## INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees  
AFL-CIO Deferred Compensation Plan

### Opinion

We have audited the accompanying financial statements of the AFL-CIO Deferred Compensation Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the AFL-CIO Deferred Compensation Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of delinquent participant contributions and of assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## Other Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of administrative expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

## AFL-CIO DEFERRED COMPENSATION PLAN

### NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

#### NOTE 1. DESCRIPTION OF THE PLAN

The following description of the AFL-CIO Deferred Compensation Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General** - The Plan is a deferred compensation/profit-sharing plan, commonly referred to as a 401(k) plan, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions and Vesting** - The Plan allows eligible participants to make the maximum pretax contribution of \$23,000 for 2024 and \$22,500 for 2023, plus an additional \$7,500 catch-up contribution if the participant is age 50 or older in 2024 and 2023. Employers may make matching contributions to the Plan, which are based on a portion of the salary-deferral contributions made by each employee. All participants are 100 percent vested in the current balances of their participant-directed investment accounts.

**Participant-Directed Investment Accounts** - Both the contributions made by an individual participant and the contributions made by their employer are added to the separate account established in each participant's name for each investment option they have selected. These participant-directed investment accounts also receive a proportionate share of the net income, gains and losses generated by each respective investment option.

The Plan offers participants the following investment options for funds managed by T. Rowe Price:

- Capital Appreciation Fund - Invests primarily in common stock which are considered to be undervalued or expected to increase in price over the short-term. This fund also invests in other securities, including convertible securities and corporate and government debt.
- New Horizons Fund (Institutional) - Invests in common stock of small, emerging growth companies. The fund may continue to hold a position in a company that has grown beyond development stage if it still fits the fund's other investment criteria.

## NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

- Retirement Funds - Invests in a diversified portfolio of T. Rowe Price stock and fixed income mutual funds with the objective of the highest total return over time consistent with an emphasis on both capital growth and income. The various retirement funds, except the Retirement Income Fund, have different target allocations for asset classes based on an estimated retirement date as stated in the name of the fund. The Retirement Income Fund invests in a diversified portfolio consisting of stocks and bonds. Retirement funds with longer durations are more heavily weighted with stocks.

The Plan offers participants the following options for funds managed by Vanguard:

- Dividend Growth Equity Fund - Invests primarily in high-quality companies that have prospects for long-term total returns as a result of their ability to grow earnings and their willingness to increase dividends over time.
- Institutional Index Fund - Invests in large-capitalization stocks listed on major U.S. stock exchange by tracking the performance of a benchmark index that measures the investment return of large-capitalization stocks.
- Short-Term Inflation Fund - Invests at least 80% of assets in inflation-indexed bonds issued by the U.S. Government, U.S. government agencies and instrumentalities, corporations and some bonds.
- Developed Markets Index Fund (Institutional) - Invests in companies located in Europe, Asia, and Australia, which make up about 75% of the non-U.S. equity market.
- Extended Markets Index Fund - Invests in a diversified index of stocks of small and medium-size U.S. companies.
- Total Bond Market Index Fund - Invests by sampling the index. The fund holds a broadly diversified collection of securities that in the aggregate approximates the full index.

The Plan offers participants the following options for funds managed by Empower:

- Guaranteed Income Fund - A guaranteed investment fund which invests in a broadly diversified fixed income portfolio within Prudential Retirement Insurance and Annuity Company (PRIAC) general account. Primarily invested in public bonds, commercial mortgages and private placement bonds. Contract designed to provide principal stability and a competitive yield.

**Participant Loans** - The Plan permits participants to borrow up to the lesser of \$50,000 or 50 percent of their participant account balance. Each loan is treated as a directed investment of the participant, and all loan repayments are credited to the participant's selected investment options. All loans carry a reasonable rate of interest and generally require repayment within 5 years. A \$50 application fee is assessed to participants who elect to borrow from their account balance.

## NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

**Administrative Expenses** - The Plan charges basis points per quarter to each participant to cover the administrative expenses of the Plan. During the December 2020, Board of Trustees (Board) meeting, the Board approved suspending the quarterly administrative charge effective for the second quarter of 2021. Subsequently, when the charges resumed in the third quarter of 2022, the Board reduced the quarterly charge from seven basis points to six basis points. The Board later reduced the quarterly charge from six basis points to five basis points to be charged to participants starting January 1, 2023. As allowed by the Plan provisions, two employers elect to pay those charges on behalf of their employees rather than have the charges applied to the accounts. During the years ended December 31, 2024 and 2023, the Plan received payments from these two employers for administrative expenses which totaled \$14,663 and \$68,996 respectively. These amounts are included in other income in the accompanying financial statements. The amounts accumulated in excess of annual expenses as of December 31, 2024 and 2023 are approximately \$388,000 and \$310,000, respectively.

**Revenue Sharing** - The Plan has an agreement with Empower whereby Empower shares a portion of the fees from their managed mutual funds with the Plan, known as "revenue sharing." For 2024 and 2023, Empower shared \$19,035 and \$17,488, respectively, with the Plan, of which \$7,809 and \$10,583, respectively, was allocated to each participant (except as described in the sentence below) with a balance, as of the day of the allocation, based on the participant's average daily balance in the investments that give rise to the "revenue sharing". The remaining revenue-sharing amounts were used toward administrative expenses that would otherwise be payable by the two employers that pay administrative expenses on behalf of their employees instead of being allocated to their employees' accounts. These amounts totaled \$11,226 and \$6,905 for the years ended December 31, 2024 and 2023, respectively.

**Distributions** - Distributions are made upon termination of employment, financial hardship, retirement or death, and based on current law regarding required minimum distributions, as provided for under the Plan document.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Method of Accounting** - The financial statements have been prepared using the accrual basis of accounting. Under this basis, revenue is recognized when earned and expenses are recognized when incurred, except for benefits which are recognized when paid.

**Investment Valuation and Income Recognition** - Investment in the Prudential Retirement Guaranteed Income Fund, a fully benefit-responsive investment contract, is reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to the fully benefit-responsive investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

All other investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians, which includes publicly quoted market prices.

Purchases and sales of securities are reported on a trade-date basis. Interest income is reported as received. Dividends are reported on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

**Loans Receivable from Participants** - Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded as earned. Related fees are recorded as administrative expenses and are expensed when they are taken out of participant's accounts. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

**Contributions** - Increases to participant accounts result from employee and employer contributions, and income/loss allocations. Employer and employee contributions are directly invested into each participant's account.

Contributions to the Plan are invested as directed by the participant in one or more investment accounts. Participants choose one or more of these investment accounts in accordance with their own investment goals. Poor investment performance by the investment accounts selected by the participants may cause their vested balance to be lower than the amounts contributed to the Plan.

**Administrative Expenses** - Total administrative expenses for the years ended December 31, 2024 and 2023 were \$211,196 and \$238,670, respectively, which were allocated as described in Note 1.

**Use of Estimates** - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual amounts could differ from those estimates.

## NOTE 3. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

### NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table sets forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	December 31, 2024			
	Total	Quoted Market Price for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 83,165,825	<u>\$ 83,165,825</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value*				
Common collective trusts	<u>57,549,607</u>			
Total		<u>\$ 141,015,432</u>		

\*In accordance with Accounting Standards Codification, investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

### NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	December 31, 2023			
	Total	Quoted Market Price for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Investments measured at net asset value*				
Common collective trusts	<u>49,031,325</u>			
Total	<u>\$ 129,633,502</u>			

\*In accordance with Accounting Standards Codification, investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

*Mutual funds:* Mutual funds are traded in active markets on national and international securities exchanges and are valued at closing prices on the last business day of each period.

