Independent Auditor's Report

To the Plan Sponsor and Plan Administrator of
The Cocopah Indian Tribe 401(k) Retirement Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Cocopah Indian Tribe 401(k) Retirement Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Cocopah Indian Tribe 401(k) Retirement Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cocopah Indian Tribe 401(k) Retirement Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cocopah Indian Tribe 401(k) Retirement Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cocopah Indian Tribe 401(k) Retirement Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cocopah Indian Tribe 401(k) Retirement Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2024 and 2023

Note 1 – Description of the Plan

The following description of The Cocopah Indian Tribe (the “Employer”) 401(k) Retirement Plan and Trust (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of the following entities: Cocopah Indian Tribe; Cocopah Casino; Rio Colorado Golf & Speedway; Cocopah RV & Golf Resort; Wild River Family Entertainment; and Cocopah Korner Gas Station. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Administration – The plan administrator is responsible for oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Employer's Tribal Council. The Plan's custodian, Mutual of Omaha Life Insurance Company (“Mutual of Omaha”), from January 2023 through July 1, 2024, was responsible for the management of the Plan's assets and Broadridge Matrix Trust Company held the underlying investments. From July 2, 2024 through December 31, 2024 the Plan is administered by Ascensus, LLC with the Trust Company being the same, Broadridge Matrix Trust.

Eligibility – Employees become eligible to contribute elective deferrals and receive employer contributions once they have attained the age of 18 and have completed one year of service.

Contributions - Eligible participants may contribute a percentage of pretax compensation or a specified dollar amount of pretax compensation, subject to limits imposed under the Internal Revenue Code. The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate initially set at 2% of eligible compensation unless the participant elects a different percent or amount, or, affirmatively opts out of participation.

Each year, the Employer may elect to make a matching contribution. For the Plan years ended December 31, 2024 and 2023, the Employer elected to make a matching contribution equal to 50% of an employee's elective contributions to the extent such elective contributions did not exceed 2% of the employee's compensation.

Each year, the Employer may also, at its discretion, elect to make non-elective contributions to the Plan. There were no discretionary non-elective contributions to the Plan for the years ended December 31, 2024 and 2023.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts – Each participant's account is credited with the participant's contributions, the Employer's contributions, and allocations of Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

The Cocopah Indian Tribe 401(k) Retirement Plan and Trust
Notes to Financial Statements
December 31, 2024 and 2023

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in Employer matching contributions and non-elective contributions based on years of continuous service. Participants become 20% vested in their portion of the Employer contributions after the first year of participation; the participant will then vest an additional 20% for each year of credited service until 100% vested after five years of service as follows:

<u>Years of Service</u>	<u>Vesting</u>
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Notwithstanding the above, a participant shall become fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Principal and interest is repaid ratably through payroll deductions. Note terms are up to five years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over a reasonable period that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2024, the interest rate charged was 4.25% to 9.50% with maturities ranging from 2024 through 2029. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits – Upon termination of service, death, disability, or retirement (age 59 1/2), the participant will receive the value of the vested interest in his or her account in the form of installment payments or lump sum distributions. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the plan administrator will authorize the benefit payment without the participant's consent

Operating Expenses – Certain expenses of maintaining the Plan are paid for by the Employer and are excluded from these financial statements. Fees related to the administration of the notes receivable are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Forfeitures – Forfeited non-vested accounts are first used to pay certain plan expenses, and any amount of forfeitures remaining will be used to reduce the future Employer contributions to the Plan. Forfeitures were not used to pay administrative expenses or reduce employer contributions for the years ended December 31, 2024 and 2023 and the ending unallocated forfeited balance was \$0 and \$48,297 at the end of 2023 and 2024, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting except for payments of benefits, which are recorded when paid.

Investment Valuation and Income Recognition - Investments are reported at fair. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. The net change in the fair value of investments during the Plan year is included in the statement of changes in net assets available for benefits. Net appreciation or depreciation in fair value consists of the net realized gains or losses on investments sold and net unrealized gains or losses on investments held. The Plan Administrator may take up to seven days to process a withdrawal request.

Risks and Uncertainty - The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amount reported in the statements of net assets available for benefits.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent Events - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 10, 2025, the date the financial statements were available to be issued.

