Independent Auditors' Report

To the Participants and Administrator of
Hecho En Mexico, LLC 401(k) Plan, formerly known as
The Restaurant Business, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hecho En Mexico, LLC 401(k) Plan, formerly known as The Restaurant Business, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hecho En Mexico, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements Section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or its derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hecho En Mexico, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hecho En Mexico, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that included our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of

expressing an opinion on the effectiveness of Hecho En Mexico, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hecho En Mexico, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes as of or for the year ended December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the

information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of Hecho En Mexico, LLC 401(k) Plan, formerly known as The Restaurant Business, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The sponsors of the Plan were El Cholo Corona De Mar, El Cholo Downtown, El Cholo LA, El Cholo Café La Habra, El Cholo Santa Monica, E Cholo Anaheim Hills, Cannery Seafood, Hecho En Mexico, LLC, Darron LLC, and IL Gatto (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General

Effective July 1, 2001, the Company established the Plan for eligible employees of the Company. Employees of the Company are eligible to participate in the Plan upon completing (1) 1 year of service or (2) 6 consecutive full calendar months of employment and during which at least 500 Hours of Services are completed.

The Plan is a defined contribution plan covering all full-time employees of the Company with no exceptions.

The Plan has entered into a contract with Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company maintains the Plan's assets in pooled separate accounts and insurance company general account, which are credited with actual earnings on the underlying investments and charged for Plan withdrawals.

Contributions

Participants may make voluntary contributions in the form of salary deferrals. The maximum salary deferral for any plan year is the annual limit set by the Secretary of the United States Treasury. In addition, each plan year the Company may make matching contributions equal to a discretionary percentage, to be determined by the Employer, of the Participant's Elective Deferrals. Participant contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings. Company contributions are recorded based upon the required Company matching levels as defined in the Plan agreement.

Participant Accounts

Each Participant's account is credited with the participant's and Company contributions and related earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

401(K) PLAN
Notes to Financial Statements

1. Description of the Plan, continued

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

A participant will become 100 percent vested in the portion of their individual account derived from matching contributions after six years of credit service.

Forfeitures

In the event that a participant terminates employment prior to 100% vesting, the portion of Company's contributions which is not vested is forfeited at that time. The forfeited amount will be applied to reduce Company's contribution. There was a total of \$897 forfeitures during the year ended December 31, 2024. The amount of the forfeited non-vested participant accounts as of December 31, 2024 and 2023 is \$4,553 and \$7,464 respectively after utilizing some amounts to pay fees.

Payment of Benefits

Upon termination of service, participants may elect to receive (1) lump-sum amounts or (2) payment in installments, equal to the value of their account, or (3) Partial withdrawals.

2. Summary of Significant Accounting Policies

Method of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefits are recorded when paid.

2. Summary of Significant Accounting Policies, continued

Significant Risk and Uncertainty

The fair value of the Plan's assets is subject to change as a result of changes in market rates and prices. A significant change in market rates and prices can significantly reduce the net assets available for Plan benefits and concurrently participant balances. Plans that invest in foreign securities are subject to foreign exchange and political risks among other risks.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's investments in the pooled separate accounts are valued at fair value as reported to the Plan by Voya Retirement Insurance and Annuity Company. Participant notes receivable are valued at cost, which approximates fair value. The Plan presents, in the statement of change in net assets available for benefits with fund information, the net appreciation (depreciation) in the fair value of its investments, which consist of the realized gains or losses and the unrealized appreciation (depreciation) of those investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the administrator and trustee to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at December 31, 2024 and 2023 and the reported amounts of additions to and deductions from net assets for the year ended December 31, 2024. Actual results may differ from those estimates.

Date of Management's Review

Subsequent events were evaluated through October 13, 2025, which is the date the financial statements were available to be issued.

3. Investments

Investments are held in custodial capacity by Voya Retirement Insurance and Annuity Company. Individual Plan participants direct the transactions that take place in their accounts. Participants may direct contributions to the Guaranteed Investment Contract or toward the purchase of shares of pooled separate accounts. Allocations of gains (losses) are at the individual contract level.

During the year ended December 31, 2024, the Plan’s investments (including gains and losses on investments bought and sold as well as held during the year) appreciated (depreciated) in value by \$422,661 as follows:

Pooled Separate Accounts	\$	418,926
Participant’s Loan		3,735
		422,661
		=====

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from, or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements, continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled Separate Accounts: The fair value of the plan's investment in the pooled separate accounts is based on the underlying unit value reported by Voya Retirement Insurance and Annuity Company valued at NAV. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The pooled separate account NAV is not a publicly quoted price in an active market but its calculation is in accordance with the AICPA Audit and Accounting Guide, Investment Companies. Based upon these facts, FASB ASC 820 allows the use of NAV as a practical expedient to estimate fair value.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

Assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ -	\$3,137,769	\$ -	\$3,137,769

Assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ -	\$2,774,134	\$ -	\$2,774,134

5. Investment at Contract Value

The Plan invested in Guaranteed Investment Contract totaling \$315,259 for 2024 and \$309,938 for 2023. This investment meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant

measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by VOYA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

6. Participant Notes Receivable

Under the terms of the Plan, participants may borrow from their vested balances, subject to certain limitations as set forth in the Plan and the Internal Revenue Code. Loans will be treated as Participant directed investments with the minimum amount of \$1,000. The administrator establishes the rate in a nondiscriminatory manner. There were two loans being granted during the year ended December 31, 2024.

7. Other Liabilities

Other liabilities represent the amount that was deposited twice for the last payroll in 2023. The amount was utilized to reduce its first deposit in January 2024.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

9. Information Prepared and Certified by Trustee (Unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2024	2023
Investments, at fair value:		
Pooled separate accounts	\$ 3,137,769	\$ 2,774,134
Notes receivable	66,401	48,820
Insurance company general accounts at Contract value	315,259	309,938
Interest income	3,735	4,759
Net investment gain (loss)	418,926	434,171

10. Income Tax Status

The Company has adopted a prototype plan which has received a favorable determination letter from the Internal Revenue Service dated June 30, 2020 that the Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Company is of the opinion that the Plan is currently being operated in compliance with the applicable requirements of the IRC and that the trust, which forms a part of the Plan, is tax exempt. Accordingly, no provision for state or federal income taxes has been provided.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

11. Related Party and Party-in-Interest Transactions

For disclosure purposes, related party includes all the sponsors, namely, El Cholo Corona De Mar, El Cholo Downtown, El Cholo LA, El Cholo Café La Habra, El Cholo Santa Monica, E Cholo Anaheim Hills, Cannery Seafood, Hecho En Mexico, LLC, Darron LLC, and IL Gatto. It also includes Voya Retirement Insurance & Annuity Co., and its TPA RSG Retirement Service Group, Inc.

11. Related Party and Party-in-Interest Transactions, continued

Certain Plan investments are in units of participation in a pooled separate account and there is a fixed income account offered by the Plan trustee. Therefore, these transactions qualify as party-in-interest. Any purchases and sales of these funds are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transaction under ERISA.

Certain Administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

12. Operating Expenses

Certain costs associated with administration of the plan are borne by the plan. During the year ended December 31, 2024, \$7,253 of administrative expenses were paid by the plan.

13. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
