INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Frank B. Fuhrer Holdings, Inc.
Union Employees' 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Frank B. Fuhrer Holdings Inc. Union Employees' 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of assets available for benefits as of December 31, 2024 and 2023 and the related statements of changes in assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Merger

As discussed in Note 1 to the financial statements, the Plan administrator of the Frank B. Fuhrer Holdings, Inc. Union Employees 401(k) Plan elected to merge the assets of the plan into a previously established profit sharing plan effective July 1, 2024. The Plan did not change its basis of accounting to the liquidation basis due to insignificant, if any, differences in the values of the net assets or the changes thereto. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one

resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

FRANK B. FUHRER HOLDINGS INC. UNION EMPLOYEES' 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following brief description of the Frank B. Fuhrer Holdings Inc. Union Employees' 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan was a defined contribution plan originally established as of September 1, 1995 as a money purchase plan. In January 2003, the Plan was amended to provide a 401(k) deferral provision. It was subsequently restated effective January 1, 2016 and was further amended effective January 1, 2024. The Plan covered substantially all union employees of Frank B. Fuhrer Holdings, Inc. (the "Company") who have attained the age of 21 years and had at least six months of service. Certain ineligible classes of employees were defined within the plan document, including non-union employees.

Effective July 1, 2024, the Plan merged into the Company's previously established profit sharing plan, with total assets transferred of \$3,346,756, and resulting in the termination of the Plan. The Plan did not change its basis of accounting to the liquidation basis due to the insignificance, if any, difference with the going concern basis.

The Plan was administered by the Company and subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the dates of the financial statements and the reported amounts of increases and decreases in net assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Contributions - Eligible employees were able to contribute between 1% and 100% of compensation as defined by the Plan, subject to certain limitations under the Internal Revenue Code. The Company must contribute an amount necessary to meet the Company's requirements under the collective bargaining agreement. The Company was also able, at its discretion, make additional profit sharing contributions that will be allocated as an equal percentage of each participant's eligible compensation.

Participant Accounts - Each participant's account was credited with the participant's contributions, share of the Plan's earnings and, where applicable, employer contributions. Allocations are based on the participant's earnings or account balances, as defined. The benefit to

which each participant was entitled was the benefit that can be provided from the participant's vested account balance upon termination or retirement.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon, as well as contributions required under the collective bargaining agreement and any discretionary profit sharing contribution.

Distributions - Upon termination of service due to death, termination or disability, the participant, or named beneficiary, had the option of receiving an annuity or a lump sum upon written request to the Plan. If a participant's vested account did not exceed \$5,000, the Plan issued an IRA rollover distribution after giving the participant a reasonable amount of time to make his or her own election under the terms of the Plan. If the participant's account did not exceed \$1,000, the vested account balance was distributed to the participant in cash. In the case of hardship, as defined in the plan document, a distribution of any or all of the participant's elective contribution account was to be made upon written request to the Company.

Notes Receivable from Participants - Participants were able to borrow up to 50% of their account balance up to a maximum of \$50,000. The amount of the loan must be at least \$1,000. Loans accrued interest at a rate equal to the prime rate plus 1% at the inception of the loan and were secured by the participant's account balance. All loans must be repaid in their entirety within five years, unless the purpose of the loan is to purchase a principal residence. The interest rate on the loans outstanding as of December 31, 2023 ranged between 4.25% and 9.50%.

Risks and Uncertainties - The Plan invested in various mutual and exchange traded funds which were exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain mutual funds, it was reasonably possible that changes in the values of mutual funds will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition - The Plan's investments were held by American Funds. Investments were carried at their fair value based on published quotations. The unrealized appreciation/depreciation of investments was determined by the change in current market value from the beginning of the year (if held for the entire year) to the end of the year, or from the date of purchase to the end of the year. The realized appreciation/ depreciation of investments was determined by the change in the current market value from the beginning of the year (if held since the beginning of the year) to the date of sale, or from the date of purchase to the date of sale. Gains and losses on securities sold or redeemed were determined on the basis of specific identification.

Fair Value Measurement - U.S. GAAP establishes a framework for measuring fair value, based upon a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy was based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's money market funds and mutual funds at December 31, 2023 were valued using closing prices reported by the active market on which the individual funds were traded (Level 1) as follows:

Money market funds	\$ 16,099
Mutual funds	<u>2,682,947</u>
Total	<u><u>\$ 2,699,046</u></u>

There have been no changes to the methodologies used at December 31, 2024 and 2023. These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Administrative Costs - Administrative costs were principally paid by the Company. Fees paid by the Plan primarily related to investment or transaction fees.

Subsequent Events - Management has evaluated subsequent events through October 14, 2025, the date which the financial statements were available to be issued.

2. PLAN TERMINATION

The Plan continued without interruption through the merger detailed in Note 1.

3. INCOME TAX STATUS

The Plan was a non-standardized, pre-approved profit sharing plan for which the sponsoring organization has obtained a favorable opinion letter dated June 30, 2020 in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan had since been amended, the plan administrator believes that the Plan was designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt through the merger described in Note 1.

Management believes there is no liability related to uncertain tax positions at December 31, 2024 or 2023. The Plan is no longer subject to tax examinations for the years before December 31, 2021.

4. CERTIFIED FINANCIAL INFORMATION

Capital Bank and Trust Company, the custodian, has certified that the following data included in the accompanying financial statements is complete and accurate:
