INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Eos Energy Storage, LLC Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Eos Energy Storage, LLC Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the year ended December 31, 2023 and the initial period from February 1, 2022 to December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023 and the initial period from February 1, 2022 to December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EOS ENERGY STORAGE, LLC RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of Eos Energy Storage, LLC Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the adoption agreement for a more complete description of the Plan's provisions.

General - The Plan, established effective February 1, 2022, is a defined contribution retirement plan covering substantially all full-time, non-union employees of Eos Energy Storage, LLC (the "Sponsor"), who are 21 years of age or older. Part-time employees (those whose regularly scheduled service is less than 1,000 hours per year) are eligible to participate in the Plan after one year of service. The Plan is qualified under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA). Prior to the establishment of this Plan, many of the participants were employees of ADP TotalSource Group, Inc. under a professional employer organization arrangement and participated in ADP TotalSource Retirement Savings Plan, a multiple-employer plan. Rollover contributions during the initial period from February 1, 2022 to December 31, 2022 include rollovers of \$1,701,482 from the ADP TotalSource Retirement Savings Plan.

Participant Contributions - Participants may elect to contribute pre-tax or post-tax compensation subject to certain limitations under the IRC. The Plan allows for participants who are age 50 or older to make catch-up contributions based on limits established by the IRC and also accepts rollover contributions for eligible employees from other qualified plans.

The Plan's automatic enrollment provision provides for a 3% pre-tax deferral, as defined in the adoption agreement. If eligible employees that are subject to the automatic enrollment do not submit an automatic enrollment waiver or elect a deferral rate, they are automatically enrolled in the Plan. The Plan also provides for automatic escalation of deferrals. The automatic escalation provision applies to all participants who defer at least 1% of compensation, unless and until they make a contrary election after the automatic escalation provision's effective date. On April 1st of each year, participant deferrals are increased by 1% of compensation up to a maximum of 10% of compensation.

Employer Contributions - The Plan provides for an employer funded safe harbor nonelective contribution, which is funded each pay period. The contribution is equal to 3% of each participant's eligible compensation.

The Plan also provides for an annual discretionary nonelective profit sharing contribution. There was no discretionary nonelective profit sharing contribution for the year ended December 31, 2023 or the initial period from February 1, 2022 to December 31, 2022.

Participant Accounts - Participants direct the investment of their account balances and contributions. Each participant's account is credited with the participant's contribution, employer contributions and an allocation of the Plan's earnings on a daily basis. Allocations of plan earnings are based on a participant's account balance as a percentage of the total account balances for the applicable investment option. The benefit to which a participant is entitled is the vested portion of the participant's account.

Investment Options - Participants may direct their contributions and employer contributions into various investment options and may change their investment options at any time.

Vesting - Participants are immediately vested in their voluntary contributions and employer safe harbor nonelective contributions plus actual earnings thereon. The employer discretionary nonelective profit sharing contributions and earnings thereon vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
Greater than or equal to 2 but less than 3	20%
Greater than or equal to 3 but less than 4	40%
Greater than or equal to 4 but less than 5	60%
Greater than or equal to 5 but less than 6	80%
6 and over	100%

Discretionary nonelective profit sharing contributions also vest when participants are employed on or after their normal retirement age.

Forfeitures - Forfeited balances of terminated participants' non-vested accounts may be used to pay for Plan expenses. There were no forfeitures during the year ended December 31, 2023 or the initial period from February 1, 2022 to December 31, 2022.

Notes Receivable from Participants - Participants may borrow a minimum of \$1,000 up to the lesser of 50% of their account balance or \$50,000 from their account. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus a margin of 2% at the time the loan is borrowed. Interest rates on outstanding loans at December 31, 2023 and 2022 ranged from 4% to 10.50%. Repayment is required within five years unless the purpose of the loan is to purchase a principal residence.

Payment of Benefits - On termination of service due to death, disability, or normal retirement, participants may elect to receive the value of their benefits in an annuity, a lump-sum distribution or partial withdrawals subject to required minimum distributions. Terminated employees will receive a lump-sum distribution if their account balance is less than \$5,000. If their account balance is more than \$5,000, the participant must consent to receive a lump-sum distribution. A participant may request a withdrawal from their account based upon financial hardship or at age 59 1/2, as defined by IRC regulations.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Plan's financial statements are prepared under the accrual basis of accounting in conformity with generally accepted accounting principles in the United States of America (U.S. GAAP).

