Independent Auditors' Report

To the Plan Administrator and Participants of the
Employer Services Corporation's 401(k) Retirement Plan
Amherst, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Employer Services Corporation's 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with U.S. GAAP. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS") will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion,

forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Employer Services Corporation's 401(k) Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Employer Services Corporation's 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a profit sharing/401(k) Plan sponsored by Employer Services Corporation (the "Plan Sponsor"), and covers substantially all employees of the Plan Sponsor's participating business units. In accordance with the Plan agreement, the following classes of employees are excluded from eligibility:

- Non-resident aliens who receive no compensation from the employer which constitutes U.S. source income; and
- Employees who are not considered Professional Employer Organization ("PEO") worksite employees.

The Plan, established effective September 1, 2010 and most recently restated effective August 1, 2024 to align the plan document from the transition of the Plan's trustee from Empower Annuity Insurance Company of America ("Empower" or "former trustee") to Transamerica Life Insurance Company ("Transamerica" or "current trustee"), is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The transition took place on October 1, 2024.

Contributions – Each year, participants may elect to contribute up to 100% of their pretax annual compensation to the Plan, limited to the amount imposed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover), as well as Roth (post-tax) contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Matching and discretionary contributions are made at the sole discretion of the business units. Various matching and discretionary contributions were made for the years ended December 31, 2024 and 2023.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions in participant-directed investments, Plan Sponsor contributions, the participant's share of Plan earnings, and non-vested forfeited amounts. Participant accounts are decreased by participant distributions and the participant's share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based on the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Vesting – Participants are immediately vested in their salary deferral and rollover contributions and actual earnings thereon. Vesting in Plan Sponsor contributions, and actual earnings thereon, is based on years of service. Participants are vested in Plan Sponsor contributions 30% after two years of service, 60% after three years of service and become fully vested in Plan Sponsor contributions after four years of service.

Forfeitures – Forfeitures from non-vested Plan Sponsor contributions will be used first to reduce business unit Plan Sponsors' matching contributions and then used to reduce the Plan's expenses. The forfeitures balance as of December 31, 2024 and 2023 was \$164,914 and \$246,284, respectively. Forfeitures used to reduce Plan Sponsor matching contributions were \$28,696 during the year ended December 31, 2024. There were no forfeitures used to reduce Plan Sponsor matching contributions during the year ended December 31, 2023.

Notes Receivable from Participants – In accordance with Plan provisions, participants are permitted to borrow a minimum of \$1,000, up to a maximum amount equal to the lesser of \$50,000, reduced by the highest outstanding note balance during the one-year period ending on the day before the note is made, or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at prime plus 1%. Repayment terms may not exceed five years, with the exception of a note used to purchase a primary residence, in which case repayment terms may not exceed ten years. Principal and interest is paid ratably through each payroll deduction. In the event of a default, death, disability, or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. Any unpaid balance will be deemed a taxable distribution from the Plan.

Payment of Benefits – Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum distribution equal to the value of his or her vested account. Hardship withdrawals as defined by the Internal Revenue Code (the "IRC") are available to participants only from the vested portion of their account.

If a hardship withdrawal is made, the participant's eligibility to make contributions to the Plan will be suspended for six months. In-service distributions are also permitted to participants who have attained age 59 ½.

During 2024 and 2023, participants deferred amounts in excess of maximum deferral limits. The amounts were refunded to the participants prior to April 15 of the year following the year of deferral, in accordance with IRS requirements. Corrective distributions amounted to \$136,552 and \$292,979 for the years ended December 31, 2024 and 2023, respectively.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Tax Status – The Plan delegated authority to the sponsoring organization (Pinnacle Financial Services) to adopt their volume submitter plan. The IRS issued an opinion letter on June 30, 2020, to the sponsoring organization on the acceptability of the plan under Section 401. No modifications from the approved plan have been made to this Plan. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of partial or complete Plan termination, participants will become fully vested in their employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Investment Valuation and Income Recognition – As of December 31, 2024 and 2023, the Plan's investments are stated at fair value, as determined by Empower except for its guaranteed interest account contract, which is fully benefit-responsive, is valued at contract value (Note 6). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guaranteed interest account is stated at contract value adjusted to reflect current market interest rates only to the extent such market rates exceed contract crediting rates. The fair market value of the self-directed brokerage account and mutual funds is based upon quoted market prices.

