Report of Independent Auditors

Participants and The Plan Administrator
Portfolio Advisors, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of Portfolio Advisors, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the 2024 Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Shape the future
with confidence

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 (referred to as the "supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report of Other Auditors on 2023 Financial Statements

Another auditor performed an audit on the financial statements of the Plan as of and for the year ended December 31, 2023. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, their audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. In their report dated October 10, 2024, they indicated that in their opinion (a) the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the financial statements related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined met the requirements of ERISA Section 103(a)(3)(C).

401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Portfolio Advisors LLC 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Portfolio Advisors LLC (the “Company”) that have reached age 21. Interns and co-ops are excluded from participation in the Plan except those that have reached age 21 and have completed 1,000 Hours of Service during an Eligibility Computation Period. The Plan excludes union employees and nonresident aliens. The Plan’s management is responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan’s investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions: Subject to certain limitations as outlined in the Plan, participants may elect to contribute from 1% to 92% of their eligible compensation, as defined, to the Plan on a pre-tax or after-tax basis. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make matching contributions (allocated based on participants’ contributions for the year) to the Plan. All active participants will be eligible to receive an employer matching contribution immediately, including Highly Compensated Employees. There were no discretionary contributions for the year ended December 31, 2024. Contributions are subject to Internal Revenue Service (“IRS”) limitations.

Funding Policy: The Company remits employee deferral contributions and Company matching contributions to the Plan on a semi-monthly basis, concurrent with payroll frequency.

Rollovers: Rollovers represent transfers of account balances of certain participants’ contributions into certain investments of the Plan from other qualified plans or individual retirement accounts.

Participant Accounts: Each participant’s account is credited with the participant’s elective and rollover contributions, the Company’s contributions and an allocation of plan investment earnings, and charged with withdrawals, distributions, fees and a share of plan investment gains and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Except as limited by applicable law, participants may change their investment options at any time.

Vesting: Participants are immediately vested in their contributions, as well as any matching and discretionary contributions, plus actual earnings.

Forfeitures: Forfeitures arising from non-vested Company contributions and other sources are used first to pay the administrative expenses of the Plan and then to reduce the Company’s contributions for such plan year. As of December 31, 2024 and 2023, there was approximately \$0 and \$25,000, respectively, of forfeited amounts. During 2024, approximately \$6,000 was used to reduce administrative expenses.

Notes from Participants: Participants may borrow from their vested accounts, not to exceed the lesser of (a) \$50,000 reduced by the excess (if any) of the highest outstanding balance of plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of plan loans on the date the loan is made, or (b) one-half the present value of the participant’s vested interest in his account. The loans are collateralized by the vested balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. These rates range from 5.25% to 9.50% and mature through 2045. All loans require the repayment of principal and interest to be amortized in level payments, not less than quarterly, over a period not extending beyond five years from the date of the loan, unless such loan is for the purchase of a participant’s primary residence, which may not extend beyond 30 years from the date of the loan.

Note 1. Description of Plan (Continued)

Payment of Benefits:

A participant who separates from service before retirement, death or disability may request early payment of their vested benefits. For termination of service for other reasons, a participant may elect to defer payment until normal retirement age, provided the participant's vested account is greater than \$7,000, or receive a lump-sum payment, installment payments or a direct rollover to another qualified plan or IRA. If a participant terminates employment for any reason and his or her vested account balance does not exceed \$7,000, the Plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant. Benefits are paid as soon as administratively feasible following the date on which a distribution is requested.

Participants, upon attainment of age 59 ½, may elect to receive in-service distributions. Benefits are payable in lump-sum payments.

As of January 1, 2025, the Plan merged into the Franklin Square Holdings, L.P. 401(k) Profit Sharing Plan and Trust ("FSH Plan") and all participants were enrolled in the FSH Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Valuation of Investments: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Participant Contributions: Participant contributions and related employer matching contributions are recognized in the Plan's financial statements in the period in which the participant contributions are withheld from compensation.

Net Appreciation/Depreciation in Fair Value of Investments: The Plan presents, in the statement of changes in net assets Available for Benefits, the net appreciation or depreciation in the fair value of its investments, which consists of the net realized gains or losses and the unrealized appreciation or depreciation on these investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: The Plan generally pays certain administrative expenses which consist of plan administration, management and consulting fees and are recorded as deductions in the accompanying statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Notes from Participants: Notes from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Notes to Financial Statements

Note 3. Information Certified by Fidelity Management Trust Company (“Trustee”)

Certain information related to investments and notes from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes from participants at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes from participants for the year ended December 31, 2024, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

Note 4. Fair Value Measurements

Accounting Standards Codification (“ASC”) Topic 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in ASC Topic 820 are as follows:

- Level 1 – observable inputs based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 – observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities in active markets, based upon quoted prices for identical or similar assets or liabilities within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 – inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

ASC Topic 820 requires the Plan to describe the methodologies used to measure the fair value of assets and liabilities. These methodologies were consistently applied to all assets and liabilities carried by the Plan as of December 31, 2024 and 2023. The Plan has described below, the methodology used to measure each major category of investment assets.

- Mutual Funds: Valued at the total market value of the underlying assets based on published market prices as of the close of the last day of the plan year. These values represent the net asset values of the shares held by the Plan and are classified within Level 1 of the valuation hierarchy.
- Common Collective Trust: Valued at the NAV of the collective trust as reported by the collective trust manager. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that the securities liquidations will be carried out in an orderly business manner. The fund seeks to maximize total return through capital appreciation and current income.

The following table presents the fair value of investment assets as of December 31, 2024 and 2023 by type of asset and by the valuation hierarchy described above. The Plan had no assets that were classified as Level 2 or Level 3 as of December 31, 2024 and 2023.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ 2,110,100	N/A	Daily	1 day

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6. Party-in-Interest Transactions

Fidelity Management Trust Company is the trustee of the Plan; therefore, transactions with the trustee qualify as party-in-interest transactions however, they are exempt from the prohibited transaction rules under ERISA. The Company also paid certain administrative expenses of the Plan and these expenses are not reflected within the accompanying financial statements.

Portfolio Advisors LLC
401(k) Profit Sharing Plan

Notes to Financial Statements

Note 7. Tax Status

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain positions that more likely than not would not be sustained upon examination by federal, state and/or local taxing authorities. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no audits for any tax periods currently in progress.

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service (“IRS”) dated June 30, 2020, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the Internal Revenue Code (the “Code”). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to net assets per the Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 64,118,604	\$ 59,166,922
Less:		
Transfer of Plan assets effective January 1, 2025	<u>(64,118,604)</u>	<u>-</u>
Net assets per Form 5500	<u>\$ -</u>	<u>\$ 59,166,922</u>

Note 10. Subsequent Events

The Plan has evaluated subsequent events (events occurring after December 31, 2024) through October 14, 2025, the date the financial statements were available to be issued. No subsequent events were identified, except as disclosed in Note 1 and Note 9 with respect to the Plan merger and transfer of Plan assets, respectively, effective January 1, 2025.
