Independent Auditor's Report

To the Plan Administrator
Reliable Community Bancshares, Inc. Employee Stock Ownership Plan

Opinion

We have audited the financial statements of Reliable Community Bancshares, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Reliable Community Bancshares, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Reliable Community Bancshares, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Reliable Community Bancshares, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Reliable Community Bancshares, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Reliable Community Bancshares, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Reliable Community Bancshares, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is an employee stock ownership plan established by Reliable Community Bancshares, Inc. (the "Company") and covers all eligible employees of the Company and the Company's subsidiary, Bank of Missouri, (collectively the Plan "Sponsor"). The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan provides eligible employees the opportunity to participate in the ownership of their employer and to accumulate funds for their retirement in a defined contribution plan. Certain management of the Plan Sponsor serve as the Plan's trustees.

At December 31, 2024 and 2023, investments include Plan Sponsor stock ("Company Stock"). All Company Stock is allocated to participants' accounts in accordance with applicable regulations under the IRC.

Eligibility

Employees may become participants following one year and 1,000 hours of service and attaining 21 years of age. Plan entry date is January 1. Employees who have at least 1,000 hours of service during such Plan year and are employed on the last working day of a Plan year are generally eligible for an allocation of Company contributions for such year. Terminated employees who have at least 500 hours of service during a Plan year are eligible for an allocation of Company contributions for such year.

Contributions

The Sponsor may make an annual discretionary contribution to the Plan which is determined by the Sponsor's Board of Directors. Contributions are allocated to eligible participants' accounts based upon the ratio of the participants' eligible compensation of the total eligible compensation for the Sponsor. During the year ended December 31, 2024, the Sponsor made contributions equal to 5% of the eligible compensation of participants totaling \$2,194,118.

Participant Accounts

Each participant's account is credited as of the last day of each Plan year with the allocation of the Sponsor's discretionary contributions, forfeitures, and net Plan income (loss). Allocations are based on the participant's eligible compensation, as defined in the Plan document, relative to total eligible compensation. Plan income (loss) are allocated based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company Stock in investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of the number of shares allocated to their account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify may choose to receive a cash or Company Stock distribution or have amounts subject to diversification invested in one or more investment funds designated by the Plan Sponsor. The election to diversify is made subsequent to year-end based upon the shares of Company Stock in the participant's account at year-end.

Vesting

Vesting is based on years of service. Vesting of the Sponsor contributions is based on the number of years of continuous service as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

Upon death, total disability or attainment of normal retirement age (the later of 5 years of participating or age 65), a participant is also 100 percent vested.

Forfeitures

Forfeitures of the Sponsor's contributions are allocated among the remaining eligible participants as if they were additional Sponsor contributions. Forfeitures of \$70,973 were allocated during 2024. As of December 31, 2024 and 2023, there were no unallocated forfeitures.

Reliable Community Bancshares, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Payment of Benefits

Upon termination of service, a participant or a designated beneficiary will elect to receive a lump-sum payment or substantially equivalent annual installments of cash equal to the value of the participant's vested account balance of the Plan. The installment period may not exceed 5 years.

If a separated participant's vested account balance does not exceed \$1,000, the distribution will be paid as soon as administratively practicable without the participant's consent in the form of a lump-sum distribution. If the participant's account balance exceeds \$1,000, the participant may elect to receive the benefit in a lump sum or installments in accordance with the plan document. Distributions are made in cash or, if a participant elects, in the form of Company Stock plus cash for any fractional share of stock.

Put Option

The Sponsor's stock includes a put option. The put option is a right to demand that the Sponsor buy any shares of their stock distributed to participants for which there is no market. The put price is representative of the fair value of the stock. The purpose of the put option is to ensure that participants have the ability to ultimately obtain liquidity. The Sponsor can pay for stock that is put to them over a period of five years.

No shares of the Sponsor's stock have been distributed to any participant and accordingly, the Sponsor has no current obligation to repurchase any shares from participants.

Voting Rights

In general, voting rights with respect to all shares of the Sponsor's stock are exercised by the Plan Administrator.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the accompanying financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. The valuation of investments in Company Stock is a significant estimate. Actual results may differ from those estimates and are subject to change in the near term.

Reliable Community Bancshares, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities of Company Stock are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Sponsor and are excluded from these financial statements. Investment-related expenses are included in the net depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2025, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Reliable Community Bancshares, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

Note 3: Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Money market account: The money market account is recorded at cost plus accrued interest.

Company stock: Company stock is valued at fair value per share, less a fifteen percent discount for minority interest, based on annual appraisals conducted by an independent valuation firm. The appraisal of Reliable Community Bancshares, Inc. is determined using industry accepted methods for valuation and the market and income approach. The appraisal took into account historical and projected cash flows and net earnings, return on assets, return of equity, market comparables, and applicable discounts and premiums. Plan management accumulates the data for the appraiser from the audited financial statements of the Plan Sponsor. The independent valuation firm prepares a preliminary report which Plan management, along with the trustees, review in detail, discuss, and approve. The independent valuation firm has assigned a current fair (market) value of \$215.81 and \$220.24 per share to the common shares held by the Plan and allocated to participants at December 31, 2024 and 2023, respectively. The appraisals for the fair value per share of Reliable Community Bancshares, Inc. common stock for 2024 and 2023 were completed in March 2025 and March 2024, respectively.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total

Note 3: Fair Value Measurements (Continued)

Investments at fair value in the Plan's common stock as of December 31, are as follows:

	2024	2023
Shares	152,772	153,877
Cost	\$ 20,287,706	\$ 20,204,023
Fair value	\$ 32,969,645	\$ 33,889,864

Note 4: Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Sponsor accounts. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or their beneficiary at the time prescribed by the IRC.

Note 5: Tax Status

The Plan has received a determination letter dated February 20, 2014 from the Internal Revenue Service stating that the Plan and related trust were designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan is currently designed and is being operated in conformity with the IRC and that the Plan's income is exempt from taxation.

Note 6: Risks and Uncertainties

The Plan investments consist primarily of the Company Stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Reliable Community Bancshares, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

Note 7: Related-Party Transactions and Party-In-Interest Transactions

At December 31, 2024 and 2023, certain Plan investments are shares of Company Stock and are held by the trust. At December 31, 2024 and 2023, the Plan's money market account is held by the Plan Sponsor. Sponsor contributions are held and managed by the trustees, which invest cash received, interest, and dividend income, and make distributions to participants.

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. During 2024 and 2023, the Sponsor paid certain administrative and other operating expenses of the Plan.