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes in assets and liabilities during the reporting period. Actual results could differ from these estimates.

Investment Valuation and Income Recognition - Investments are carried at their fair value based upon published quotations or, in the absence of readily ascertainable market values, at such values as the custodians determine. Purchases and sales of investments are recorded on a trade-date basis. Interest income is on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The guaranteed investment contract is reported at contract value, which is the relevant measurement attribute because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 4).

U.S. GAAP establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.
- Level 2 Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Contributions - Participant contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings. Employer safe harbor nonelective contributions and discretionary nonelective profit sharing contributions are recorded in the period earned.

Refundable Employer Contributions - During the initial period from February 1, 2022 to December 31, 2022, the Sponsor remitted contributions in excess of what was earned under the safe harbor nonelective contribution provisions of the Plan. The amount remitted in excess of what was earned is reflected as refundable employer contributions as of December 31, 2023 and 2022. The Sponsor did not make any corrective distribution during the year ended December 31, 2023 and is evaluating resolution of the refundable employer contributions.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants or related to distributions are charged directly to the respective participant's accounts and are included in the administrative expenses.

Subsequent Events - Management has evaluated subsequent events through December 18, 2024, the date which the financial statements were available to be issued.

3. INVESTMENTS

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Investments in mutual funds are valued at quoted market prices in an exchange and active market, which represent the net asset values of shares held at year end (Level 1 measurement).

Collective Investment Trusts (CITs): Each CIT invests in a collective trust fund as well as a variety of separate accounts and mutual funds. The collective trust fund and the separate accounts are not valued using publicly quoted pricing inputs; the mutual funds are valued using publicly quoted pricing inputs. The fair values of all of these investments are used to determine the net asset value (NAV) of each CIT. The NAV is not publicly quoted but is available to current investors. The NAV is the basis for current transactions, and each

CIT can be redeemed at NAV as of the measurement date. Therefore, each CIT has a readily determinable fair value (Level 1 measurement).

Pooled Separate Accounts (PSAs): Each PSA invests mainly in domestic stocks, which are valued using publicly quoted pricing inputs. The fair values of all of these stocks are used to determine the NAV of each PSA. The NAV is not publicly quoted but is available to current investors. The NAV is the basis for current transactions, and each PSA can be redeemed at NAV as of the measurement date. Therefore, each PSA has a readily determinable fair value (Level 1 measurement).

Investments measured at fair value are as follows at December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Mutual funds	\$ 724,588	\$ 490,544
Collective investment trusts	5,403,946	3,133,639
Pooled separate accounts	<u>715,623</u>	<u>482,382</u>
Total	<u>\$ 6,844,157</u>	<u>\$ 4,106,565</u>

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (PLIC). PLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by PLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with PLIC. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5. CERTIFIED FINANCIAL INFORMATION

Principal Life Insurance Company and Principal Trust Company, the custodians, have certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2023 and the initial period from February 1, 2022 to December 31, 2022.
- The accompanying schedule of assets held for investment purposes as of December 31, 2023.

6. PARTIES-IN-INTEREST AND RELATED PARTIES

Certain plan investments in collective trusts, pooled separate accounts and the guaranteed investment contract are managed by Principal Life Insurance Company and Principal Trust Company, the custodians, and affiliated companies. Additionally, the Plan paid certain administrative fees for custodial services. Fees paid by the Plan for custodial services are not considered prohibited transactions under Section 408(b) of ERISA regulations.

Neither the Sponsor nor employees of the Sponsor involved in the administration of the Plan receive compensation from the Plan.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants shall become 100% vested in their accounts.

8. INCOME TAX STATUS

The Plan operates under an adoption agreement in connection with a non-standardized pre-approved profit sharing plan with a cash or deferred arrangement. The IRS issued an opinion letter dated June 1, 2021 indicating that the form of the pre-approved plan is acceptable for use by employers under IRC Section 401. The Plan has been amended subsequent to the date of the IRS determination letter; however, the Sponsor believes that the Plan is currently being administered in compliance with the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Management believes that there is no liability related to uncertain tax positions at December 31, 2023 or 2022. The Plan is subject to tax examination for all periods since its inception.
