Independent Auditor's Report

To the Participants and Administrator of
Herald Christian Health Center Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Herald Christian Health Center Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Herald Christian Health Center Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements Section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or its derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Herald Christian Health Center Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Herald Christian Health Center Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that included our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of

expressing an opinion on the effectiveness of Herald Christian Health Center Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Herald Christian Health Center Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the

information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Herald Christian Health Center Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Herald Christian Health Center Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The sponsor of the Plan is Herald Christian Health Center (the "Organization") which is a non-profit organization.

General

The Plan is a defined contribution plan and effective on January 1, 2016, the Organization established the Plan (Plan 001) for all eligible full-time employees of the Organization. The effective date for the cash or deferral portion of the Plan was September 1, 2016. Employees of the Organization are eligible to participate in the Plan on either January 1 or July 1, immediately following the date the employee completes 12 months of service with 1000 hours worked and reaches age 21.

The Plan is a defined contribution plan covering all full-time employees of the Company with the exception of any employee (1) who is governed by a collective bargaining agreement, or (2) who is a non-resident alien. The Plan is subject to the provisions of the Employee retirement Income security Act of 1974 ("ERISA").

The Plan provides for a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Organization. The plan administrator and trustee are responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance. Mid Atlantic Trust Company (the "Trustee") is responsible for trustee services, custody and management of the Plan's assets. Mutual of America Security Corp. LLC (the "Recordkeeper") is responsible for recordkeeping services for the Plan.

Contributions

Participants may make voluntary contributions in the form of salary deferrals. Salary is defined as 415 safe harbor compensation. The maximum salary deferral for any plan year is the amount set by Secretary of US Treasury. The Organization matches 100% on the first 4% of the employees' deferral which is calculated once a year. Such matching contribution is usually processed in January of the following year.

Participant Accounts

Each Participant's account is credited with the participant and Organization's contributions and related earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

1. Description of the Plan, continued

Vesting

Participants are immediately vested in their voluntary contributions and Safe Harbor Match plus actual earnings thereon. Vesting in the employer's profit-sharing contributions plus actual earnings thereon is based on years of continuous service as follows:

Vesting Schedule Matching Contributions	
Years of Service	Vesting Percentage
Less than 1	0%
At least 1 year, but less than 2	20%
At least 2 years, but less than 3	40%
At least 3 years, but less than 4	60%
At least 4 years, but less than 5	80%
5 year or more	100%

Deceased and disable participants are immediately 100% vested in all sources.

Investment Elections

The investments of the Plan are self-directed by the participants. Investment elections may be changed at any time.

Payment of Benefits

On termination of service, participants may receive lump-sum amounts, substantially equal installments, or partial withdrawals, equal to the value of their account.

Forfeited Accounts

So far the Plan does not have any forfeitures because the Plan had no profit-sharing contributions from the start of the Plan. There were only salary reductions, Roth and Safe Harbor Match, which are all 100% vested. Therefore, the balances of the forfeited non-vested participant accounts as of December 31, 2024 and 2023 were both \$0.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefits are recorded when paid.

2. Summary of Significant Accounting Policies, continued

Significant Risk and Uncertainty

The fair value of the Plan's assets is subject to change as a result of changes in market rates and prices. A significant change in market rates and prices can significantly reduce the net assets available for Plan benefits and concurrently participant balances. Plans that invest in foreign securities are subject to foreign exchange and political risks among other risks.

Notes Receivable from Participants

Notes receivable are not within the Plan. Participant loans are distributed from the 401(k) Plan according to the allocation selected by the participant, and reapplied back to their account when payments are made. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expense when incurred. As of December 31, 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the term of the Plan document.

Valuation of Investments and Income Recognition

The Plan's investments in the registered investment company accounts are valued at fair value as reported to the Plan by the Recordkeeper. The Plan presents, in the statement of change in net assets available for benefits with fund information, the net appreciation (depreciation) in the fair value of its investments, which consist of the realized gains or losses and the unrealized appreciation (depreciation) of those investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions

Participant contributions are recorded in the period during which the Organization makes payroll deductions from the Plan participants' earnings. Organization contributions are recorded based upon the required Organization matching levels as defined in the Plan agreement.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the administrator and trustee to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at December 31, 2024 and 2023 and the reported amounts of additions to and deductions from net assets for the year ended December 31, 2024. Actual results may differ from those estimates.

Date of Management's Review

Subsequent events were evaluated through October 10, 2025, which is the date the financial statements were available to be issued.

3. Investments

Investments are held in custodial capacity by Mid Atlantic Trust Company, the trustee of the plan. Individual Plan participants direct the transactions that take place in their accounts. Allocations of gains (losses) are at the individual contract level. During the year ended December 31, 2024, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated (depreciated) in value by \$1,620,918 as follows:

Mutual Funds	\$ 1,619,713
Participant Loans	<u>1,205</u>
	<u><u>\$ 1,620,918</u></u>

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from, or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements, continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year end. The NAV is a quoted price in an active market.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

Assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 10,637,685	\$ -	\$ -	\$10,637,685

Assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 7,632,467	\$ -	\$ -	\$7,632,467

5. Participant Notes Receivable

Under the terms of the Plan, participants may borrow from their vested balances, subject to certain limitations as set forth in the Plan and the Internal Revenue Code. The minimum loan amount is \$1,000 and a participant may only have two loans outstanding at any time. The home loan term will be 10 years. The amounts borrowed carry fixed interest rates which are prime + 1%. Loans are repaid by payroll deduction or ACH. There was one employee loan granted during the year ended December 31, 2024. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

6. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

7. Information Prepared and Certified by Trustees (Unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the Plan's trustee, Mid Atlantic Trust Company:

	<u>2024</u>	<u>2023</u>
Investments, at fair value:		
Mutual Funds	\$ 10,637,685	\$ 7,632,467
Notes Receivable	29,251	19,385
Dividend Income	808,111	324,288
Interest Income	1,205	1,839
Net investment gain (loss)	811,602	1,022,366

8. Income Tax Status

The Organization has received a favorable determination letter from the Internal Revenue Service dated June 30, 2020 that the Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Organization is of the opinion that the Plan is currently being operated in compliance with the applicable requirements of the IRC and that the trust, which forms a part of the Plan, is tax exempt. Accordingly, no provision for state or federal income taxes has been provided.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

9. Related Party and Party-in-interest Transactions

Certain Plan investments are held in investments managed by the plan trustee, and these transactions qualify as party-in-interest transactions. Any purchases and sales of these

9. Related Party and Party-in-interest Transactions, continued

funds are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transaction under ERISA. Notes receivable and the related interest income are considered to be related party transactions.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

10. Other Income

The amount of \$414 was the rebates from Dodge & Cox Stock Mutual Fund in 2024.

11. Operating Expenses

During the year of 2024, a total of \$53,905 was charged by Mutual of America with \$4,762 being investment advisory and investment management fees and the rest were for recordkeeping and administration services.

12. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
