Independent Auditors' Report

Board of Trustees
UNITE HERE Local 74 Welfare and Dental Trust
St. Louis, Missouri

Opinion

We have audited the accompanying financial statements of UNITE HERE Local 74 Welfare and Dental Trust (the "Trust"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Trust as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Trust instrument, including all Trust amendments, administering the Trust, and determining that the Trust's transactions that are presented and disclosed in the financial statements are in conformity with the Trust's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedules of Assets (Held at End of Year) and Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Additional Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The additional Schedules of Administrative Expenses are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the additional information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements

1. Description of the Trust

The following description of UNITE HERE Local 74 Welfare and Dental Trust (the "Trust") provides only general information. Participants of the Trust should refer to the Trust document and the summary plan description for a more complete description of the Trust's provisions.

General

The Trust is a multiemployer defined benefit health and welfare plan. The Trust was formed November 14, 1951, under a collective bargaining agreement ("CBA") between the Hotel and Motel Association of Greater St. Louis, the St. Louis Restaurant Owners Association, representing contributing employers (the "Employers") and the St. Louis Joint Executive Board of the Hotel Employees, Restaurant Employees Local 74, AFL-CIO (the "Union"). The Trust provides health and welfare and dental benefits covering employees of the Employers. The Trust is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration of the Trust is the responsibility of the Board of Trustees (the "Trustees") and is governed by a joint board consisting of equal representation from the Employers and the Union.

Eligibility

Participants will become eligible for coverage if they meet all of the following: (1) they are an active full-time employee reported their Employer for Social Security purposes, (2) they work at least 60 hours per month their Employer, and (3) they work pursuant to a CBA or other agreement which requires their Employer to make contributions to this Trust on their behalf. Temporary employees are not eligible for coverage under the Plan.

Contributions

The Employers make monthly contributions to the Trust on behalf of covered employees in amounts determined by the CBA, or such other agreements as approved by the Trustees.

Employee contributions are permitted to provide COBRA benefits, and employees pay the full cost of such benefits.

Benefits

The Trust provides benefits to eligible participants on a fully insured basis. Medical, hospitalization and pharmacy benefits are provided by Anthem. Dental benefits are provided through Liberty Dental Plan. The Trust purchases annual insurance contracts for these insured benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Trust have been prepared in accordance with the provisions of the Financial Accounting Standards Board ("FASB"), Accounting Standards Codification (the "FASB ASC"), which is the source of authoritative, non-governmental accounting principles generally accepted in the United States of America ("GAAP"). All references to authoritative accounting guidance contained in our disclosures are based on the general accounting topics within the FASB ASC.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Trust's gains and losses on investments bought and sold, as well as held during the year.

Fair Value Measurements

The Trust follows guidance issued by the FASB on fair value measurements, which establishes a framework for measuring fair value, clarifies the definition of fair value within that framework, and expands disclosures about the use of fair value measurements. This guidance applies whenever fair value is the applicable measurement. The three general valuation techniques used to measure fair value are the market approach, cost approach, and income approach.

Employer Contributions Receivable

Employer contributions receivable represents Employer contributions due to the Plan for hours worked prior to the end of the Plan year, but not yet received by year-end. Employer contributions receivables are reported at their outstanding balances, net of an estimate made for credit losses. Management estimates the allowance for credit losses by regularly evaluating individual Employer receivables and considering an Employer's financial condition, payment history, current economic conditions, and management's expectations of conditions in the future. Employer contributions receivables are written off when deemed uncollectible and collection enforcement efforts have failed to produce payments and additional efforts are not warranted.

Payment of Benefits

Benefit payments for participants are recorded when paid. Premiums paid are recorded as insurance premiums in the accompanying statement of net assets available for benefits.

