INDEPENDENT AUDITOR'S REPORT

To the Plan Administrative Committee of
SEH America, Inc. Employee Benefit Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of SEH America, Inc. Employee Benefit Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from an agent on behalf of the qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SEH AMERICA, INC. EMPLOYEE BENEFIT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF THE PLAN

The following description of the SEH America, Inc. Employee Benefit Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s information.

General—The Plan is a defined contribution plan covering all employees of Shin-Etsu Handotai America, Inc. (SEH America, Inc., the “Plan Sponsor” or the “Company”) on the first day of the month coincident with, or immediately following, the date on which they have completed one hour of service. Nonresident aliens, independent contractors, employees covered by a collective bargaining agreement, and foreign nationals, as defined by the Plan document, are excluded from participating in the Plan. The Plan is administered by the Administrative Committee and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). State Street Bank and Trust Company serves as the trustee, and Transamerica Retirement Solutions (“Transamerica”) serves as the recordkeeper of the Plan.

Contributions—Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Company, (iii) additional non-matching contributions made by the Company; and (iv) participant rollovers from another plan. Prior to October 1, 1996, participants could elect to contribute a portion of base compensation as a voluntary nondeductible contribution to the Plan on an after-tax basis. Effective October 1, 1996 and through December 31, 2012, no new after-tax contributions were permitted. Beginning January 1, 2013, participants can contribute to the Plan on an after-tax basis through the Roth elective deferral option.

Each year, participants may contribute up to 20% of annual pre-tax compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company contributes 100% of the first 4% of base compensation that a participant contributes to the Plan. In addition, the Company provides for automatic Company contributions of 1% of eligible compensation. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Excess Contributions Payable—The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

Participant Accounts—Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contributions, the Company’s matching and automatic contributions attributable to the participant, and an allocation of the Plan’s net earnings or losses. The allocation of the Plan’s net earnings or losses and determination of forfeitures are performed by the recordkeeper based upon employee census data supplied by the Company, participants’ account balances, and formulas contained in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments—Participants may direct the investment of their contributions in 1% increments into a variety of investment options with varying degrees of risk. Participants may direct their allocation of the Company’s matching and automatic contributions to any of the investment options offered. Participants who do not specify investment options will have their allocation of the automatic contribution invested in the Morley Stable Value Fund (the “stable value fund”). The Plan offers mutual funds and a stable value fund as investment options for participants. In addition, participants have the ability to utilize a self-directed brokerage account offered via a Schwab Personal Choice Retirement Account.

Vesting—Participants are vested immediately in their contributions and automatic Company contributions of 1%, plus actual earnings thereon. Company matching contributions vest at a rate of 20% per year of service beginning two years from the date of hire. Active participants become fully vested regardless of their period of service upon reaching their 65th birthday, or upon death or disability.

Forfeited Accounts—When certain terminations of participation in the Plan occur, the nonvested portion of the participant’s account, as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future employer contributions or Plan administrative expenses for the Plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the Plan document, the account will be reinstated.

For the years ended December 31, 2024 and 2023, forfeitures of nonvested accounts totaled \$174,074 and \$103,455, respectively. These accounts will be used to reduce future employer contributions. During 2024 and 2023, employer contributions in the amount of \$300,235 and \$173, respectively, were reduced from forfeited nonvested accounts. Said forfeited accounts had total earnings of \$3,635 and \$5,681 for respective years. Forfeitures may also be used to reduce plan expenses. During 2024 and 2023, no plan expenses were paid from forfeited nonvested accounts. Forfeitures available for allocation as of December 31, 2024 and 2023 were \$122,098 and \$244,624, respectively.

Benefit Payments and Withdrawals—Benefits are payable upon a participant’s termination of service, death, retirement, or total disability. Benefit payments are in the form of lump sum or equal installments over a period.

Participants are allowed to take in-service withdrawals of their after-tax contributions and earnings thereon. Additionally, participants may take a hardship withdrawal on all or a portion of their vested account, subject to certain limitations, as described in the Plan document.

Participants with a balance of \$1,000 or more may choose to delay distribution to a time of their choosing, provided they begin minimum distributions at age 73. Participants with less than \$1,000 are required to take a distribution after termination.

Notes Receivable from Participants—Participants may borrow from their fund account balances a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant’s account and bear interest at prime interest rate plus 1%. Principal and interest are paid ratably through payroll deductions. Period of repayment for the loan is determined by mutual agreement between the Plan’s Administrative Committee and the participant, not to exceed five years or, if the purpose of the loan is to finance the purchase of the participant’s principal residence, thirty years. Interest rates on loans outstanding as of December 31, 2024 range from 4.25% to 9.5%. These loans have maturities through 2053.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and the disclosure of contingent assets and liabilities and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investments securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the plan document.

