Independent Auditor's Report

Plan Administrator
Innovative Network of Knowledge 403(b) Retirement Plan
San Antonio, Texas

Opinion on the 2024 Financial Statements

We have audited the financial statements of Innovative Network of Knowledge 403(b) Retirement Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statement of net assets available for benefits as of December 14, 2024, and the related statement of changes in net assets available for benefits for the period January 1, 2024 through December 14, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 14, 2024, and the changes in its net assets available for benefits for the period January 1, 2024 through December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the Plan's sponsor elected to terminate the Plan and contemporaneously executed a new adoption agreement, effective December 14, 2024, designating the Plan as a Church Plan exempt from ERISA and concurrently elected to terminate the Plan. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2023 financial statements to the liquidation basis used in presenting the 2024 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient

records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Auditor's Report on the 2023 Financial Statements

We performed an audit of the 2023 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA, our audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. In our report dated October 11, 2024, we indicated that in our opinion: (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Innovative Network of Knowledge 403(b) Retirement Plan
Notes to Financial Statements
December 14, 2024 and December 31, 2023

Note 1. Description of the Plan

General

The following description of Innovative Network of Knowledge 403(b) Retirement Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan, established on January 1, 2023, is a defined contribution plan sponsored by Innovative Network on Knowledge, Inc. for the benefit of its employees. Employees are immediately eligible to participate in the Plan as a contributing participant upon commencement of employment with the sponsor unless deemed an excluded employee, which are nonresident aliens or employees who normally work less than 20 hours per week.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). GuideStone Trust Services (Guidestone) serves as the plan custodian and record-keeper.

Effective December 14, 2024, the plan sponsor executed a new adoption agreement designating the Plan as a Church Plan as defined by Section 414(e) of the Internal Revenue Code (IRC). Prior to this date, the Plan operated as an ERISA-covered Plan. As part of this change, the plan sponsor has elected to terminate the Plan and apply the liquidation basis of accounting. Effective as of the same date, no further contributions will be made to the Plan and no additional loans are permitted under the Plan.

Unless otherwise noted, the below represents the provisions of the Plan to the effective date of the plan termination.

Contributions

The Plan permits eligible employees through a salary deferral election to have the plan sponsor make contributions subject to an annual limit of the lesser of 100% of their elective deferral or \$23,000 and \$22,500 in 2024 and 2023, respectively. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to \$7,500 in 2024 and 2023. The plan sponsor makes matching contributions to all eligible participants in an amount equal to 5.25% up to 9.0% of eligible compensation based on the years of service. Participants receive employer matching contributions after completing two years of service. In addition, the plan sponsor makes nonelective contributions to eligible participants in an amount of 11.25% of eligible compensation. Participants receive nonelective contributions if they were hired on or before August 31, 2002 and remain continuously employed by the employer. The plan sponsor also makes additional contributions in accordance with rules and regulations set forth by the *Service Contract Act* (SCA). Contributions are subject to IRS limitations.

The plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise. The automatic deferral feature also provides for an annual increase in the percentage deferred. The participant's pretax contribution under the automatic deferral feature is 3%, with a 1% auto-escalation at the participant's anniversary date of participation up to a maximum of 6%.

Participant Investment Account Options

Investment account options available include various mutual funds. Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

**Innovative Network of Knowledge 403(b) Retirement Plan
Notes to Financial Statements
December 14, 2024 and December 31, 2023**

Participant Accounts

Each participant's account is credited with the participant's contributions, the plan sponsor's contributions, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Participants are immediately vested in the plan sponsor's safe harbor contributions, qualified nonelective contributions (QNEC), and qualified matching contributions (QMAC), plus earnings thereon.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account.

The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through monthly payroll deductions. Participants are limited to one outstanding note receivable at one time.

Payment of Benefits

Upon termination of service, participants with account balances greater than \$5,000 may elect to receive either a lump-sum amount equal to the value of the vested interest in their account or annual installments. Upon termination of service for participants with account balances less than \$5,000, a participant may receive the value of the vested interest in their account only as a lump-sum distribution. Hardship withdrawals are also available, subject to certain limitations.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the liquidation basis of accounting for 2024 and the accrual basis of accounting for 2023.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Innovative Network of Knowledge 403(b) Retirement Plan
Notes to Financial Statements
December 14, 2024 and December 31, 2023

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the plan sponsor or the Plan, at the employer's discretion.

Revisions

Certain immaterial revisions have been made to the 2023 financial statements to write off the employer contributions receivable accrued during 2023. These revisions did not have a significant impact on the financial statement line items impacted.

Note 3. Certification of Plan Custodian

The plan administrator elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the plan year ended December 31, 2023. Accordingly, GuideStone, a qualified institution, certified the following investment information included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2023

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the accompanying financial statements.

Note 4. Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The plan sponsor directly pays any other fees related to the Plan's operations.

The plan sponsor provides certain administrative services at no cost to the Plan.

Note 5. Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2023:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 274,561	\$ 274,561	\$ -	\$ -
Investments at fair value	\$ 274,561	\$ 274,561	\$ -	\$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques through December 14, 2024, the date the Plan terminated.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan has no Level 2 or Level 3 securities.

Notes to Financial Statements
December 14, 2024 and December 31, 2023

Note 6. Plan Termination

The plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants are already 100% vested in all contributions.

As described in Note 1, effective December 14, 2024, the Plan was terminated.

Note 7. Tax Status

The Plan operates under a standardized volume submitted 403(b) tax-deferred annuity plan basic agreement sponsored by GuideStone Financial Resources of the Southern Baptist Convention. This volume submitter plan document has been filed with the appropriate agency and has obtained an opinion letter from the IRS stating that the volume submitter constitutes a qualified plan under the IRC and that the related trust was tax-exempt as of the financial statements date. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

As described in Note 1, effective December 14, 2024, the Plan was terminated.

Note 9. Subsequent Events

Subsequent events have been evaluated through October 13, 2025, which is the date the financial statements were available to be issued.
