Copley Health Systems, Inc. 403(b) Retirement Plan
Morrisville, Vermont

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Copley Health Systems, Inc. 403(b) Retirement Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Copley Health Systems, Inc. 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of Copley Health Systems, Inc. 403(b) Retirement Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in *Note 13* to the financial statements, Copley Health Systems, Inc. 403(b) Retirement Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Copley Health Systems, Inc. 403(b) Retirement Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities

Our responsibility is to conduct an audit of Copley Health Systems, Inc. 403(b) Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Copley Health Systems, Inc. 403(b) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Copley Health Systems, Inc. 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

Note 1. Description of the Plan

The following description of Copley Health Systems, Inc. 403(b) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General

The Plan was adopted effective September 1, 1991. The Plan is a defined contribution plan according to Code Section 403(b) sponsored by Copley Health Systems, Inc. (Organization) for the benefit of its employees. Employees are immediately eligible to participate in the Plan as a contributing participant upon commencement of employment with the Organization.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Matrix Trust Company (Matrix) serves as plan custodian, through November 30, 2023. OneAmerica Retirement Services serves as the third-party administrator, through November 30, 2023. Effective December 1, 2023, T. Rowe Price Trust Company serves as plan custodian and recordkeeper.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Organization make annual pretax contributions of up to 100% of eligible compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Employee rollover contributions are also permitted.

Effective November 1, 2021, for employees who have attained age 19 and two years of service, the Plan provides a discretionary nonelective feature for certain eligible employees, excluding those who are nonunion per diem, and provides a discretionary match for eligible employees who are nonunion. The discretionary contribution was funded at a rate determined by management in the amount of 4%, 2%, 1%, or 0.5% of plan year compensation for eligible employees in the union or per diem class employees, respectively. Contributions are subject to certain limitations. During the plan years ended December 31, 2024 and 2023, the discretionary match was determined to be a match of 50% or 8% of compensation.

Effective December 1, 2024, the Plan was amended to remove the previously specified formula of the discretionary nonelective contribution, although management determined the rate was funded using the same formula through year end.

Participant Investment Account Options

Each participant has the option of directing their contributions as well as the Organization's contributions into any of the various investment options offered by the Plan and may change the allocation daily.

Alternatively, participants may elect to have a self-directed brokerage account. Participants can invest in index or mutual funds and money market accounts.

The plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer 4% of eligible compensation unless the participant makes an affirmative election otherwise.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Organization's contributions, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Copley Health Systems, Inc. 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may have a maximum of two loans outstanding at one time. The loans are secured by the balance in the participant's account. All loans are repayable over a period not to exceed five years (or 15 years in the case of a loan used to purchase the participant's principal residence) through payroll deductions unless the participant is paying the loan in full. The interest rate on the loans is equal to 1% above the Wall Street Journal prime rate.

Vesting

Participants are immediately vested in their voluntary contributions as well as the Organization's contribution plus earnings thereon.

Participants as of November 1, 2021, are immediately vested in their employer nonelective contributions (plus earnings thereon). Participants hired on or after November 1, 2021, will be fully vested in their employer nonelective or employer match contributions (plus earnings thereon) after completing three years of service.

Payment of Benefits

Upon termination of service, a participant may elect to receive the vested interest in their account in the form of a lump-sum, installment, or annuity payment. Withdrawals other than for termination are permitted under circumstances provided by the Plan.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$7,360 and \$9,419, respectively. These accounts will be used to reduce Organization contributions or to pay plan expenses. During 2024 and 2023, forfeitures of \$29,437 and \$0 were used to reduce the Organization's contributions, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Copley Health Systems, Inc. 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Carrying amounts for cash equivalent accounts, such as cash sweep accounts, approximate fair value. Money market funds and mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Organization or the Plan, at the Organization's discretion.

The Plan has a nonallocated expense budget account. The purpose of this account is to pay necessary an reasonable plan related expense in accordance with the Department of Labor's guidance. The Organization is responsible for determining what expenses the third-party administrator will reimburse from the account. Funds utilized from this account include fund asset fees which are included in net investment income on the statement of changes and net assets available for benefits and fees paid to manage the Plan's investments which are included in administrative expenses on the statement of changes in net assets available for benefits. Additions to the expense budget account were \$13,987 and \$0 for 2024 and 2023, respectively. Expense budget accounts utilized amounted to \$0 during 2024 and 2023. The account's balance at December 31, 2024 and 2023, was \$13,987 and \$0, respectively.

Note 3. Certification of Plan Custodians

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix and T. Rowe Trust Company, both qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income (loss) and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023 .

Copley Health Systems, Inc. 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year-end) as of December 31, 2024.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 4. Plan Document Restatement and Change in Custodian

Effective December 1, 2023, the Plan was restated and T. Rowe Price Trust Company, was appointed as the Plan's new custodian and T. Rowe Price Retirement Plan Services, Inc., was appointed as the Plan's recordkeeper. In connection with the change in service providers, the Plan was restated effective December 1, 2023, and the Plan's assets were transferred from Matrix Trust Company to T. Rowe Price Trust Company. Plan assets transferred to the new custodian were transferred into funds comparable to those offered by the previous custodian. The conversion initiated a "Black Out" period beginning November 28, 2023, that continued through the week of December 22, 2023. During the period, funds could not be diversified or withdrawn from the Plan until the recordkeeper had time to accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions and the contributions were deposited based upon existing investment elections. At the end of the "Black Out" period, participants were able to access their accounts.

