Independent Auditors' Report

**To the Administrative Committee of
Dyno Nobel Inc. Employee Benefit Plan
Salt Lake City, Utah**

Opinion

We have audited the accompanying financial statements of Dyno Nobel Inc. Employee Benefit Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and benefit obligations of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules (Schedule 1 and 2) are presented for the purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Opinion

We have audited the accompanying financial statements of Dyno Nobel Inc. Employee Benefit Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Dyno Nobel Inc. Employee Benefit Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Dyno Nobel Inc. Employee Benefits Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a complete description of the Plan's provisions. Dyno Nobel Inc. (the Company) serves as the Plan sponsor.

General

The Plan is a health and welfare benefit plan, amended and restated effective January 1, 2015 to provide health, life and disability insurance and other benefits to active and retired employees and covered dependents of the Company and participating joint-venture and wholly-owned distributors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company and Wells Fargo Bank, N.A. (the Trustee) entered into an agreement effective January 1, 1990 establishing the Dyno Nobel Inc. and Distributors VEBA Trust (the Trust). Wells Fargo Bank, N.A. was the trustee at the beginning and was replaced by Principal Trust Company during 2023. Benefits are paid from the Trust and the general assets of the Company. The Benefits Administrative Committee (Plan Administrator) of the Company controls and manages the operation and administration of the Plan.

Eligibility

Employees of Dyno Nobel Inc. and participating non-union employers are eligible to participate in the Plan. Certain benefits are only offered to eligible employees of the Company.

Employees covered by the Plan who terminate employment are eligible for coverage under the Plan through COBRA. COBRA administration, including enrollments and premium payments, is handled by a third-party administrator.

Premium Contributions

Monthly premium contributions for the self-insured Medical/Rx and Dental Plans are made by the participating companies in amounts determined by the Plan Administrator to meet funding requirements. The Company and each participating joint-venture determines what portion of the premium will be charged to its active employees. In addition, plan participants pay deductibles and coinsurance as described in the summary plan descriptions.

Benefits

UMR (United Medical Resources), a United Healthcare company, and Delta Dental, Inc. (the Administrative Agents) pay all claims for self-funded health benefits under the Plan and the Plan reimburses the Administrative Agents for such benefit payments. In some locations, the Plan provides fully insured medical and dental coverage through HMO programs. Premiums for HMO programs are paid by the Company to the respective HMO insurance provider. Medical and dental benefits are generally subject to individual and family deductibles up to a defined limit, as well as coinsurance and specific co-pays for services such as office visits and prescriptions. The Plan provides company-paid basic life insurance, accidental death and dismemberment (AD&D), short-term disability insurance, and long-term disability insurance, and also offers supplemental life insurance and voluntary AD&D coverage, which is paid by employees through payroll deductions. The basic life and AD&D insurance benefit for eligible employees is two times their annual salary, reduced by 50% at age 70. Long-term disability benefits provide coverage up to 60% of pre-disability monthly income to eligible employees. Short-term disability benefits are provided by the Company through a self-insured plan administered by a third party but paid through the Company payroll.

Eligible retirees receive life insurance coverage of \$5,000.

Dyno Nobel Inc. Employee Benefit Plan

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from these estimates.

Risks and Uncertainties

The postretirement benefit obligations are reported based on certain assumptions pertaining to interest rates and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Claims Incurred But Not Reported

The Plan's liability for incurred but unreported claims is estimated using actuarial methods that use historical trend information.

Cash and Cash Equivalents

The Plan considers all cash on hand and in banks, as well as all highly liquid investments with a maturity of three months or less, to be cash equivalents.

Refunds

Refunds due from the Plan's claim providers are recorded when earned. Refunds due as of the financial statement date have been reported as receivables, with the offset being netted against benefits paid. Rebates totaling \$2,218,587 and \$1,488,542 have been netted with claims paid in the accompanying statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, respectively.

Refunds due from the Plan's stop loss reimbursement coverage are recorded when earned. Reimbursements received during 2024 and 2023 amounted to \$846,258 and \$0, respectively, with the offset being netted against benefits paid in the accompanying statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments consist of money market funds, which are reported at fair value based on quoted market prices. Interest income is recorded on the accrual basis.

Administrative Expenses

Administrative expenses and health claims processed by UMR and Delta Dental, Inc. are paid by the Plan from the Trust. These expenses are included in operating and administrative expenses on the statement of changes in net assets

Dyno Nobel Inc. Employee Benefit Plan

Notes to Financial Statements

available for benefits and totaled \$813,096 and \$860,410 for the years ended December 31, 2024 and 2023, respectively. The Plan's operating expenses include professional fees, third-party claims review fees and other operating costs.

Subsequent Events

The Plan evaluated all events or transactions that occurred after December 31, 2024 through October 14, 2025, the date the financial statements were available to be issued. During this period the Plan did not note any material recognizable subsequent events.

Note 3 – Concentration of Credit Risk

The Plan's cash deposit accounts, including money market funds, are held at one financial institution. Cash and cash equivalents are insured according to the limits of the Federal Deposit Insurance Corporation (FDIC). Accounts are insured up to \$250,000 per financial institution. At December 31, 2024 and 2023, the Plan's cash deposits exceeded the FDIC insurance limit by \$2,258,055 and \$3,104,847, respectively.

