## INDEPENDENT AUDITORS' REPORT

To the Plan Committee of the  
Holman Distribution Centers 401(k) Profit Sharing Plan  
Kent, Washington

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Holman Distribution Centers 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Holman Distribution Centers 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Holman Distribution Centers 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Holman Distribution Centers 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Holman Distribution Centers 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Holman Distribution Centers 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTE A.--DESCRIPTION OF PLAN**

The following description of Holman Distribution Centers (Company or Sponsor) 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

*General:* The Plan is a defined contribution 401(k) and profit-sharing plan established by the Company effective December 31, 1966. The Plan was amended and restated June 1, 2022 to effect the merger of the Holman Contract Warehousing, Inc. Employees Retirement Plan into the Plan as well as for cycle 3 restatements and modifying certain provisions of the plan including the vesting schedule. The Plan was amended August 1, 2022 to adopt auto enrollment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An eligible employee is any person employed by the Company, and participating employers – Rainier Distribution, Inc., Holman Transportation, LLC, and Holman Contract Warehousing (effective June 13, 2022), excluding employees covered by a collective bargaining agreement, leased employees, independent contractors and reclassified employees. For eligibility and vesting purposes, years of service includes service with related employers - Holman Contract Warehousing, Inc., Holman Transportation, LLC, APL Logistics, Summit Logistics, Inc. and Exel Logistics, Inc. An employee becomes eligible to participate in the Plan after completing 6 months of service. Participants must be employed on the last day of the Plan year and attain 1,000 hours (182 consecutive days of service) during the year, to be eligible to receive any employer discretionary matching and non-elective contributions. The entry date is the first day of each month following completion of eligibility requirements.

*Contributions:* The Plan is funded by eligible participant elective deferrals which may range from 1% to 100% of eligible compensation and employer discretionary matching and non-elective contributions. Effective August 1, 2022, eligible participants are automatically enrolled in the Plan at a deferral rate of 3% of eligible compensation. The employer contributions are made on a discretionary basis and may vary based on division or participating employer. For 2024, the employer match is based on 50% of the participants voluntary contributions up to 4% or 6% of the participant's eligible compensation, as defined by the plan and the non-elective contributions were in the range of 2% to 5% of the participant's eligible compensation, as defined by the Plan. The Company made employer match and non-elective contributions net of forfeitures applied during the year ended December 31, 2024 of \$1,966,700. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirements plans. Roth rollover contributions and deferrals are not allowed. Contributions are subject to certain limitations.

**NOTE A.--DESCRIPTION OF PLAN (Continued)**

*Participant Accounts:* Each participant's account is credited with the participant's contribution, Company matching contributions, an allocation of the Company's discretionary non-elective contributions and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as applicable, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

*Vesting:* Participants are immediately vested in their rollover contributions and elective deferrals. Vesting in any Company discretionary contributions is based on years of service. A participant was 20% vested after 2 years of service, 40% after 3 years, 60% after 4 years, 80% after 5 years, with full vesting at 6 years, or upon death, disability, or retirement. Effective with the June 1, 2022 Plan amendment, a participant is 25% vested after 1 year of service, 50% after 2 years, 75% after 3 years, with full vesting at 4 years, or upon death, disability, or retirement.

*Retirement:* The normal retirement date is the older of the date the participant turns 59½ or the 5<sup>th</sup> anniversary of the first day of the Plan year in which the participant commenced participation in the Plan. Early retirement is not permitted.

*Payment of Benefits:* On termination of service due to termination of employment, death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or other amount. If the balance of the account is greater than \$5,000 and termination is due to normal retirement or death, benefits may be either lump sum or installments with respect to minimum required distributions. If the balance of the vested accounts is \$1,000 or less, payment will be made in a lump-sum without the participant's consent. If such balance is less than \$5,000, but greater than \$1,000, without other election, it will automatically be rolled over into an IRA established by the Company. In-service distributions are allowed at age 59½. Qualified reservist distributions are also allowed. Hardship distributions are allowed in accordance with the provisions of the Plan.

