contributions** None.

**Maximum limits on benefits and pay** All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes take effect.

### Future plan changes

No future plan changes were recognized in determining pension cost or in determining minimum contributions. WTW is not aware of any future plan changes which are required to be reflected.

### Changes in benefits valued since prior year

There have been no changes in benefits valued since the prior year other than increases in statutory pay and benefit limits.

The actuarial assumptions that are not mandated by IRC § 430 and regulations, represent the enrolled actuary's best estimate of anticipated experience under the plan, subject to the following conditions:

The actuarial valuation, on which the information in this Schedule SB is based, has been prepared in reliance upon the employee and financial data furnished by the plan administrator and the trustee. The enrolled actuary has not made a rigorous check of the accuracy of this information but has accepted it after reviewing it and concluding it is reasonable in relation to similar information furnished in previous years. The amounts of contributions and dates paid shown in Item 18 of Schedule SB were listed in reliance on information provided by the plan administrator and/or trustee.

# SCHEDULE SB ATTACHMENTS

## Schedule SB, Line 22 Description of Weighted Average Retirement Age as of January 1, 2024

The average retirement age for Line 22 was calculated by creating a hypothetical life table with retirement as the only decrement, and then computing the average retirement age for the table.

| Retirement Age                  | Rate of Retirement | Percent of Remaining Actives | Percent of Actives Expected to Retire (2) x (3) | Percent Expected to Commence Immediately | Percent Expected to Defer to Age 65 | Age Multiplied by Percent Retiring (1) x (4) x (5) +65 x (4) x (6) |
|---------------------------------|--------------------|------------------------------|-------------------------------------------------|------------------------------------------|-------------------------------------|--------------------------------------------------------------------|
| 55                              | 7.00%              | 100.00%                      | 7.00%                                           | 80.00%                                   | 20.00%                              | 3.99                                                               |

## Schedule SB, Part V Summary of Plan Provisions

|                                      |                                                                                                                                              |
|--------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eligibility for participation</b> | Completion of one year of service. Effective January 1, 2006, all employees hired after that date are ineligible to participate in the plan. |
| <b>Covered employees</b>             | All employees with completion of one year of service before January 1, 2006.                                                                 |
| <b>Participation date</b>            | Date of becoming a covered employee.                                                                                                         |

### Definitions

|                                            |                                                                                                                                                                                                                                                                                                                                           |
|--------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Vesting service</b>                     | One year for each 1,000-hour calendar year of employment by the Company.                                                                                                                                                                                                                                                                  |
| <b>Pension service</b>                     | Years and months of service as a covered employee.                                                                                                                                                                                                                                                                                        |
| <b>Pensionable pay</b>                     | Base, commission, bonus, premiums and incentives (except stock options or restricted stock). Deferrals under various programs are included in pensionable pay.                                                                                                                                                                            |
| <b>Average earnings</b>                    | The average of the highest 5 of last 10 years of creditable service. Pay years do not have to be sequential.                                                                                                                                                                                                                              |
| <b>Monthly pension benefit</b>             | <p>Greater of (a) and (b):</p> <p>(a) 1% of final average compensation not in excess of Covered Compensation, plus 1.5% of final average compensation in excess of Covered Compensation multiplied by the number of years of creditable service.</p> <p>(b) Minimum annual benefit – \$100 multiplied by years of creditable service.</p> |
| <b>Monthly preretirement death benefit</b> | The greater of the amount which would have been payable to the spouse had the participant retired in his month of death under 100% Joint and Survivor annuity or 20 percent of the participant's annual rate of compensation or reduced 50% joint and survivorship annuity.                                                               |

### Eligibility for benefits

|                                    |                                                                                                                                                                                                                                                                                                                                    |
|------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Normal retirement</b>           | First of month following the attainment of age 65 with five years of pension service.                                                                                                                                                                                                                                              |
| <b>Early retirement</b>            | Age 55 and 10 years of creditable service.                                                                                                                                                                                                                                                                                         |
| <b>Deferred vested termination</b> | Termination for reasons other than death or retirement after completing five years of vesting service.                                                                                                                                                                                                                             |
| <b>Disability</b>                  | Disabled participants in receipt of payments under the Company's Salary Continuance Program, Short Term Disability Insurance Program, or Long Term Disability Insurance Program are continued as participants under this plan, and accrue service until ineligible for further payments under such programs, retirement, or death. |
| <b>Preretirement death benefit</b> | Death while eligible for normal, early, postponed, or deferred vested retirement benefits, with a surviving spouse.                                                                                                                                                                                                                |

### Benefits paid upon the following events

|                                    |                                                                                                                                                                                             |
|------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Normal retirement</b>           | The monthly pension benefit determined as of normal retirement date.                                                                                                                        |
| <b>Early retirement</b>            | Accrued benefit reduced by 5% for each year by which age at early retirement precedes attainment of age 65, down to age 60, and 3% for each further year that payments start before age 60. |
| <b>Postponed retirement</b>        | The monthly pension benefit determined as of the actual retirement date.                                                                                                                    |
| <b>Deferred vested termination</b> | Accrued benefit deferred to age 65 or accrued allowance actuarially reduced for payment commencing at age 55 or later, if the participant terminated with 10 years of creditable service.   |
| <b>Disablement</b>                 | The monthly pension benefit determined as of the date of the disablement, payable immediately without reduction for early commencement.                                                     |

### Other plan provisions

## SCHEDULE SB ATTACHMENTS

---

**Forms of payment** Forms of payment include: Life annuity, joint and survivorship annuity with 50%, 66-2/3%, 75% or 100% continuation, and a Social Security level Income Option eligible for participants who qualify for Early Retirement. Normal form of payment for single is life annuity and reduced joint and survivor 50% for married.

### Other plan provisions, continued

**Pension increases** None.

**Plan participants' contributions** None.

**Maximum limits on benefits and pay** All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes take effect.

### Future plan changes

No future plan changes were recognized in determining pension cost or in determining minimum contributions. WTW is not aware of any future plan changes which are required to be reflected.

### Changes in benefits valued since prior year

There have been no changes in benefits valued since the prior year other than increases in statutory pay and benefit limits.
