Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Carelon PEO 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Carelon PEO 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Carelon PEO 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of the Plan

The following description of the Carelon PEO 401(k) Plan (the "Plan") provides only general information. More detailed information concerning the Plan may be found by consulting the summary plan description.

General

The Plan is a defined contribution plan which provides savings opportunities for eligible employees of the Plan Sponsor, Carelon Medical Partners, P.C. (formerly known as Aspire Health Medical Partners, P.C.), as well as employees from certain affiliates (collectively, "Participating Employers"). This arrangement involves Carelon Employment Company, LLC serving as a professional employer organization ("PEO") for the employees of the Participating Employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Employees of the Participating Employers are generally eligible to participate in the Plan 30 days after their date of hire. The Plan Sponsor has appointed ATH Holding Company, LLC, an affiliate of the PEO, to manage the Plan, with the Retirement Committee of ATH Holding Company, LLC serving as the Plan Administrator. Fidelity Management Trust Company serves as the trustee of the Plan and Fidelity Workplace Services LLC is the recordkeeper of the Plan (collectively, "Fidelity").

Plan-to-Plan Transfers

If certain individuals employed by a Participating Employer, or an affiliate thereof, cease such employment and become employed by a subsidiary or affiliate of Elevance Health, Inc., their Plan accounts move, via a direct plan-to-plan transfer, from the Plan to the Elevance Health, Inc. 401(k) Plan. Plan accounts may also be transferred into the Plan should individuals employed by a subsidiary or affiliate of Elevance Health, Inc. become employed by a Participating Employer. These transfers in and out of the Plan totaled a net transfer in of \$888,095 during the 2024 plan year.

Participant Accounts

Individual accounts are maintained by the Plan for each eligible employee who participates in the Plan. Each participant's account is credited with the participant's contributions, rollover contributions, allocations of the employer's contributions, and an allocation of investment earnings or losses, reduced by participant withdrawals and certain administrative fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Contributions

Participants may make voluntary contributions of 1% to 80% of eligible compensation, as defined in the Plan document, subject to limitations imposed by applicable Internal Revenue Service ("IRS") regulations. Participants may make pretax contributions to a traditional 401(k) account, after-tax contributions to a Roth 401(k) account or a combination of the two through automatic payroll deduction. Participants are automatically enrolled in the Plan at an initial pretax deferral rate of 6%, with an annual automatic increase of the rate of 1%, up to 15% of compensation, unless the participant directs otherwise.

The employer matching contribution for the 2024 plan year was 100% of the first 4% of the participant's eligible compensation, plus 50% of the next 2% of the participant's eligible compensation contributed, for a total potential employer matching contribution of 5%. The Plan permits additional Plan Sponsor discretionary contributions to be made, but no such discretionary contributions were made during the 2024 plan year.

Participants who attain age 50 by the end of the plan year may elect to contribute additional "catch up" contributions to their account beyond the regular annual IRS limit, in accordance with applicable laws and the Plan's terms. Catch-up contributions are eligible for matching contributions.

Carelon PEO 401(k) Plan
Notes to Financial Statements (continued)

Rollover Contributions

The Plan may accept rollover contributions. Rollover contributions represent distributions received from other qualified retirement plans, as defined in section 401(a)(31)(E) of the Internal Revenue Code ("the Code"), including any such distributions contributed via a "conduit" individual retirement account. Distributions from other plans are subject to certain conditions to be eligible for rollover into the Plan.

Vesting

Active participants hired prior to January 2, 2019 are immediately 100% vested in employee and employer contributions and any earnings thereon. A participant hired on or after January 2, 2019 has a vested interest in the employer matching contributions after completing a two-year period of service (generally including prior service with Elevance Health, Inc. or an affiliate thereof, in accordance with the Plan's terms). Participants in former plans of acquired companies that were merged into the Plan may be subject to separate vesting schedules on former plan employer contributions. Nonvested account balances of terminated employees are forfeited (subject to reinstatement upon reemployment in circumstances as required by applicable law and the Plan's terms).

Investments

Participants direct their elective contributions and employer matching contributions into various investment options offered by the Plan, including target date funds and several mutual and collective trust funds, all of which are subject to change from time to time by the Plan Administrator. The Plan also provides access to a self-directed brokerage option. If a participant has not elected an investment option, their contributions will automatically be invested in the Plan's qualified default investment alternative which is the target date fund aligned with the year the participant turns 65.

Benefit Payments and Withdrawals

A participant may make a withdrawal of voluntary after-tax contributions made to a traditional 401(k) account prior to January 1, 2012, or take a qualified distribution of Roth 401(k) contributions, as defined by the IRS, at any time. Additionally, after attaining age 59½, a participant may withdraw participant and Plan Sponsor matching contributions for any reason.

Subject to the provisions and conditions specified in the Plan document, an active participant in the Plan may make certain hardship withdrawals of amounts held in the participant's account attributable to the participant's contributions, vested Plan Sponsor matching contributions, rollovers, pre-2006 employer match, and income allocated to the contributions account.