Notes to Financial Statements
December 31, 2024 and 2023

Note 3 – Information Certified by the Plan Custodian

In 2023 the information below was certified to by Mutual of Omaha, the Plan's Custodian and in 2024 the information was certified to by Broadridge Matrix Trust Company, the Trustee. A summary of the unaudited information regarding the Plan and included in the Plan's financial statements that was prepared by the custodian or trustee and furnished to the plan administrator is as follows:

- Statements of net assets available for benefits – investments and notes receivable from participants.
- Statement of changes in net assets available for benefits – all investment related transactions and interest income on notes receivable from participants.
- Information regarding investments contained in Note 4 and Note 5 to the financial statements.
- All information contained in the supplemental Schedule– Schedule of Assets (Held at End of Year).

The plan administrator has obtained certifications that such information is complete and accurate.

Note 4 – Investments and Fair Value Measurements

Fair value is measured using a framework that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023 for similar investments. However, as described below, the investments changed from Pooled Separate Accounts in 2023 to mutual funds and collective trusts in 2024.

The Cocopah Indian Tribe 401(k) Retirement Plan and Trust
Notes to Financial Statements
December 31, 2024 and 2023

In 2023 and prior the Plan had Pooled separate accounts (“PSA”): PSAs are made up of a wide variety of underlying investments such as equities, preferred stocks, bonds, real estate, and mutual funds. The NAV of a PSA, as supplied by the custodian, is based on the market value of its underlying investments but the NAV is not a publicly quoted price in an active market. NAV is used as a practical expedient to estimate fair value. The plan can redeem these investments daily, and there are currently no redemption restrictions on these investments. The Plan has no unfunded fund commitments at December 31, 2024 or 2023. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments in pooled separate accounts at December 31, 2023, are measured at fair value using the NAV practical expedient and are not required to be categorized in the fair value hierarchy.

In July 2024 the Plan dissolved its contract with Mutual of Omaha Insurance Company, and the nature of the investments held by the plan changed as a result. As of December 31, 2024 the Plan had no Pooled Separate Accounts but held investments in mutual funds and collective trusts as described below.

Mutual funds – Shares held in mutual funds (registered investment companies) are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Collective trusts – Units held in the collective trusts (CTs) are valued using the NAV practical expedient of the CTs as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. The CTs can be redeemed daily, and there are no redemption restrictions or notice requirements.

The following table represent the Plan’s investments within the fair value hierarchy:

Fair Value Measurement and December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 103,192	\$ -	\$ -	\$ 103,192
	\$ 103,192	\$ -	\$ -	
Investments measured at NAV practical expedient-collective trusts				5,760,119
				\$ 5,863,311

None of the investments in 2023 were subject to fair value hierarchy disclosure requirements.

Note 5 – Investment Contract with Insurance Company

At December 31, 2023, the Plan had a guaranteed interest account with Mutual of Omaha which guarantees a rate of return on the contract and is backed by Mutual of Omaha's general account. This investment contract has been determined to be fully benefit responsive. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan with no conditions, limits, or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits, loans, or transfers to other investment choices within the Plan. Contract value represents contributions made under each contract plus earnings less participant's withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Repayment of principal and interest credited to the participants is a financial obligation of the insurance company backing the contract.

The effective rate of interest is established at least once a month and for 2023 5.27%. Interest was credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for that monthly period. A new guaranteed interest rate will be declared for all contributions directed to the guaranteed investment contract. At December 2023, the contract value reported in the financial statements for these investments is \$61,566.

Events that may limit the Plan's ability to execute transactions at contract value include Plan sponsor bankruptcy, premature termination of the contracts, or a significant decline in the creditworthiness of the custodians. Additionally, certain events exist that would allow the contracts to be terminated. Since the respective fully-benefit responsive investment choices are the obligations of the insurance companies, the occurrence of an event that limits the ability of the investments to transact at contract value between the Trustees and the participants holding the investment is not probable.

Note 6 – Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their Employer contributions.

Notes to Financial Statements
December 31, 2024 and 2023

Note 8 – Tax Status

The Plan is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, its net investment income is exempt from income taxes. The Plan has adopted a "volume submitter" document, which has been pre-approved by the Internal Revenue Service dated January 11, 2002. The Plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Related Party and Party-In-Interest Transactions

In 2023 certain plan investments were with Mutual of Omaha, who was the custodian as defined by the Plan. In 2024, investments were held by the Trustee, Broadridge Trust, with the plan administrator being Ascensus, LLC. Transactions with these entities, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.