Note 4 – Benefit Obligations

Post-Retirement Benefits

The post-retirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employee service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current plan participants. Post-retirement benefits include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents, and (2) active employees and their beneficiaries and dependents after retirement from service with the Company. Prior to an active employee's full eligibility date, the post-retirement benefit obligation is the portion of the expected post-retirement benefit obligation that is attributable to that employee's service rendered to the valuation date. The post-retirement benefit obligation represents the amount that is to be funded by contributions from the Company and from existing Plan assets.

The actuarial present value of the expected post-retirement benefit obligation is determined by the Plan's independent actuary and is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment, and to reflect the portion of those costs expected to be borne by Medicare, the retired participants, and other providers.

At December 31, 2024, health care cost trend rates were assumed to be 6.25% and gradually increase to 7.25% in the year 2025 and remain at that level. At December 31, 2023, health care cost trend rates were assumed to be 6.5% and gradually decrease to 6.25% in the year 2024 and remain at that level.

The health care cost-trend assumption has an effect on the amounts reported. If the assumed rates for 2024 and 2023 increased by one percentage point for each future year, the obligation as of December 31, 2024 and 2023 would increase by approximately \$7,141 and \$7,859, respectively.

Other significant assumptions used in the valuations as of December 31, 2024 and 2023 were as follows:

Weighted-Average Discount Rate

5.00% and 5.50%, respectively.

Life Expectancy

Life expectancy of participants is based on the Pri-2012 Total Dataset Mortality Table with Projection MP-2021 and Pri-2012 Total Dataset Mortality Table with Projection MP-2021.

Average Retirement Age

Note 5 – Fair Value Measurements

The Plan discloses and recognizes the fair value of its assets and liabilities in accordance with Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures (ASC 820) which among other things, defines fair value and provides enhanced disclosures about investments that are measured and reported at fair value. ASC 820 establishes a hierarchal disclosure framework, which prioritizes and ranks the level of market price observability used in measuring investments at fair value. A number of factors, including the type of investment and the characteristics specific to the investment, impact market price observability. Investments with readily available active quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

- Level 1 inputs, which have the highest priority, are quoted prices for identical assets in active markets.
- Level 2 inputs are observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets in active markets or quoted prices for identical or similar assets in markets that are not active.
- Level 3 inputs, which have the lowest priority, are unobservable inputs that reflect the Plan's own assumptions, consistent with reasonably available assumptions made by other market participants.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics, and other factors. An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Notes to Financial Statements

The fair value measurements for the Plan's investments are as follows:

2024	Fair value	Level 1	Level 2	Level 3
Money market funds	\$ 1,906,213	\$ 1,906,213	\$ -	\$ -
Total assets in fair value hierarchy	\$ 1,906,213	\$ 1,906,213	\$ -	\$ -
2023	Fair value	Level 1	Level 2	Level 3
Money market funds	\$ 2,971,440	\$ 2,971,440	\$ -	\$ -
Total assets in fair value hierarchy	\$ 2,971,440	\$ 2,971,440	\$ -	\$ -

Note 6 – Other Receivables

Stop-loss insurance is purchased by the Plan to limit its medical claim exposure for individual participants. Claims paid during the year for any participant in excess of the stop-loss threshold are reimbursed to the Plan. As of December 31, 2024 and 2023, there is no reimbursements receivable related to stop-loss insurance recorded due to uncertainties regarding the total amounts of claims to be approved for reimbursement at plan year-end.

As of December 31, 2024 and 2023, there was \$935,621 and \$926,559, respectively, in other receivables related to medical and pharmacy claim rebates. These rebates are calculated by the claims administrator and are based on the type and quantity of prescriptions filled during the year.

As of December 31, 2024 and 2023, there were no receivables related to performance guarantees and prescription discounts. These guarantees and discounts are calculated by the claims administrator and are based on fees and premiums earned and paid during the year.

Note 7 – Exempt Party-In-Interest Transactions

The Plan's investments are shares of money market funds managed by Principal Trust Company. As both were trustees as defined by the plan transactions with these institutions qualify as party-in-interest transactions. Fees paid by the Plan to the trustees for the investment management services were \$5,000 and \$5,000 for the years ended December 31, 2024 and 2023, respectively.

Note 8 – Income Tax Status

The Trust established under the Plan to hold the Plan's assets is intended to qualify for tax exempt status pursuant to Section 501(c)(9) of the Internal Revenue Code and, accordingly, the Trust's net investment income is exempt from income taxes. The Trust obtained an initial exemption letter dated August 28, 1991 from the Internal Revenue Service, and the Plan sponsor believes that the Trust, as amended, continues to qualify and to operate in accordance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator

Dyno Nobel Inc. Employee Benefit Plan

Notes to Financial Statements

has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 9 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend and terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, the Company will contribute the necessary amounts to fund all claims incurred prior to the date of termination.

Note 10 – Benefit Obligations

Benefit payments are recorded when paid. Any Plan deficiency of net assets over total benefit obligations relates to the postretirement benefit obligation and it is expected that any deficiency will be funded through future increases in Company and participant contribution rates.