Upon termination of employment, the participant is entitled to receive the fully vested current value of his or her account. If the current value of the vested account is less than \$1,000, the account is paid in a lump-sum payment. If the vested account value is \$1,000 or more but less than \$5,000, the account will be rolled over into an IRA unless the participant elects otherwise. If the vested account value is \$5,000 or more, the account will remain in the Plan unless the participant elects otherwise. Distribution of participant accounts must commence by the later of retirement or the latest date permitted under the Code Section 401(a)(9) of the Code, as amended by federal legislation known as the SECURE Act and SECURE 2.0 (including regulatory guidance issued thereunder). Upon death, payments are made to the participant's beneficiary in the form of a lump-sum payment or in installments.

Notes Receivable from Participants

Participants may request a loan not in excess of the lesser of: (1) 50% of the vested account balance, or (2) \$50,000, less the highest outstanding loan balance during the preceding year. A participant may not have more than two loans outstanding at any one time and must wait 30 days from when a loan is paid off before requesting a new loan. Repayment of loans shall not exceed five years, except for loans used to acquire the participant's principal residence. Each loan bears interest in accordance with the Plan's loan policy and applicable regulations. Repayments are made by payroll deduction or remitted directly to Fidelity.

Carelon PEO 401(k) Plan
Notes to Financial Statements (continued)

Forfeitures

Forfeitures of terminated nonvested account balances totaling \$28,915 and \$11,945 remained in the Plan as of December 31, 2024 and 2023, respectively. Forfeitures may be used to offset employer contributions or to pay certain administrative expenses of the Plan, as directed by the Plan Sponsor or its delegate. During the year ended December 31, 2024, forfeitures of \$200,011 were used to offset employer contributions and forfeitures of \$605 were used to pay administrative expenses.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the terms of the Plan and ERISA. In the event the Plan is terminated, each participant's account shall be non-forfeitable with respect to both the participant's and the Plan Sponsor's contributions, and the net assets are to be set aside for the payment of benefits. The Plan Sponsor has the right to amend the Plan or to suspend matching contributions to the Plan at any time, either permanently or temporarily, for any length of time.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and are in conformity with U.S. generally accepted accounting principles ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the use of estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, "Fair Value Measurements" for further discussion.

Purchases and sales of securities are recorded on a trade-date basis and interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes realized gains and losses on investments that were sold during the period as well as unrealized appreciation or depreciation of the investments held at year end.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, participant accounts and the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions based on terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

Carelon PEO 401(k) Plan
Notes to Financial Statements (continued)

Benefits Paid to Participants

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan. The Plan Sponsor or the PEO may bear certain costs associated with administering the Plan; these costs are not included in the accompanying financial statements and constitute exempt party-in-interest transactions. Certain transaction fees, such as those related to loan processing, are paid directly from individual participant accounts. Investment related expenses are included in net appreciation in fair value of investments.

3. Fair Value of Investments

Investments recorded at fair value in the statements of net assets available for benefits are categorized based on the level of judgment associated with the inputs used to measure their fair value. Level inputs, as defined by the Financial Accounting Standards Board guidance for fair value measurements and disclosures, are as follows: Level 1, inputs are unadjusted, quoted prices for identical assets or liabilities in active markets at the measurement date; Level 2, inputs other than quoted prices included in Level 1 that are observable for the asset or liability through corroboration with market data; and Level 3, unobservable inputs that reflect management's best estimate of what market participants would use in pricing the asset or liability. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The following methods and assumptions were used to determine the fair value of investments recorded at fair value in the statements of net assets available for benefits.

Mutual funds: Valued at quoted market prices, which represent net asset value ("NAV") of shares held by the Plan.

Self-directed brokerage accounts: The self-directed brokerage account allows participants the opportunity to invest in a wide array of individual securities including stocks, mutual funds, exchange-traded funds, unit investment trusts, corporate bonds, U.S. Treasury securities, and certificates of deposits, which are primarily valued using quoted prices in active markets.

Collective investments trusts (CITs): Valued based on the NAV of the units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. There are no restrictions on redemptions from the CITs and no unfunded commitments.

4. Exempt Related Party and Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Certain administrative functions are performed by officers and employees of an affiliate of the PEO. No such officer or employee is compensated from the Plan.

As described in Note 1 above, Fidelity Management Trust Company is a directed trustee of the Plan and Fidelity Workplace Services LLC serves as the recordkeeper to maintain the individual accounts of each Plan participant. Fees paid by the Plan under these arrangements are exempt party-in-interest transactions. In addition, certain Plan investments in the self-directed brokerage accounts are issued by Fidelity, which also constitute exempt party-in-interest transactions.

Notes receivable from participants also reflect exempt party-in-interest transactions.

5. Income Tax Status

The Plan has received a determination letter from the IRS dated July 28, 2014, stating the Plan and related trust are qualified under Section 401(a) of the Code, and therefore, exempt from taxation. Although the Plan has been restated and amended since receiving the determination letter, the Plan Sponsor believes the Plan is designed and being operated in compliance with the applicable requirements of the Code and therefore, that the Plan, as amended, is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