Note 5. Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Notes to Financial Statements
December 31, 2024 and 2023

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2024 and 2023 :

	Fair Value	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
December 31, 2024				
Mutual funds	\$ 45,567,452	\$ 45,567,452	\$ -	\$ -
Self-directed brokerage accounts	721,992	721,992	-	-
Total	<u>\$ 46,289,444</u>	<u>\$ 46,289,444</u>	<u>\$ -</u>	<u>\$ -</u>
	Fair Value	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
December 31, 2023				
Mutual funds	\$ 40,619,325	\$ 40,619,325	\$ -	\$ -
Self-directed brokerage accounts	969,890	969,890	-	-
Total	<u>\$ 41,589,215</u>	<u>\$ 41,589,215</u>	<u>\$ -</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2024 and 2023. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 6. Investment Contract with American United Life Insurance Company

The Plan has a fully benefit-responsive investment contract with American United Life Insurance Company (AULIC), who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

Copley Health Systems, Inc. 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

The AUL Stable Value Account Series G, an investment contract, is fully benefit responsive; therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by AULIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Contract value of the AUL Fixed Account Fund at December 31, 2023, was \$0. The contract was terminated effective November 30, 2023.

Note 7. Investment Contract with Standard Insurance Company

The Plan has a fully benefit-responsive group annuity contract with Standard Insurance Company (SIC), who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The APEX Guaranteed Fixed Interest Fund Y, a group annuity contract, is fully benefit responsive; therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by SIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Contract value of the APEX Guaranteed Fixed Interest Fund at December 31, 2024 and 2023, was \$3,929,633 and \$4,908,534, respectively.

Notes to Financial Statements
December 31, 2024 and 2023

Note 8. Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Through November 30, 2023, certain plan investments are a fixed account management by American United Life Insurance Company, an affiliate of OneAmerica Retirement Solutions, the third-party administrator for the plan.

Effective December 1, 2023, certain plan investments are managed by T. Rowe Price. T Rowe Price Trust Company serves as the custodian and recordkeeper for the Plan, and therefore, these transactions qualify as party-in-interest transactions.

The Plan paid administrative expenses of \$66,811 and \$1,474, to T. Rowe Price during 2024 and 2023, respectively.

The sponsor pays certain other administrative fees related to the Plan's operations and provides certain administrative services at no cost to the Plan.

Note 9. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 10. Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Organization remitted all employee contributions to the Plan for the year ended December 31, 2024, the Plan had reportable delinquent contributions of \$498,224, \$471,645, \$807,194, \$413,864, and \$75,426, which were not remitted within the required time period for the years ended December 31, 2023, 2022, 2021, 2020, and 2019, respectively.

Note 11. Tax Status

The Plan operates under a volume submitter 403(b) plan sponsored by OneAmerica Financial Partners, Inc through December 1, 2023. This volume submitter plan document has been filed with the appropriate agency and has obtained an advisory letter dated November 22, 2017, from the Internal Revenue Service stating that the volume submitter satisfies the requirements under Section 403(b) of the Internal Revenue Code.

Effective December 1, 2023, the Plan operates under a volume submitter 403(b) plan sponsored by FIS Business Systems, LLC. This volume submitter plan document has been filed with the appropriate agency and has obtained an advisory letter dated March 31, 2017, from the Internal Revenue Service stating that the volume submitter satisfies the requirements under Section 403(b) of the Internal Revenue Code

Copley Health Systems, Inc. 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

The volume submitter plan has been amended since the issuance of the advisory letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and not subject to tax.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 12. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023, to Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 51,143,358	\$ 47,278,590
Deemed defaulted loans	(76,788)	-
Net assets available for benefits per Form 5500	<u>\$ 51,066,570</u>	<u>\$ 47,278,590</u>

The following is a reconciliation of net increase per the financial statements at December 31, 2024 and 2023 , to Form 5500:

	<u>2024</u>	<u>2023</u>
Net increase per the financial statements	\$ 3,864,768	\$ 5,001,285
Change in deemed defaulted loan balance	(76,788)	64,397
Net increase per Form 5500	<u>\$ 3,787,980</u>	<u>\$ 5,065,682</u>

Additionally, for financial statement reporting, revenue sharing credits are netted with administrative expenses. For Form 5500 purposes, administrative expenses are shown gross of revenue sharing credits and those credits are reported as other income.

Note 13. Annuity and Custodial Accounts Excluded From the Financial Statements

As permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, (FAB 2009-02), the plan administrator has elected to exclude certain annuity and custodial accounts from the Plan's financial statements. These contracts and custodial accounts were limited to employee contributions held under a voluntary 403(b) plan arrangement prior to January 1, 2009. The amount of the excluded annuity and custodial accounts at December 31, 2024 and 2023, and the related income and distributions for the years then ended could not be determined.

Note 14. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 15. Plan Restatement

Effective December 1, 2024, the Plan was amended to adopt a fully discretionary nonelective employer contribution rather than having a specific, fixed formula. The adoption agreement also added two participating employers to the Plan: Copley Woodlands and Copley Terrace Project. Hardship withdrawals are no longer allowed to include matching or nonelective contributions, only elective deferrals.

Note 16. Subsequent Events

Subsequent events have been evaluated through October 13, 2025, which is the date the financial statements were available to be issued.