Contributions—Employee contributions, matching contributions, and non-matching contributions are recorded when withheld.

Administrative Expenses—An administrative fee for general Plan administrative services is charged against individual participant accounts quarterly, which is used to offset total plan administrative expenses. This fee is expressed as a fixed dollar amount and deducted from the designated investment alternatives. The expenses charged are offset by the Plan service credit, which represents an expense refund for one or more investment funds from the revenue that the recordkeeper is expected to receive from investment funds. If service credits received exceeds administrative expenses owed, the excess is allocated to participant accounts. Loan origination fees are also paid by the participants. All other administrative expenses are paid directly by the Company. Service credits for the year ended December 31, 2024 and 2023 of \$75,325 and \$61,979, respectively, were used to offset Plan expenses.

Corrective Distributions—Corrective distributions are paid out to highly compensated employees as a result of nondiscrimination testing and recorded as a deduction in net assets.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan, but had not yet been paid at December 31, 2024 and 2023.

Subsequent Events—Subsequent events were evaluated through October 13, 2025, the date the financial statements were available to be issued, and it was determined that no additional disclosures or adjustments were required.

3. CERTIFIED INFORMATION

The following is a summary of the information regarding the Plan as of December 31, 2024 and 2023, and for the years then ended, included in the Plan’s financial statements and supplemental schedule, that was prepared by or derived from information prepared by Transamerica Retirement Solutions, LLC as an agent on behalf of State Street Bank and Trust Company, the trustee of the Plan, and furnished to the Plan Sponsor. The Plan Sponsor has obtained certifications from the trustee that such information is complete and accurate.

	2024	2023
Statements of Net Assets Available for Benefits

Interest and dividends	2,220,673	1,863,966
Interest income on notes receivable from participants	177,357	126,223

All investment balances and investment information included in Note 4 and the supplemental schedule of assets (held at end of year) have been certified by the trustee, as of December 31, 2024 and 2023 except for the classification and level of investments in Note 4, Fair Value Measurements, and the unfunded commitment and redemption frequency, other redemption restrictions, and redemption notice period in Note 4 and 5.

4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value as follows: Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Cash equivalents—Held primarily in short-term money market accounts, which are valued at cost plus accrued interest.

Self-Directed Brokerage Account—Includes a variety of common stocks and mutual funds.

Common Stocks—Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds—Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund—A collective trust fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to confirm that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, a summary of the Plan's investments measured at fair value on a recurring basis as of December 31, 2024:

	The Plan's Investments Measured at Fair Value on a Recurring Basis as of December 31, 2024			
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Cash equivalents	\$ 125,900	\$ -	\$ -	\$ 125,900

Investments measured at NAV—Stable value fund				<u>23,007,798</u>
Total investments				<u>\$ 166,967,121</u>

The following table sets forth by level, within the fair value hierarchy, a summary of the Plan's investments measured at fair value on a recurring basis as of December 31, 2023:

The Plan's Investments Measured at Fair Value on a Recurring Basis as of December 31, 2023				
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Cash equivalents	\$ 248,296	\$ -	\$ -	\$ 248,296

Total	<u>\$ 128,187,289</u>	<u>\$ -</u>	<u>\$ -</u>	128,187,289
Investments measured at NAV—Stable value fund				<u>22,776,516</u>
Total investments				<u>\$ 150,963,805</u>

Transfers between Levels—The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2024 and 2023, there were no transfers in or out of Levels 1, 2 or 3.

5. NET ASSET VALUE (NAV) PER SHARE

The following tables set forth a summary of the Plan's investments whose values were estimated using a reported NAV at December 31, 2024 and 2023.

There are no participant restrictions for these investments in relation to redemption for benefit payments. If the participant requests redemption in order to transfer to a competing fund, then participants are required to hold the transfer in a non-competing fund for 90 days before completing the transfer to a competing fund. Plan-sponsored withdrawals or liquidation are subject to a redemption notice period of twelve months.

Fair Value Estimated Using Net Asset Value per Share December 31, 2024					
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Stable Value Fund	\$ 23,007,798	None	Daily	None	12 Months

**Fair Value Estimated Using Net Asset Value per Share
December 31, 2023**

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Stable Value Fund	\$ 22,776,516	None	Daily	None	12 Months

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of short-term investment funds managed by State Street Bank and Trust Company. State Street Bank and Trust Company is the trustee, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Fees paid during the year for administrative services rendered by parties-in-interest were based on customary and reasonable rates for such services and are paid by the Plan Sponsor and participants.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, the accounts of each participant shall become fully vested.

8. FEDERAL INCOME TAX STATUS

The Plan uses a volume submitter plan document sponsored by Transamerica. Transamerica received an opinion letter from the IRS, dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
