## **INDEPENDENT AUDITOR'S REPORT**

To the Trustees of  
Replacement Parts, Inc. 401(k) Retirement Savings Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Replacement Parts, Inc. 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Replacement Parts, Inc. 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and correct.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Replacement Parts, Inc. 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Replacement Parts, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Replacement Parts, Inc. 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Replacement Parts, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, amount other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedules of assets (held at year end) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# **REPLACEMENT PARTS, INC. 401(k) RETIREMENT SAVINGS PLAN**

## **NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2024 AND 2023**

### **Note 1: Description of Plan**

The following description of the Replacement Parts, Inc. 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

#### **General**

The Plan is a defined contribution plan which covers substantially all employees of Replacement Parts, Inc. (the “Employer”) or its affiliates. Employees who have attained age 21, and who have completed six months of service will become eligible to participate in the 401(k) feature and the Employer matching contributions on the first day of the next month after they complete all requirements. Effective January 1, 2024, The Setting Every Community Up for Retirement Enhancement (SECURE) Act extended eligibility for participation in 401(k) plans to certain long-term part-time (LTPT) employees. LTPT employees must have three consecutive years of eligible service beginning in 2021 in order to make deferral contributions into the Plan. Eligible service is defined as at least 500 hours of service for each 12-month eligibility period. The eligibility service window applies for plan years beginning after December 31, 2020, and excludes service before that. The Plan Sponsor may still require the employee to satisfy any minimum age requirements, and can also decide whether LTPT employees will receive any portion of employer contributions. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (“ERISA”).

#### **Plan Amendments**

Effective January 1, 2024, the Plan was amended to change the service requirement for matching contributions and qualified non-elective contributions. Employees must have completed 6 consecutive months of service or, if earlier, upon completion of one year of service for eligibility to receive matching and qualified non-elective contributions. Additionally, the Plan was amended to include periodic payments as a form of benefit payments. Lastly, the Plan switched record keeping services from INTRUST Bank, N.A. to Millman, Inc. on January 1, 2024.

Effective September 1, 2023, the Plan was amended to change the age requirement for in-service withdrawals to from age 62 to age 59 1/2, if fully vested.

#### **Contributions**

Each year, participants may contribute a portion of their annual compensation, as defined in the Plan. Employees are automatically enrolled at 3% of eligible compensation after they satisfy eligibility requirements provided they have not elected out of participating. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. During 2023, a participant was eligible to share in the allocation of an Employer match contribution if, during the plan year, the participant has been credited with at least 1,000 hours of service and is employed on the last day of the Plan year, unless termination is due to retirement, death, or total disability. The Plan contains provisions as to the maximum annual amount of contributions that can be made.

#### **Participant Accounts**

Each participant’s account is credited with the participant’s contributions and allocations of the Employer’s matching contribution, Employer’s profit sharing contribution and Plan earnings/losses. Participants’ accounts will also be charged with an allocation of the Plan’s administrative expenses that are paid by the Plan. Allocations are based on participant compensation and contributions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

# REPLACEMENT PARTS, INC. 401(k) RETIREMENT SAVINGS PLAN

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

### Vesting

Participants are immediately vested in their salary deferrals and non-elective employer contributions plus the income thereon. Participants automatically become 100% vested at normal retirement age, death or disability. If a participant terminates employment for any reason other than death, retirement or disability, the distribution to the participant from their Employer matching contribution account will be limited to the vested portion.

The vested portion is calculated according to the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 3	0%
3	100%

### Investment Options

Upon enrollment in the Plan, a participant may elect to have any portion of his account allocated to the investment options under the Plan. Participants may direct their accounts among the investment options offered under the Plan and may change their investment selections at any time. The Plan currently offers twenty-eight mutual funds and two money market funds available to participants for investment options.

### Forfeitures

The portion of the participant's account to which they are not entitled upon termination of participation is deemed a forfeiture. Forfeitures are first used to restore previous forfeitures of rehired participants. Any remaining forfeitures may be used to pay administrative expenses of the Plan. If forfeitures still remain, they may be deemed a matching contribution for the following plan year. At December 31, 2024 and 2023, forfeited accounts totaled \$5,668 and \$9,180, respectively. During 2024 and 2023, Plan expenses were reduced by \$42,163 and \$65,603, respectively, from forfeited nonvested accounts.

### Payment of Benefits

Upon death, disability or retirement, a participant may elect to receive payment of his or her vested account balance in either a lump-sum distribution or as a direct rollover to an eligible retirement plan. In service withdrawals are available once every calendar year from participants' vested accounts resulting from rollover contributions or if fully vested upon the attainment of age 62 or 59 ½ effective September 1, 2023. Upon proof to the Plan administrator of an immediate financial need permitted by the Plan document, employee deferrals may be withdrawn for a hardship purpose.