Authoritative guidance permits the Plan to measure the fair value of an investment in an investment entity that does not have a readily determinable fair value based upon the net asset value (NAV) per share, or its equivalent. The guidance does not apply if it is probable that the investment will be sold at a value different than NAV. The Plan's investments in these entities are valued using the units of participation representing an undivided interest in the underlying assets of the trust. The following tables summarize the Plan's investments in certain entities that calculate NAV per share as the fair value measurement as of December 31, 2024 and 2023, by investment strategy:

	2024			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Period Notice
Common collective trusts	\$ 57,549,607	\$ -	Daily	None
	2023			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Period Notice
Common collective trusts	\$ 49,031,325	\$ -	Daily	None

### NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following summarizes the investment strategy for each of the Plan's investments in the table on the previous page:

*Common collective trusts:* The Plan's investment in common collective trusts consists of several target date retirement funds each of which reports as a direct filing entity (DFE) to the Department of Labor.

### NOTE 4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan participates in a contract with Prudential via an investment in the Prudential Retirement Guaranteed Income Fund which is a traditional fully benefit-responsive investment contract. The account is credited with earnings at a fixed interest rate on the underlying investments and is charged for plan withdrawals. As described in Note 2, because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract.

Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. There were no reserves against contract value for credit risk of the contract issuer or otherwise. Prudential is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. Such interest rates are reviewed and reset on a semi-annual basis. For the years ended December 31, 2024 and 2023, the crediting interest rate in the Prudential Retirement Guaranteed Income Fund was as follows:

January 1, 2023 - June 30, 2023:	1.90%
July 1, 2023 - December 31, 2023:	1.95%
January 1, 2024 - June 30, 2024:	2.05%
July 1, 2024 - December 31, 2024:	2.10%

The following table summarizes the balance in the investment contracts as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Traditional investment contracts	<u>\$ 12,031,616</u>	<u>\$ 14,425,950</u>

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on Prudential's ability to meet their financial obligations. Prudential's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

#### **NOTE 4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (CONTINUED)**

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) certain amendments to the plan documents (including complete or partial plan termination), (2) termination of the contract or breach of a provision of the contract by the Plan, or (3) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which might limit the Plan's ability to transact at contract value with participants, is probable.

The contract permits Prudential to terminate the contract with appropriate notice to the Plan. Such termination might cause the contract to settle at an amount different from contract value.

#### **NOTE 5. TAX STATUS**

The Plan obtained its latest determination letter dated November 21, 2013 in which the Internal Revenue Service stated that the Plan was a qualified plan under the provisions of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting standards provide consistent guidance for the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribe a threshold of "more likely than not" for recognition and derecognition of tax positions taken or expected to be taken in a tax return. The Plan performed an evaluation of uncertain tax positions for the years ended December 31, 2024 and 2023 and determined that there were no matters that would require recognition in the financial statements. As of December 31, 2024, the statute of limitations for the tax years 2021 through 2023 remains open with the U.S. federal jurisdiction and the various states and local jurisdictions in which the Plan file returns.

#### **NOTE 6. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

## NOTE 7. PLAN TERMINATION

The Plan may be terminated if all employers withdraw from the Plan. In the event of termination, participants or their beneficiaries will receive the balances in their participant-directed investment accounts after all Plan expenses have been paid.

## NOTE 8. PARTY-IN-INTEREST TRANSACTIONS

For the years ended December 31, 2024 and 2023, certain plan investments were managed by Empower, which also provides recordkeeping services to the Plan. In addition, the Plan pays certain other administrative, investment and professional fees directly to various service providers. Such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

## NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500 as of December 31, 2024 is as follows:

Net asset available for benefits per financial statements	\$ 154,848,763
Deemed participant notes receivable	<u>(220,655)</u>
Net assets per Form 5500	<u>\$ 154,628,108</u>

A reconciliation of payments of benefits expense per the financial statements to benefit payments per Form 5500 for the year ended December 31, 2024 is as follows:

Distributions to participants per financial statements	\$ 12,839,956
Deemed participant notes receivable	<u>220,655</u>
Benefit payments per Form 5500	<u>\$ 13,060,611</u>

## NOTE 10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 1, 2025, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