The Plan presents in the accompanying statement of changes in net assets available for benefits the net appreciation in fair value of investments, which includes both realized gains and losses, and unrealized appreciation (depreciation) in the fair value of investments. Realized gains and losses on disposition of investments were based upon actual costs and selling prices.

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain accounting and administrative expenses are paid for by the Plan Sponsor, unless otherwise paid by the participants. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Expenses relating to investment activity are paid for by the Plan.

Party-in-Interest Transactions – Plan investments include a guaranteed interest account and certain shares of mutual funds managed by Transamerica and Empower for the years ended December 31, 2024 and 2023, respectively. Transactions involving Transamerica and Empower qualify as party-in-interest transactions for fiscal year 2024 and 2023, respectively.

Risks and Uncertainties – The Plan invests in various investment securities. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Subsequent Events – The Plan has evaluated subsequent events, for recognition or disclosure, through October 13, 2025, the date the accompanying financial statements were available to be issued.

3. Information Certified by the Current and Former Trustees (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the current Trustees has certified that the investments and notes receivables from participants included in the accompanying financial statements and supplemental schedule is complete and accurate:

	2024	2023
Guaranteed interest account, at contract value	\$ 5,702,166	\$ 5,483,269
Mutual funds	124,722,398	124,785,961
Self-directed brokerage account	920,622	804,270
	131,345,186	131,073,500
Notes receivable from participants	1,261,124	1,406,894
	\$ 132,606,310	\$ 132,480,394

The current and former Trustees also certified interest and dividend income totaling \$3,355,500 and \$3,040,133, interest on notes receivable from participants of \$91,973 and \$113,021, and net appreciation in fair value of investments of \$12,102,132 and \$17,100,794, for the years ended December 31, 2024 and 2023, respectively.

4. Plan Mergers and Divestitures

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date. Investments measured at Level 1 inputs include mutual funds totaling \$124,722,398 and \$124,785,961 at December 31, 2024 and 2023, respectively.
- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. Also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or

Employer Services Corporation's 401(k) Retirement Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

contractual restrictions specific to the security. Investments measured at Level 2 inputs include a self-directed brokerage account totaling \$920,622 and \$804,270 at December 31, 2024 and 2023, respectively.

- **Level 3** –Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the plan that utilized Level 3 inputs as its primary basis for calculating fair value as of December 31, 2024 and 2023, respectively.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- *Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Self-Directed Brokerage Account:* Account primarily consists of cash, common stock and mutual funds and also includes an exchange-traded fund account that are valued on the basis of readily determined market prices.

6. Guaranteed Investment Contract with Insurance Company

The Plan has a fully benefit-responsive group annuity insurance contract with Transamerica and Empower for the years ended December 31, 2024 and 2023, respectively. Transamerica and Empower maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Employer Services Corporation's 401(k) Retirement Plan

Notes to Financial Statements (continued)

6. **Guaranteed Investment Contract with Insurance Company (continued)**

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Transamerica and Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2024 and 2023, was \$5,702,166 and \$5,483,269, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specific period of time as outlined in the contract (2.46% and 1.15% at December 31, 2024 and 2023, respectively). Such interest rates are reviewed on a quarterly basis for potential resetting.

Certain events limit the Plan's ability to transact at contract value with Empower. Such events include the following: (a) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

7. Reconciliation with Form 5500

The accompanying financial statements, which are prepared in accordance with U.S. GAAP, calculate realized gains and losses on sales of securities and unrealized gains and losses (change in market value on securities held at year end) using historical cost. However, Form 5500, Annual Return/Report of Employee Benefit Plan, requires the calculation of such gains and losses to be measured on the basis of revalued cost on Schedule H. Revalued cost is calculated based on the market value of a security on the first day of the fiscal year plus the cost of any current year purchases, less the beginning market value of any current year sales. In total, however, the financial statement calculation of gains and losses and the calculation for Form 5500 are the same.