Administrative Expenses

The Trust permits the payment of Trust expenses from Trust assets. Expenses incurred in connection with the general administration of the Trust are recorded as deductions in the accompanying statements of changes in net assets available for benefits. The Trust shares certain administrative expenses with other related plans. In computing these allocated costs, various factors are considered, including the time spent, space used, costs incurred, and volume of transactions relating to the Trust in relation to the other plans.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into Levels 1, 2, and 3. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical instruments in active markets. |
| Level 2 | Inputs to the valuation method to include quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in inactive markets, inputs other than quoted prices that are observable for the instrument, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

UNITE HERE Local 74 Welfare and Dental Trust
Notes to Financial Statements
December 31, 2024 and 2023

The instruments' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Level 1 investments consist of a money market fund and a registered investment company ("mutual fund"). The money market fund is valued at cost plus accrued interest which approximates fair value. The mutual fund is recorded at the closing price recorded by the fund. This is an open ended mutual fund and is registered with the Securities and Exchange Commission. This fund is required to publish their daily net asset value ("NAV") and to transact at that price. The mutual fund held by the Trust is deemed to be actively traded.

The fair value of investments is measured as of December 31, as follows:

2024				
Fair Value Measurements				
	Total	Level 1	Level 2	Level 3
Money market fund	\$ 61,951	\$ 61,951	\$ -	\$ -
Mutual fund	800,823	800,823	-	-
Total assets in fair value hierarchy	\$ 862,774	\$ 862,774	\$ -	\$ -

	Total	Level 1	Level 2	Level 3
Money market fund	\$ 68,698	\$ 68,698	\$ -	\$ -

4. Related Party Transactions

The Trust shares office expenses and certain common expenses relating to the operation of the office, including salaries, with the Unite HERE Local 74 Pension Trust (the "Pension Trust"). The Trust and the Pension Trust are related entities through common membership.

In accordance with an agreement between the plans, common expenses are allocated to each plan. The allocated expenses are paid directly by each plan.

As of December 31, 2024, \$8,131 was due from the Pension Trust for their share of payroll audit expenses that were paid for by the Trust.

The Trust paid certain expenses related to Trust operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

5. Lease Commitments

The Trust leases office space from the Union, a related party, under a joint lease with the Pension Trust, which expires in May 2026. Monthly lease payments are equally shared with the Trust and the Pension Trust. Future minimum lease commitments for the Trust's portion of the lease are as follows:

<u>Years Ending December 31,</u>	
2025	\$ 7,014
2026	<u>2,338</u>
Total	<u>\$ 9,352</u>

The Trust incurred office lease expense of \$6,613 and \$6,112 for the years ending December 31, 2024 and 2023, respectively.

6. Trust Termination

Although they have not expressed any intent to do so, the Trustees have the right under the Trust to terminate the Trust subject to the provisions of ERISA. In the event the Trust terminates, any assets remaining shall be used solely for purposes of providing benefits and defraying the reasonable cost of administering the Trust. No assets shall revert to the Employers.

7. Tax Status of Trust

The Internal Revenue Service has determined and informed the Trustees by a letter dated May 11, 2015 that the Trust and related trust are designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Trust has been amended since receiving the determination letter. Management believes that the Trust is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Trust is qualified and the related trust is tax-exempt.

In accordance with GAAP, management is required to evaluate tax positions taken by the Trust and recognize a tax liability if the Trust has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. Management has analyzed the tax positions taken by the Trust and has concluded that as of December 31, 2024 and 2023, there were no uncertain positions taken, or expected to be taken, that would require the recognition of a liability or disclosure in the financial statements. Management believes the Trust is no longer subject to income tax examinations prior to 2021. The Trust is also subject to routine audits by the DOL generally for six years after the statutory due date of the annual information return. There are currently no audits in progress for any tax periods.

8. Risks and Uncertainties

Investments

The Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

Contributions

The majority of receivables are from hospitality Employers primarily located in or working in St. Louis, Missouri. The Trust generally does not require collateral, but in some cases can require a performance bond.

9. Subsequent Events

The Plan has evaluated subsequent events through October 9, 2025, the date on which the financial statements were available to be issued.

Effective January 1, 2025, the Trust was amended to allow active Union employees to purchase dental insurance prior to their eligibility date.
