## INDEPENDENT AUDITOR'S REPORT

Trustees and Plan Administrator  
Quaint Oak Bancorp, Inc. Employee Stock Ownership Plan

### **Opinion**

We have audited the financial statements of Quaint Oak Bancorp, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024; the related statement of changes in net assets available for benefits for the year ended December 31, 2024; and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**Supplemental Schedule Required by ERISA (Continued)**

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

***2023 Financial Statements***

Management is responsible for the accompanying financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2023, and the related notes to the financial statements, in accordance with accounting principles generally accepted in the United States of America. We have performed our compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants (AICPA). We did not audit or review the financial statements, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

QUAINT OAK BANCORP, INC. EMPLOYEE STOCK OWNERSHIP PLAN  
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following is a general overview of the Quaint Oak Bancorp, Inc. Employee Stock Ownership Plan (the “Plan”). It is intended for informational purposes only and does not include all provisions or details. For a complete and authoritative description, refer to the official Plan document.

General

Quaint Oak Bancorp, Inc. (the “Company”) established the Plan effective January 1, 2007, as a qualified employee stock ownership plan under Section 4975(e)(7) of the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company is responsible for the Plan’s administration and has designated certain individuals and third-party service providers to perform administrative functions.

In 2007, the Plan used proceeds from a bank loan to purchase 222,180 shares (approximately 8%) of the Company’s outstanding common stock. The loan was secured by unallocated shares and had a 15-year term. As of September 30, 2021, the loan was fully repaid and all shares were allocated. Accordingly, the Plan’s financial statements as of December 31, 2024 and 2023, and for the year ended December 31, 2024, separately present the assets, liabilities, and changes therein for (a) accounts of participants with allocated shares and (b) previously unallocated shares.

Eligibility

The Plan covers employees of Quaint Oak Bank who attained age 21 and completed one year of service (defined as 1,000 hours during a 12-month period). No new employees may enter the Plan after January 1, 2025.

Contributions

Employee contributions to the Plan are not permitted. Employer contributions to the Plan are discretionary. Since the Plan’s loan has been repaid, the Company is not obligated to make further contributions. However, cash contributions may be made to repurchase shares from terminated vested participants who elect cash distributions. These shares are reallocated to eligible participants at year-end.

Participant Accounts

Each participant has an individual account credited with allocated shares, forfeitures, and investment earnings or losses. Allocations are made to eligible employees based on compensation and Plan provisions. Only participants employed on the last day of the Plan year (or those who retired, died, or became disabled during the year) are eligible for allocations. Discretionary contributions are allocated proportionally using the following formula:

Employer's Contribution  $\times$  (Participant's Compensation / Total Compensation of All Eligible Participants)

Dividends are allocated based on the number of shares held by the participant at the start of the year less any distribution or forfeitures.

## NOTE 1 – DESCRIPTION OF PLAN (Continued)

### Vesting

Vesting in the Plan is based on completion of credited service years. A credited service year is considered one in which the participant completes at least 1,000 hours of service. Employees become 100 percent vested after five years of service in accordance with the following vesting schedule.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Participants can also become fully vested upon reaching age 65, death, disability, or Plan termination.

### Administrative Expenses

As explained in the Plan document, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses of the Plan.

### Payment of Benefits

Distributions are made upon retirement, death, disability, or other termination events. Participants may elect a lump sum or rollover distribution in cash and/or Company stock with fractional shares distributed in cash. If the vested benefit exceeds \$1,000, participant consent is required. If the Company stock is not readily tradeable on an established securities market, participants may require the Plan or Company to repurchase shares.

### Forfeitures

Forfeitures are allocated to each participant's account based upon participant earnings as described under Participant Accounts. At December 31, 2024 and 2023, there were no unallocated forfeitures or forfeited non-vested accounts. During the year ended December 31, 2024, there were 615 shares of stock and no cash forfeitures allocated to active participants' accounts. Forfeitures may be used to reduce employer contributions, pay administration expenses, or may be reallocated to participants in certain situations.

### Voting Rights

Participants may direct the voting of shares allocated to their accounts. The Trustee will vote shares only as directed by participants and will not vote shares for which no instructions are received.

### Put Option

If Company stock is not readily tradable on an established market, participants receiving distributions in stock have a "put option" to require the Plan or Company to repurchase shares at fair market value, as determined by an independent appraiser. The put option lasts for 60 days following the date the Company stock is distributed, with an additional period available as described in the Plan document.

## NOTE 1 – DESCRIPTION OF PLAN (Continued)

### Diversification

Participants who have completed 10 years of participation and attained age 55 may elect to diversify a portion of their account over a six-year period. Diversification allows up to 25% of allocated shares to be diversified in each of the first five years, and up to 50% in the sixth year. Diversified amounts may be distributed in cash, transferred to a 401(k) plan, or rolled into an IRA.

### Plan Termination

The Company reserves the right to terminate the Plan. Upon termination, all participant accounts become fully vested, and distributions will be made in accordance with Plan provisions.

## NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting and reporting policies applied in the presentation of the accompanying financial statements follows:

### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

### Use of Estimates

The financial statements have been prepared in conformity with U.S. generally accepted accounting principles. In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

The common shares of Quant Oak Bancorp, Inc. are reported at fair value. See Note 8 for a discussion of the fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments held during the year.

### Payment of Benefits

Benefit payments to participants are recorded upon distribution.

### Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated).

### NOTE 3 – INVESTMENTS

The Plan's investments as of December 31, 2024 and 2023 are as follows:

	2024		2023 (1)	
	<u>Allocated</u>	<u>Unallocated</u>	<u>Allocated</u>	<u>Unallocated</u>
Quaint Oak Bancorp, Inc. common stock:				
Number of shares	210,547	-	212,099	-
Cost	\$ 1,459,567	\$ -	\$ 1,467,582	\$ -
Fair value	\$ 2,526,564	\$ -	\$ 2,810,312	\$ -

(1) Compiled and unaudited.

### NOTE 4 – COMPANY DIVIDENDS

The Company paid dividends to the ESOP totaling \$0.52 per share or \$110,090 during the year ended December 31, 2024.

### NOTE 5 – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated January 7, 2010, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

### NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Company absorbs all costs incurred in relation to the administration of the Plan. Such costs include but are not limited to legal, Plan administration, and accounting fees. Such costs amounted to \$11,482 for the year ended December 31, 2024.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

The Plan invests in the common stock of the Company. Therefore, related transactions qualify as related-party and party-in-interest transactions.

## NOTE 7 – FAIR VALUE MEASUREMENTS

The following disclosures show the hierarchal disclosure framework associated with the level of pricing observations utilized in measuring assets and liabilities at fair value. The three broad levels of pricing observations are as follows:

- Level I: Quoted prices are available in active markets for identical assets or liabilities as of the reported date.
- Level II: Pricing inputs are other than the quoted prices in active markets, which are either directly or indirectly observable as of the reported date. The nature of these assets and liabilities includes items for which quoted prices are available but traded less frequently and items that are fair-valued using other financial instruments, the parameters of which can be directly observed.
- Level III: Valuations are derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

This hierarchy requires the use of observable market data when available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Investment in sponsor company common stock:* valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Level I	Level II	Level III	Total
Investment in sponsor company common stock	\$ 2,526,564	\$ -	\$ -	\$ 2,526,564

#### NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in Company common stock, which is exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with such investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. The risk of change in value is more significant due to the lack of diversification in the Plan.

#### NOTE 10 – SUBSEQUENT EVENTS

Management has reviewed events occurring through October 13, 2025, the date the financial statements were issued, and no subsequent events occurred requiring accrual or disclosure.
