Report of Independent Auditors

The Trustees of
Daimler Truck North America LLC Employee Retirement Savings Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Daimler Truck North America LLC Employee Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Daimler Truck North America LLC Employee Retirement Savings Plan

Notes to Financial Statements

Note 1 – Description of the Plan

The following description of the Daimler Truck North America LLC Employee Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan sponsored by Daimler Truck North America LLC (the Company). The Plan operates under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

The Bank of New York Mellon (the Trustee, or BNYM), holds all of the Plan's investments and also serves as the trustee for the Plan. The Trustee was appointed to hold, invest, and disburse plan benefits to participants of the Plan from the Daimler Truck North America LLC Master Savings Plan Trust (Master Savings Plan Trust). The Company is the plan sponsor and administrator of the Plan.

Eligibility – The Plan covers certain non-contractual employees and affiliate employees of the Company, as defined in the Plan Agreement. Employees are eligible to participate as of the first payroll period starting on or after the first of the month following 30 days of employment.

Contributions

Participant contributions – Each year, participants may contribute between 1% and 100% of pretax annual compensation, as defined by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled to contribute 3% of their eligible compensation as defined by the Plan Agreement unless they affirmatively elect not to participate or elect a different amount. Automatically enrolled participants have their contributions invested in a designated fund until elected otherwise by the participant. Unless elected otherwise by the participant, deferrals are automatically increased annually by 1%, up to a maximum auto-deferral of 8%. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer matching contributions – The Company matches 75% of participants' tax-deferred contributions up to a maximum of 8% of eligible compensation.

Non-elective contributions – The Company also makes a non-elective contribution based on the participant's age and base salary. Participants under 40 years of age, between 40 and 49 years of age, and over 49 years of age receive a contribution equal to 3%, 5%, and 7% of base salary, respectively. Participants that are eligible for the Reman employer retirement contributions are not eligible for the non-elective contributions. For the years ended December 31, 2024 and 2023, the Company had non-elective contributions of \$38,775,977 and \$40,774,089, respectively. For the years ended December 31, 2024 and 2023, the Company had employer matching contributions of \$46,406,076 and \$43,582,497, respectively.

Daimler Truck North America LLC Employee Retirement Savings Plan

Notes to Financial Statements

Reman employer retirement contributions – The Company provides a Reman employer retirement contribution equal to 2% of the shop employee's rate of base pay as determined each pay period for participants that transferred from Detroit Diesel Remanufacturing LLC Retirement Savings Plan in 2019. To be eligible for the Reman employer retirement contribution, the participant has to be designated as a "shop employee". There were Reman employer retirement contributions of \$738,712 and \$680,344 for the years ended December 31, 2024 and 2023, respectively.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions, the Company's matching contributions, allocations of the Company's non-elective and Reman employer retirement contributions, plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in the Company's contributions based on the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

An active participant who dies or becomes disabled becomes 100% vested in Company contributions credited to their account.

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$600 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, a longer term may be used. Under the terms of the Plan Agreement, plan loans will bear an interest rate based on prevailing commercial lending rates. Principal and interest is paid ratably through bi-weekly payroll deductions. As of December 31, 2024, the rates of interest on outstanding loans ranged from 2.33% to 9.50% with various maturities through October 2054.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account, a single-premium non-transferable annuity purchased by the Plan, or annual installments over a period of one to fifteen years. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan may require lump-sum distributions for participants with account balances less than \$5,000 at the date of termination.

Daimler Truck North America LLC Employee Retirement Savings Plan

Notes to Financial Statements

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to reinstate forfeited contributions of rehired employees, who have not incurred a break-in-service of five years, with any remaining amounts used to reduce future employer contributions or to pay plan expenses. As of December 31, 2024 and 2023, forfeited non-vested accounts totaled approximately \$810,000 and \$669,000, respectively. For the years ended December 31, 2024 and 2023, employer contributions were reduced by approximately \$1,446,000 and \$1,026,000 from forfeited non-vested accounts, respectively.

Transfers of assets from Daimler Truck North America LLC UAW Retirement Savings Plan – Certain employees customarily change employee status between contractual and non-contractual. Account balances totaling \$7,767 and \$1,092,756 transferred into the Plan from Daimler Truck North America LLC UAW Employee Retirement Savings Plan during the years ended December 31, 2024 and 2023, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from the estimates.

Cash and cash equivalents – The Plan considers all highly-liquid investment securities purchased with a maturity of three months or less to be cash equivalents. The Plan maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Plan monitors the credit ratings of the financial institutions in which they hold accounts and has not experienced any losses in such accounts.

Investment valuation – The investments are reported at fair value and contract value. The Plan's trustee, BNYM, certifies the contract value of the synthetic guaranteed investment contracts and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Contract value is the relevant measurement for assets in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 6 for discussion of fully benefit-responsive investment contracts.

Income recognition – Purchases and sales of investments by the Master Savings Plan Trust are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income related to investments held by the Master Savings Plan Trust is recorded on the ex-dividend date. The net appreciation in fair value of investments held by the Master Savings Plan Trust consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Daimler Truck North America LLC Employee Retirement Savings Plan

Notes to Financial Statements

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

Payment of benefits – Benefits are recorded when paid.

Expenses – The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan Agreement. Expenses that are elected to be paid directly by the Company approximate \$5,800,000 and \$5,300,000 for the years ended December 31, 2024 and 2023, respectively, and are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Fees relating to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

In addition, certain investment related expenses are included in the Plan's interest in the investment income of the Master Savings Plan Trust presented in the accompanying statements of changes in net assets available for benefits.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 14, 2025, which is the date the financial statements were available to be issued.

Note 3 – Investments in Master Savings Plan Trust

The Plan invests in the Master Savings Plan Trust, which was established for the investment assets of the Plan and other Company sponsored retirement plans. The assets in the Master Savings Plan Trust are held in separately managed investment accounts. The investment accounts are combined into investment pools according to the asset class in which they invest. Each participating plan has a divided interest in the Master Savings Plan Trust but an undivided interest in the investment pools of the Master Savings Plan Trust. The assets of the Master Savings Plan Trust are held by BNYM (the Trustee).

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Daimler Truck North America LLC Employee Retirement Savings Plan

Notes to Financial Statements

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

Collective trusts – Units held in collective trusts (CT) are valued using the net asset value (NAV) practical expedient of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. None of the investments in CT are subject to redemption restrictions. There are no unfunded commitments related to the CT at December 31, 2024 and 2023.

Equity securities – Equity securities are valued at the closing price reported on the active markets on which the individual securities are traded.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 – Fully Benefit-Responsive Investment Contracts

The Master Savings Plan Trust holds a portfolio of synthetic guaranteed investment contracts (Synthetic GICs). These contracts meet the criteria for fully benefit-responsive investment contracts (FBRIC) and therefore, are reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Synthetic GICs held by the Master Savings Plan Trust include wrapper contracts that provide a guarantee that the credit rate will not fall below 0%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Master Savings Plan Trust through adjustment to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly or quarterly for resetting.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Agreement (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6 – Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 8, 2010, that the Plan is designed in accordance with applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible, that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Note 8 – Certified Investment Information

The following information relating to investments was obtained by management and agreed to or derived from information certified as complete and accurate by BNYM, a qualified institution:

- Plan interest in the Master Savings Plan Trust reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Plan interest in the investment income of the Master Savings Plan Trust, and interest income from notes receivable from participants reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.

Note 9 – Party-in-Interest Transactions

The Plan paid expenses related to the Plan's operations and investment management to various service providers. Certain plan investments are managed by the Trustee or its affiliates and therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Note 10 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