### Termination of the Plan

Although it has not expressed the intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the participants become fully vested in their individual accounts. Participants are always fully vested in their employee contributions and related earnings.

### Note 2: Summary of Significant Accounting Policies

#### **Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting. Under the accrual basis of accounting, revenues and expenses, other than benefit payments, together with the related assets and liabilities are recorded in the accounting period to which they apply, regardless of when the cash transaction occurred.

# REPLACEMENT PARTS, INC. 401(k) RETIREMENT SAVINGS PLAN

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

### Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan administrators to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. The Plan's most significant estimate relates to the valuation of investments and it is reasonably possible that a change could occur in the near-term. Actual results could differ from those estimates.

### Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses (realized and unrealized) on investments purchased and sold as well as held during the year.

### Payments of Benefits

Benefits are recorded when paid.

### Administrative Expenses and Fees

Administrative expenses and fees, including expenses and fees connected with the providing of administrative services by external service providers, are paid either by the Plan or the Employer, as provided by the Plan document. Expenses paid by the Employer are excluded from these financial statements. Expenses and fees paid by the Plan totaled \$58,255 in 2024 and \$83,373 in 2023. Investment related expenses are included in net appreciation in fair value of investments on the statements of changes in net assets available for benefits.

### Subsequent Events

The Plan has evaluated all subsequent events for potential recognition and disclosure through October 7, 2025, the date these financial statements were available to be issued.

### Note 3: Fair Value

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

# REPLACEMENT PARTS, INC. 401(k) RETIREMENT SAVINGS PLAN

## NOTES TO FINANCIAL STATEMENTS

### DECEMBER 31, 2024 AND 2023

**Level 2:** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table presents the Plan's hierarchy for its assets measured at fair value on a recurring basis as of December 31, 2024:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual Funds	\$ 37,197,770	\$ 37,197,770	\$ -	\$ -
Money Market Funds	<u>978,012</u>	<u>978,012</u>	<u>-</u>	<u>-</u>
Investments at Fair Value	<u>\$ 38,175,782</u>	<u>\$ 38,175,782</u>	<u>-</u>	<u>\$ -</u>

The following table presents the Plan's hierarchy for its assets measured at fair value on a recurring basis as of December 31, 2023:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual Funds	\$ 32,279,195	\$ 32,279,195	\$ -	\$ -
Money Market Funds	<u>1,935,187</u>	<u>1,935,187</u>	<u>-</u>	<u>-</u>
Investments at Fair Value	<u>\$ 34,214,382</u>	<u>\$ 34,214,382</u>	<u>-</u>	<u>\$ -</u>

Following are the valuation methodologies the Plan uses to measure financial instruments at fair value:

**Mutual Funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Money Market Funds:** Valued at the net asset value of shares held by the Plan at year end.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023, are reported in net appreciation in fair value of investments. The Plan's investments (including realized gains and losses on investments bought, sold, and held during the year as well as unrealized appreciation of the investments held at the end of the year) appreciated in value by \$3,989,066 in 2024 and \$4,570,414 in 2023.

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

### **Note 4: Tax Status**

The IRS has determined and informed the Company by a letter dated September 23, 2022, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Therefore, the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and require Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

### **Note 5: Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### **Note 6: Party-in-Interest Transactions**

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employee association or relatives of such person. Milliman, Inc. is the third party administrator, and Matrix Trust Company is the custodian and trustee of the Plan. They are by definition a party-in-interest and as a result, these transactions were with a party-in-interest.

The Plan incurs expenses related to general administration and recordkeeping. The Plan Sponsor pays these expenses and certain accounting and auditing fees relating to the Plan. These transactions are exempt from being prohibited transactions under ERISA. Fees incurred by the Plan for certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Employer and custodian are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

### **Note 7: Information Prepared and Certified by Custodian**

The Plan's investments are held by Matrix Trust Company, the custodian and trustee. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including cash, investments, and investment income held at and for the years ended December 31, 2024 and 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the custodian and trustee of the Plan, Matrix Trust Company.

### **Note 8: Corrective Distributions Payable**

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding distribution of \$3,192 at December 31, 2024.

## **NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2024 AND 2023**

### **Note 9: Reconciliation with Form 5500**

Certain amounts reported in the Plan's annual Form 5500 for changes in net assets available for benefits are different from the amounts reported in the accompanying financial statements. These differences are due to different presentations of investment income but have no effect on the net assets of the Plan.