*Forfeited Accounts:* Forfeitures are the non-vested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and at the discretion of the Company, may first be used to reduce future Company contributions and then to administrative expenses. As of December 31, 2024, and 2023, forfeited non-vested accounts totaled \$125,346 and \$90,823, respectively. During 2024, \$98,771 of employer contributions were paid from forfeited non-vested accounts.

**NOTE A.--DESCRIPTION OF PLAN (Continued)**

*Investment Options:* Participants are allowed to direct their contributions and account balances in a variety of investment options including mutual funds and fixed income guaranteed option. The Plan Sponsor periodically reviews the investment fund options available to participants and changes them as warranted. Participants may change their investments at any time.

*Plan Expenses:* Expenses of maintaining the Plan may be paid by the Company or the Plan. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain fees such as for distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses including 12b-1 fees and revenue sharing fees are deducted from each funds' earnings and are included in net appreciation (depreciation) in fair value of investments.

**NOTE B.--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Basis of Accounting:* The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

*Use of Estimates:* The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the financial statements and disclosures. Accordingly, actual results may differ from those estimates.

*Investment Valuation and Income Recognition:* Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's committee determines the Plan's valuation utilizing information provided by investment advisors, custodian and trustee. See Note E for discussion of fair value measurements.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

---

**NOTE B.--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

*Investment Valuation and Income Recognition (Continued)*: Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

*Payment of Benefits*: Benefits are recorded when paid.

*Excess Contributions Payable*: Contributions received from participants for 2024 and 2023 of \$38,663 and \$32,412, respectively, were distributed subsequent to year end to certain active participants to return them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the related Plan. Those amounts are also included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2024 and 2023. See Note J.

**NOTE C.--FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT**

Effective June, 2022, the Plan invests in The Principal Fixed Income Guaranteed Option ("PFIGO"), which is a fully benefit-responsive investment offered under the Plan's group annuity contract ("GAC") issued by the Principal Life Insurance Company ("PLIC" or the "Issuer"). Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate transactions under the terms of the plan.

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2024 and 2023 was \$2,373,427 and \$2,626,936, respectively.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan that is declared semi-annually. The crediting rate may not be less than 1% and is 4.75% and 4.65% effective rate as of December 31, 2024 and 2023, respectively. The crediting rate is reviewed on a semi-annual basis for resetting. The contract permits the insurance company to terminate the agreement with 30 days written notice.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

**NOTE C.--FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)**

Certain events limit the ability of the Plan to transact at contract value with Principal. Such events include termination of the contract, spin-offs, partial or total plan termination, or any other actions that will result in a 50 percent drop in funds, termination of service agreements with Principal or its affiliates, and termination of the group annuity contract. Upon occurrence of any of these events, a surrender charge, discontinuation of participation charge, or other withdrawal restrictions may apply.

In the event of an employer initiated liquidation or transfer, this contract will be subject to either a 12 month advance notice or a 5% surrender charge at the option of the employer. The participant's accounts will not be affected by any such charges.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with Principal that also would limit the ability of the Plan to transact at contract value with the participants.

**NOTE D.--CERTIFIED INFORMATION**

Certain information related to investments disclosed in the accompanying financial statements and ERISA required supplemental schedules, including investments held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, dividend and interest income, and other income for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company (the custodian and trustee of the Plan).

**NOTE E.--FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**HOLMAN DISTRIBUTION CENTERS**  
**401(K) PROFIT SHARING PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

---

**NOTE E.--FAIR VALUE MEASUREMENTS (Continued)**

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

**NOTE F.--RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are in funds managed by the custodian and trustee, Principal Trust Company; therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

**NOTE G.--TAX STATUS**

The Plan was amended effective June 1, 2022 and adopted a non-standardized pre-approved profit sharing plan with CODA which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code.

The Plan has been amended since the date of this determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statement.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE H.--PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan, including employer contributions, shall become fully vested and non-forfeitable.

**NOTE I.--RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as foreign currency exchange rate, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

**NOTE J.--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023, to Form 5500:
