## Report of Independent Auditors

The Retirement Plan Investment Board of FedEx Corporation  
ShopRunner, Inc. Retirement Plan

### **Opinion**

We have audited the financial statements of ShopRunner, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

**Shape the future  
with confidence**

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

**Shape the future  
with confidence**

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

## Notes to Financial Statements

December 31, 2024

### **1. Description of Plan**

The following description of the ShopRunner, Inc. Retirement Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan document.

#### **General**

The Plan is a defined contribution plan that covered all eligible employees of ShopRunner, Inc. (Company), which ceased to exist by merger into FedEx Dataworks, Inc. effective January 2023. At that time, all remaining Company employees were transferred to FedEx Dataworks, Inc. and no employees remain that are making new deferrals or receiving contributions under the Plan; Company employees transferred to FedEx Dataworks, Inc. now make deferrals to and receive contributions from the FedEx Corporation Retirement Savings Plan II. FedEx Dataworks, Inc. is now the sponsor of the Plan. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA) as amended by subsequent legislation.

#### **Eligibility**

Prior to freezing future employee contributions effective in January 2023, employees became eligible to participate in the Plan upon attaining age 21 and completing three months of service as defined by the plan document. Employees covered by a collective bargaining agreement were not eligible to participate. Individuals classified as independent contractors were also not eligible to participate in the Plan.

#### **Plan Administration**

Overall responsibility for administering the Plan resided with the Company, until the Company's acquisition in December 2020 by FedEx Corporation. The retirement plans of FedEx Corporation and its subsidiaries are overseen by the Retirement Plan Investment Board, which was appointed by the Compensation Committee of the Board of Directors of FedEx Corporation (FedEx).

Pursuant to a trust agreement, Ascensus Trust Company (the Trustee) serves as the Trustee of the Plan.

## Notes to Financial Statements (continued)

### 1. Description of Plan (continued)

#### Contributions

The Plan permitted eligible employees, through salary deferral elections, to have the Company make annual contributions equal of up to 100% of eligible compensation, as defined in the Plan, up to the maximum annual amounts allowed by the Internal Revenue Code (Code). Participants who were at least age 50 or older or who attain age 50 by the end of the plan year were eligible to make catch-up contributions, subject to maximum annual amounts allowed by the Code. Participants were able to contribute rollover contributions representing distributions from other qualified plans prior to January 1, 2023.

The Company provided a safe harbor matching contribution of 100% up to 4% of eligible compensation deferred. Participants directed the investment of all contributions into various investment options offered by the Plan.

#### Participant Accounts

Each participant's account is credited with the participant's contribution (prior to January 1, 2023), safe harbor contributions (prior to January 1, 2023), and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Vesting

Participants immediately vested in their voluntary salary deferral contributions, rollover contributions, qualified nonelective contributions, and safe harbor nonelective employer contributions, including actual earnings thereon. Company contributions were immediately vested.

#### Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payments on an installment basis. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

### **1. Description of Plan (continued)**

#### **Loans to Participants**

Prior to January 1, 2023, participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The participant must secure the loan by a pledge of no more than 50% of the present value of the participant's vested interest in the Plan. The loan period cannot exceed 5 years, unless the proceeds of the loan are used to purchase a primary residence, in which case the loan period shall not exceed 30 years. The loans bear interest at the prime rate plus 1%. Principal and interest are paid ratably through bi-monthly payroll deductions.

#### **Investment Account Options**

The Plan currently offers registered investments and a money market fund as investment options for participants. Participants may direct the investment of all contributions in one or more of the various investment options offered by the Plan. Participants may change their investment options on a daily basis.

### **2. Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements are prepared on the accrual basis of accounting.

#### **Use of Estimates**

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates that affect the accompanying financial statements and accompanying notes and supplemental schedule. Actual results could differ from these estimates.

##### **Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. The Plan's investments in shares of registered investment companies are valued at quoted market prices on nationally recognized securities exchanges and a money market that is valued at amortized cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

##### **Notes Receivable from Participants**

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

##### **Payment of Benefits**

Benefit payments to participants are recorded upon distribution.

##### **Administrative Expenses**

Certain expenses of maintaining the Plan are paid by the Company on behalf of the Plan and are not reimbursed by the Plan. Administrative expenses paid by the Plan are recognized as incurred. Investment management fees are netted in the appreciation in fair value of investments.

#### **3. Disclosure About Fair Value of Plan Assets and Liabilities**

Fair value is defined as the exit price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not considered to be active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Investments are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 or 2023.

The fair value of shares of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs). The money market fund is valued at amortized cost, which approximates fair value (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### 3. Disclosure About Fair Value of Plan Assets and Liabilities (continued)

The following table sets forth by level within the fair value hierarchy, the Plan investments at fair value as of December 31, 2024 (in thousands):

	<b>Assets at Fair Value as of December 31, 2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Registered investment companies	\$ 15,670	\$ –	\$ –	\$ 15,670
Money market fund	111	–	–	111
<b>Total assets at fair value</b>	<b>\$ 15,781</b>	<b>\$ –</b>	<b>\$ –</b>	<b>\$ 15,781</b>

The following table sets forth by level within the fair value hierarchy, the Plan investments at fair value as of December 31, 2023 (in thousands):

	<b>Assets at Fair Value as of December 31, 2023</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Registered investment companies	\$ 14,730	\$ –	\$ –	\$ 14,730
Money market fund	50	–	–	50
<b>Total assets at fair value</b>	<b>\$ 14,780</b>	<b>\$ –</b>	<b>\$ –</b>	<b>\$ 14,780</b>

The Plan does not hold any investments using Level 2 or Level 3 measurements at December 31, 2024 or 2023.

#### 4. Risks and Uncertainties

The Plan invests in various investment securities. The fair values of investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and, that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### **5. Income Tax Status**

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **6. Related-Party and Party-in-Interest Transactions**

Certain plan investments are managed by Vanguard Group, Inc., for which the Trustee of the Plan is a sub-contractor. As such, these transactions qualify as exempt party-in-interest transactions.

The Plan paid \$21,266 of administrative fees to Vanguard Group, Inc. during the year ended December 31, 2024. The Company provides certain administrative services at no cost to the Plan.

### **7. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will remain fully vested and all plan assets will be distributed to the participants or their beneficiaries.

### **8. Subsequent Events**

Management evaluated subsequent events for the Plan through October 9, 2025, the date the accompanying financial statements were available to be issued.
