INDEPENDENT AUDITOR'S REPORT

Five Point Communities Management, Inc.
2000 FivePoint, 4th Floor
Irvine, California 92618

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Newhall Land and Farming Company Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and of accumulated plan benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2024 and reportable transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Newhall Land and Farming Company Retirement Plan (the “Plan”) is a defined benefit plan established to originally provide retirement benefits to eligible employees of The Newhall Land and Farming Company. As part of a business combination, effective July 2, 2016, all employees of The Newhall Land and Farming Company became employees of Five Point Communities Management, Inc. (the “Company”).

The Company is a wholly owned subsidiary of Five Point Operating Company, LP, a Delaware limited partnership (“Op Co”). Op Co is a subsidiary of Five Point Holdings, LLC, a Delaware limited liability company.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan sponsor and Plan administrator. The Company has delegated the day-to-day administration of the Plan to an employee benefits committee.

Upon proper written notice to Plan participants pursuant to Section 204(h) of ERISA and Section 4980F of the Internal Revenue Code (the “Code”), the Plan was frozen to future participation effective March 17, 2004. This change did not affect any participant benefits earned for service through March 17, 2004; participants of the Plan on that date continue to earn years of service for vesting purposes.

Specific provisions of the Plan are contained in the Plan document, which governs the legal operations of the Plan.

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

GAAP establishes a fair value hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market:

Level 1 – Inputs are quoted prices in an active market.

Level 2 – Inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data.

Level 3 – Inputs are generally unobservable and typically reflect management’s estimates of assumptions that market participants would use in pricing the asset or liability.

NOTE 1 - DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

C. Investment Valuation and Income Recognition (Continued)

Level 1 investments consist of mutual funds valued at their quoted market prices. Level 3 investments consist of a general account. General accounts are interest rate-based funds which are maintained at cost, which approximates fair value.

Pooled separate accounts are valued at net asset value or its equivalent as a practical expedient to estimate the fair value. Shares may be redeemed any time at net asset value. There are no restrictions on redemptions and no unfunded commitments to purchase additional shares of the pooled separate accounts as of December 31, 2024 or 2023.

D. Contributions and Funding Policy

Contributions to the Plan are determined by the consulting actuary based on data submitted by the Company. The Company contributed \$0 and \$85,233 for the years ended December 31, 2024 and 2023, respectively. The Plan has met the minimum funding requirements of ERISA. The valuation method used to determine contributions is the unit credit method due to the Plan freeze.

E. Benefits

Normal retirement age is 65; early retirement with reduced benefits is available starting at age 55 with ten years of service. Benefits may be paid in a lump sum or as a monthly annuity. Pension benefits equal (i) plus (ii) plus (iii), not less than the greater of (iv) and (v):

- (i) 1.35% of the participant's average monthly compensation up to Social Security covered compensation, plus 2.0% of average monthly compensation in excess of covered compensation, times credited service through December 31, 1996, up to 30 years.
- (ii) 1.08% of the participant's average monthly compensation up to Social Security covered compensation, plus 1.60% of average monthly compensation in excess of covered compensation, times credited service after December 31, 1996, up to 30 years.
- (iii) The employee provided benefit based on the participant's contribution account.
- (iv) For employees who were participants as of January 1, 1985, \$11 per month for each year of service, up to a maximum of 30 years of service.

THE NEWHALL LAND AND FARMING COMPANY
RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

G. Administrative Expenses

The Plan paid investment expenses and trustee fees totaling \$79,834 and \$103,570 in 2024 and 2023, respectively (see Note 6). All other expenses are paid by the Company.

H. Risks and Uncertainties

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, participant demographics and other assumptions which are subject to change. Due to the uncertainty of the assumption process, it is at least reasonably possible that changes in these assumptions in the near term would be material to the financial statements.

Plan investments are exposed to various risks such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

NOTE 2 - INCOME TAX STATUS

The Company is of the opinion, based upon a favorable letter of determination issued by the Internal Revenue Service on October 23, 2013, that the Plan constitutes a qualified plan under Section 401(a) of the Code and, accordingly, is exempt from federal income taxes under provisions of Section 501(a) of the Code. The Plan has since been amended; however, the Company believes the Plan is currently designed and being operated in compliance with the Code.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by employees up to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits payable under all circumstances, retirement, death, disability and termination of employment, are included to the extent they are deemed attributable to employee service rendered on the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

THE NEWHALL LAND AND FARMING COMPANY
RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

The more significant assumptions underlying the actuarial valuations at December 31, 2024 and 2023 are as follows:

- Interest rate of 5.80% (6.20% for 2023).
- Mortality using amounts-weighted aggregate rates from the Pri-2012 mortality study projected generationally from 2012 with Scale MP-2021.
- Retirement rates ranging from 2.00% at age 55 to 100% at age 70.
- Lump sum discount rate of 3.35% (2.75% for 2023).
- Optional payment form election percentages of 30% single life annuity and 70% lump sum.

Changes in actuarial assumptions for 2024 resulted in a decrease in the actuarial present value of accumulated plan benefits of \$79,781. Changes in actuarial assumptions for 2023 resulted in a decrease in the actuarial present value of accumulated plan benefits of \$732,180.

The foregoing actuarial assumptions are based on continuity of the Plan. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination, the rights of participants to their accrued pensions as of the date of the termination shall be unforfeitable. The funds of the Plan shall be used for the exclusive benefit of participants and other persons entitled to benefits under the Plan, except as provided below. The Plan is covered by the Pension Benefit Guaranty Corporation (the "PBGC"). Benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all. Excess unallocated funds may be returned to the Company.

NOTE 5 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Information regarding investments held at December 31, 2024 and 2023 and investment income for the years ended December 31, 2024 and 2023 that is disclosed in the accompanying financial statements and supplemental schedules was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Retirement, the trustee of the Plan.

NOTE 6 - RELATED PARTY TRANSACTIONS

Plan investments held in 2024 and 2023 were mutual funds, pooled separate accounts and a general account issued by the trustee. Transactions related to these investments qualify as party-in-interest transactions; however, they are exempt from the prohibitions under ERISA. The Plan paid the trustee \$49,610 and \$74,227 in 2024 and 2023, respectively.
