Independent Auditors' Report

To the Retirement Savings Plan Committee
John's Island Club Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of John's Island Club Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

(Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2024 and 2023

(1) Description of Plan

The following description of the John's Island Club Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan and trust covering substantially all employees of John's Island Club, Inc. (the Club or Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan maintains a prototype plan provided by T. Rowe Price Retirement Plan Services, Inc. and T. Rowe Price Trust Company, as recordkeeper and trustee, respectively.

The Plan allows for immediate plan entrance upon completion of one year of service with 1,000 hours of service and attaining the age of 18 and provides for participation on the first day of the quarter after meeting eligibility requirements.

(b) Contributions

The Plan provides for automatic enrollment with 5% deferrals and allows participants to contribute up to 100% of their pretax annual compensation, as defined in the Plan document and allowed by law. The Plan also allows participants to elect Roth after-tax contributions. In addition, the Plan provides for automatic 1% deferral escalation features (up to a maximum of 10% deferrals) each May 1.

These contributions are tax deferred within the meaning of Section 401(k) of the Internal Revenue Code. Total contributions for 2024 and 2023 with respect to an individual participant, cannot exceed \$23,000 and \$22,500, respectively, per Internal Revenue Service regulations. Participants age 50 and over may make additional catch-up contributions of up to \$7,500, subject to certain limitations pursuant to Section 414(v) of the Internal Revenue Code. Participants may also contribute amounts representing distributions for other qualified defined benefit or defined contribution plans (rollovers).

The Plan provides for Employer matching contributions as a Safe Harbor plan. The Club matched 5% of the participants' compensation for the years ended December 31, 2024 and 2023.

(Continued)

**JOHN'S ISLAND CLUB
PROFIT SHARING PLAN**

Notes to Financial Statements

Additional Employer contributions, in the form of matching contributions or non-elective contributions, are allowed by the Plan and are determined by the Employer's Board of Directors on a discretionary basis, subject to certain IRS limitations. Contributions are allocated to each participant's account in the same proportion that each participant's compensation for the year bears to the total compensation of all participants for such year. The Club has not elected to make an additional contribution for the years ended December 31, 2024 and 2023.

(c) *Participant Accounts*

Each participant's account is credited with the participant's contribution, the Employer's contribution and an allocation of the Plan earnings and expenses. Contributions are allocated to various funds, as designated by the employee. Allocations of plan earnings are based on each participant's relative account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) *Notes Receivable from Participants*

Participant loans are secured by the participant's vested interest in the assets of the Plan. A participant may receive a loan from the Plan in an amount of not less than \$1,000. Participants may only have one loan outstanding at a time and the maximum amount that may be borrowed shall not exceed specific limits set forth in the Plan based on the participant's vested balance. All loans are to be repaid in substantially equal installments through payroll deductions or in any such manner determined by the Plan Administrator at a reasonable rate commensurate with the interest rates charged by persons in the business of lending money for commercial loans that would be made under similar circumstances. During 2024 and 2023, the interest rates charged ranged from 3.25% to 9.25%.

(e) *Vesting*

Participants become immediately vested in all participant and employer contributions, and earnings thereon.

(f) *Payment of Benefits*

Participants may withdraw their vested interest upon retirement, death, disability, separation from service and termination of the Plan. Participants may also withdraw amounts from the Plan under hardship withdrawal provisions or upon reaching age 59 ½ while employed with the Sponsor. Payments will be paid to participants as a single lump-sum payment, in a partial payment, or in a series of installment payments.

Notes to Financial Statements

(g) Forfeitures

Prior to 2013, certain employer contributions vested over a three-year period. Such contributions credited to the accounts of participants who withdraw prior to becoming vested were forfeited, which may be used to reduce Employer contributions to the Plan or to offset Plan expenses. Forfeitures available to reduce the Employer's contributions amounted to \$2,958 and \$2,627 at December 31, 2024 and 2023, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting which recognizes additions to net assets when earned and deductions to net assets when incurred. Purchases and sales of investments are recorded on a trade-date basis. Benefits are recorded when paid.

(b) Valuation of Investments

Investments are stated at fair value, except for fully benefit-responsive investment contracts, which are valued at contract value, as discussed below. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are reported at contract value, which is the relevant measurement attribute to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Unrealized gains or losses as a result of changes in market value are recorded as additions to or deductions from net assets during the current period. Dividends are recorded on the ex-dividend date.

(c) Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Notes to Financial Statements

(d) Administrative Expense

Certain administrative expenses of the Plan have been paid voluntarily by the Club and are not reflected on the accompanying financial statements.

(e) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets during the reporting period. Actual results could differ from those estimates.

(3) Certified Investments (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2024 and 2023, and interest and dividends, and net appreciation (depreciation) in fair value of investments for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by T. Rowe Price as of and for the years ended December 31, 2024 and 2023.

Investments as of December 31, 2024 and 2023 are participant-directed and consist of the following:

	<u>2024</u>	<u>2023</u>
Investments at fair value:		
Mutual funds	\$ 29,812,317	28,077,333
Uninvested cash	<u>5</u>	<u>3</u>
Total investments at fair value	\$ <u>29,812,322</u>	<u>28,077,336</u>
Investments at contract value – T. Rowe Price Stable Value Common Trust Fund N	\$ <u>1,206,957</u>	<u>1,572,501</u>

The T. Rowe Price Stable Value Common Trust Fund N is a fully benefit-responsive investment contract with T. Rowe Price. The average yield earned by the account and credited to participants was 2.87% and 2.55% as of December 31, 2024 and 2023, respectively. During the years ended December 31, 2024 and 2023, interest income of \$43,174 and \$67,839, respectively, was earned by the account.

Certain events limit the ability of the Plan to transact at contract value with T. Rowe Price. Such events include mergers, mass layoffs, plan terminations, implementation of early retirement incentive programs, or other events within the control of the Plan Sponsor resulting in a material and adverse financial impact on the fund. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Notes to Financial Statements

(4) *Fair Value of Investments*

The Plan follows the provisions of the Fair Value Measurements and Disclosures Topic of the FASB ASC, which established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of the Plan's investments of \$29,812,322 and \$28,077,336 as of December 31, 2024 and 2023, respectively, were considered level 1 investments within the fair value hierarchy.

Notes to Financial Statements

(5) *Party-in-Interest Transactions*

T. Rowe Price Trust Company, as trustee, manages certain Plan investments and T. Rowe Price Retirement Plan Services, Inc. provides recordkeeping services to the Plan. These services qualify as party-in-interest transactions.

(6) *Tax Status*

The Plan maintains T. Rowe Price Retirement Plan Services, Inc.'s volume submitter prototype plan, which was established pursuant to the provisions of the Internal Revenue Code (IRC) and ERISA. A favorable tax determination letter dated August 19, 2020 has been received from the Internal Revenue Service indicating the plan qualifies under Section 401(a) of the IRC and the trust is exempt from income taxes under Section 501(a) of the IRC.

The Plan is subject to routine audits by various taxing jurisdictions. The Plan's open audit periods are 2021 through 2024.

The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(7) *Plan Termination*

Although it has not expressed an intent to do so, the Club has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in the employer contributions and earnings included in their accounts at termination.

(8) *Risks and Uncertainties*

The Plan invests in various investment funds that are subject to various risks, such as interest rate, market, and credit risks, that determine the value of the fund. Due to the level of risk associated with certain financial instruments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

(9) *Subsequent Events*

In preparing these financial statements, management has evaluated subsequent events and transactions for potential disclosure through October 12, 2025, the date the financial statements were available to be issued.

Effective July 14, 2025, the Plan documents were amended and restated to provide for auto-escalation increases up to a maximum of 15%, allow for in-plan Roth rollovers, and increase the small balance distributions threshold to \$7,000.
